

# Prop HHH Citizens Oversight Committee

Los Angeles Homeless Services Authority

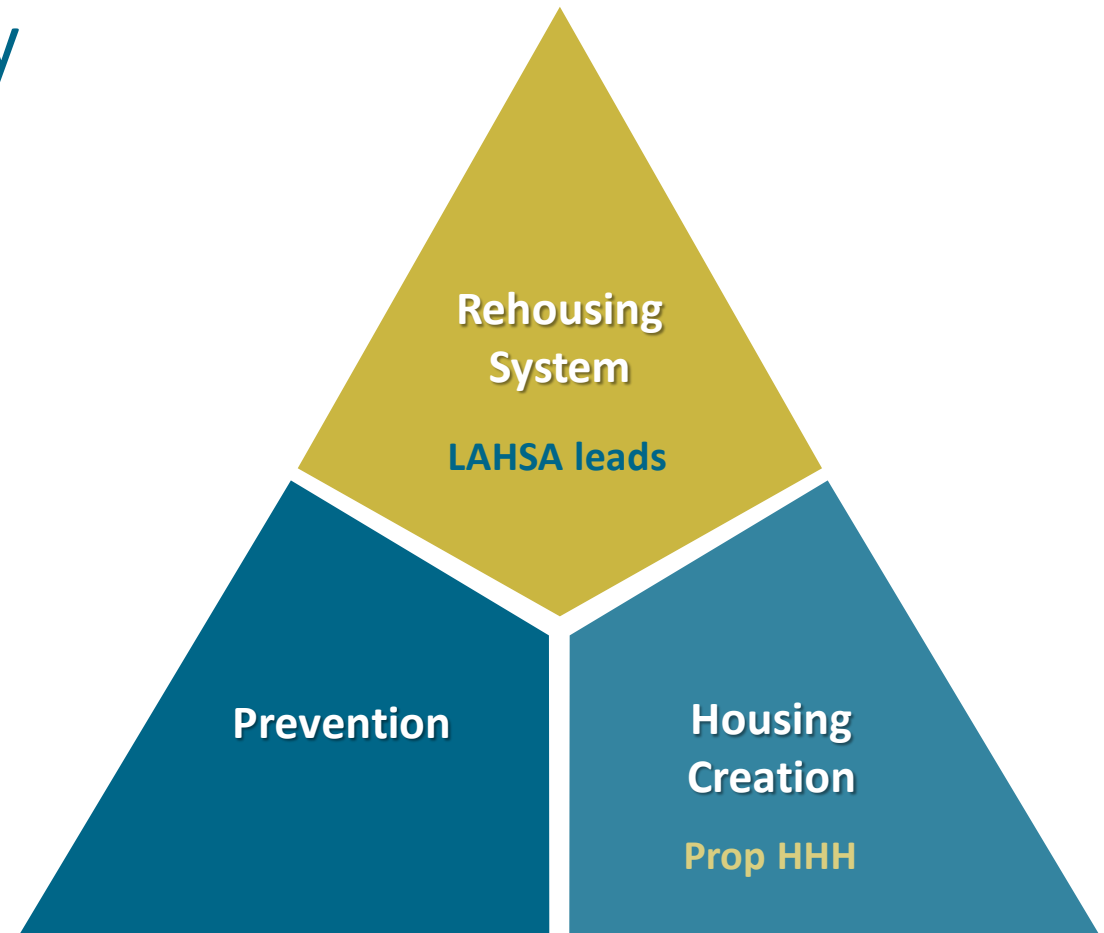

Heidi Marston – Executive Director

January 15, 2021

# There are three main systems that address homelessness in Los Angeles County

- **Prevention** requires preserving affordable housing stock and addressing income insecurity, anti-discrimination efforts, and the mainstream social safety net through policy and legislation.
- **Housing Creation** is the building of housing for all income levels and investing in permanent supportive housing.
- **Rehousing System** is the end-to-end system that focuses on placing people experiencing homelessness into temporary and permanent housing through several programs LAHSA administers through its service providers.

## LA's homeless rehousing system responded to the onset of the COVID-19 crisis with a quickly organized multi-agency collaboration. Some of the initiatives included:

---

- **Project Roomkey** – Brought more than **6,000 vulnerable people** inside in just a few months.
- **LA Public Recreation Center Shelters** – Over **1,800 people** have been provided services across **25 City Rec. and Park Sites**.
- **Personal Protective Equipment Distribution** – Over **300,000 pairs of gloves** and over **20,000 masks** were distributed.
- **Meal Delivery** – Over **462,000 meals** were distributed.
- **Medical Screening** – More than **36,000 wellness checks** performed since April by our outreach teams.
- **COVID Education** – Over **7,000 people** experiencing homelessness received COVID-specific education from our outreach teams.
- **Winter Shelter Extension** – Currently, **12 shelters** are offering **hundreds of beds 24 hours** across LA County.

- Clients are assessed for appropriate housing interventions
- High needs clients are prioritized for PSH
- Prioritized clients are matched to vacant PSH units and tenant based rental subsidies
- Housing Central Command Coordinates homeless service providers, PSH developers/PM companies, and the Housing Authorities to expedite lease ups
