KAREN BASS
MAYOR

Dear Honorable President and Members of the City Council,

Today, I present to you and the people of Los Angeles a budget proposal for the fiscal year that spans July 1, 2024 - June 30, 2025. It represents a key element in my ongoing work to partner with you to change how government operates to reduce homelessness, increase public safety and better serve the people of Los Angeles.

We have a long way to go – but because we have locked arms to make change and disrupt the status quo, over the last year, we moved thousands more homeless Angelenos inside than the year before, housed Angelenos in encampments in every Council District, reduced homicides and violent crime, and addressed 100,000 more service calls from Angelenos.

Amidst national, state and local economic uncertainty driven by broad economic trends and the coming national election, this budget continues our momentum toward change, prioritizes core city services and serves as a “reset” – so that our budgets moving forward are more honest and transparent and are squarely focused on doing a better job for Angelenos.

We must take advantage of this current opportunity to evaluate the entire budget process and make the changes necessary to ensure City departments are functioning as effectively and efficiently as possible. Immediately after this budget is finalized, I will direct my staff to conduct a comprehensive analysis of all City departments, and I look forward to working with you on this endeavor.

REDUCING HOMELESSNESS

This budget continues to respond to the homeless emergency and funds efforts to reduce homelessness. We must continue to break new ground with new strategies and deliver more services and housing to bring more people inside from tents, cars and RVs. We must continue our new efforts to prevent Angelenos from losing their homes and ending up on the streets. Two key goals that are supported by this budget proposal are lowering the cost of housing and developing a stronger model for delivering the services necessary to make sure Angelenos move from the streets and never return.

INCREASING PUBLIC SAFETY

Building on our work that has resulted in record numbers of applicants to the LAPD academy, the budget prioritizes the recruitment and retention of police officers and maintains our staffing goals for LAPD.

The budget maintains funding for our new and expanded approaches to preventing crime and interrupting the cycles of violence through gang prevention, community violence intervention and other key programs. The budget also funds the hiring of firefighters and continues the Emergency Appointment Paramedic Program in response to the majority of medically related calls for service.

DELIVERING CITY SERVICES

A world class city deserves world class services, this will not happen without investing in livable wages for City workers. In addition to first responders, there will also be a significant investment in other members of the City family. This ensures that quality critical services - from sanitation, pothole repairs to park maintenance to community beautification and traffic safety - are delivered to Angelenos in every corner of the city.

We are eliminating many vacant positions to prioritize actual service delivery. These vacant positions do not fill potholes, sweep streets or staff parks – and too many of these positions have remained open and on the books for years because of flawed budgeting that does not reflect how departments should actually operate.

To build on the changes we have made to how the city delivers services to Angelenos and improve the delivery of services, my budget invests in upgrades to the city's 311 system to better meet the needs of Angelenos to improve how departments respond to service calls and to keep residents better informed about progress on their requests.

CONFRONTING CLIMATE CHANGE

The budget supports key initiatives to combat climate change, including transportation electrification, water recycling and treatment, and organics recycling as well as other efforts to maintain the goal of Los Angeles becoming a 100% clean energy city by 2035.

CREATING OPPORTUNITY

The budget adds new support for Family Source Centers – one-stop service portals for low-income residents to get help with increasing family income and financial security, improving housing stability, and supporting successful academic outcomes. The budget also continues to help small businesses start, grow and thrive and supports the continuation of the permanent Al Fresco outdoor dining program.

FISCAL PRUDENCE

The City Charter requires a 2.75% emergency reserve and the City Financial Policy dictates a 2.25% contingency reserve, combining for a 5% cumulative reserve. Despite this difficult forecast, and after closing deficits in the 23-24 fiscal year brought on by less-than-expected revenues and unexpected costs, this budget maintains a 7.91% cumulative reserve in the Reserve Fund, the Budget Stabilization Fund and the Reserve for Mid-Year Adjustments.

I look forward to our continuing work together to make change and build a new Los Angeles of which every Angeleno can be proud.

In partnership,

ECONOMIC AND DEMOGRAPHIC INFORMATION

Introduction

The City of Los Angeles, California (the “City”) is the second most populous city in the United States with an estimated 2023 population of 3.8 million persons. Los Angeles is the principal city of a metropolitan region stretching from the City of Ventura to the north, the City of San Clemente to the south, the City of San Bernardino to the east, and the Pacific Ocean to the west.

Founded in 1781, Los Angeles was a provincial outpost under successive Spanish, Mexican, and American rule for its first century. The City experienced a population boom following its linkage by rail with San Francisco in 1876. Los Angeles was selected as the Southern California rail terminus because its natural harbor seemed to offer little challenge to San Francisco, home of the railroad barons. But what the region lacked in commerce and industry, it made up in temperate climate and available real estate; soon, tens and then hundreds of thousands of people living in the Northeastern and Midwestern United States migrated to new homes in the region. Agricultural and oil production, followed by the creation of a deep-water port, the opening of the Panama Canal, and the completion of the City-financed Owens Valley Aqueduct to provide additional water, all contributed to an expanding economic base. The City’s population climbed to 50,000 persons in 1890, and then swelled to 1.5 million persons by 1940. During this same period, the motor car became the principal mode of American transportation, and the City developed as the first major city of the automotive age. Following World War II, the City became the focus of a new wave of migration, with its population reaching 2.4 million persons by 1960. By 2023, the population grew another 1.4 million, and the City experienced further growth in its demographic and economic diversity.

The City’s 470 square miles contain 11.5 percent of the area of the County of Los Angeles (the “County”) and approximately 39 percent of the population of the County. Tourism and hospitality, professional and business services, direct international trade, entertainment (including motion picture and television production), and wholesale trade and logistics all contribute significantly to local employment. Emerging industries are largely technology driven, and include biomedical, digital information technology, environmental technology and aerospace. There were more than 300,000 manufacturing jobs in the County in 2022. Important manufacturing components of local industry include apparel, computer and electronic components, transportation equipment, fabricated metal, and food processing. Fueled by trade with the Pacific Rim countries, the Ports of Los Angeles and Long Beach combined rank first in the nation in volume of cargo shipped and received. As home to the film, television and recording industries, as well as important cultural facilities, the City serves as a principal global cultural center.

BUDGET STATEMENT

GENERAL

The City of Los Angeles (City) was incorporated in 1850 under the provisions of a City Charter. The voters of the City approved the current City Charter on June 8, 1999 and it became operative on July 1, 2000. The voters have periodically amended the Charter since that time.

As Executive Officer, the Mayor supervises the administrative process of the City and works with the City Council on matters relating to legislation, budget, and finance. As governing body of the City, the 15-member, full-time City Council enacts ordinances, levies taxes, approves utility rates, authorizes contracts and public improvements, adopts zoning and other land use controls, and provides the necessary resources for the budgetary departments and offices of the City. City Council action is subject to the approval or veto of the Mayor. The City Council may override a Mayoral veto by a two-thirds vote.

The City provides a number of public services, including: police, fire, and paramedics; residential refuse collection and disposal; wastewater collection and treatment; street maintenance and other public works functions; enforcement of ordinances and statutes relating to building safety; public libraries; recreation and parks; community development, housing, and aging services; planning; airports and the harbor; power and water services; and the convention center.

BUDGET PROCESS

The City's fiscal year is from July 1 through June 30. The Mayor releases a budget policy letter that defines City objectives for the next fiscal year. This letter guides City departments, bureaus, and other offices in preparing their annual budget requests. The Charter requires that departments submit budget requests to the Mayor by January 1.

In conjunction with analysis by the Office of the City Administrative Officer (CAO) and each General Manager, the Mayor reviews the budget requests of every City department, bureau, and office. By March, the Mayor's Office develops revenue projections with the assistance of the Office of Finance, the CAO, and the Controller. The Charter requires that the Mayor present the Proposed Budget to the City Council by April 20 of each year. When April 20 falls on a weekend or City holiday, the Mayor must submit the Proposed Budget on the next business day.

A City Council committee examines the Proposed Budget in hearings with the Mayor's Office, General Managers, the CAO, the Chief Legislative Analyst, and staff. The committee then develops recommendations on the Proposed Budget for consideration by the full City Council. The Charter requires the City Council, by majority vote, to adopt or modify the Proposed Budget by June 1. Once the City Council has acted, the Mayor has five working days to approve or veto any changes that the City Council made to the Proposed Budget. Once the Mayor has acted, the City Council has five working days to sustain or override by two-thirds vote the Mayor's actions. The result of this entire process is the adopted budget for the next fiscal year.

BUDGET BASIS

The City prepares the annual budget on a modified cash basis of accounting. It recognizes revenues when the City receives cash, and appropriations include both cash payments and encumbrances for purchase orders and contractual services. The City will pay for encumbered appropriations that it has not paid at the end of the current year in a subsequent year. The City does not prepare the budget based on Generally Accepted Accounting Principles (GAAP) classifications. The primary differences between the City's budget and GAAP are that the City budget recognizes revenues on a cash rather than accrual basis and does not account for the depreciation of fixed assets or certain contingencies such as compensated

absences for accrued vacation and sick pay. The City's budget and GAAP also classify inter-fund transfers in a different manner. The Annual Comprehensive Financial Report for Los Angeles shows the status of the City's finances based on GAAP classifications.

BUDGET PRESENTATION

The Mayor presents the complete Proposed Budget in four budget books: Budget Summary, Proposed Budget Book, Detail of Departmental Programs (Blue Book), and Revenue Outlook. Due to the volume of budget data and the different ways in which the various types of information are used, the City presents its budget information in these separate books.

The Mayor's Budget Summary provides the reader with highlights and general information concerning the Proposed Budget. It identifies the Mayor's funding priorities and briefly describes how the proposed budget meets these priorities. It also provides a general financial overview of the City.

The Proposed Budget Book contains technical information concerning departments and special funds. It includes a basic explanation of expenditures, appropriations, and source of funds for each department, major special purpose fund, and non-departmental account, the Controller's revenue estimate, federal and state grant funding estimates, and a breakdown of the proposed budget by function.

The Detail of Departmental Programs, also known as the Blue Book, provides detailed explanations of year-over-year proposed changes to the City's annual budget base. The Blue Book presents this information for each operating department and for various funds. The Blue Book categorizes changes to differentiate between obligatory changes, such as salary adjustments, and discretionary changes, such as productivity improvements or service level changes. The Blue Book also includes schedules by department, office, or bureau of employment authorities and salaries and contractual services. The Contractual Services schedule details each department, office, or bureau's authority to contract for services. Finally, the Blue Book includes additional detail for selected non-departmental accounts and expenditures.

The Revenue Outlook provides an overview of the revenue anticipated including an explanation of assumptions, changes between the prior year and program year, and a five-year General Fund revenue forecast. It also includes detailed estimates of General receipts by type, licenses, permits, and fees by department and special funds receipts that directly finance the Proposed Budget.

BUDGET ADJUSTMENTS

Department funds are controlled at the line item or account level. Some enterprise funds are controlled at the fund level. The City can adjust spending authority throughout the fiscal year to address changes in revenue or expenditure projections or other unanticipated occurrences. The Mayor has authority to transfer funds between accounts within a department subject to a limit established by ordinance. Otherwise, the City Council, by majority vote and subject to approval by the Mayor, may adjust appropriations and transfer funds within and between departments and funds. The Mayor may veto the Council action, which the City Council can then override by a two-thirds vote.

To assist the Mayor and City Council in their consideration of interim budget adjustments, the CAO prepares financial status reports throughout the year that provide information on the condition of the City's finances. The information contained in the financial status reports includes, but is not limited to, departments' expenditure patterns, actual revenues received to date, revenue trends, the status of the Reserve Fund, and other issues that may have a fiscal impact on the City such as state or federal funding changes. The CAO makes recommendations on any requested changes to appropriations based on its financial analysis of the data, the anticipated fiscal impact of the change, and the long-term financial outlook of the City. These recommendations also address identified or projected overspending in accounts. The CAO typically issues four financial status reports each year, with the last report serving as the year-end report for the fiscal year.

FINANCIAL POLICIES OF THE CITY OF LOS ANGELES

INTRODUCTION

The City of Los Angeles is committed to strong fiscal responsibility and financial discipline and has incorporated these principles into a set of comprehensive financial policies.

There are six sections of the Financial Policies of the City of Los Angeles, as follows:

- Fiscal
- Capital and Technology Improvement
- Pension and Retirement Funding
- General Fund Reserves
- General Fund Encumbrances
- Debt Management

FISCAL POLICIES

The Fiscal Policies are intended to ensure that the City functions within the limits of its financial resources. The City must make budget decisions to maintain a balance between revenues and expenditures both in the current year and on an ongoing basis so that the public can realize the benefits of a strong and stable local government that delivers municipal services to City residents. The City must base spending decisions on their impact on measureable goals. They must further adequately address the City structural costs, including those related to employees, capital property, equipment maintenance, and legal liabilities. In order to ensure adequate funding for these spending needs, the City must protect and maintain its current diverse revenue base and ensure that, where possible and appropriate, the individuals that benefit from specialized services pay the reasonable costs of those services. While the City must make significant financial decisions as part of the budget process, it must be prepared to make required adjustment during each fiscal year. Finally, the City must ensure that its budget is transparent in order to enable public engagement. In order to achieve these goals, the Fiscal Policies require the City to:

- Achieve structural balance both in the current fiscal year and on an ongoing basis so that projected revenues cover the costs of anticipated services.
- Engage in performance budgeting to ensure that the City makes funding decisions to advance strategic plans with measurable goals that are transparent and regularly evaluated.
- Make responsible choices about employee-related costs that the City both negotiates in consideration of financial impacts and fully funds.
- Limit changes to the adopted budget.
- Protect unrestricted revenue sources, seek new and diverse revenues, and not reduce revenue during the year without corresponding expenditure reductions.
- Assess fee levels and seek to recover the reasonable cost of a service where appropriate.
- Protect the integrity of special funds, establish a goal that special funds pay all related costs, and encourage special fund administrators to establish reserves.
- Ensure transparency in financial decisions by publishing clear and accurate budget data, reporting on the City's financial condition periodically, and reporting on the financial impacts of proposals.
- Sell surplus equipment and real property at market value.
- Make adequate investment to maintain real property and equipment.
- Set aside funding to pay for settlements and judgements and report on those payments.

CAPITAL AND TECHNOLOGY IMPROVEMENT POLICY

The City is responsible for the planning, development, acquisition, construction, and maintenance of critical capital and technology infrastructure that ensures the health, safety, and well-being of its residents. The City's investment in these assets and infrastructure is essential to promote and improve its ongoing economic development and vitality. The Office of the City Administrative Officer is responsible for developing an Annual Capital and Technology Improvement Expenditure Program that the City incorporates into the annual budget development process. In order to make sound and informed decisions regarding projects with costs that span multiple years, the City will quantify and capture, to the extent possible, project costs over a five-year term and present it in a five-year Capital and Technology Improvement Plan. The City will update this Plan on an annual basis, incorporating approved projects.

The City will, to the extent feasible, invest an annual minimum target of 1.5 percent of the General Fund revenue for new capital projects, maintenance of existing assets, and information technology improvements.

PENSION AND RETIREMENT FUNDING POLICY

The City has made a commitment to its past and current employees to provide ongoing pension payments and healthcare subsidies to them during their retirement. To fulfill this commitment, and consistent with the City Charter, the City must make annual contributions to the Los Angeles City Employees' Retirement System (LACERS) and the Los Angeles Fire and Police Pension System (LAFPP) as part of the budget. These contributions will fully fund these two systems based on annual actuarial studies. It is important that the City continue to meet this commitment to ensure that the costs associated with current services are borne at the current time. To this end, this Policy recognizes the risks associated with mechanisms through which the City could defer contributions to future years. This policy also establishes a discretionary use for any true-up credit adjustment, and dictates the City's use of any savings in the case that either pension system is overfunded.

