Changes Applicable to Various Programs

The following changes involve two or more budgetary programs. These changes are explained below and apportioned as single entries in the affected programs. Single-program changes are shown only in the programs involved.

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Obligatory Changes			
1. 2025-26 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$429,270 Related Costs: \$141,401	429,270	-	570,671
2. 2026-27 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$90,565 Related Costs: \$29,831	90,565	-	120,396
3. Salary Step and Turnover Effect Related costs consist of employee benefits. SG: \$196,766 Related Costs: \$64,815	196,766	-	261,581

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Deletion of One-Time Services			
4. Deletion of One-Time Expense Funding Delete one-time expense funding. <i>EX: (\$1,202,596)</i>	(1,202,596)	-	(1,202,596)
5. Deletion of Funding for Resolution Authorities Delete funding for 14 resolution authority positions. An additional six positions were approved during 2025-26. Resolution authorities are reviewed annually and continued only if sufficient funding is available to maintain the current service level. Related costs consist of employee benefits. Six positions are continued as regular positions: Permit Review (Two positions) Sewer Construction and Maintenance Accounts Payable (Two positions) Sidewalk Repair Program (Two positions) Eight positions are continued: MICLA Accounting Support (One position) Measure W Accounting Support (One position) SB 1 Accounting Support (One position) Mobile Pit Stop Program (One position) CleanLA Program (One position) Oil Well Amortization Program (One position) Oil and Gas Well Facility Compliance Program (One position) Office of Petroleum Clerical Support (One position) Six positions approved during 2025-26 are continued: Los Angeles Convention Center Expansion Project (Six positions) <i>SG: (\$1,364,848)</i> <i>Related Costs: (\$681,670)</i>	(1,364,848)	-	(2,046,518)
6. Deletion of One-Time Salary Funding Delete one-time Salaries General funding. Related costs consist of employee benefits. <i>SG: (\$150,254)</i> <i>Related Costs: (\$49,493)</i>	(150,254)	-	(199,747)

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Continuation of Services			
7. Los Angeles Convention Center Expansion Project Add funding and continue resolution authority for six positions consisting of one Senior Management II, one Management Analyst, one Administrative Clerk, one Principal Accountant I, one Senior Accountant II, and one Accountant to support the Los Angeles Convention Center Expansion Project. These positions were approved during 2025-26 (C.F. 15-1207-S1). Eligible costs will be reimbursed by Municipal Improvement Corporation of Los Angeles Lease Revenue Bonds. See related Office of the City Administrative Officer, Fire Department, and Bureaus of Contract Administration and Engineering items. Related costs consist of employee benefits. <i>SG: \$742,090</i> <i>Related Costs: \$364,505</i>	742,090	-	1,106,595

TOTAL CHANGES APPLICABLE TO VARIOUS PROGRAMS		2,356,153	14	

Construction Inspection

The program administers contracts and permits for construction of public works projects such as streets, bridges, sewers, storm drains, street lights, traffic signals, wastewater treatment facilities, and public buildings through inspection at sites and in plants engaged in manufacturing related construction materials. The activities include approving and processing payment for work acceptably completed; recommending acceptance of completed public improvement projects; approving subcontractors; and maintaining the legal records of construction. The program also provides inspection for recreation and parks projects and airport, port, utilities, and wastewater treatment facilities, and the installation of erosion control devices whenever grading operations create a hazard to dedicated and future streets within the City. It also provides inspection for private development work encroaching in the public right-of-way.

Contract Compliance

This program ensures that contractors performing under City-awarded contracts comply with City, state and federal requirements relating to affirmative action; equal employment opportunity; prevailing wage; minimum wage; paid sick leave; fair chance initiative for hiring; business inclusion for minority, women, small, emerging, local, disabled veteran, federal disadvantaged, and other business enterprises; project labor agreements (PLAs); and other labor regulations through outreach, monitoring, and enforcement activities. Additionally, this program ensures that businesses in the City of Los Angeles comply with the City's minimum wage, fair chance initiative, and paid sick leave ordinance.

Changes Applicable to Various Programs

The following changes involve two or more budgetary programs. These changes are explained below and apportioned as single entries in the affected programs. Single-program changes are shown only in the programs involved.

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Obligatory Changes			
1. 2025-26 Employee Compensation Adjustment Related costs consist of employee benefits. <i>SG: \$3,815,661</i> <i>Related Costs: \$1,256,880</i>	3,815,661	-	5,072,541
2. 2026-27 Employee Compensation Adjustment Related costs consist of employee benefits. <i>SG: \$295,046</i> <i>Related Costs: \$97,188</i>	295,046	-	392,234
3. Salary Step and Turnover Effect Related costs consist of employee benefits. <i>SG: \$721,891</i> <i>Related Costs: \$237,790</i>	721,891	-	959,681
Deletion of One-Time Services			
4. Deletion of One-Time Expense Funding Delete one-time Salaries, As-Needed, Overtime General, and expense funding. <i>SAN: (\$350,000) SOT: (\$300,973) EX: (\$978,262)</i>	(1,629,235)	-	(1,629,235)
5. Deletion of Funding for Resolution Authorities Delete funding for 168 resolution authority positions. An additional 14 positions were approved during 2025-26. Resolution authorities are reviewed annually and continued only if sufficient funding is available to maintain the current service level. Related costs consist of employee benefits. Four positions are continued as regular positions: Land Surveying Monumentation Support (One position) Engineering Support for Wastewater Capital Projects (One position) West Los Angeles Permit Counter (One position) Survey Division Support (One position) 157 positions are continued: LAWA Landside Access Modernization Program (Two positions) LAWA Structural and Permit Plan Review (Four positions) Airport Infrastructure Review (Two positions) Revocable Permits (One position) BuildLA Management and Coordination (One position) Engineering Expertise for DWP Permits (Two positions)	(21,310,023)	-	(31,230,985)