GENERAL FUND RESERVES POLICY

The General Fund Reserves Policy provides guidelines on the purpose, size, uses, and restoration requirements of the Reserve Fund (both the Emergency and Reserve accounts), the Budget Stabilization Fund, and the Unappropriated Balance line item for mid-year adjustments. Taken together, these three accounts compose the City's General Fund reserves. The Policy is intended to ensure that the City maintains sufficient reserves for unanticipated expenditures or revenue shortfalls, to preserve flexibility throughout the fiscal year to make adjustments in funding for programs approved in connection with the annual budget, and to prepare the City for potential revenue challenges. The objective is for the City to be in a strong fiscal position to weather future economic downturns and financial challenges.

The Reserve Fund balance must be equal to five percent of the General Fund revenues with a minimum of 2.75 percent in the Emergency Reserve Account and any additional funds allocated to the Contingency Reserve Account. This Policy sets a goal that the cumulative balances of the Reserve Fund, the Budget Stabilization Fund, and the Unappropriated Balance line item for mid-year adjustments will be equal to ten percent of General Fund revenues

Emergency Reserve Account

To use funds from the Emergency Reserve Account, a finding by the Mayor with confirmation by at least two thirds of the Council of "urgent economic necessity" will be required as well as a determination that no other viable sources of funds are available. The Mayor and City Council would base the finding of urgent economic necessity on a significant economic downturn after the budget is adopted, a natural disaster, or another significant event requiring the expenditure of resources.

Contingency Reserve Account

In the event that there are unanticipated expenses or revenue shortfalls impacting programs approved in the current year budget and the exhaustion of any funds in the Unappropriated Balance line item for mid-year adjustments, the Contingency Reserve Account will be the source of any additional funding for those

programs. The City Council can only appropriate funds from this Account by at least a majority vote and with Mayoral concurrence. Funds for new programs or positions added outside of the current year budget should come from other non-Reserve Fund sources.

Budget Stabilization Fund

The Budget Stabilization Fund provides a method to prevent overspending during high revenue growth years and provide resources to help maintain service levels during years of slow revenue growth or declining revenue.

Unappropriated Balance Line Item for Mid-Year Adjustments

Each year, the City Council and Mayor shall appropriate funds to an account in the Unappropriated Balance to provide a reserve for mid-year budget adjustments. The purpose of this line item is to address shortfalls that arise during the fiscal year that the City cannot otherwise address through service adjustments or account transfers. The City shall use this line item to address these shortfalls prior to using the Reserve Fund.

GENERAL FUND ENCUMBRANCE POLICY

An encumbrance is a reservation of funds to cover purchase orders, contracts, or other goods and services that are chargeable to an appropriation. It records obligations for goods or services not yet received or rendered in amounts equal to their anticipated costs. An encumbrance system provides a warning as the City approaches the authorized expenditure level and thus protects the City from overspending an appropriation.

As a rule, the City shall revert any encumbered funds that remain unspent for a period longer than one fiscal year. An exception to this policy applies to encumbrances for commodities procurements, which include supplies or equipment. These encumbered funds shall revert if they remain unspent for a period longer than three years. Further exemptions apply to legal obligations, contingent liabilities such as pending legal settlements, or an appropriation for a project that the authorized department cannot complete within the allowable timeframe.

DEBT MANAGEMENT POLICY

The Debt Management Policy provides guidelines for the issuance of bonds and other forms of indebtedness to finance the acquisition of real property and equipment, capital improvements, and other matters for the City including short-term cash flow and large legal judgments. This policy incorporates the Municipal Improvement Corporation of Los Angeles Departmental Operating Policies and the Mello-Roos Policies and Procedures.

The following represent key objectives of the Debt Management Policy:

- To mitigate risk and support sound decision-making with regard to long-term financing commitments.
- To comply with federal and state laws and regulations, including disclosure and reporting requirements.
- To incorporate best practices into the City's issuance and management of its debt obligations.
- To ensure that the City's debt is consistent with the City's planning goals and objectives and capital improvement program or budget, as applicable.
- To minimize the cost of debt.
- To maintain and improve the City's ratings on its debt.
- To establish selection criteria for retaining the best-qualified financial consultants, attorneys, underwriters, and other financing participants through fair procurement processes.

FUND STRUCTURE

GENERAL FUND

The General Fund is the primary operating fund of the City. It is used to account for all financial resources except those required to be accounted for in other funds. General Fund revenues are derived from such sources as taxes, licenses, permits, fees, fines, intergovernmental revenues, charges for services, special assessments, interest income, and other resources available for discretionary funding. Expenditures are made for functions of general government, protection of persons and property, public works, health and sanitation, transportation, cultural and recreational services, community development, capital outlay, and debt service.

For purposes of the budget, the General Fund is separate and distinct from the Reserve Fund and other special funds created for a variety of restricted purposes.

RESERVE FUND

The Reserve Fund is an account in which unrestricted cash is set aside outside the budget for unforeseen expenditures and emergencies. The funds can be transferred into the budget for such purposes as necessary. At fiscal year-end, the unreserved and undesignated fund balance in the General Fund is transferred to the Reserve Fund and reported as "Reversion to Reserve Fund." The reversion to the Reserve Fund consists of excess general revenues and other unspent appropriations, as well as lapsed encumbrances.

The City's Financial Policies establish a minimum Reserve Fund balance of five percent of General Fund revenues. Pursuant to the City Charter, a portion of the Reserve Fund is set aside for use in emergencies.

There are two accounts established within the Reserve Fund:

Emergency Reserve Account. This account is required to include 2.75 percent of General Fund revenues. In order to remove funds from this account, two-thirds of the City Council, with concurrence from the Mayor, must make a finding of "urgent economic necessity." A finding of urgent economic necessity is to be based on a significant economic downturn after the budget is completed, an earthquake or other natural disaster, or a significant unanticipated event requiring the expenditure of General Fund resources.

Contingency Reserve Account. After the allocation to the Emergency Reserve Account, the remainder of the Reserve Fund is to be allocated to the Contingency Reserve Account. This account is to be used for unanticipated expenditures or revenue shortfalls impacting programs already approved in conjunction with the current year budget. It is not to be used to fund new programs or positions added outside of the current year budget. Such funding must come from other sources.

BUDGET STABILIZATION FUND

The Budget Stabilization Fund establishes a method to prevent overspending during prosperous years and to provide resources to help maintain service levels during lean years. The City determines whether a year is prosperous or lean by comparing the revenue growth to historical averages from seven economy-sensitive taxes. These are Property Tax, Utilities Users' Tax, Business Tax, Sales Tax, Transient Occupancy Tax, Documentary Tax, and Parking Users' Tax.

The rules of the Fund establish a growth threshold for these taxes based on the previous 20 years of actual ongoing growth, which the City Council and Mayor approve annually. If cumulative ongoing receipts from these taxes exceed the established growth threshold from the prior year's adopted budget level, a portion of those excess receipts are directed to the Budget Stabilization Fund. Similarly, if the cumulative ongoing receipts fall below the growth threshold, the Budget Stabilization Fund may be used to offset a portion of the lost revenue. The City Council and Mayor can suspend the policy if they declare a fiscal emergency or find that it is in the interest of the City to do so.

SPECIAL FUNDS

Special Funds are used to account for revenues derived from specific taxes, fees, governmental grants, or other revenue sources that are designated to finance particular functions and activities of the City. Special fund revenues include charges to customers or applicants for services provided, operating grants, and special assessments. Detailed explanations of each Special Fund appear in Section 3 of the Proposed Budget. Examples of special funds to be spent for a variety of restricted purposes are:

The *Sewer Construction and Maintenance Fund* accounts for the construction, operations, and maintenance of the City's wastewater collection and treatment system.

The *Solid Waste Resources Revenue Fund* accounts for all capital and operational activities associated with solid waste collection, recycling, recovery, and disposal.

The *Building and Safety Building Permit Enterprise Fund* accounts for the fees collected for plan check, permitting, and inspection of new construction in the City; testing of construction materials and methods; and, examining the licensing of welders, equipment operators, and registered deputy building inspectors.

The *Proposition C Anti-Gridlock Transit Improvement Fund* accounts for the additional one-half cent sales tax to improve transit service and operations, reduce traffic congestion, improve air quality and the condition of streets and freeways used by public transit, and reduce foreign fuel dependence.

The *Proposition A Local Transit Assistance Fund* accounts for the City's 25 percent share of the additional one-half cent sales tax within the County of Los Angeles for public transit programs.

The *Special Gas Tax Street Improvement Fund* accounts for gasoline tax and Traffic Congestion Relief Fund and federal grant revenues from the Surface Transportation Program to be used for the City's local streets and road system.

The *Road Maintenance and Rehabilitation Program Special Fund* provides increased state revenues for California's transportation system from the State for basic road maintenance, rehabilitation, and critical safety projects on local streets and roads system, pursuant to Streets and Highways Code section 2032(h).

The *Community Development Trust Fund* accounts for federal grant funds for community and economic development within the City.

The *Special Parking Revenue Fund* accounts for all monies collected from parking meters in the City except those located in established vehicle parking districts for operations of meters in the City.

The *House LA Tax Fund* accounts for a special tax to increase affordable housing and provide resources to tenants at risk of homelessness, pursuant to Los Angeles Municipal Code Section 21.9.2 (b).

Allocations from Other Governmental Agencies Special Revenue Fund is not all-inclusive because the budget provides for only the portion of fund receipts that are expended to finance City department operations.

Continuing appropriations for Special Funds are carried forward to the next budget year. Funds for unspent prior-year appropriations are reserved to indicate that they are not available for new spending because they have been committed.

A portion of 2024-25-General Fund revenues (\$779,363,067) is appropriated to special funds, which are reflected as revenue to that special fund. In addition, certain special fund revenues are appropriated in the Reimbursement of General Fund Costs Account (\$515,233,177), which serves to reimburse the General Fund for related cost obligations, including pensions, benefits, and overhead costs for positions funded by those special funds. These reimbursements are reflected as revenue into the General Fund and are programmed into the overall City budget.

Exhibit F AUTHORIZED CITY STAFFING

Authorized City Staffing includes all regular position authorities, excluding Commissioner position authorities. In addition to the regular position authorities reflected in the chart, the 2024-25 Proposed Budget includes 2,784 resolution authorities. This exhibit does not include positions in the Department of Airports, Los Angeles City Employees' Retirement System, Harbor Department, Department of Pensions, and Department of Water and Power.

EXHIBIT H

REQUIRED ORDINANCE CHANGES AND OTHER BUDGETARY ACTIONS

The list below outlines actions necessary to be taken by the Mayor and Council to effectuate the 2024-25 Budget. These include ordinance changes and other actions.

I. ORDINANCE CHANGES

1. Authorize the issuance of an amount not-to-exceed \$1.7 billion in Tax and Revenue Anticipation Notes to address short-term cash flow needs and to make the full annual contribution payments to the Los Angeles City Employees' Retirement System Fund and to the Los Angeles Fire and Police Pensions Fund.

City Attorney

2. Request the City Attorney to prepare and present all revenue-generating ordinances as expeditiously as possible, but no later than 30 days after final budget adoption.

II. OTHER BUDGETARY ACTIONS

Citywide

3. No layoffs are authorized as part of the 2024-25 Budget. Insofar as the budget includes the elimination of filled positions, departments are instructed to transfer incumbent employees into existing vacant positions, where appropriate. If no such vacancy exists, the City may pursue other administrative actions, including the approval of substitute and in-lieu position authorities, to retain these employees. Departments are expected to absorb the costs of these additional authorities. If a department is unable to absorb these costs, the City Administrative Officer shall recommend transfers of funds through financial status reports, including from the Unappropriated Balance - Department Payroll Reconciliation Account, to pay for the costs of these authorities.

City Administrative Officer

4. Instruct the City Administrative Officer (CAO), to include in 2024-25 Financial Status Reports, the transfer of interest from the Engineering Special Services Fund No. 682/50 to the Reserve Fund No. 101/62.
5. Instruct the CAO to report on the personnel, contracting support and other needs to develop a Grants Application and Support unit within the Office of the CAO, the function of which should be to maximize the funding from private or foundation donors, as well as the State and Federal government available to the City of Los Angeles. The report should also outline additional streamlining recommendations to ensure that the City is able to apply for and receive awards expeditiously, comply with grant terms and requirements, and focus on preparing for the 2028 Olympic and Paralympic Games.
6. Instruct the CAO to convene, in concert with the Mayor and Council and at the start of July, a reassessment of departmental base budgets to ensure that City services are aligned with requests from the public, that staffing levels for those core services identified are sufficient to meet the needs of the City and a plan to address the future staffing needs of our departments is developed in time for the 2025-2026 budget process.

General Services

7. Authorize the Controller and the General Services Department (GSD) to transfer funds from the Motion Picture Coordination Fund No. 417 to GSD Fund No. 100/40, Salaries, General Account No. 001010, Overtime General Account No. 001090, Salaries, As-Needed Account No. 001070, Hiring Hall Account No. 001100, Construction Projects Account No. 001014, Hiring Hall Construction Account No. 001101, Hiring Hall Fringe Benefits Account No. 001120, Construction Hiring Hall Fringe Benefits Account No. 001121, Construction Overtime Hiring Hall Account No. 001191, Maintenance Materials Account No. 003160, Construction Materials Account No. 003180, Office and Administrative Account No. 006010, and Operating Supplies Account No. 006020.

Housing

8. Disencumber and revert to the special fund cash balance the balances remaining in each of the following accounts in the same amounts as exist on June 30, 2024, and authorize the Controller to take all necessary steps to accomplish this action: Accessible Housing Fund No. 10D, Chief Architect Account Nos. 43V919, 43W919, 43Y919, City Architectural Plans Account No. 43V920, Contract Programming – For Systems Upgrades Account Nos. 43T900, 43V900, 43W900, 43Y900, Court Monitor Account Nos. 43W621, 43Y621, Outside Auditor Account Nos. 43W644, 43Y644, 43T280, Plaintiff Counsel Account Nos. 43V280, 43W280, 43Y280, Retrofit Account Nos. 43R698, 43S698, 43V698, 43W698, 43Y698, Technical Services Account Nos. 43T844, 43Y844, Translation Services Account Nos. 43T560, 43V560, 43W560, 43Y560.

Bureau of Sanitation

9. Instruct the Public Works, Bureau of Sanitation to report to the Municipal Facilities Committee with an evaluation of the need and logistics of hiring and the necessary facility space support required, prior to requesting reauthorization of approved MICLA funding for 2024-25 vehicles.
10. Instruct the Public Works, Bureau of Sanitation to report on fee studies and recommendations, including required Charter or ordinance changes, to achieve full cost recovery for the following programs:
 - a. Solid Waste – Extra Capacity and Intermittent Extra Capacity
 - b. Clean Water – Septage Discharge; Industrial User; Sewer Permit Dye Test; Sewer Capacity Availability Reviews
 - c. Watershed Protection – Planning and Land Development-Low Impact Development Review

Bureau of Street Lighting

11. Instruct the Bureau of Street Lighting to begin developing a resiliency investment strategy that will combine solar lighting retrofits, hardening of fixtures, conversion to cheaper commodity material wiring, and any other viable strategies to address copper wire theft, and to prepare for reassessment of street lighting maintenance districts to support those investments.

Bureau of Street Services and Department of Transportation

12. Instruct the Bureau of Street Services and the Department of Transportation to develop an implementation plan for Measure HLA that will leverage existing funds and attract new grant funding, determine least-cost/best-fit street interventions that meet or exceed design requirements for the mandated elements of the Mobility Plan, and report to the Mayor and Council

within the first 90 days of the 2024-25 Fiscal Year with the revised plan for street maintenance and investment.

Recreation and Parks

13. Instruct the Recreation and Parks Department to report to the Mayor and Council with a plan to transition provision of childcare operations from the Department to non-City providers. The report should include: a timeline for the transition, the names of childcare facilities for which operations will be transitioned to an outside provider, the names of facilities that the City will continue to operate, the costs for outsourcing childcare services as compared to the costs for services when the City provides them, and current and projected enrollment and capacity for each facility.

SECTION 2
General
Government Budget

The seal of the City of Los Angeles is a circular emblem. It features a central shield with a sun, a bear, and a ship. The shield is flanked by two figures. Above the shield is a banner with the word "EUREKA". The entire seal is surrounded by a circular border containing the text "CITY OF LOS ANGELES" at the top and "FOUNDED 1781" at the bottom.

PART II
Budgetary Departments

THIS PAGE INTENTIONALLY LEFT BLANK

STATEMENT AND SCOPE OF PROGRAMS

The narrative statement of the scope of programs shown under each department, office, or bureau heading is presented for information only and is not to be construed as limiting or authorizing the powers and duties of these offices in any way.

EXPENDITURES AND APPROPRIATIONS

Amounts shown for each department, office, or bureau in the column headed "Total Budget 2024-25" are individual items of the budget within the meaning of the Charter sections relating to the general budget, and represent totals of appropriations for programs of planned expenditures for the fiscal year. Such programs are submitted in detail in accompanying documents and are incorporated as a part of this budget by reference. Such programs, as approved by the final adoption of the budget, constitute the program of planned expenditures mentioned in Section 320 of the Charter, subject to such other expenditure controls as may be provided by law. Provided, however, that all appropriations in excess of the amount indicated as coming from the General Fund are, to the extent of such excess, conditional and made contingent upon receipt of monies in the Special Purpose Fund indicated. Provided, further, that no liability can be assumed or be imposed in excess of the amount indicated as coming from the General Fund, and that the assuming or imposing of liabilities with respect to amounts indicated as coming from special purpose funds are limited to the amounts actually received or made available through such funds.

SOURCE OF FUNDS

The amounts indicated for each fund are the amounts appropriated from such funds to finance the items appropriated for expenditure by the respective departments for the year 2024-25. Allocations, apportionments, and appropriations from special purpose funds as shown for each department, office, or bureau are contingent and subject to change, depending upon the proper receipt and allocation of such funds.

SUPPORTING DATA

DISTRIBUTION OF 2024-25 TOTAL COST OF PROGRAMS

Actual appropriations by object are distributed here by program or purpose of expenditure. This data represents an estimate of the cost of the various programs.

Related costs, which are summarized in Exhibit G, are itemized by departmental program to give an indication of total cost of programs for the various departments.

Aging

This Department plans, contracts, and directly administers programs for older adults residing in the City of Los Angeles and their family caregivers through a network of 16 multi-purpose senior centers and Citywide service providers. These programs include both congregate and home-delivered nutrition services, disease prevention, legal services, health promotion, social services, and transportation assistance. The programs promote healthy living, physical activity, and mental and emotional wellness for older adults. They are designed to promote an interdependent, comprehensive, accessible, culturally sensitive, and socially inclusive system of programs for older adults and caregivers. These programs are funded by federal Older Americans Act and state Older Californians Act grant funds.

City Administrative Officer

The City Administrative Officer is the chief financial advisor to the Mayor and the Council and reports directly to both. This Office conducts studies and investigations, carries out research, and makes recommendations on a wide variety of City management matters for the Mayor and Council. This Office assists the Mayor and Council in the preparation of the City budget; forecasts and manages revenue projections; plans and directs the administration of the budget; manages the City's debt program; manages the City's risk management program; and directs the development of work programs and standards. This Office represents the management of the City in negotiating all labor contracts, coordinates applications for federal and state grants and claims for disaster relief, provides support for the Innovation and Performance Commission, chairs and participates on many coordinating committees, and performs other duties required by the Mayor or the Council.

In accordance with Council action in C.F. 00-1700 adopted on July 3, 2001, the title of the Office of Administrative and Research Services was changed to City Administrative Officer.

City Attorney

The City Attorney acts as legal advisor to the City, prosecutes all misdemeanor offenses occurring within the City of Los Angeles and defends the City in civil litigation. The City Attorney represents the Municipal Corporation of the City of Los Angeles and its Council, boards, departments, officers, employees, and entities in legal proceedings and before federal and state administrative bodies. The City Attorney examines all contracts and ordinances as to form and legality, often interprets the legality of actions and activities of the City, and renders legal opinions construing federal and state laws, the Charter, and City ordinances. In conjunction with its prosecution of misdemeanors, the City Attorney administers a wide range of neighborhood-based diversion and restorative justice efforts. In addition to defending the City in a wide range of civil litigation, the Office initiates a variety of affirmative litigation, including actions to protect consumers and abate nuisances in Los Angeles' neighborhoods. The Office includes five branches: Municipal Law; Civil Litigation; Criminal; Real Estate; and Public Rights.

Community Investment for Families

The Community Investment for Families Department will support the City's poverty reduction goals to enhance economic resilience for low-income households and the most vulnerable residents through existing programs and upcoming initiatives funded by grants and City funds. The Department administers the City FamilySource Centers, domestic violence and human trafficking shelters, Children's Savings Account, and homelessness prevention programs. The Department also develops and administers the annual Housing and Community Development Consolidated Plan and supports the Commission on Community and Family Services, Community Action Board, and Domestic Violence Alliance. The Department aims to implement new initiatives to support vulnerable communities through improving access to financial and childcare services, guaranteed basic income programs, and other services. The Department will oversee any programming related to early childhood education and for children ages 0-11.

Council

The Council is the governing body of the City, except as otherwise provided in the Charter, and enacts ordinances subject to the approval or veto of the Mayor. It orders elections, levies taxes, authorizes public improvements, approves contracts, and adopts traffic regulations. The Council adopts or modifies the budget proposed by the Mayor and provides the necessary funds, facilities, equipment, and supplies for the budgetary departments and offices of the City. It creates positions, fixes salaries, and authorizes the number of employees in budgetary departments. The Council confirms or rejects appointments proposed by the Mayor, prescribes duties for boards or officers not defined by Charter, and may suspend elective officers.

Cultural Affairs

The mission of the Department of Cultural Affairs is to strengthen the quality of life in the City of Los Angeles by stimulating and supporting cultural activities and ensuring access to such activities for residents and visitors to the City. The Department advances the social and economic impact of the arts and ensures access to diverse and enriching cultural activities through grant-making, marketing, fundraising and development, public art, community arts programming and arts education, as well as through partnerships with artists and arts and cultural organizations in neighborhoods throughout the City. The Department works in tandem with the Cultural Affairs Commission (CAC), a seven-member advisory board appointed by the Mayor. The CAC's current work includes acting on behalf of the City's residents to oversee the development of the built environment, specifically through design review of any building or structure built on or over City property, including public art. The Commission also accepts works of art to be acquired by the City.

CULTURAL AFFAIRS DEPARTMENT SPECIAL APPROPRIATIONS

The Cultural Affairs Department awards funds on an annual basis to organizations and individuals to present artistic productions citywide. These productions encompass all categories of the arts, such as visual arts, performance arts, dance, music, photography, and literary arts. Additionally, the Department produces and supports festivals, fairs and other special events, as well as programs and projects, celebrating the City's diverse cultures and traditions.

The following is the detailed list of the Department's Special Appropriations for the fiscal years of 2022-23 through 2024-25.

FOOTNOTES

1. "Special I" cultural services are distributed throughout the City of Los Angeles. All "Special Appropriations I" awarded should be recommended through the Peer Panel/Allocations Committee Review Process. The General Manager will submit the list of approved items to the Controller along with its submission of its Expenditure Plan in July each year.

The inclusion of items in the "Special Appropriations I" portion of the Cultural Affairs Budget shall, at the time of final action on the Budget, constitute an instruction to the Department to draft the appropriate contracts. The General Manager is authorized and directed to execute such contracts on behalf of the City, provided that the fund has achieved expected revenue projections. Interim appropriations to the "Special Appropriations I" portion of the Cultural Affairs Department budget are directed to be handled in a like manner. In view of the nature of Special I cultural services, when a contract is required, it is deemed more feasible to contract for services than to use City employees on a temporary basis. The Department will submit a report to the Controller every four months listing the contractors and amounts, for awards which are determined on quarterly deadlines.

2. The "Special Appropriations II" and "Special Appropriations III" portions of the Cultural Affairs Budget shall, at the time of final action on the Budget, constitute an instruction to the General Manager to draft any necessary and appropriate contracts and to submit those for review and approval in conjunction with Executive Directive No. 3. The General Manager is authorized and directed to execute such contracts and, subject to the prior review and approval by the City Attorney as to form and legality, to expend the funds authorized for presentation of the identified events upon proper demand to the Controller and in cooperation with other participating City departments and agencies. If the total funds to be expended for a Special II or Special III cultural service exceed 125 percent of the appropriation, or if the type of service is to be changed, the General Manager shall obtain additional authority from the Mayor and City Council before proceeding. Interim appropriations to the "Special Appropriations II" portion of the Budget are directed to be handled in a like manner. In view of the nature of Special II and Special III cultural services, when a contract is required, it is more feasible to contract for services than to use City employees on a temporary basis.

3. For each project contained within the Special Appropriations I, Special Appropriations II and Special Appropriations III categories, the General Manager shall provide to Council a quarterly report detailing, by line item, all expenditures including the amount originally appropriated, the balance remaining, and in the quarter it becomes available, final close-out information to provide a consistent reporting format for all Special-funded Department-sponsored activities.

4. Art instruction programs conducted by the Cultural Affairs Department are to be limited to residents of the City of Los Angeles.

Disability

This Department oversees the City's compliance with federal and state disability law including the Americans with Disabilities Act and administers services to persons with or at risk for acquiring HIV/AIDS. It plans, administers, and implements activities relevant to the accessibility of all City programs and facilities, provides Citywide in-service training and technical assistance for compliance with disability law, administers procedures for resolving accessibility grievances, and serves as a clearing house for information and referral. The Department also provides a variety of services in collaboration with the private sector and community-based entities.

Economic and Workforce Development

The Economic and Workforce Development Department initiates and promotes economic development projects to build local businesses and provide residents with tools for quality employment. The Department promotes economic and workforce development in the City through the implementation of various federal and other grant funded programs. Services include direct and indirect financing and technical assistance programs, including services available for local businesses at the City's BusinessSource Centers. The Department administers the Annual Plan of the City of Los Angeles Workforce Development Board, which includes the annual allocation of federal workforce grant funds. The Department oversees employment services for job seekers through WorkSource Centers and YouthSource Centers, and employment development for youth through the City's Hire LA and Summer Youth Employment programs.

Ethics Commission

The Ethics Commission helps to preserve the public trust by promoting elections and government decisions that are fair, transparent, and accountable. The Commission acts through its voter mandate to shape, administer, and enforce laws regarding governmental ethics, conflicts of interests, campaign financing, and lobbying. The Commission is overseen by a board of five members, each of whom is appointed by a different elected official.

Finance

The Office of Finance (Finance) provides for the efficient, effective, and responsible collection of revenue through a customer-focused environment to taxpayers and city departments; issues licenses, permits, and tax registration certificates not issued by City departments; and makes recommendations concerning the efficient organization of the revenue collection functions of the City. Effective July 2011, the Office of the City Treasurer was consolidated into Finance (C.F. 11-0600-S40). As such, Finance serves as the custodian of all funds deposited in the City Treasury and all securities purchased by the City. This includes actively managing the City's general and special pool investment portfolios and cash position and serving as paying agent to certain bonds issued by City departments.

Housing

The Housing Department develops Citywide housing policy and supports viable urban communities by advocating for safe and livable neighborhoods through the promotion, development, and preservation of decent and safe affordable housing and by expanding economic opportunities, principally for low- and moderate- income individuals to improve access and livability through place-based strategies. The Department's key programs are Development and Finance, Asset Management, Rent Stabilization, Multi-family Residential Code Enforcement, Code and Rent Compliance, Commissions and Community Engagement, Program Operations, and Accessible Housing Program.

Mayor

The Mayor, as established by Charter, is the executive officer of the City and exercises supervision over all of its affairs. The Mayor submits proposals and recommendations to the Council, approves or vetoes ordinances passed by the Council, and is active in the enforcement of the ordinances of the City. The Mayor recommends and submits the annual budget and passes upon subsequent appropriations and transfers; appoints and may remove certain City officials and commissioners, subject to confirmation by the Council; secures cooperation between the departments of the City; receives and examines complaints made against officers and employees; and coordinates visits of foreign and domestic dignitaries with concerned public and private organizations. The Mayor is Director of the Emergency Operations Organization and manages the Gang Reduction and Youth Development Office.

Neighborhood Empowerment

The Department of Neighborhood Empowerment, as established by Charter, has the mission of promoting citizen participation in government and making government more responsive to local needs by developing a citywide system of neighborhood councils. The adopted Plan for a Citywide System of Neighborhood Councils (Plan) ensures that every part of the City is within the boundary of a neighborhood council. The Department assists neighborhoods in preparing petitions for recognition or certification, identifying boundaries that do not divide communities, and organizing themselves, in accordance with the Plan. It coordinates the bi-annual Congress of Neighborhood Council meetings and arranges training for the neighborhood councils' officers and staff.

Public Accountability

The Office of Public Accountability (OPA) is a City Charter mandated Office that was created to provide public independent analysis of Department of Water and Power (DWP) actions as they relate to water and electricity rates. OPA is charged with shedding greater light on DWP's operations and finances, and analyzing proposed changes in water and power rates independent of the DWP and City Officials. All direct and indirect costs of the OPA are reimbursed by the DWP.

Bureau of Contract Administration

This Bureau is responsible for administering contracts and permits for construction of public works such as buildings, streets, bridges, sewers, storm drains, and related improvements. It provides inspection services at construction sites and at fabrication plants engaged in manufacturing concrete and steel pipe, asphalt, and concrete paving materials; approves and processes payment for work acceptably completed; and recommends acceptance of completed public improvement projects. The Bureau is also responsible for administering the City's Contract Compliance program which includes minority business enterprise utilization, prevailing, living and minimum wage compensation, and local worker and business participation.

Bureau of Engineering

As the City's capital delivery organization for non-proprietary capital projects, with a mission and organization-wide commitment to be a national leader in the delivery of sustainable capital projects, the Bureau of Engineering annually delivers a diverse set of wastewater, municipal, recreation and park facilities as well as bridge and street improvements, streetscapes, and stormwater systems. Through data-driven performance management and the Bureau's vision to lead the transformation of Los Angeles into the world's most livable City, the Bureau continues to focus on delivering Leadership in Energy and Environmental Design (LEED) building projects and continuing its leadership role with Envision, a nationally recognized green assessment tool for civil engineering projects. In addition to the design, construction, and delivery of the City's capital projects, the Bureau provides the following services: fee-supported permits; pre-development and engineering services that are primarily related to infrastructure improvements within the public right-of-way; maintaining ownership records of real property within the City; maintaining and reproducing maps in support of various City services including Navigate LA; collecting, calculating and recording survey data; and conducting real estate and environmental assessments, investigations and research in support of Bureau operations and the City's capital projects.

Bureau of Sanitation

This Bureau collects and disposes of household refuse and dead animals; collects and processes recyclables; closes and reclaims remaining City-owned landfills for future development and beneficial reuse; plans and arranges for design of refuse collection facilities; and plans and designs refuse disposal facilities. It controls the discharge of wastewater, industrial wastes and stormwater into sewers, storm drains, open channels and navigable waters; inspects and maintains open stormwater channels; maintains, operates, and repairs all sanitary sewers, storm drains, culverts, and appurtenant structures, such as wastewater and stormwater pumping plants and sewer ventilating plants; and operates and maintains wastewater treatment plants. The Bureau administers the Stormwater Pollution Abatement Program which oversees City compliance with the terms of the permit issued under the National Pollutant Discharge Elimination System (NPDES).