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special

Bridge Program Strategic Plan and Grant Planning (One position)			
Construction Management for Street Improvement (Three positions)			
Potrero Canyon Pedestrian Bridge and Colorado Blvd. (One position)			
Street Improvement (Seven positions)			
Sidewalk Access Request Support (Eight positions)			
Los Angeles River Design and Project Management (Two positions)			
Sixth Street Viaduct Engineering Projects (Two positions)			
Recreation and Parks Project Support (Two positions)			
Homelessness Facilities Projects Support (One position)			
Project Management Support for Proposition K (Two positions)			
Construction Support for Sixth Street PARC Project (Two positions)			
Municipal Facilities Projects Support (Six positions)			
Proposition K and Recreation and Parks Projects Support (One position)			
Design Support for Zoo Department Capital Program (One position)			
Support for the Decarbonization of City Buildings (Two positions)			
Los Angeles Convention Center Expansion Project (Five positions)			
Public Right of Way Reservation System (One position)			
Financial Management and Data Analytics Program (One position)			
Financial Management and Data Analytics Supervision (One position)			
Strategic Planning and Implementation (One position)			
Engineering Services Program (One position)			

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Four vacant positions are not continued: Airport Infrastructure Review (One position) Support for the Decarbonization of City Buildings (One position) Los Angeles Convention Center Expansion Project (Two positions)			
Three positions are not continued: LAWA Landside Access Modernization Program (One position) Pio Pico Library Pocket Park (One position) Financial and Admin Support for Homeless Projects (One position)			
14 positions approved during 2025-26 are continued: Metro Active Transport Program (Six positions) Office of the Willits ADA Coordinator (One position) Los Angeles Convention Center Expansion Project (Seven positions) SG: (\$21,310,023) Related Costs: (\$9,920,962)			
Efficiencies to Services			
6. General Administration Funding Realignment Realign funding from the General Fund (\$868,079) to Sewer Construction and Maintenance Fund (\$640,058) and Special Gas Tax Improvement Fund (\$256,023) to reflect anticipated salary expenditures. There will be no change to the level of services provided. SG: \$28,002	28,002	-	28,002
TOTAL CHANGES APPLICABLE TO VARIOUS PROGRAMS	(18,078,658)	-	

Development Services and Permits

This program provides fee-supported permits and pre-development and engineering services to private developers that are primarily related to infrastructure improvements within the public right-of-way, which are conditions of approval for development projects. Additional services include utility permits; private plan checking; public counter services; and land, aerial, topographic, geodetic, and global positioning system (GPS) surveys and maps.

Percent of A Permits Issued within 60 Minutes

Positions	3,074	116	3,190

Changes Applicable to Various Programs

The following changes involve two or more budgetary programs. These changes are explained below and apportioned as single entries in the affected programs. Single-program changes are shown only in the programs involved.

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Obligatory Changes			
1. 2025-26 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$13,553,498 Related Costs: \$4,464,524	13,553,498	-	18,018,022
2. 2026-27 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$736,183 Related Costs: \$242,499	736,183	-	978,682
3. Full Funding for Partially Financed Positions Related costs consist of employee benefits. SG: \$4,167,699 Related Costs: \$1,372,840	4,167,699	-	5,540,539
4. Salary Step and Turnover Effect Related costs consist of employee benefits. SG: \$1,559,458 Related Costs: \$513,684	1,559,458	-	2,073,142
Deletion of One-Time Services			
5. Deletion of One-Time Expense Funding Delete one-time Salaries, As-Needed, Overtime General, and expense funding. SAN: (\$400,000) SOT: (\$1,010,191) EX: (\$23,999,176)	(25,409,367)	-	(25,409,367)
6. Deletion of Funding for Resolution Authorities Delete funding for 538 resolution authority positions. Resolution authorities are reviewed annually and continued only if sufficient funding is available to maintain the current service level. Related costs consist of employee benefits. 121 positions are continued as regular positions: Primary Tank Cleaning Coverage and Support (14 positions) Ocean Monitoring for Water Sampling (One position) Air Pollution Control and Compliance (Nine positions) Boiler Systems Maintenance (Three positions) Clean Water Conveyance 24/7 Operations (17 positions) Treatment Plant Maintenance Support (Seven positions) Hyperion Electrical Engineering Support (Two positions) Hyperion Water Reclamation Plant Liaison (One position) Clean Water Conveyance Engineering Support (One position) LA-Glendale Plant Operations Support (Five positions)	(48,419,819)	-	(73,959,232)