Bureau of Street Services

The Bureau's objective is to enhance public safety, mobility, health, and neighborhood quality of life by revitalizing the streetscape. Its three outcome goals are to (i) improve the quality of the road surface, (ii) maintain a safe, clean and green public right-of-way, and (iii) build streetscape improvements. The four core programs that support these outcome goals are Pavement Preservation, Urban Forestry, Motorized Street Sweeping, and Enforcement. Pavement Preservation includes resurfacing, slurry seal, small asphalt repairs, and the Pavement Management System, which maintains a comprehensive database of road surface conditions throughout the city. Urban Forestry includes the management and care of street trees and landscaped median islands and the issuance of permits relating to trees on both public and private property. Motorized Street Sweeping is primarily focused on posted routes in which sweeping occurs on a weekly basis. The Bureau's Investigation and Enforcement Division issues a wide variety of permits relating to construction and special events taking place within the public right-of-way and responds to complaints regarding violation of city codes including illegal dumping, vending, and water discharge. The Bureau's Engineering and Special Projects divisions use a design-build approach to construct streetscape improvements, including curb ramps, bus pads, median islands, bikeways, and customized streetscape improvements, in response to community needs. The Bureau also enforces the weed abatement ordinance on private, unimproved parcels outside of the high fire severity zone.

BUDGETARY DEPARTMENTS FOOTNOTES

The following footnotes refer to those departments and items as listed.

COUNCIL

1. Expenditures shown under "Travel" are to be charged against budget expenditure limitations for involved Council Offices unless approved by majority vote of the Council, or by at least two of the following: President of the Council; Chairperson of the Budget and Finance Committee; Chairperson of the Rules and Elections Committee.
2. "Contingent Expense" account funds are to be apportioned on the basis of \$20,000 per Council member, chargeable on a reimbursement basis against the member's expenditure limit. The President of the Council is to have authority to expend up to an additional \$5,000 for duties related to that Office. Expenditures on a reimbursement basis will be subject only to the provisions of the Administrative Code and such additional regulations pertaining to the use of these funds as the Council may adopt by resolution of general application.
3. Authorize the Controller to transfer up to \$7,401,000 from various funds during 2024-25, including Council funds and other Council discretionary funds, pursuant to a schedule to be provided by the Chief Legislative Analyst to address the Council's budget reduction contained in 2011-12, 2012-13, 2013-14, 2020-21, and 2024-25 Budgets.

DISABILITY

1. Instruct the Department of Building and Safety to transfer \$459,808 from the Certified Access Specialist (CASP) Certification and Training Fund to the Department on Disability Fund No. 100/65, Contractual Services account on July 1, 2024 for a CASP-certified vendor to assess City sites for Americans with Disabilities Act compliance.

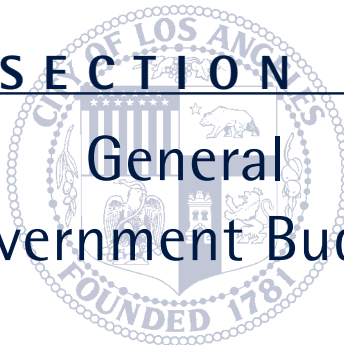

POLICE

1. The Department has 10,732 authorized sworn positions. It is anticipated that there will be a total of 8,878 sworn officers on payroll on July 1, 2024 and that projected attrition will be 574. Funding is provided in the Department's budget to hire 13 classes totaling 574 Police Officers to maintain a force of 8,878 through June 30, 2025. The Budget hereby authorizes hiring for an additional 206 Police Officers to attain a force of 9,084 by June 30, 2025. If the Department achieves hiring to this level, it will require additional funding in the interim for salaries and expenses up to a maximum of \$9,931,307.
2. Designate \$319,704 within the Department's Overtime Sworn Account and \$223,000 within the Overtime General Account for a Custody Transport Detail at the 77th Street and Van Nuys jails.
3. Designate \$1,712,700 within the Department's Overtime Sworn Account for traffic and speed enforcement details targeting high priority collision locations identified in the Vision Zero Initiative.
4. Designate \$451,008 within the Department's Overtime Sworn Account for investigating and enforcing laws relative to illegal cannabis businesses.
5. Designate \$1,712,700 within the Department's Overtime Sworn Account for use by the Operations Valley Bureau (\$856,350) and Operations South Bureau (\$856,350) to maintain the Human Trafficking and Prostitution Detail.
6. Designate \$429,864 within the Department's Overtime Sworn Account for use by Community Safety Partnership operations.
7. Designate \$308,286 within the Department's Overtime Sworn Account for use at Whitsett Park.

BUDGETARY DEPARTMENTS FOOTNOTES

8. Designate \$3,996,300 within the Department's Overtime Sworn Account for deployment of a patrol resource to the Downtown Los Angeles community.
9. Designate \$5,000,000 within the Department's Sworn Overtime Account for deployment of additional sworn resources in Business Corridors across the City.

Appropriations to City Employees' Retirement

Charter Section 1160 requires the City to pay the cost of maintenance of the retirement fund, which provides retirement, disability, and death benefits for officers and employees of the City except members of the Fire and Police Pensions System and members of the Water and Power Employees' Retirement Plan. The City's General Fund contribution will be financed by the issuance of a Tax and Revenue Anticipation Note (TRAN). The Special Fund portion is the amount obligated to the Harbor, Airports, the Los Angeles City Employee's Retirement System, and the Los Angeles Fire and Police Pensions System for retirement costs for their employees.

Departmental revenue and total City Employees' Retirement System budget and supporting data are shown in Section 4.

Tax and Revenue Anticipation Notes

A sum is appropriated to this Fund for payment of debt service on the portion of the tax and revenue anticipation notes issued to pay the annual contributions to both the Los Angeles City Employees' Retirement System (Retirement Fund) and the Fire and Police Pension Fund (Pension Fund) in July. The additional investment earnings by the Pension and Retirement Funds from this early payment is used to discount the required City contribution to both Funds without reducing its annual receipts. A sum is also appropriated to this Fund for the interest portion of the debt service on notes issued to alleviate the short-term cash flow deficits that occur early in the fiscal year when certain taxes and revenues have not yet been received. The principal portion of the notes has not been appropriated in the budget since the principal is treated as temporary borrowing rather than expenditure.

Capital Finance Administration

An annual sum is appropriated to make lease and other payments, including trustee and arbitrage fees, required by various non-general obligation, long-term City financing programs. These financing programs utilize a financing lease or "lease purchase" generally paid out of General Fund appropriations and the sale of public securities (lease revenue bonds or certificates of participation) to acquire facilities and equipment items for use by City departments.

[1] The City Administrative Officer may approve transfers within the same fund of \$25,000 or 25 percent of project amounts (whichever is greater), not to exceed \$100,000, to or between eligible capital improvement projects or accounts approved by the Mayor and City Council.

[2] Subject to receipt of actual funds from the Los Angeles County Metropolitan Transportation Authority.

[3] The City Administrative Officer may approve transfers of any amount from the Contingencies Account to any project listed or any project previously approved by the Mayor and City Council. The Department of Transportation may approve transfers of any amount from the Active Transportation Program Funding Gaps account to any project already receiving Active Transportation Grant funds.

[4] Council and Mayoral approval required to allocate Emergency Repairs funding to specific projects requiring emergency repairs as a result of disasters.

[5] The City Administrative Officer may approve changes in the planned utilization of funds between the Road Maintenance and Rehabilitation Fund (SB1), the General Fund, the Measure R Local Return Fund, Street Damage Restoration Fund, the Measure W Local Return Fund, the Measure M Local Return Fund, and Local Transportation Fund for projects and may approve transfers of funds not required to complete approved capital projects to other approved capital projects.

[6] Type Codes: "FC" indicates Flood Control; "WQ" indicates Water Quality; "SL" indicates Street Lighting; "M" indicates Miscellaneous (e.g., soundwalls and bulkheads);

[7] Subject to receipt of funds from the County of Los Angeles.

[8] Subject to receipt of funds from the State of California.

[9] Front-funding of \$15 million is provided by the Transportation Grant Fund for 2024-25. This will be fully reimbursed by the Affordable Housing and Sustainable Communities (AHSC) Grant.

[10] Funding for this project is shifted from the Proposition C Anti-Gridlock Transit Improvement Fund to the respective funding source for 2024-25. This will reduce the appropriation to zero in the Proposition C Anti-Gridlock Transit Improvement Fund.

[11] Funding for this project is shifted from the General Fund to the respective funding source for 2024-25. This will reduce the appropriation to zero in the General Fund.

[12] Funding for this project is shifted from the Special Gas Tax Improvement Fund to the respective funding source for 2024-25. This will reduce the appropriation to zero in the Special Gas Tax Improvement Fund.

**CAPITAL AND TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM
TECHNOLOGY**

The Technology Capital and Technology Improvement Expenditure Program (CTIEP) includes Citywide technical infrastructure, such as radio towers, network equipment, and fiber optic infrastructure, as well as major technology projects and system replacements. The Technology CTIEP does not include items with an estimated cost of less than \$1 million, unless the project is determined to have a significant Citywide impact. Unlike Municipal Facilities, Physical Plant, and Clean Water CTIEP projects, which are budgeted centrally, technology projects are budgeted within the individual department that administers the project and are summarized herein.

Human Resources Benefits

An annual sum is appropriated to each line item in this Fund for the following purposes: (1) payment of all workers' compensation and rehabilitation bills, claims, and awards; (2) payment of subsidies for the City's benefits program; and (3) payment of unemployment insurance claims. This Fund may also be used to provide other benefits as approved by the Mayor and Council. The Personnel Department administers this Fund. All civilian Health, Dental, Disability, and Life Insurance subsidies are included in the Civilian FLEX Program line item.

Liability Claims

An annual sum is appropriated to this Fund for the payment or settlement of any monetary claims or legal action brought by or against the City of Los Angeles, or any officer or employee for which the City may be ultimately liable. Los Angeles Administrative Code Section 5.173 authorizes the City Attorney to settle claims and pay judgments against the City in an amount not to exceed \$50,000 and an additional \$50,000, not to exceed \$100,000, subject to the approval of the Claims Board. Payments of settlements or claims over \$100,000 must be approved by the Council with the concurrence of the Mayor.

Wastewater Special Purpose Fund

An annual sum is appropriated to reimburse the General Fund for the related costs (including General City Overhead) of City departments, offices and bureaus providing support to the Wastewater System Improvement Program. Provision is made for direct payment of non-salary related expense, equipment and special costs previously budgeted in operating budgets through subventions from Sewer Construction and Maintenance funds. An amount equal to 45 days operation and maintenance costs is reserved in accordance with the requirements of the General Resolution authorizing the Wastewater System Revenue Bonds. Funds are appropriated for bond redemption and interest on Wastewater System Revenue bonds.

NONDEPARTMENTAL FOOTNOTES

The following footnotes refer to those funds and items as listed.

TAX AND REVENUE ANTICIPATION NOTES

For purposes of the budget, “Total 2024 Tax and Revenue Anticipation Notes: \$1,432,858,505” is considered the appropriated item to pay debt service required by the programs listed. The City Administrative Officer is authorized to make payments for such obligations.

CAPITAL FINANCE ADMINISTRATION FUND

For purposes of the budget, “Total Capital Finance Administration Fund: \$213,259,270” is considered the appropriated item to pay lease payments and other expenses required by the programs listed. The City Administrative Officer is authorized to make payments for such services.

GENERAL CITY PURPOSES

As detailed below, for items in the General City Purposes Budget, administering departments and the City Clerk’s Office jointly prepare contracts, administering departments handle contract monitoring and approve payments, and the City Clerk’s Office handles the payments and final close-out of contracts.

Inclusion of all items requiring contracts in General City Purposes shall, at the time of final action on the Budget, constitute an acceptance by the City of the offer made by each of the applicants and an instruction to the City Clerk’s Office and the administering department to draft, subject to approval of the City Attorney, the appropriate contracts and present them to the applicants for execution except as detailed below. The Mayor, unless otherwise specified, is authorized and directed to execute such contracts on behalf of the City. The administering departments will monitor the contractor and authorize all payments. Upon written authorization for payment by the administering departments, the City Clerk’s Office will prepare all documents required by the Controller for payment. The administering departments will perform initial contract close-out reviews to ensure any funds not used by the contractor or used for items not authorized are refunded to the City. Upon completion of their close-out review and any necessary action, the administering departments will forward written contract close-out statements with supporting documentation to the City Clerk’s Office for final contract close-out. Subsequent to the adoption of the Budget, appropriations to General City Purposes that require contracts shall be handled in a like manner.

1. The Controller shall transfer the following items to departments on July 1, 2024:

Community Engagement, Community Safety, Crisis Response Team, Equity and Inclusion, Gang Reduction and Youth Development Office, Green Workforce/Sustainability Plan, Immigration Integration, Infrastructure Planning, Innovative Technologies, International Engagement, Office of Re-Integration, Open Data and Digital Services, Promise Zone, and Trade and Commerce Relations: To the Mayor’s Office;

WATER AND ELECTRICITY

1. For purpose of the budget, "Total Water and Electricity" is considered the appropriated item to reimburse the Department of Water and Power for water and electricity costs maintained by the Department of General Services. Water and electricity are provided to all public buildings, fire and police stations, libraries, collection and disposal sites, maintenance yards, parkway landscape, and service yards. The Library Department fully reimburses the General Fund for their portion of water and electricity. The Department of Recreation and Parks and the Bureau of Sanitation are billed directly. The details printed on the budget pages are estimates used in arriving at the total appropriation for such services and are not to be considered as separate items of appropriation. The estimates are presented for informational purposes only.

OTHER SPECIAL PURPOSE FUNDS

FORFEITED ASSETS TRUST FUND OF THE POLICE DEPARTMENT

Section 5.520 of the Los Angeles Administrative Code establishes the Forfeited Assets Trust Fund of the Police Department. This Fund receives monies forfeited in connection with various Federal and State violations and awarded to the City pursuant to Title 21 United States Code Section 881, California Health and Safety Code Section 11489, or any other Federal or State statute relating to forfeited assets. All monies received from the State and Federal Governments under those statutes are deposited in separate accounts within this Fund. A Supplemental Police Account is established within the Fund in an amount not to exceed \$1.5 million to be administered by the Chief of Police in accordance with an expenditure plan approved by the Mayor and City Council. A 15 percent set-aside of annual State receipts is reserved for gang reduction expenditures. Both State and Federal laws require that these forfeited assets be used to enhance law enforcement resources and not to supplant resources which would have been committed to this purpose in their absence.

STORMWATER POLLUTION ABATEMENT FUND

The Environmental Protection Agency establishes regulations setting forth requirements for stormwater discharges from large municipal storm drains. The City enacted a Stormwater Pollution Abatement Charge (Article 4.2 of Chapter 6 of the Los Angeles Municipal Code) on all properties in the City in order to treat and abate stormwater. The charge is based on stormwater runoff and pollutant loading associated with property size and land use.

SPECIAL PURPOSE FUND SCHEDULES

SCHEDULE 8

COMMUNITY DEVELOPMENT TRUST FUND

The primary objective of the Community Development Block Grant (CDBG) Program is to promote viable urban communities through decent housing, expanded economic development opportunities and comprehensive social services to persons of low and moderate incomes.

The City of Los Angeles receives CDBG funds based on the ratio of population, poverty, and housing overcrowding in the City compared to the ratio within all U.S. metropolitan areas. Funds are allocated by the U.S. Department of Housing and Urban Development to specific programs or purposes, based on approved applications, and remitted to the City by a letter-of-credit arrangement.

The 2024-25 Budget reflects the receipt and use of funds for salaries, expenses, and related costs attributable to departmental budgets. The Mayor and Council are considering appropriations for additional projects and programs funded by CDBG funds as detailed in the 50th Program Year (PY) Consolidated Plan, which is authorized from July 1, 2024 through June 30, 2025. Funding amounts are based on estimates and are subject to change pending receipt of actual entitlement award from the U.S. Department of Housing and Urban Development.

SCHEDULE 10

MOBILE SOURCE AIR POLLUTION REDUCTION TRUST FUND

Chapter 7 to Part 5 of Division 26 of the Health and Safety Code provide for a distribution of funds to cities from a fee imposed on motor vehicle registration in order to implement the California Clean Air Act of 1988. A \$6 per vehicle fee is imposed on vehicles in the South Coast Air Quality Management District. Twenty-seven percent of revenues are allocated to cities based on population. Funds are to be used for programs to reduce air pollution from motor vehicles.

Section 5.345 of the Los Angeles Administrative Code established the Mobile Source Air Pollution Reduction Trust Fund to receive fee revenues to implement mobile source air pollution reduction programs.

SCHEDULE 11

SPECIAL PARKING REVENUE FUND

The Special Parking Revenue Fund receives all monies collected from parking meters and City-owned parking lots in the City in accordance with Division 5 of the Los Angeles Administrative Code (LAAC). Fund monies may be used for the following purposes: 1) purchasing, leasing, installing, maintaining, operating, regulating and policing of parking meters and metered spaces, collection of meter revenue and related expenses; 2) the purchase, improvement, and operation of off-street parking facilities; 3) the painting and marking of streets and curbs required for the parking of motor vehicles within parking meter zones; and, 4) the payment of debt service costs incurred for off-street parking facilities. LAAC Section 5.117 Subsection 6 allows the City to establish surplus funding which may be transferred to the Reserve Fund for general governmental purposes, after paying, or setting aside funding for the cost of operations and maintenance for eligible activities.

* Allocations to specific projects will be provided by the City Administrative Officer in accordance with Council policy or direction. The City Administrative Officer is further authorized to approve all necessary appropriation documents to implement the allocation to specific projects. For 2024-25, prioritization for funding is recommended to address funding shortfalls for Proposition K projects in order to leverage other supplemental funding sources and to satisfy the City's obligation to complete various program requirements. A specific allocation of \$150,000 will fund continued progress of the El Pueblo Master Plan Development project currently underway.

SCHEDULE 24

ARTS AND CULTURAL FACILITIES AND SERVICES TRUST FUND

Section 5.115.4 of the Los Angeles Administrative Code establishes the Arts and Cultural Facilities and Services Trust Fund. The Fund shall receive an amount equal to one percent of the total cost of all construction, improvement or remodeling work for each public works capital improvement project undertaken by the City in compliance with the City's Public Works Improvement Arts Program. Also, an amount from the City's General Fund equivalent to the amount which would be derived from a Transient Occupancy Tax imposed at the rate of one percent shall be placed in the Fund. Expenditures from the Fund shall be exclusively for: (1) acquisition or placement of publicly accessible works of art; (2) acquisition or construction of arts and cultural facilities; (3) the providing of arts and cultural services; (4) restoration or preservation of existing works of art; (5) the City's costs of administering the Public Works Improvement Arts Program; and, (6) support to programs and operations of the Cultural Affairs Department.

ARTS DEVELOPMENT FEE TRUST FUND

Section 5.346 of the Los Angeles Administrative Code establishes the Arts Development Fee Trust Fund. The owners of any non-residential development project over \$500,000 in value shall pay a fee not exceeding one percent of the total value of work and construction authorized by the building permit. The fee is used to provide cultural and artistic facilities, services, and community amenities for the project. If private facilities, services, and community amenities for cultural and artistic purposes are provided in the proposed development project, then a dollar-for-dollar credit may be granted against the Arts Development Fee.

PROPOSITION A LOCAL TRANSIT ASSISTANCE FUND

Public Utilities Code Section 130350 provides that the Los Angeles County Transportation Commission may adopt a sales tax within the County, provided that it is approved by a majority of the electors. Funds are used to (a) improve and expand existing public transit Countywide, including reduction of transit fares, (b) construct and operate a rail rapid transit system, and (c) more effectively use State and Federal funds, benefit assessments, and fares. The City receives an allocation from a 25 percent share of the revenue collected, based on the City's percentage share of the population of Los Angeles County. Thirty-five percent of the proceeds are allocated to the Los Angeles County Transportation Commission for construction and operation of a rail system and 40 percent is allocated to the Commission for public transit purposes.

PROPOSITION C ANTI-GRIDLOCK TRANSIT IMPROVEMENT FUND

Public Utilities Code Section 130350 provides that the Los Angeles County Transportation Commission may adopt a sales tax within the County, provided that it is approved by a majority of the electors. A one-half cent sales tax is collected to improve transit service and operations, reduce traffic congestion, improve air quality, efficiently operate and improve the condition of streets and freeways utilized by public transit, and reduce foreign fuel dependence.

The City receives funds from a 20 percent share of the revenues collected based on a per capita allocation. Funds may be used for public transit, paratransit, and repairing and maintaining streets used by public transit. The Los Angeles County Metropolitan Transportation Authority retains funding from the City's total Proposition C revenue allocation for a debt service payment.

CITY EMPLOYEES RIDESHARING FUND

Section 5.344 of the Los Angeles Administrative Code establishes the City Employees Ridesharing Fund. Revenues to the Fund include City employee vanpool fares and parking fees. All monies deposited in the Fund shall be used to pay the costs, exclusive of salaries, incurred in the City employee ridesharing program to provide for ridesharing enhancements that reduce City employee private vehicle usage in commuting to and from work, including transportation subsidies provided to employees. The City administers parking permit issuance and transportation subsidies in accordance with the Special Memorandum of Understanding Regarding City Employees Parking and Commute Options. The Fund is administered by the Personnel Department.

CITY ETHICS COMMISSION FUND

Section 5.340 of the Los Angeles Administrative Code establishes a special trust fund known as the City Ethics Commission Fund in compliance with Section 711 of the City Charter. All appropriations to finance any of the operations of the City Ethics Commission shall be placed in the Fund. All salaries and other expenses of the City Ethics Commission shall be paid from the Fund. Charter Section 711 requires that funds for the Commission shall be appropriated at least one year in advance of each subsequent fiscal year. The Fund shall be administered by the City Ethics Commission or its designee.

STAPLES ARENA TRUST FUND

The Crypto.com Arena, previously known as the Staples Center, is a sports and entertainment complex located adjacent to the Los Angeles Convention Center. The City entered into various agreements with the Arena Developer to advance approximately \$70 million towards the Project. Pursuant to the GAP Funding Agreement between the City and the Developer, the Developer is obligated to fully offset the City's costs for debt service on the bonds issued for the Arena, reimbursement for property conveyed to the Developer, and compensation for loss of interest earnings on cash advanced toward the Project. The Agreement specifies certain credits that will offset the Developer's obligations to the City. This schedule records all cash payments received from the Developer and tracks the reimbursements to the General Fund. All unallocated funds are carried forward as a cash balance (credit) towards the obligation for the following year.

CANNABIS REGULATION SPECIAL REVENUE TRUST FUND

Section 5.586 of the Los Angeles Administrative Code (LAAC) establishes the Cannabis Regulation Trust Fund. This fund receives monies from fees paid for the licensing and permitting of new and existing cannabis retailers, cultivators, distributors, and manufacturers in the City of Los Angeles pursuant to Chapter 10, Articles 4 and 5 of the Los Angeles Municipal Code (LAMC). The Fund is administered by the Department of Cannabis Regulation to pay for salaries, expenses, equipment, materials, and services in support of the Department's functions relating to those services for which fees are paid into the Fund.

PLANNING CASE PROCESSING SPECIAL FUND

Section 5.121.9 of the Los Angeles Administrative Code (LAAC) establishes the Department of City Planning Case Processing Special Revenue Fund. The Fund is administered by City Planning to provide necessary staffing, expenses and equipment to support functions necessary for the processing of planning and land use applications for any project for which planning or processing of requests for entitlements will severely impact departmental resources. In addition, fees that were previously received from developers under Supplemental Fee Agreements and deposited into the Major Projects Review Trust Fund and Expedited Permit Fund are deposited into the Planning Case Processing Special Fund pursuant to Sections 5.121.9.3 of the LAAC and 19.01 W of the Los Angeles Municipal Code. A separate account shall be established for each major project.

DISASTER ASSISTANCE TRUST FUND

Section 8.72.1 of the Los Angeles Administrative Code establishes the Disaster Assistance Trust Fund to receive monies for emergency and disaster response and recovery costs from various grant programs when directed by the City Council. Funds are expended in compliance with applicable federal and state laws, rules, regulations, instructions, and procedures. For purpose of the Budget, "Total Appropriations" include estimates of amounts to be transferred to various special funds, proprietary departments, and the General Fund where the costs approved for reimbursements were spent. Reimbursements to other departments include actual receipts from prior years not transferred in those fiscal years due to timing differences between receipt of funds and assembly of required documentation. The Office of the City Administrative Officer is authorized to make the payments.

HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS FUND

The Housing Opportunities for Persons with AIDS (HOPWA) Program is authorized by the 1990 National Affordable Housing Act and is administered under the U.S. Department of Housing and Urban Development (HUD). Its purpose is to provide states and localities with resources and incentives to devise long-term comprehensive strategies for meeting the housing needs of low-income and/or homeless persons with HIV or AIDS, and their families.

The 2024-25 Budget reflects the receipt and appropriations of funds for the departmental budget. The Mayor and Council are considering appropriations for other programs funded by HOPWA funds as detailed in the 50th Program Year (PY) Consolidated Plan, which is expected to be authorized from July 1, 2024 through June 30, 2025. Funding amounts are based on estimates and are subject to change pending receipt of actual entitlement award from the U.S. Department of Housing and Urban Development.

CENTRAL RECYCLING TRANSFER STATION FUND

The Central Los Angeles Recycling and Transfer Station (CLARTS) Trust Fund receives revenue for transfer services provided to private haulers engaged in providing solid waste collection services to non-City entities. Revenue is used to pay the direct cost of hauling and disposing of solid waste as well as related community amenities. Revenue, including interest, generated in excess of the direct costs associated with processing waste from private haulers is used to pay a proportionate (in relation to private hauler tonnages) share of salaries, equipment, maintenance and capital improvement projects at the facility as directed by the Mayor and City Council.

SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND

Assembly Bill 3229 established the Citizens' Option for Public Safety (COPS) program, through which funding is provided to local government for the purpose of ensuring public safety. This program requires the establishment of a Supplemental Law Enforcement Services Fund for the deposit of COPS funds received from the County. These funds must be used for direct support of front line municipal police services and must supplement, not supplant, existing resources for such services.

STREET DAMAGE RESTORATION FEE SPECIAL FUND

The Street Damage Restoration Fee Special Fund was created by Council action to receive revenues from the Street Damage Restoration Fee. The Fee was established to compensate the City for damage to City streets caused by excavations or other work performed by any entity, including City agencies, required to obtain a permit for the performance of said excavations or other work. The funds are to be used only for street surfacing, resurfacing, repair and reconstruction, and laboratory fees, testing, materials, engineering, salaries and overhead associated therewith.

MEASURE R TRAFFIC RELIEF AND RAIL EXPANSION FUND

Public Utilities Code Section 130350 provides that the Los Angeles County Metropolitan Transportation Commission (Metro) may adopt a sales tax within the County, provided that it is approved by a majority of the electors. In 2008, the voters in Los Angeles County approved the imposition of an additional one-half cent sales tax for a period of 30 years to (a) expand the County Metro rail system, including providing a direct airport connection; (b) make local street improvements, such as signal synchronization, filling potholes, repairing streets and making neighborhood streets and intersections safer for drivers, bicyclists and pedestrians in each community; (c) enhance safety and improve the flow of traffic on freeways and highways; (d) make public transportation more convenient and affordable (especially for seniors, students, the disabled and commuters); and, (e) provide alternatives to high gas prices, stimulate the local economy, create jobs, reduce pollution and decrease dependency on foreign oil. All transit projects funded by Metro through the Measure R transit capital fund will require a three percent local match. Matching funds identified will allow Metro to deliver transit projects within the City more quickly.

2024-25 is the eighth Willits Settlement Program Year and the City obligation is \$35,743,000. The Sidewalk Repair Fund provides \$19,691,483 from the General Fund and interest. Additionally, a total of \$4,316,364 (Direct Costs - \$3,389,764, Fringe Benefits - \$926,600) is provided in the Measure R Traffic Relief and Rail Expansion Fund for the installation of sidewalk access ramps; \$8,598,185 is provided from the SB1 Road Maintenance and Rehabilitation Program Fund; \$1,682,324 is provided from the Local Transportation Fund; and the Harbor Department is estimating \$1,052,257 in sidewalk repair work for facilities.

A total of \$402,387 is included as part of the Capital Technology Improvement Expenditure Program for the Willits Settlement Sidewalk Repair Program Access Request Packages 72 (\$56,259) and 73 (\$346,128).

A total of \$1,000,000 in General Fund revenue from the Library (\$500,000) and DWP (\$500,000) will offset a portion of the General Fund cost. These amounts, plus the funds budgeted in the Sidewalk Repair Fund schedule meet the City's obligation under the Willits Settlement Agreement.

SCHEDULE 52

MEASURE M LOCAL RETURN FUND

Public Utilities Code Section 130350 provides that the Los Angeles County Metropolitan Transportation Commission (Metro) may adopt a sales tax within the County, provided that it is approved by a majority of the electors. In 2016, the voters in Los Angeles County approved an increase of one-half of one percent (.5%) to the Sales Tax within Los Angeles County (County). The Sales Tax will increase to one percent (1%) on July 1, 2039, when the Measure R tax of one-half of one percent (.5%) tax imposed by Metro by Ordinance number 08-01 expires. Sales Tax revenue shall be used to meet the goals of improving freeway traffic flow; accelerating rail construction and building rail lines; enhancing local regional and express bus service, bike and pedestrian connections; improving transportation system connectivity, streets and intersections; addressing transit and highway safety; providing more accessibility, convenience, and affordability of transportation for seniors, students and the disabled; and incorporating modern technology in the transportation system.

ROAD MAINTENANCE AND REHABILITATION PROGRAM SPECIAL FUND

In April 2017, the Legislature enacted Chapter 5 (SB 1, Beall), also known as the Road Repair and Accountability Act. The administration estimates this legislation will increase state revenues for California's transportation system by an average of \$5.2 billion annually over the next decade. The Road Maintenance and Rehabilitation Program Special Fund receives monies from the State for basic road maintenance, rehabilitation, and critical safety projects on the local streets and roads system, pursuant to Streets and Highways Code section 2032(h).

MEASURE W LOCAL RETURN FUND

Los Angeles County Ordinance 2018-0044 established the Los Angeles Region Safe, Clean Water Program (Measure W) which imposes a parcel tax in the amount of 2.5 cents per square foot of impermeable surfaces. The City receives forty percent of revenues proportional to the amount generated from within the City. Funds are to be used for programs and projects that provide a water quality or water supply benefit and a community investment benefit.

* An amount only reflects the transfer from the Reserve Fund into the budget to assist in financing the General Fund portion of the budget. All excess general revenue and general unencumbered funds at year-end are transferred into this fund. The Reserve Fund is an unbudgeted fund to finance contingencies and major emergencies that may occur. The condition of the fund is shown in Section 3 of the budget schedules and statements.