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Terminal Island Water Reclamation Plant Resiliency (Three positions)			
Clean Water Fiscal Management (Eight positions)			
Non-Curbside Recycling Support (One position)			
CLARTS Administrative Support (Two positions)			
Waste Diversion Programs Supervision (Two positions)			
Staffing for Collections Program (13 positions)			
Recycling and Waste Reduction Ambassadors (Seven positions)			
Billing Support (Two positions)			
Illegal Dumping and Bulky Item Pick-Up (13 positions)			
Comprehensive Plastics Reduction Program (Four positions)			
Comprehensive Plastics Reduction Enforcement (One position)			
Solid Resources Program Technology Support (One position)			
Cybersecurity Support (One position)			
Asset Management System Support (One position)			
Purchasing Support (One position)			
Outreach and Employee Development Support (One position)			
394 positions are continued:			
Low Impact Development Plan Check Services (Six positions)			
Measure W - Safe, Clean Water Program Regional Project (One position)			
Measure W - Fund and Operations Support (Two positions)			
Measure W - Division Operations Support (Three positions)			
Measure W Maintenance (Four positions)			
GIS Support (One position)			
Green Infrastructure Maintenance (Four positions)			
Water Recycling (14 positions)			
Hyperion Resiliency (31 positions)			
Laboratory Analysis (One position)			
Clean Water Administrative Support (Two positions)			
Clean Water Geographic Information Systems Support (Two positions)			
Terminal Island Water Reclamation Plant Management (One position)			
Clean Water Engineering Support (Four positions)			
Clean Water Closed Circuit Television Data Support (Two positions)			
Industrial Safety and Compliance Tillman (One position)			
Advanced Water Purification Facility Support (33 positions)			
Membrane Bioreactor Facility Support (Six positions)			
Outreach and Engagement (One position)			
Citywide Exclusive Franchise System Support (42 positions)			
Solid Resources Administrative Support (One position)			
CARE/CARE+ Administrative Support (12 positions)			
CARE Information Services Oversight (Two positions)			
Livability Services Safety Training (Five positions)			
Livability Services Management Expansion (One position)			
Illegal Dumping Enforcement and Clean-Up (47 positions)			
Comprehensive Cleaning and Rapid Engagement Program (165 positions)			

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Nine vacant positions are not continued: Citywide Exclusive Franchise System Support (One position) Comprehensive Plastics Reduction Program (One position) CARE+ Coastal Area (Three positions) Comprehensive Cleaning and Rapid Engagement Program (Four positions) 14 positions are not continued: LAWA Landside Access Modernization Program (One position) A Bridge Home CARE/CARE+ Operations (Eight positions) CARE+ Coastal Area (Five positions) SG: (\$48,419,819) Related Costs: (\$25,539,413)			
7. Deletion of One-Time Salary Funding Delete one-time Salaries General funding. Related costs consist of employee benefits. SG: (\$1,210,633) Related Costs: (\$398,782)	(1,210,633)	-	(1,609,415)
Restoration of Services			
8. Restoration of One-Time Reductions Restore funding in the Printing and Binding, Construction Expense, Field Equipment Expense, Transportation, Uniforms, Office and Administrative and Operating Supplies accounts that was reduced on a one-time basis in the 2025-26 Budget. EX: \$647,000	647,000	-	647,000

Program Changes		Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special Efficiencies to Services				
9. General Fund Salary Savings Adjustment		(687,494)	-	(917,736)
Increase the salary savings rate for the General Fund by two percent from six percent to eight percent to reflect anticipated levels of attrition and vacancies. Related costs consist of employee benefits. SG: (\$687,494) Related Costs: (\$230,242)				
10. Expense Account Reduction		(615,000)	-	(615,000)
Reduce funding in the Salaries, As Needed, Printing and Binding (\$90,000), Contractual Services (\$185,000), and Operating Supplies (\$115,000) accounts to reflect anticipated expenditures, which include savings achieved due to Departmental efficiencies and expenditure reductions. Funding was provided by the Citywide Recycling Trust Fund (\$415,000) and Stormwater Pollution Abatement Fund (\$200,000). SAN: (\$225,000) EX: (\$390,000)				
Other Changes or Adjustments				
11. Bureau-Wide Support Funding Realignment		(45,696)	-	(60,999)
Realign funding within various funds to reflect the Department's organizational structure. There will be no change to the level of services provided nor the overall funding provided to the Department. Funding was provided by the Solid Resources Revenue Fund. Related costs consist of employee benefits. SG: (\$45,696) Related Costs: (\$15,303)				
12. Funding and Program Realignment		41,476	-	55,366
Transfer positions and funding between accounts and programs to reflect the Department's current organizational structure and anticipated expenditures. There will be no change to the level of services provided nor the overall funding provided to the Department. Funding is provided by the Measure W Local Return Fund. Related costs consist of employee benefits. SG: \$41,476 SOT: \$80,993 EX: (\$80,993) Related Costs: \$13,890				
TOTAL CHANGES APPLICABLE TO VARIOUS PROGRAMS		(55,682,695)	-	

Watershed Protection

This program is responsible for managing flood control protection and stormwater pollution abatement programs for the City through the development and implementation of projects to comply with public health and stormwater regulatory requirements. This program ensures compliance with the Federal Clean Water Act through a National Pollutant Discharge Elimination System (NPDES) Municipal Stormwater Permit. The NPDES Permit regulates the treatment and abatement of stormwater discharges from large municipal storm drain systems and enforces Total Maximum Daily Loads (TMDL) requirements, which limit the maximum amount of a pollutant that a water body can receive and still meet water quality standards. The program also funds projects with a focus on increasing the City's water supply by capturing, cleaning, and storing stormwater while providing community enhancement such as the rehabilitation of public parks and streets.

Number of Catch Basins Cleaned

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Apportionment of Changes Applicable to Various Programs	(1,310,020)	2	(1,984,483)

Related Costs: (\$674,463)			
Continuation of Services			
13. Low Impact Development Plan Check Services	951,530	-	1,322,640
Continue funding and resolution authority for six positions consisting of one Civil Engineer, one Civil Engineering Associate II, one Environmental Engineering Associate III, and three Environmental Engineering Associate IIs to staff the Low Impact Development service counter. Continue one-time funding in the Overtime General Account to address a backlog of low impact development plan checks. The Low Impact Development program mitigates stormwater runoff and improves water quality by requiring development and redevelopment projects to use on-site measures to capture, infiltrate, and reuse rainwater when feasible. Funding is provided by the Stormwater Pollution Abatement Fund and partially offset by permit fees. Related costs consist of employee benefits.			
SG: \$761,810 SOT: \$189,720			
Related Costs: \$371,110			