** An amount reflects unencumbered balances and unallocated revenues that revert to the Reserve Fund.

*** Funding for technology items that are not part of this program are reflected in other departmental and non-departmental accounts.

** Pursuant to the City Charter, a minimum of 2.75% of the General Fund Budget must be kept in reserves for emergencies as an Emergency Reserve account, which may only be used after a finding of "urgent economic necessity" made by the Mayor with confirmation of the City Council. The remaining available balance within the Reserve Fund is allocated to the Contingency Reserve account.

BUDGET STABILIZATION FUND

The Mayor and Council established the Budget Stabilization Fund as part of the 2009-10 budget process. The purpose of the Budget Stabilization Fund is to set aside savings during periods of robust economic growth that can then be drawn upon to stabilize revenues during economic downturns. In 2011, Charter Amendment P added the Budget Stabilization Fund to the Charter. In March 2014, Administrative Code Section 5.120.4 was adopted, which established the rules of the Fund. The Fund's rules, as stated in its accompanying policy, were revised in January 2020 (C.F. 19-0600-S171). This Fund is comprised of excess revenue from seven economy-sensitive taxes, Property Tax, Utilities Users' Tax, Business Tax, Sales Tax, Transient Occupancy Tax, Documentary Tax, and Parking Users' Tax, pursuant to the Administrative Code. When growth in the cumulative receipts from these taxes exceeds the Average Annual Ongoing Growth Threshold (the average ongoing annual growth over the prior 20 years), the budget must include a deposit into the Fund. For every one half percent that revenues exceed the Average Annual Ongoing Growth Threshold, five percent of the value of that excess revenue must be deposited into the Fund, not to exceed 25 percent of the growth. Similarly, when growth of these receipts falls short of the Average Annual Ongoing Growth Threshold, the Budget may include a withdrawal from the Fund in the amount of five percent of the revenue shortfall for each one percent of growth below the Average Annual Growth Threshold.

STAPLES ARENA FUNDING AGREEMENT RECONCILIATION

The Crypto.com Arena, previously known as the Staples Center, is a sports and entertainment complex located adjacent to the Los Angeles Convention Center. The City entered into various agreements with the Arena Developer to advance approximately \$70 million towards the project. Pursuant to the Gap Funding Agreement between the City and the Developer, the Developer is obligated to fully offset the City's costs for debt service on bonds issued for the Arena, reimbursement for property conveyed to the Developer, and compensation for loss of interest earnings on cash advanced toward the project. The Agreement specifies certain credits that will offset the Developer's obligations to the City. This schedule serves as an accounting of the Developer's obligations and offsetting credits.

*Debt payments are budgeted within the Capital Finance Administration Fund, with the Staples Arena Trust Fund as the source of funds. Actual cash payment to Trustee may vary from budgeted amount due to interest earnings.

**The 1998 Gap Funding Agreement authorized the Staples Developer to offset the repayment obligations with certain allowable credits. When the allowable credit exceeds the obligation amount, the Staples Developer is allowed to carry the credit forward in the following fiscal year. In 2003, Amendment No. 1 to the Gap Funding Agreement authorized the Staples Developer to prepay its repayment obligations. In exchange for the City's agreement to modify the credit enhancement requirements, the Staples Developer paid the City \$16.5 million, comprised of \$14.7 million for estimated shortfalls and \$1.8 million for additional inducement.

CITY DEBT POLICY STATEMENT

In August 1998, the City adopted a formal debt policy, and in April 2005 this debt policy was incorporated into the City's Financial Policies. The debt policy established guidelines for the structure and management of the City's debt obligations, including target and ceiling levels for certain debt ratios to be used for financial planning purposes. The policy places certain restrictions on the types of items that can be financed, limiting financing only to those items with a useful life of six years or more. In accordance with the policy, the ratio of annual debt payments cannot exceed 15 percent of General Revenues for voter-approved and non voter-approved debt overall, and cannot exceed six percent of General Revenues for non voter-approved debt alone. The six percent ceiling for non voter-approved debt may be exceeded only if there is a guaranteed new revenue stream for the debt payments and the additional debt will not cause the ratio to exceed 7.5 percent, or there is not a guaranteed revenue stream but the six percent ceiling will only be exceeded for one year.

RATIO	CEILING	ADOPTED 2023-24	REVISED 2023-24	PROPOSED 2024-25
Total Direct Debt Service as Percent of General Revenues	15%	4.22%	4.30%	4.05%
Non-Voted Direct Debt Service as Percent of General Revenues	6%	2.54%	2.59%	2.66%

STATEMENT OF BONDED INDEBTEDNESS AND OTHER OBLIGATIONS

Charter Section 312(g) requires that the budget provide all essential facts regarding the bonded and other indebtedness of the City government. Under the California Constitution, the City may issue general obligation bonds subject to the approval of two-thirds of the voters voting on the bond proposition. An ad valorem tax on real property is levied without limitation as to rate and amount to pay principal and interest on general obligation bonds. The City may also levy special taxes on real property based on the size of improvements (rather than assessed valuation) with two-thirds voter approval. These taxes may secure bonded obligation. The City may issue revenue bonds under the State 1941 Act with approval by 50 percent plus one of the voters, and under the City Charter, the City may establish its own procedures for issuing revenue bonds. Under State law, the City may also enter into long-term lease obligations without obtaining voter approval. Lease revenue bonds and certificates of participation may be issued, which are secured by such lease-purchase agreements. Under various sections of State law, the City may establish assessment or Mello-Roos districts and issue bonds for infrastructure improvements. The bonds are secured solely by the properties in the district. The table below summarizes the outstanding general obligation bonded indebtedness of the City, lease revenue bonds, revenue bonds, and special assessment and Mello-Roos districts.

Notes:

¹ Does not include refundings and commercial paper notes, only new money bond issues.

² Total General Fund debt outstanding is \$2,288,036,818. Total outstanding City debt including revenue and assessment obligations is \$4,969,511,818.

³ Debt service amounts for 2024-25 do not include debt service for anticipated issuances in 2024-25.

⁴ The Charter limits general obligation indebtedness to 3.75% of assessed valuation. Outstanding general obligation indebtedness as of June 30, 2023 was 0.13% of assessed valuation. The ratio for June 30, 2024 is estimated at 0.12%.

⁵ Procedural Ordinance No. 182531 effective June 10, 2013 was adopted to enable revenue bond issuances that are not subject to the voter authorization limit. "Amount Issued as of 7/1/24" includes bonds issued pursuant to the voter authorization limit and under Procedural Ordinance No. 182531. These amounts do not include repayment of State Revolving Fund Loans outstanding in the amount of \$13,356,465.

⁶ The Parking System Revenue Bonds, Series 1999-A and Series 2003-A (the "Parking Bonds") were redeemed in full effective November 1, 2013. Taxable lease revenue commercial paper notes were issued to redeem the Parking Bonds. As of July 1, 2024, the outstanding taxable lease revenue commercial paper notes is \$6,000,000.

⁷ Backed solely by assessments on participating properties.

**Based on projected revenues for 2024-25 plus incremental revenue from self-supporting debt, including General Obligation Bonds.

The budget recommended and submitted by the Mayor does not cover the operations, either as to receipts or expenditures (other than appropriations required by Charter, or other assistance under Charter Section 246), of the departments of City government given control of their own revenues or special funds, but is accompanied by copies of the proposed budgets of such departments for the information of the Council and the public. The budget of each of these departments is adopted by the citizen boards of commissioners charged with the control and management of such departments in accordance with Charter Sections 511 and 1160.

1) 2022-23 Actual Receipts and Expenditures are derived from LAFPP's Audited Financial Statements using the modified accrual basis. 2023-24 Estimated Receipts and Expenditures and 2024-25 Budgeted Receipts and Expenditures are calculated on a cash basis.

2) The total City Contribution (General Fund) in a given Fiscal Year is the sum of the General Fund and Excess Benefit Plan (EBP) line items. For 2024-25 these amounts total \$668,516,310. Since the EBP revenue is transferred to the Controller, however, it is excluded from LAFPP total revenue. The Harbor and Airports contributions are calculated separately and are reflected in separate line items.

Honorable Karen Bass, Mayor:
Honorable Members of the City Council:

SUBJECT: REVENUE FORECAST REPORT

Despite a healthy economy, the City faces harsh budget realities now, and in the years ahead. There is no quick fix, but a long-term strategic approach is needed for the City to live within its means while meeting the changing needs of our four million residents.

Each year, in accordance with City Charter Section 311(c), my Office submits a Revenue Forecast Report, which includes information gathered from City departments, recent regional economic reports and meetings with local economists. This report covers updated revenue estimates for the remainder of the current fiscal year, ending June 30, 2024, and projections for fiscal year 2024-25. Forecasts inherently involve uncertainty, however, our estimates of revenue for this year have proven to be more accurate than the ones on which the adopted budget was ultimately based. This year's projections reflect our best estimates and seeks to promote responsible budgeting in the fiscal year ahead.

LOWER REVENUES, HIGHER EXPENSES FORCE EMERGENCY ACTION

Last year's report predicted "trouble ahead." Unfortunately, that proved to be true. In our March estimate last year, we projected revenues of \$7.560 billion for the General Fund (GF). The City's adopted budget assumed GF revenues of \$7.767 billion (not including transfers from the Reserve Fund). In the CAO's recent January financial report regarding fiscal concerns, they have estimated that the City's General Fund revenues are now \$158 million below plan. Combined with some departments exceeding their budget, the City has been forced to adopt an abrupt hiring freeze on filling all jobs except those deemed "critical." With double-digit vacancy rates across nearly every City department, a hiring freeze will have a negative impact on virtually all City services.

NEXT FISCAL YEAR

The national economy has so far experienced no recession over the past year, with inflation falling and a continuing strong labor market. Interest rate hikes cooled the residential and commercial real estate markets. Our local economy was dampened by a fall in overseas tourism and major strikes affecting the City's signature industry. **Looking ahead, we see some recovery but only an anemic 1.73% increase in GF revenues over Fiscal 2023-24 projected actuals.** Our estimate of \$7.738 billion in GF revenue next year falls well short of the sharp rise in City expenses due to negotiated labor agreements and other cost increases.

The largest revenue surge is projected to come from a 4.1% increase in Property Taxes (\$83M growth). The formula for Vehicle License Replacement will grow by 5.4% adding \$34 million. Business License and Parking Users' taxes are also expected to outperform the overall average increase. On the other hand, the Power Transfer, franchise payments and interest income are all expected to be lower in the coming year for a net increase of just \$132 million in GF revenue.

THE NEED FOR A LONG-TERM STRATEGY

General Fund expenses are on track to increase considerably next fiscal year. The State is experiencing its own severe budget challenges. The Mayor's ambitious effort to meet the homelessness emergency will continue. Meanwhile, the hiring freeze will mean continued stress on both front-line and support services from Animal Services to Public Works. The City still lacks a credible and comprehensive Capital Improvement Plan to address its staggering backlog of deferred maintenance and the need to modernize our aging infrastructure.

All of this means that short-term fixes and budget gimmickry will only prolong pain and lead to *"an inexorable decline in public services, undermining our quality of life and the economic prospects of our residents"* as our Office warned in January when releasing the City's Annual Comprehensive Financial Report.

The Mayor, the Council, the CAO, our city's civic leadership and the diverse voices of our community need to address this chronic fiscal challenge. Waiting for the next recession will trigger far uglier choices down the road. A serious, long-term plan for reshaping City government is long overdue. Our Office welcomes the opportunity to contribute to that strategic effort.

I summarized last year's March Revenue Forecast with this advice: *"The voters of Los Angeles expressed their choices for change in the last election. It will be our shared responsibility not to be trapped by business as usual if we are to deliver on their expectations. Taking the long view and the high road will be essential to making a more equitable, livable and resilient city for our four million residents."*

Our residents deserve to have their City’s fiscal house put in order so that not only their City government lives within its means, but they can too. Our residents deserve to look forward to a brighter future for themselves and their families based on a strong economy that leaves no one behind.

Now is the time for City leadership to recognize the need to move beyond business as usual and get down to the business of meeting the changing needs of our changing city.

Finally, I want to thank our Financial Analysis and Reporting Division and its hard-working staff for collaborating with the CAO, Department of Finance and other department personnel for the exacting analysis that goes into preparing this annual report.

Respectfully submitted,

Kenneth Mejia (Feb 29, 2024 16:47 PST)

REVENUE FORECAST REPORT

For Fiscal Years 2024-2025

SUMMARY

This Revenue Forecast Report for the City of Los Angeles provides revenue estimates for fiscal years 2023-24 and 2024-25 in advance of the City’s upcoming budget process. Also included are the estimated requirements for debt service and General Fund cash flow borrowing. The Forecast is issued pursuant to the Controller’s City Charter mandate to monitor and report on all matters relating to the City’s fiscal health, to keep the City’s official financial records, and to supervise City expenditures.

This Office based these estimates on information received from City departments, consultation with local economic experts and academics, and historical as well as recent trends.

Financial Outlook

Current Year: 2023-24

The current fiscal year budget assumes that the City will continue paramount investments to reduce homelessness and improve public safety while being fiscally responsible with strong reserves to address uncertainties in the year ahead.

The Los Angeles County economy has overcome most of the challenges it faced during the COVID-19 pandemic. Following the recovery, population decline, housing supply and affordability, and poverty have become the primary challenges. Predictions of a recession by the end of 2023 never materialized—with a real possibility the county avoids a recession in favor of a modest, sustained growth in the coming years. Our estimates for fiscal year 2023-24 were based on current trends.

Overall, we estimate that total General Fund revenue will be \$7.7 billion (including the \$136.4 million transfer from the Reserve Fund), lagging behind the Budget by \$160.0 million (2.0 percent), and exceeding the prior fiscal year by \$161.6 million or 2.1 percent.

Next Year: 2024-25

The future remains uncertain. Even though conditions on the inflation front are improving, and most sectors of the economy remain in some form of positive growth or stable currently, the City should still plan for the possibility of a slowing economy. Our projection for the upcoming year assumes that the economic growth will be modest in the 2024-25 fiscal year.

For the General Fund receipts, the year is expected to see 1.7 percent growth over the current fiscal year estimate, primarily due to the expected growth in property tax receipts. This \$7.7 billion would be \$131.5 million more than 2023-24 estimates and \$173.3 million more than 2022-23 (after adjusting for Reserve Fund transfer).

Debt

The estimated debt service requirement for 2024-25 on the City's long-term debt is \$549.8 million, which is \$22.8 million less than 2023-24 mainly due to decrease in General Obligation Bonds (GOB) total payments (\$109.5 million compared to \$138.0 million in 2023-24). The \$109.5 million payment is for principal and interest payments on the City's \$1.2 billion in outstanding GOB. The remaining debt service covers the Municipal Improvement Corporation of Los Angeles (MICLA), the Wastewater system, the Solid Waste Resources Programs, and Site-Specific Tax Revenue Debt.

In total, debt service is projected to be 3.68 percent of projected 2024-25 General Fund receipts, well under the 15 percent limit set by the City's Debt Policy.

General Fund Cash Flow

Annually, the Controller estimates an amount of borrowing to alleviate the City's short-term cash flow deficits in the first half of the following fiscal year. Based on revenue and expenditure patterns, the likely cash flow borrowing requirement in 2024-25 is between \$350 and \$450 million.

This estimated borrowing assumes the cash balance amount in the General Fund at the beginning of 2024-25 (after 2023-24 year-end reappropriations and transfers) would be similar to recent prior years. For example, if 2024-25 begins with significantly lower cash in the General Fund than there was at the beginning of fiscal year 2023-24, a higher amount may need to be borrowed to meet General Fund obligations until December 2024 when the first tranche of property tax receipts is expected. Any shortfall in expected revenues from other General Fund sources during the first half of 2024-25 would further increase the amount of borrowing that would be needed for cash flow.