Watershed Protection

Program Changes		Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special				
Continuation of Services				
14.	Measure W - Safe, Clean Water Program Regional Project Continue funding and resolution authority for one Environmental Supervisor II to provide support for regional project development and overall coordination for the operations and maintenance of stormwater projects. Funding is provided by the Measure W Local Return Fund. Related costs consist of employee benefits. <i>SG: \$159,626</i> <i>Related Costs: \$72,789</i>	159,626	-	232,415
15.	Measure W - Fund and Operations Support Continue funding and resolution authority for two positions consisting of one Wastewater Treatment Mechanic and one Wastewater Treatment Electrician II to provide operations and maintenance support of Stormwater projects. Continue one-time funding in the Overtime General Account. Funding is provided by the Measure W Local Return Fund. Related costs consist of employee benefits. <i>SG: \$292,403 SOT: \$25,000</i> <i>Related Costs: \$136,586</i>	317,403	-	453,989
16.	Measure W - Division Operations Support Continue funding and resolution authority for three positions consisting of one Mechanical Helper, one Instrument Mechanic, and one Wastewater Treatment Electrician I to perform operations and maintenance on projects. Continue one-time funding in the Operating Supplies (\$60,000), Travel (\$10,000), and Field Equipment Expense (\$7,000) accounts to support administration and operations in the Clean Water South Conveyance Division. Funding is provided by the Measure W Local Return Fund. Related costs consist of employee benefits. <i>SG: \$363,627 EX: \$77,000</i> <i>Related Costs: \$179,769</i>	440,627	-	620,396
17.	Measure W Maintenance Continue funding and resolution authority for four positions consisting of two Mechanical Helpers, one Maintenance and Construction Helper, and one Maintenance Laborer to support operations and maintenance tasks, emergency response, and spill mitigation. Funding is provided by the Measure W Local Return Fund. Related costs consist of employee benefits. <i>SG: \$290,404</i> <i>Related Costs: \$174,576</i>	290,404	-	464,980

Clean Water

This program is responsible for managing the City's sewer system and water reclamation facilities by operating and maintaining wastewater collection and treatment systems. Across the City, the program maintains more than 6,700 miles of sewer lines, 44 pumping plants, and four water reclamation plants (WRPs), with combined design capacity to treat 580 million gallons per day of wastewater. The WRPs also produce highly treated recycled water for irrigation and other beneficial uses. The program is also involved in permitting, regulating, and monitoring sewer wastewater discharges of over 17,000 industrial users to ensure federal and City compliance.

Sewer Miles Cleaned

Solid Resources

This program includes the collection, recycling, and disposal of solid waste, organic waste, and other solid resources materials for single-family residences and small apartment complexes Citywide, and manages contracted recycling, solids, and organic waste collection programs for apartments and commercial and industrial businesses. The program also provides bulky item pick-ups, ensures proper recycling and disposal of household hazardous waste via Solvent, Automotives, Flammables, and Electronics (SAFE) Centers, and conducts the necessary planning and development of long-term alternatives to landfill disposal and for clean fuel programs related to solid waste. The program is responsible for leading Citywide waste reduction and diversion efforts and compliance with state solid waste reduction requirements. The program also operates the Central Los Angeles Recycling and Transfer Station and performs closure activities and post-closure maintenance for inactive landfills.

Changes Applicable to Various Programs

The following changes involve two or more budgetary programs. These changes are explained below and apportioned as single entries in the affected programs. Single-program changes are shown only in the programs involved.

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Obligatory Changes			
1. 2025-26 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$852,251 Related Costs: \$280,732	852,251	-	1,132,983
2. 2026-27 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$44,301 Related Costs: \$14,592	44,301	-	58,893
3. Salary Step and Turnover Effect Related costs consist of employee benefits. SG: (\$3,685) Related Costs: (\$1,213)	(3,685)	-	(4,898)

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Deletion of One-Time Services			
4. Deletion of One-Time Special Funding Delete one-time Street Lighting Improvements and Supplies Account funding. <i>SP: (\$5,367,000)</i>	(5,367,000)	-	(5,367,000)
5. Deletion of One-Time Expense Funding Delete one-time Overtime General, Hiring Hall Salaries, Benefits Hiring Hall, and expense funding. <i>SHH: (\$834,533) SHHFB: (\$457,973) SOT: (\$1,000,000)</i> <i>EX: (\$4,479,712)</i>	(6,772,218)	-	(6,772,218)
6. Deletion of Funding for Resolution Authorities Delete funding for 138 resolution authority positions. Resolution authorities are reviewed annually and continued only if sufficient funding is available to maintain the current service level. Related costs consist of employee benefits. 137 positions are continued: Streetlight Fortification Against Copper Wire Theft (13 positions) Sidewalk and Transit Amenities Program Maintenance (Six positions) Urban Transit Amenities (Six positions) Metro Annual Work Program (15 positions) Fiber Optics Installation Program (Four positions) Electric Vehicle Charging Stations (Four positions) Co-Location Small Cell Communication (21 positions) Smart City and Street Lighting Technology Initiatives (Three positions) Transportation Grant Annual Work Program (10 positions) Traffic Signal Support Program (Five positions) Crosswalk Upgrade Program (Two positions) Vision Zero (Seven positions) Street Lighting Maintenance Support (Four positions) Copper Wire Theft Replacement Program (29 positions) Maintenance and Repair Section Support (Four positions) Street Lighting Assessment Staffing (One position) Administrative Support (One position) Digital Inclusion Staffing (One position) Grants and Legislative Support (One position) One position is not continued: Street Lighting Maintenance and Repair (One position) <i>SG: (\$14,685,247)</i> <i>Related Costs: (\$7,539,284)</i>	(14,685,247)	-	(22,224,531)
TOTAL CHANGES APPLICABLE TO VARIOUS PROGRAMS	(25,931,598)	-	

Design and Construction

This program designs and constructs new lighting systems, rehabilitates and replaces deteriorated lighting systems, and supports other departments and agencies with their street lighting designs. These street lighting improvements are all designed according to nationally accepted standards which increase the safety for all the residents in the City. This program promotes regional public spaces that enhance economic development, streetscapes, and walkability. Lit areas create a safe and inviting atmosphere for shoppers, diners, cyclists, and transit users, which can have a positive economic impact on a community.