In addition to borrowing via the Tax and Revenue Anticipation Notes (TRAN), the Controller is authorized to enter into short-term borrowing from the Reserve Fund when cash flow is required. However, this can cause concern when the Reserve Fund balance is close to the five percent target set by the City's financial policies. In order to balance this concern against cash flow

needs and legal caps on the TRAN, the Controller will work closely with the offices of the City Administrative Officer and Finance to determine the most appropriate amount to borrow, and to explore alternatives to the TRAN, including leveraging internal sources of funds, especially in light of the high current interest rate environment.

DISCUSSION

This Revenue Forecast Report for the City of Los Angeles provides revenue estimates for fiscal years 2023-24 and 2024-25 in advance of the City’s upcoming budget process. Also included are the estimated requirements for debt service and General Fund cash flow borrowing. The Forecast is issued pursuant to the Controller’s City Charter mandate to monitor and report on all matters relating to the City’s fiscal health, to keep the City’s official financial records, and to supervise City expenditures.

This Office based these estimates on information received from City departments, consultation with local economic experts and academics, and historical as well as recent trends.

Total General Fund Revenue	\$ 7,903,336	\$ 7,743,289	\$ 7,738,381	-2.03%	-0.06%

The City is estimated to realize General Fund revenue in the current fiscal year of approximately \$7.7 billion (including \$136.4 million transfer from the Reserve Fund). This is \$160.0 million (2.0 percent) below the \$7.9 billion 2023-24 Adopted Budget.

The 2024-25 General Fund receipts are projected to be \$7.7 billion, an increase of \$131.5 million (1.7 percent) over 2023-24 estimates after adjusting for Reserve Fund transfer.

The City’s General Fund revenue comes from a wide variety of sources, the largest of which is property tax, which represents just over one-third of all General Fund revenue. Other major revenue sources include utility users’ tax, sales tax, business tax, transient occupancy tax, the power revenue transfer, documentary transfer tax, and licenses, permits, fees and fines. The chart on the next page illustrates the aforementioned variety of funds.

The complete list of estimated City receipts for 2023-24 and 2024-25 is presented in Schedule 1.

Economy-Sensitive General Fund Revenues

The seven major revenue sources considered “Economy-Sensitive” are property tax, utility users’ tax, business tax, sales tax, transient occupancy tax, documentary transfer tax, and parking users’ tax. Together, they represent approximately 70 percent of General Fund revenues.

Exhibit 2 presents the City’s economy-sensitive General Fund receipts in the 2023-24 Adopted Budget, and the Controller’s estimates for 2023-24 and 2024-25.

Business Tax

- Fiscal Year 2023-24**
 Business Tax receipts are estimated to be \$793.8 million. Non-cannabis Business tax receipts are estimated to decrease by \$17.8 million (-2.5%) based on year to date collection, and cannabis Business Tax is estimated to decrease by \$14.2 million (-12.7%) based on current trends.
- Fiscal Year 2024-25**
 Business Tax Receipts are projected to be \$816.7 million. Non-cannabis Business tax receipts are estimated to grow by 3.9% and Cannabis Business Tax decrease by 4.0% per Office of Finance projections.

Sales Tax

- Fiscal Year 2023-24**
 Sales and use taxes are estimated to decrease by 3.9% (or \$27.6 million) based on current year trends.
- Fiscal Year 2024-25**
 Sales and use taxes are projected to increase by 0.8% based on the average of UCLA "Taxable Sales" projection for 2023 and 2024.

Transient Occupancy Tax (TOT)

- Fiscal Year 2023-24**
 TOT is estimated to finish the fiscal year 8.3% or \$22.6 million above fiscal year 2023 based on current year trends.
- Fiscal Year 2024-25**
 TOT is projected to decrease slightly to \$296.2 million.

TOT – Short-term Rental

- **Fiscal Year 2023-24**
Short-term rental receipts are estimated to end the fiscal year at around \$34.4 million, which is 4.1% or \$1.5 million below the fiscal year 2023.
- **Fiscal Year 2024-25**
Projected \$34.3 million for short-term rentals, a slight decrease compared to current year.

Documentary Transfer Tax

- **Fiscal Year 2023-24**
Documentary Transfer Tax is estimated to decrease by 26.7% based on current year trends.
- **Fiscal Year 2024-25**
The FY2024-25 projection assumes that receipts will increase less than one percent, based on projected trend for Los Angeles Housing Market. See page 10 for expanded discussion of the trends and factors affecting documentary transfer tax receipts.

Parking Users' Tax

- **Fiscal Year 2023-24**
Parking users' tax is estimated to be \$126.6 million based on current year trends.
- **Fiscal Year 2024-25**
Projection assumes 4.28 % increase, fiscal year 2019 growth over 2018.

Spotlight: Documentary Transfer Tax

The City’s General Fund derives more than one third of revenues from the Property Taxes, mainly secured, which is a one percent tax on the assessed valuation of all real property in the City, subject to various exemptions and adjustments. There is a second revenue derived from taxes on real estate, the Real Property Transfer Tax, commonly known as the Documentary Transfer Tax, which is a \$4.50 (per \$1000) tax imposed on all documents that convey real property within the City. The revenue is due to the City upon execution of the transfer.

Property Tax is a stable source of revenue, consistently but slowly growing every year with only very rare decreases. In contrast, Documentary Transfer Tax, as a transaction-based tax, is historically the most volatile of the City’s major tax revenues, subject to fluttering in response to changes in the local real estate market. Because the bases and mechanisms for these two taxes are significantly different, they behave quite differently in response to the local economy.

There is a built-in connection between these two taxes. In most years, more than 50 percent of property tax growth is due to property transfers since properties get reappraised upon change of ownership. Hence, high levels of property sales can be a huge driver of property tax growth. Below chart shows the correlation and changes of above taxes.

As the chart below shows, Documentary Transfer Tax stabilized from fiscal years 2015 to 2020 and then accelerated to its all-time highs during the pandemic, with both home prices and sales volumes growing. Due to the tightened credit environment and high mortgage rates, the Los Angeles real estate market cooled down, and the Documentary Transfer Tax took a hit.

With mortgage rates softening since mid-October, home sales should continue to grow year-over-year, but affordability factor likely would continue to impact sales volume, resulting in modest improvement. According to the California Association of Realtor’s January 2024 home sales and price data, Los Angeles County’s median home price is slightly down 2.4 percent from last month and 7.0 percent up from last year. The sales of existing homes are down 17.1 percent compared to last month; however slightly 0.8 percent up compared to previous year, resulting in lower estimated fiscal year 2024 Documentary Transfer tax revenue.

Based on current trends, we estimate the Documentary Transfer Tax to end the fiscal year 2023-24 at \$162.3 million, \$36.3 million or 18.3 percent below budget, and \$59.0 million or 26.7 percent less than last year. Our projection for the fiscal year 2024-25 is \$163.4 million, assuming a 0.7 percent increase.

Measure ULA

Effective April 1, 2023, a new special documentary transfer tax, United to House LA (Measure ULA) was imposed on residential and commercial real-property sales and transfers within the City of Los Angeles where the consideration or value is greater than \$5 million. The new tax, which is in addition to the current transfer tax, imposes a 4.00% tax on real property

sales or transfers at over \$5 million but less than \$10 million, and a 5.5% tax on real property sales and transfers valued at \$10 million or more.

The City generated \$15.6 million ULA revenue in fiscal year 2022-23 and \$156.9 million (as of January 2024) in fiscal year 2023-24. Revenue is intended to be used to fund affordable housing and tenant assistance programs, including development, construction, acquisition, rehabilitation, and operation of housing. The City allocated \$150 million in anticipated ULA receipts in fiscal year 2023-24.

According to the Los Angeles Business Journal, local real estate experts surveyed indicated that the ULA tax has played a role in the decrease in sales volumes. However, it's hard to pinpoint exactly how much of the drop in sales can be traced back to ULA due to multiple factors affecting the current market climate – such as higher interest rates plus the work-from-home trend.

The future of ULA still remains unclear. Although the recent dismissal of the litigations involving ULA by the Los Angeles County Superior Court is good news for the City, there is a statewide ballot initiative on special taxes, the Taxpayer Protection and Government Accountability Act (the Taxpayer Protection Act), before the voters in the November 2024 election. If enacted, Taxpayer Protection Act could invalidate ULA since the ballot measure would be retroactive back to January 1, 2022.

While the Governor's office and the state legislature have filed a challenge in the California Supreme Court to disqualify the Taxpayer Protection Act from the November ballot, the litigation is pending. In the event the ULA special tax is invalidated, the General Fund may be at risk of repaying ULA tax receipts collected that have been expended.

Due to these uncertain outcomes and short history, it is difficult for this Office to accurately forecast ULA revenue for fiscal year 2024-25. Based on collection trend so far, our year-end estimate for 2023-24 is \$270.3 million, \$334.3 million or 55.3 percent below the \$604.6 million in 2023-24 Adopted Budget. Our projection for 2024-25 is \$271.1 million, 0.3 percent above 2023-24 estimate. The City should continue to responsibly allocate ULA receipts, and have a contingency plan in place to refund any collections already expended in case the measure is invalidated.

Licenses, Permits, Fees and Fines

Licenses, Permits, Fees and Fines (LPFF) revenues, which represents 17.2 percent of the Adopted Budget General Fund receipts, are broken into four

sub-categories: LPFF, Services to Proprietary Departments, Ambulance Billing, and Reimbursements from Other Funds.

City department services to proprietary departments, such as fire protection, construction inspection, and City Attorney legal services for Airports, Water and Power, and Harbor make up the "Services to Proprietary Departments" category.

The largest category, "Reimbursement from Other Funds", consists of special fund reimbursements for costs that are paid for by the General Fund for central services such as payroll, leasing and fleet, and fringe benefits such as health insurance and retirement, as well as reimbursements to the City from other governmental agencies such as Metro and LAUSD, for services like policing and election administration.

Ambulance Billing represents cost recovery for emergency transport provided by the Fire Department. The remaining revenues (25.3 percent) consist of fees for special services such as animal licenses, engineering permits, fire brush clearance fees, as well as numerous other smaller revenues.

Exhibit 4 presents the actual receipts for 2022-23, estimated 2023-24 and projected 2024-25 LPFF revenues by category.

EXHIBIT 4

**LICENSES, PERMITS, FEES AND FINES

	2022-23 Actuals	Adopted Budget FY 2023-24	Controller March 1, 2024 Estimated Receipts

Total Licenses, Permits, Fees and Fines	\$ 1,232,107	\$ 1,363,324	\$ 1,351,693	\$ 1,369,617

In 2023-24, total Licenses, Permits, Fees and Fines (LPFF) is estimated to be \$1,351.7 million, \$11.6 million below budget, and \$119.6 million or 9.7 percent above the 2022-23 actual receipts. We estimate above the budget performance for LPFF \$4.4 million. Ambulance Billings will outperform the

budget by \$43.7 million due to the anticipated uplift from the Public Provider Ground Emergency Medical Transport (PP-GEMT) Intergovernmental Transfer Program (IGT) \$52.0 million offset by \$8.3 million decrease in DHCS (Department of Health Care Services) program which ended December of 2022.

Services to proprietary departments is expected to end at \$9.3 million below the budget due to a decrease in requested services, vacancies and lower CAP rates. We also expect a shortfall of \$50.4 million in related cost reimbursements from various departments due to vacancies and the current trend of revenues and expenditures. 2024-25 LPFF revenue is projected to be \$1,369,6 million, which is 1.3 percent above the 2023-24 estimated revenue, and 11.2 percent above 2022-23 actual receipts.

Other Significant Revenues

Exhibit 5 depicts other revenues such as Franchise Income, Parking Fines, Power Revenue Transfer, and Ex-CRA Tax Increment. These revenue estimates are provided by various departments responsible for administration of the program(s) and/or collection and transmittal of the receipts to the General Fund.

Ex-CRA Tax Increment	143,730	136,762	142,560	-4.85%	-0.81%	

Franchise income is collected from City franchisees, including distributors of natural gas, cable TV operators, and others such as official police garages. RecyclA, the solid waste collection franchise system for commercial,

industrial, and large multi-family buildings, was implemented during 2017-18 and is now the most significant element of Franchise Income. Franchise income for fiscal year 2023-2024 is estimated to be \$135.6 million, and 2024-25 is projected to be \$136.0 million.

The Parking Fines estimates are based on the actual collection trend.

The Department of Water and Power (DWP) provides a portion of certain revenue from the prior year to the City as Power Revenue Transfer. DWP has approved a transfer of \$244.7 million this fiscal year. The 2024-25 forecast of \$226.6 million is based on average of low and high estimates provided by DWP.

Ex-CRA Tax Increment current year and 2024-25 revenue is projected based on trend analysis.

Special Purpose Fund Revenues

Special Purpose Fund revenues represent 31.3 percent of total 2023-24 Adopted Budget receipts, while Available Balances, projected cash balances at the beginning of the fiscal year, represent 8.6 percent of Adopted Budget revenues. Schedule II presents a breakdown of 2022-23 actual, 2023-24 estimated, and 2024-25 projected revenues by budgeted Special Funds. Available Balances are excluded from this report.

Based on departmental estimates, 2023-24 total Special Fund revenues will end the fiscal year 12.5 percent below the budget at \$3,593.4 million. Special Fund revenues for 2024-25 are projected to be \$167.4 million more than current year estimates at \$3,760.9 million.

General Fund Cash Flow Borrowing

Current and Prior Year Experience

Due to the timing difference between receipts and expenditures, the Controller annually requests issuance of Tax and Revenue Anticipation Notes (TRAN) to ensure that the General Fund has sufficient cash to cover expenditures during the first half of the fiscal year. The Controller also has the ability to initiate Reserve Fund and interfund borrowing during the year for cash flow purposes.

Notes:

(1) Short term borrowing until Property Tax receipts were received.

Exhibit 6 illustrates cash flow borrowings for 2014-15 through 2023-24.

Annually, the Controller estimates an amount of borrowing needed to meet City short-term cash flow requirements in the first half of the next fiscal year. The Controller's Office will work with the Mayor's Office and City Administrative Officer (CAO), as in prior years, to determine the amount of borrowing required as better information becomes available. The cash flow borrowing requirement in 2024-25 will likely be between \$350 and \$450 million.

This estimated borrowing assumes cash balance amount in the General Fund at the beginning of fiscal year 2024-25 (after 2023-24 year-end reappropriations and transfers) would be similar to prior years. As an example, if 2024-25 begins with significantly lower cash in the General Fund than there was at the beginning of 2023-24, a higher amount may need to be borrowed to meet General Fund obligations until December 2024 when the first tranche of property tax receipts is expected. In addition, any shortfall in other budgeted General Fund revenue sources during the first half of 2024-25 would further increase the amount of borrowing that would be needed.

As the amount borrowed for cash flow needs is sometimes insufficient to meet General Fund cash flow needs, the Controller is authorized to enter into short-term borrowing from the Reserve Fund. However, this can cause concern when the Reserve Fund balance is close to the five percent target set by the City’s financial policies. In order to balance this concern against cash flow needs and legal caps on the TRAN, the Controller’s Office will work closely with the offices of the City Administrative Officer and Finance to determine the most appropriate amount to borrow and to explore options other than the TRAN, including internal sources of funds, particularly in light of the current high interest rate environment.

Debt and Debt Service Requirements

City Debt Policy

Exhibit 7 below illustrates the City’s debt service in relation to General Fund receipts and demonstrates compliance with the City’s debt management policies.