Percentage of Streetlights Converted to LED

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Apportionment of Changes Applicable to Various Programs	(17,943,067)	-	(23,325,820)
Related costs consist of employee benefits.

Street Lighting Assessment

This program is responsible for coordinating and processing street lighting maintenance assessments for over 550,000 parcels, preparing ordinances, ballots, and mapping to create new assessment districts on an annual basis. Assessments provide funding needed to install, power, and maintain street lights to ensure safe communities and livable neighborhoods.

Changes Applicable to Various Programs

The following changes involve two or more budgetary programs. These changes are explained below and apportioned as single entries in the affected programs. Single-program changes are shown only in the programs involved.

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Obligatory Changes			
1. 2025-26 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$2,986,695 Related Costs: \$983,816	2,986,695	-	3,970,511
2. 2026-27 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$193,982 Related Costs: \$63,899	193,982	-	257,881
3. Salary Step and Turnover Effect Related costs consist of employee benefits. SG: \$3,735,296 Related Costs: \$1,230,406	3,735,296	-	4,965,702
Deletion of One-Time Services			
4. Deletion of One-Time Expense Funding Delete one-time Overtime General and expense funding. SOT: (\$1,313,732) EX: (\$5,667,489)	(6,981,221)	-	(6,981,221)
5. Deletion of Funding for Resolution Authorities Delete funding for 412 resolution authority positions. Resolution authorities are reviewed annually and continued only if sufficient funding is available to maintain the current service level. Related costs consist of employee benefits. 57 positions are continued as regular positions: Tree Trimming Support (Nine positions) Tree Planting Crews (Eight positions) Tree Watering Crews (21 positions) Street Cleaning and Maintenance Oversight (Two positions) Pavement Preservation Staff (16 positions) Roadway Infrastructure Survey (One position)	(38,145,341)	-	(58,242,038)

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
355 positions are continued:			
Transportation Grant Annual Work Program (105 positions)			
Urban Transit Amenities (11 positions)			
Aging Asset Removal Program (Two positions)			
Citywide General Investigation and Enforcement (24 positions)			
Motor Sweeping on Commercial Corridors (14 positions)			
Vision Zero Bicycle Lane Inspection (Six positions)			
Revised Protected Tree Ordinance CEQA Support (Three positions)			
Dead Tree and Stump Removal Crew (Three positions)			
Proactive Tree Planting and Watering Oversight (One position)			
Pavement Preservation Trucking (21 positions)			
Bicycle Lane Maintenance Crew (Five positions)			
Vision Zero - Concrete Construction (Eight positions)			
Construction Capacity for Capital Projects (18 positions)			
Pavement Preservation Access Ramp Program (66 positions)			
State Route 710 Mobility Improvements Projects (Two positions)			
Metro Annual Work Program (Nine positions)			
Grant Support (13 positions)			
Implementation of Bikeways and Pedestrian Facilities (Five positions)			
Crosswalk Upgrade Program (One position)			
Asset Management and Advanced Planning (Four positions)			
Active Transportation Program (10 positions)			
Metro Annual Work Program - 2028 Games (Three positions)			
LAWA Landside Access Modernization Program (Two positions)			
Risk and Liability Mitigation Program (Nine positions)			
Street Maintenance Technology Administrator (One position)			
Risk Management (One position)			
Administration and Contracts (Four positions)			
External Affairs - Community Engagement (One position)			
Risk and Mitigation and Litigation Support (Two positions)			
Safety Inspection Management System (One position)			
SG: (\$38,145,341)			
Related Costs: (\$20,096,697)			
6. Deletion of One-Time Salary Funding	(2,300,915)	-	(3,302,154)
Delete one-time Salaries General funding. Related costs consist of employee benefits.			
SG: (\$2,300,915)			
Related Costs: (\$1,001,239)			

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Continuation of Services			
7. Transportation Grant Annual Work Program Continue funding and resolution authority for 105 positions consisting of six Carpenters, 23 Cement Finishers, two Cement Finisher Workers, two Civil Engineers, seven Civil Engineering Associate IIIs, seven Equipment Operators, six Gardener Caretakers, two Graphics Designer IIs, three Heavy Duty Truck Operators, two Landscape Architect Is, one Landscape Architect II, seven Landscape Architectural Associate IIIs, seven Maintenance and Construction Helpers, four Management Analysts, one Park Maintenance Supervisor, three Plumbers, one Senior Civil Engineer, one Senior Gardener, one Senior Management Analyst I, one Senior Management Analyst II, one Senior Systems Analyst I, two Street Services Superintendent Is, one Street Services Superintendent IIs, six Street Services Supervisor IIs, two Tree Surgeons, five Tree Surgeon Supervisor Is, and one Tree Surgeon Supervisor II to design and construct various street improvement projects as part of the Transportation Grant Annual Work Program. Continue one-time funding in the Overtime General (\$514,650), Printing and Binding (\$18,000), Field Equipment Expense (\$98,700), Uniforms (\$27,499), Office and Administrative (\$93,000), and Operating Supplies (\$63,000) accounts. Front funding is provided by the Proposition C Anti-Gridlock Transit Fund and will be reimbursed through grant receipts received through the Transportation Grant Annual Work Program. See related Bureaus of Engineering, Contract Administration, and Street Lighting items. Related costs consist of employee benefits. <i>SG: \$11,818,042 SOT: \$514,650 EX: \$300,199</i> <i>Related Costs: \$5,987,509</i>	12,632,891	-	18,620,400
8. Urban Transit Amenities Program Continue funding and resolution authority for 11 positions consisting of one Accounting Clerk, one Civil Engineer, one Civil Engineering Associate III, one Geographic Information Systems Supervisor II, one Landscape Architect I, one Landscape Architectural Associate III, one Management Analyst, one Senior Administrative Clerk, one Senior Civil Engineer, one Senior Management Analyst I, and one Service Coordinator to support the Urban Transit Amenities Program. Continue one time funding in the Overtime General (\$68,700), Printing and Binding (\$436), Contractual Services (\$350,000), Field Equipment Expense (\$545), Transportation (\$9,205), Uniforms (\$941), Office and Administrative (\$12,559), and Operating Supplies (\$5,182) accounts. Funding is provided by the RAISE LA Fund. Related costs consist of employee benefits. <i>SG: \$1,493,910 SOT: \$68,700 EX: \$378,868</i> <i>Related Costs: \$712,941</i>	1,941,478	-	2,654,419

Bureau of Street Services

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Restoration of Services			
9. Restoration of One-Time Reductions Restore funding in the Overtime General, Operating Supplies, Office and Administrative, Contractual Services, Construction Expense, Printing and Binding, and Field Equipment Expense accounts that was reduced on a one-time basis in the 2025-26 Budget. Partial funding is provided by the Special Gas Tax Improvement Fund (\$16,197,190), Street Damage Restoration Fee Fund (\$8,251,816), Stormwater Pollution Abatement Fund (\$687,980), and Sidewalk and Curb Repair Fund (\$454,553). <i>SOT: \$2,800,751 EX: \$26,560,655</i>	29,361,406	-	29,361,406
New Services			
10. Clean Corridors Program Add nine-months funding and resolution authority for 52 positions consisting of 12 Street Services Investigators, four Maintenance and Construction Helpers, 24 Motor Sweeper Operators, four Truck Operators, one Senior Management Analyst I, two Senior Street Services Investigator Is, four Street Services Supervisor Is, and one Street Services Superintendent I, subject to pay grade determination by the Office of the City Administrative Officer, Employee Relations Division to implement the Clean Corridors Program. Add one-time funding in the Hiring Hall Salaries (\$1,085,570), Benefits Hiring Hall (\$530,167), Contractual Services (\$666,667), Operating Supplies (\$408,333), and Overtime General (\$87,500) accounts. See related General Services and Bureau of Sanitation items. Related costs consist of employee benefits. <i>SG: \$3,872,094 SHH: \$1,085,570 SHHFB: \$530,167</i> <i>SOT: \$87,500 EX: \$1,075,000</i> <i>Related Costs: \$2,301,923</i>	6,650,331	-	8,952,254
Efficiencies to Services			
11. Expense Account Reduction Reduce funding in the Overtime General (\$727,204), Printing and Binding (\$9,168), Contractual Services (\$7,944,937), Construction Expense (\$13,878,333), Office and Administrative (\$65,291), and Operating Supplies (\$4,637,989) to reflect anticipated expenditures, which include savings achieved due to Departmental efficiencies and expenditure reductions. Partial funding was provided by the Street Damage Restoration Fee Fund (\$8,251,816) and Special Gas Tax Fund (\$15,995,538). <i>SOT: (\$727,204) EX: (\$26,535,718)</i>	(27,262,922)	-	(27,262,922)

Percentage Change			9.27%
Positions	1,211	53	1,264

Changes Applicable to Various Programs

The following changes involve two or more budgetary programs. These changes are explained below and apportioned as single entries in the affected programs. Single-program changes are shown only in the programs involved.

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special Obligatory Changes			
1. 2025-26 Employee Compensation Adjustment Related costs consist of employee benefits. <i>SG: \$4,972,823</i> <i>Related Costs: \$1,638,050</i>	4,972,823	-	6,610,873
2. 2026-27 Employee Compensation Adjustment Related costs consist of employee benefits. <i>SG: \$308,882</i> <i>Related Costs: \$101,744</i>	308,882	-	410,626
3. Salary Step and Turnover Effect Related costs consist of employee benefits. <i>SG: \$333,982</i> <i>Related Costs: \$110,010</i>	333,982	-	443,992
Deletion of One-Time Services			
4. Deletion of One-Time Equipment Funding Delete one-time funding for equipment purchases. <i>EQ: (\$1,500,000)</i>	(1,500,000)	-	(1,500,000)
5. Deletion of One-Time Expense Funding Delete one-time Salaries, As-Needed and expense funding. <i>SAN: (\$5,168,836) EX: (\$9,766,446)</i>	(14,935,282)	-	(14,935,282)
6. Deletion of Funding for Resolution Authorities Delete funding for 334 resolution authority positions. Resolution authorities are reviewed annually and continued only if sufficient funding is available to maintain the current service level. Related costs consist of employee benefits. 53 positions are continued as regular positions: Mobility Plan - Healthy Streets (Two Positions) Advanced Planning and Project Development (Two Positions) Parking Facilities and Meters Support (13 positions) Film Industry Support (Three positions) Striping and Markout Maintenance Backlog (Four positions) Striping and Markout Support (10 positions) First-Last Mile Projects Support (Three positions) Active Transportation Project Implementation (12 positions) External Affairs - Community Engagement (One position) Accounting Support for Transportation Grants (Three positions)	(35,988,849)	-	(54,142,669)