Note: FY 2020-21 to FY 2022-23 ratios are based on actual General Fund receipts. FY 2023-24 and FY 2024-25 ratios are based on estimated and projected receipts.

The City’s debt policy established maximum levels for voter and non-voter approved debt. The maximum debt service level for non-voter approved debt is not to exceed six percent of General Fund revenues (with certain exceptions). As illustrated in Exhibit 7, the City has managed its debt issuance very conservatively, with debt service well below the policy limits. Based on the current ratio of debt service to total projected receipts in 2023-24, the City has the capacity to issue additional non-voter approved debt with an annual debt service requirement of up to \$289.6 million or 3.74 percent of General Fund receipts.

The City’s total debt service level for voter and non-voter approved debt shall not be greater than 15 percent of General Fund revenues. After the \$289.6

million, the City has the capacity to issue voter approved debt with an annual debt service requirement of no more than \$558.9 million.

Notes:

(1) Long-term debt does not include short-term commercial paper notes. However, the goal is to replace commercial paper with long term debt. As of January 2024, the balance of the MICLA and Wastewater System commercial paper notes was \$166 million and \$269 million, respectively.

(2) A total of \$1,488,840,000 in TRAN were issued on June 28, 2023, with final maturity of June 27, 2024. The amount of interest to be paid in 2023-24 will depend upon the size of the TRAN and interest rates at the time of sale. The size of the TRAN will depend upon the amount of cash needed for cash flow and budgetary decisions on advance funding of City pensions and retirement contributions.

Source: Official Statements

The City strategically structures its various debt service schedules with the goal of stability. This means that, when one issuance is paid off and retired, payments are accelerated for other issuances. By scheduling the payments this way, the City avoids large swings in debt service which can have negative budgetary impacts.

General Obligation Bond Payments

Exhibit 10 lists the City's General Obligation Bonds (GOB) debt service requirements for principal and interest for 2024-25, which are estimated at \$109.5 million. GOBs are general obligations of the City payable from ad valorem taxes levied upon all of the taxable property in the City. Taxes levied for the GOB debt service requirement are separate from the General Fund property tax revenue. The City issues GOB debt for capital improvement projects, including the acquisition of property and the construction of new facilities and improvements to existing facilities. The City is in a process of issuing new GOB, Series 2024-A Social Bonds.

GOVERNMENT SPENDING LIMITATION

This schedule presents information with respect to compliance with Article XIII B of the State Constitution which provides for State and local government spending limitations, effective with the 1980-81 fiscal year. As originally approved, Article XIII B provided that "appropriations subject to limitation" shall not exceed the appropriations limit for the prior year adjusted for changes in the cost of living and population. "Appropriations subject to limitation" generally exclude appropriations from: user fees, except for proceeds exceeding the costs of providing the service; Federal grants; State mandated program reimbursements; and indebtedness funds. The costs of court and Federal mandates are also excluded. If the financial responsibility of providing a service is transferred to another agency or the financial source is transferred from other revenues to user fees, then the appropriations limit is to be decreased accordingly.

Article XIII B was significantly amended in 1990. The appropriations limit for 1990-91 shall be the limit for 1986-87 adjusted as follows: 1) The City may choose either the City or County population change each year; 2) The City may choose either the change in California per capita personal income or the change in the City's nonresidential new construction on the local assessment roll; 3) Appropriations for capital outlay projects (fixed assets with a useful life of ten or more years and a value of \$100,000 or more) may be excluded from the limit.

The following is a comparison of City appropriations limits and "appropriations subject to limitation." As provided by the 1990 amendments to Article XIII B, the calculation of the appropriations limit is reviewed as part of the City's annual financial audit.

Grant and Other Funds figures reflect the "Functional Distribution of Distribution of 2024-25 Appropriations and Allocated Funds" figures in addition to Proprietary Departments' estimated receipts in the "Federal and State Funding Estimates" schedule in Section 5. The financial data for the Departments of Airports, Harbor, Water and Power, and the City Employees' Retirement and Pensions Systems are presented in this schedule for informational purposes. These departments are governed by Boards of Commissioners, appointed by the Mayor and confirmed by the City Council. Their budgets are adopted exclusively by these Boards.

GLOSSARY

Annual Comprehensive Financial Report: The annual publication of the City's financial condition at the conclusion of the fiscal year. The report is prepared to conform to Generally Accepted Accounting Principles (GAAP) for governmental units and presents the financial data in conformity with the Adopted Budget.

Appropriation: A legal authorization to incur obligations and to make expenditures for specific purposes.

Assessed Valuation: The valuation that the County Assessor sets upon real estate and certain personal property in the City as a basis for levying property taxes.

Authorized Positions: Regular positions authorized for employment during the fiscal year in the budget.

Balance Available: Available cash balances at July 1 in special purpose funds that are projected to be unobligated from prior years and available for appropriation in the budget. Section 3 of the budget shows the calculations for each fund.

Board of Commissioners: The Mayor appoints commissioners, subject to confirmation by the City Council, to manage operations for certain City departments. Each Board consists of five or more members.

Bond: A bond is a debt instrument issued for a period of more than one year. The issuer is obligated to repay the bondholder a specified principal amount on a certain date, together with interest.

Bond Proceeds: The money received by the issuer of a new issue of bonds. These moneys are used to primarily finance capital projects and to pay certain costs of issuance as may be provided in the bond documents.

Budget: A plan of financial activity for a specified fiscal year indicating all planned revenues and appropriations for the year.

Budget Stabilization Fund: A fund created to prevent overspending during prosperous years and provide resources to help maintain service levels during years of slow revenue growth or declining revenue.

Budget Summary Book: Supplement to the budget that concisely highlights items in the budget such as the budget goals, financial overview, and the departmental overview of its mission, goals, and budget considerations.

Bureau: A major division of the Department of Public Works that is responsible for certain tasks of the Department such as construction and maintenance of public buildings, streets, bridges, sewers, storm drains, and related improvements. The budget treats each bureau as a separate entity.

Capital and Technology Improvement Expenditure Program: Expenditures for the acquisition, construction, expansion, or rehabilitation of the City's physical plant (such as streets, sewers, and storm drains), facilities (such as fire and police stations, libraries, and shops), and information technology infrastructure and systems.

Capital Finance Administration Fund: A fund established to consolidate lease payments and related expenses from long-term financing obligations.

Certificate of Participation: A certificate of participation, which looks very much like a bond, represents a pro-rata share in the pledged revenue stream made by a public agency pursuant to a lease financing or an installment purchase agreement, subject to appropriation.

Commercial Paper: Short-term notes with maturities ranging from one to 270 days, usually backed by a letter of credit with a bank, which are intended to be "rolled over" in a series of current refinancing as portions of the issue mature from time to time. Generally, the maturity of the commercial paper sold on each rollover is determined by market conditions at the time of rollover.

GLOSSARY

Debt Policy: The formal policy that establishes guidelines for the structure and management of the City's debt obligations. These guidelines include target and ceiling levels for certain debt ratios to be used for planning purposes as shown in the City Debt Policy Statement Schedule in Section 3 of the budget.

Debt Service: The amount of money necessary to pay interest on the outstanding bonds, the principal of maturing or redeemed bonds, and the required contributions to a sinking fund for term bonds.

Department: A major administrative division of the City that indicates overall management responsibility for an operation or a group of related operations within a functional area. A department often has more than one budgetary program and may have more than one source of funds.

Department of Airports: The department that, under its Board of Commissioners, is responsible for management, supervision, and control of all airports and airport facilities under the jurisdiction of the City of Los Angeles. It plans, constructs, and maintains its own buildings and controls its own funds in accordance with the City Charter. The budget is independent of the City's general budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Department of Water and Power: The department that, under its Board of Commissioners, is responsible for supplying the City and its inhabitants with water and electric energy by constructing, operating, and maintaining works for importing water and electric energy throughout the City and in Mono and Inyo Counties and by importing electric energy from other western states. The Department fixes rates for water and electric service subject to approval of the City Council by ordinance. It controls its own funds and maintains an independent retirement, disability, and death benefit insurance plan. The budget is independent of the City's general budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Detail of Department Programs (also referred to as the Blue Book): Supplement to the budget book that identifies by department and program the incremental changes from one fiscal year to another fiscal year. The Blue Book also contains related departmental schedules including the Detail of Positions and Salaries and Contractual Services.

Direct Cost: The cost of salaries, expense, and equipment for authorized positions to perform specific work assignments. The annual budget of each department provides funding for this cost.

Economically Sensitive Revenues: Revenues that can rise or fall from year to year and usually correspond to general economic conditions.

Encumbrance: An unpaid obligation incurred for current or future services such as for professional service, materials, equipment, and capital improvements.

Expenditure: A payment made for cost of services rendered, materials, equipment, or capital improvements.

Fee: A charge to the party who benefits directly from the City's service, such as a building permit fee.

Financial Policies: The formal policies that the City adopted to govern several areas of its financial management. The Financial Policies include the following: Fiscal Policies, Capital and Technology Improvement Policy, Pension and Retirement Funding Policy, General Fund Reserves Policy, General Fund Encumbrance Policy, and Debt Management Policy.

Fire and Police Pensions: The department that administers the provisions of the City Charter relative to service, disability, and dependents' pensions for members of the Fire and Police departments and certain Harbor and Airports Police members. The budget is independent of the City's general budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

GLOSSARY

Fiscal Year: The time period for the City budget, which begins on July 1 and ends on June 30 of the following year.

Function: A group of related budgetary programs across departmental boundaries and aimed at accomplishing a broad goal or major service. The details are shown in Section 6 of the budget.

Fund: A fiscal entity with revenues and expenditures that are segregated for the purpose of carrying out a specific purpose or activity.

General Fund: The fund for deposit of general receipts such as property, sales and business taxes, and various fees. The General Fund also includes subfunds (primarily by department) to track appropriations and expenditures.

General Obligation (G.O.) Bond: General obligation bonds issued by local governments are secured by a pledge of the issuer's ad valorem taxing power and solely payable from ad valorem property taxes. Such bonds constitute debt of the issuer and, in California, require approval by two-thirds vote prior to a City's issuance.

Grant: A contribution by a government or other organization to support a particular function.

Harbor Department: The department that, under its Board of Commissioners, is responsible for the management, supervision, and control of the Harbor District, operates the Port of Los Angeles, operates a pilotage service, and engages in the leasing of land and production of oil in the District. It constructs and maintains its own facilities and controls its own funds in accordance with the City Charter. The budget is independent of the City's general budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Indirect Cost: The additional costs of human resources benefits, facilities, communications, and liability claims for authorized positions to perform specific work assignments. The annual budget of those departments that perform the service provides funding for this cost.

Lease Revenue Bond: A bond from an issue that is secured by lease payments made for the use of capital equipment or facilities either by leasing the facilities financed by the issue or the lease-leaseback of existing facilities (an "asset transfer"). Typically, lease revenue bonds finance construction of facilities used by a state or municipality, which leased the facilities from a financing authority. Under California case law, the state or municipality is generally obligated to appropriate funds from its general tax revenues to make lease payments as long as it has beneficial use or occupancy of the leased asset.

Los Angeles City Employees' Retirement System: The department that administers the provisions of the City Charter relative to the retirement, disability, and death benefits provided for all City employees, except the uniformed forces of the Fire and Police Departments and the Department of Water and Power. The budget is independent of the City's general budget and it is included in Section 4 for information purposes only. The budget and supporting data are available from the Department.

Modified Cash Budget: The basis of the general budget recognizing revenues upon receipt and appropriating planned expenditures and obligations for the fiscal year. Revenue is recognized when cash is received, regardless of when it is earned, whereas the appropriation is made for the planned operations during the concerned fiscal year.

Municipal Improvement Corporation of Los Angeles (MICLA): A non-profit corporation established by the City of Los Angeles in 1984 to serve as the lessor in lease-purchase transactions involving the City. MICLA was organized for social welfare purposes within the meaning of Section 501(c)(4) of the Internal Revenue Code. MICLA plays no active role in either the procurement of funds or equipment, but must review and approve the projects proposed by the City for financing through MICLA.

Obligatory Changes: Changes to a program that are required to maintain the current level of effort, including legally

GLOSSARY

mandated changes.

Program: A group of related budgetary activities performed by a department to accomplish a function for which the City is responsible.

Property Tax (Ad Valorem): There are two distinct types of property tax levies authorized by State legislation, as follows: One Percent and General Obligation Bond Debt Service. The County administers the levies as assessor and tax collector.

Property Tax - One Percent: The tax based on one percent of the assessed market value of properties, except for certain adjustments. The City is entitled to its pro rata share of the County collection under a formula dating from 1978, following the major change to the tax structure under Proposition 13.

Proposed Budget: The budget document that includes a line item listing by account of funding levels provided for each department.

Proposition 13: The State proposition that limited the amount of ad valorem taxes on real property to one percent of full cash value as determined by the County Assessor. The percent of the tax is only adjusted by additional ad valorem on bonded indebtedness for acquisition or improvement of real property approved on or after July 1, 1978 by two-thirds of the voters on such indebtedness.

Regular Position Authority: A position funded in the budget and approved for filling by ordinance. The need for this position is permanent.

Related Cost: A cost necessary for the functioning of a City department as a whole that is budgeted outside that department. Such costs include, but are not limited to, pensions, health insurance, utilities, pool vehicles, and custodial services.

Reserve Fund: The fund in which general unrestricted cash is set aside outside the budget for unforeseen expenditures and emergencies. The City can transfer these funds into the budget for such purposes. Unallocated general revenue and unencumbered General Fund appropriations to departments at the close of the fiscal year are transferred into this fund. The Reserve Fund is comprised of two accounts - a Contingency Reserve Account and an Emergency Reserve Account. The Contingency Reserve Account is available to cover unexpected expenditures and/or General Fund revenue shortfalls upon authorization by the City Council and Mayor. The Emergency Reserve Account, which is set at a minimum of 2.75 percent of the General Fund revenues, may not be used for funding unless the City Council and Mayor determine that there is an urgent economic necessity and conclude that no other viable sources of funds are available.

Resolution Position Authority: A position funded in the budget and approved for filling by a Council resolution. The need for the position is expected to be temporary.

Revenue: Cash or credits the City receives during the fiscal year as income to finance general or restricted operations. They include items such as taxes, fees from specific services, interest earnings, and grants from the state or federal governments.

GLOSSARY

Revenue Bond: A bond that is payable from a specific source of revenue and to which an issuer's taxing power or general fund revenues are not pledged. Generally, no voter approval is required prior to issuance of such obligations.

Revenue Outlook Book: Supplement to the budget that lists sources of General Fund revenue and includes graphs and pertinent financial data and detail of departmental receipts by class and source for each operating department.

Source of Funds: The section in the budget of each department or fund indicating whether it is financed from the General Fund or special purpose funds.

Special Purpose Funds: Funds that account for proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes. The budget schedules for these funds are included in Section 3, which lists the expenditure restrictions, revenue available, appropriations, and expenditures for three fiscal years.

Substitute Position Authority: A position not funded in the budget. Positions are temporary, usually a year or less, and must be funded through departmental savings.

Table of Common Acronyms: Various budget books and documents include common acronyms to provide the reader with account information. Each salary account line item has a separate acronym. Expense, equipment, and special account line items have general acronyms.

Taxes: Compulsory charges levied by a government to finance services performed for the common benefit of people. This term does not include specific charges made against particular individuals or property for current or permanent benefit, such as special assessments.

GLOSSARY

Unappropriated Balance: A budgetary reserve to meet contingencies and emergencies as they may arise during the fiscal year.

Unrestricted Revenues: Revenues that the City can use for any general expenditure. All unrestricted revenues accrue to the General Fund. Certain General Fund receipts resulting from fees imposed on various city services, however, are “restricted” in the sense that the funds collected are used to offset the cost of the service provided.