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
275 positions are continued:			
Metro Annual Work Program (52 positions)			
Transportation-Related Planning for 2028 Games (Four positions)			
Metro Bus-Only Lane Expedited Support (Six positions)			
DWP Project Design and Construction Support (Six positions)			
Dockless Scooter Share Program (Four positions)			
Electric Vehicle Infrastructure Resources (Two positions)			
Dockless Mobility Enforcement (Three positions)			
Bikeshare and Carshare Program (Two positions)			
LAWA LAMP and Coastal Review Plan Support (Three positions)			
Transportation Project Delivery Support (25 positions)

Transportation Planning and Land Use

This program advances the goals and objectives of the Mobility Plan 2035. This program develops short and long-range transportation plans that become part of the City's Community and Specific plans. Community and Specific plans are then used as a blueprint to implement transportation projects and programs that are consistent with City policy. This program tracks and seeks grant funding to advance the identified mobility projects and programs. This program also reviews transportation studies for both City Departments and private developers who seek permit approval from the Department of Transportation relative to the identification of transportation impacts and solutions required for CEQA mitigation and clearance. The following services are provided: 1. Collection and administration of developer trip fees in specific plan areas to implement transportation improvements; 2. Development of short-range and long-range transportation plans to implement transportation projects citywide; 3. Case processing of traffic studies as part of a CEQA clearance purpose to identify project-related transportation impacts and recommend appropriate mitigation solutions for proposed development projects; 4. Issuance of permit sign-offs including, driveway permits, building permits, and condition clearances for proposed developments.

Traffic Signals and Systems

This program is responsible for the design, construction, maintenance, and operation of the City's traffic signal system. The City's traffic signal system includes the Automated Traffic Surveillance and Control (ATSAC) system, which makes it possible for City staff to remotely control traffic signals from a single location. This program also provides the following services: 1. Signal repair and maintenance of existing traffic signals; 2. New signal construction; 3. ATSAC and Signal Operation Services; and 4. Installation of traffic signal loops.

Youth Development Services

This program serves as the central information center for the public to access youth services in the City of Los Angeles; coordinates the implementation of the Citywide three-year Youth Development Strategic Plan to provide a roadmap for long-term youth program planning and youth protection in the City in coordination with City departments, regional agencies, and other providers of youth services; evaluates youth programs to ensure efficient use of City resources to ensure the greatest return on investments; and supports the Olivia E. Mitchell L.A. Youth Council.

Changes Applicable to Various Programs

The following changes involve two or more budgetary programs. These changes are explained below and apportioned as single entries in the affected programs. Single-program changes are shown only in the programs involved.

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Obligatory Changes			
1. 2025-26 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$867,232 <i>Related Costs: \$285,666</i>	867,232	-	1,152,898
2. 2026-27 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$42,711 <i>Related Costs: \$14,070</i>	42,711	-	56,781
3. Salary Step and Turnover Effect Related costs consist of employee benefits. SG: \$1,448,224 <i>Related Costs: \$477,045</i>	1,448,224	-	1,925,269

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Deletion of One-Time Services			
4. Deletion of One-Time Expense Funding Delete one-time Salaries, As-Needed and expense funding. <i>SAN: (\$55,000) EX: (\$1,646,600)</i>	(1,701,600)	-	(1,701,600)
5. Deletion of Funding for Resolution Authorities Delete funding for nine resolution authority positions. Resolution authorities are reviewed annually and continued only if sufficient funding is available to maintain the current service level. Related costs consist of employee benefits. Three positions are continued as regular positions: Communications and Marketing Support (One position) Website Support (One position) Accounting Support (One position) Six positions are continued: Behavioral Enrichment Program (One position) Communications and Marketing Support (Three positions) Conservation and Stewardship Program Support (Two positions) <i>SG: (\$917,282)</i> <i>Related Costs: (\$462,830)</i>	(917,282)	-	(1,380,112)
6. Deletion of One-Time Salary Funding Delete one-time Salaries General funding. Related costs consist of employee benefits. <i>SG: (\$469,629)</i> <i>Related Costs: (\$154,696)</i>	(469,629)	-	(624,325)
Increased Services			
7. Volunteer Program Add one-time funding in the Printing and Binding (\$10,000), Uniforms (\$10,000), and Office and Administrative (\$41,400) accounts to support the Volunteer Program. Funding is provided by the Zoo Enterprise Trust Fund. <i>EX: \$61,400</i>	61,400	-	61,400
Restoration of Services			
8. Restoration of One-Time Reductions Restore funding in the Salaries, As-Needed, Contractual Services, Veterinary Supplies and Expense, and Animal Food/Feed and Grain accounts that was reduced on a one-time basis in the 2025-26 Budget. <i>SAN: \$500,000 EX: \$305,000</i>	805,000	-	805,000

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
New Services			
9. Flamingo Mingle Add funding in the Salaries, As-Needed (\$128,000), Maintenance Materials, Supplies and Services (\$18,000), and Animal Food/Feed and Grain (\$12,000) accounts to support the Flamingo Mingle guest experience. Funding is provided by the Zoo Enterprise Trust Fund. <i>SAN: \$128,000 EX: \$30,000</i>	158,000	-	158,000
Other Changes or Adjustments			
10. Nutrition Center Support Add funding and regular authority for one Animal Keeper to coordinate and support the Nutrition Center. Delete funding and regular authority for one Custodian. The salary cost difference will be absorbed by the Department.	-	-	-
TOTAL CHANGES APPLICABLE TO VARIOUS PROGRAMS	294,056	-	

Animal General Care

This program provides for the daily care and welfare of the Zoo's animals by maintaining exemplary husbandry, taking daily observation of animals' behavior and recording in daily logs; managing animal records and permits; sharing animal behavior information with other zoos; and implementing, assessing, and modifying behavioral enrichment programs for the animals. In addition, staff participate in the Association of Zoos and Aquariums wildlife management programs, conduct research, and uses the information to make data-driven decisions regarding the welfare and management of the Zoo's animal population.

Number of Welfare Output Assessments Completed (per month)

Changes Applicable to Various Programs

The following changes involve two or more budgetary programs. These changes are explained below and apportioned as single entries in the affected programs. Single-program changes are shown only in the programs involved.

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special Obligatory Changes			
1. 2025-26 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$4,254,596 Related Costs: \$1,401,465	4,254,596	-	5,656,061
2. 2026-27 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$184,220 Related Costs: \$60,682	184,220	-	244,902
3. Full Funding for Partially Financed Positions Related costs consist of employee benefits. SG: \$96,707 Related Costs: \$31,855	96,707	-	128,562
4. Salary Step and Turnover Effect Related costs consist of employee benefits. SG: \$220,778 Related Costs: \$72,723	220,778	-	293,501
Deletion of One-Time Services			
5. Deletion of One-Time Expense Funding Deletion of one-time expense funding. EX: (\$14,628,331)	(14,628,331)	-	(14,628,331)
6. Deletion of One-Time Special Funding Delete one-time Various Special - Library Account funding. SP: (\$500,000)	(500,000)	-	(500,000)
7. Deletion of One-Time Equipment Funding Delete one-time funding for equipment purchases. EQ: (\$26,706)	(26,706)	-	(26,706)
Continuation of Services			
8. Expense Account Increase Add funding in the Contractual Services (\$453,800) and Office and Administrative (\$103,681) accounts to address cost increases for contracts and operating expenses for the Central Library, Facilities Planning and Maintenance, and General Administration and Support programs. EX: \$557,481	557,481	-	557,481

			Library
Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special Efficiencies to Services			
9. Expense Account Reduction Reduce funding in the Contractual Services Account to reflect anticipated expenditures, which include savings achieved due to Departmental efficiencies and expenditure reductions. <i>EX: (\$93,400)</i>	(93,400)	-	(93,400)
Other Changes or Adjustments			
10. Program Realignment Transfer positions and funding between budgetary programs to reflect the Department's current organizational structure. There will be no change to the level of service provided nor to the overall funding provided to the Department.	-	-	-
11. Funding Realignment Transfer funding between budgetary programs to reflect the Department's organizational needs. There will be no change to the level of services provided nor to the overall funding provided to the Department.	-	-	-
12. Charter Mandated Appropriation Increase the Department's General Fund Appropriation by \$9,930,281 from \$269,765,136 to \$279,695,417 to meet the funding requirements set forth by the Charter. Charter Section 531 states that 0.03 percent of assessed value of all property in the City, as assessed for City taxes, shall be appropriated for the financial support of the Library. The appropriation will be used to fund Library services, Library materials and equipment, related costs, and the reimbursement of all direct and indirect costs.	-	-	-
13. General Fund Reimbursement Decrease funding in the Various Special-Library Account by \$955,611 from \$59,839,028 to \$58,883,417. Funds will be applied toward the reimbursement of General Fund costs including the City Employee Retirement System, Medicare, Employee Assistance, Civilian Flex programs, and other related costs not billed to the Department. The funding includes a reconciliation of 2024-25 reimbursements based on actual expenses. <i>SP: (\$955,611)</i>	(955,611)	-	(955,611)

Library Experience Office

The Library Experience Office administers the Library's ongoing efforts to reimagine security and safety in the Library while providing outreach for the most vulnerable patrons through programs and direct contact. The Library Experience Office intends to: provide a more welcoming and safe Library experience for patrons by engaging with patrons who are in need of services such as housing, mental health, primary care, and substance abuse; develop long-term solutions to address and prevent serious incidents; develop training programs for Library staff to enhance customer service, de-escalation, and identification of social service needs; and, serve as the Library's designated liaison with the Los Angeles Police Department to coordinate security coverage for Library locations.

Changes Applicable to Various Programs

The following changes involve two or more budgetary programs. These changes are explained below and apportioned as single entries in the affected programs. Single-program changes are shown only in the programs involved.

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Obligatory Changes			
1. 2025-26 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$5,215,556 <i>Related Costs: \$1,718,005</i>	5,215,556	-	6,933,561
2. 2026-27 Employee Compensation Adjustment Related costs consist of employee benefits. SG: \$274,659 <i>Related Costs: \$90,473</i>	274,659	-	365,132
3. Full Funding for Partially Financed Positions Related costs consist of employee benefits. SG: \$212,943 <i>Related Costs: \$70,143</i>	212,943	-	283,086
4. Salary Step and Turnover Effect Related costs consist of employee benefits. SG: \$2,327,953 <i>Related Costs: \$766,828</i>	2,327,953	-	3,094,781

Recreation and Parks

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Deletion of One-Time Services			
5. Deletion of One-Time Equipment Funding Delete one-time funding for equipment purchases. <i>EQ: (\$114,000)</i>	(114,000)	-	(114,000)
6. Deletion of One-Time Expense Funding Delete one-time expense funding. <i>EX: (\$75,000)</i>	(75,000)	-	(75,000)
7. Deletion of Funding for Resolution Authorities Delete funding for 13 resolution authority positions. Resolution authorities are reviewed annually and continued only if sufficient funding is available to maintain the current service level. Related costs consist of employee benefits. Nine positions are continued as regular positions: Child Care Centers (8 positions) Child Care Program Support (One position) One position is continued: ADA Compliance Support (One position) Two vacant positions are not continued: Child Care Centers (Two positions) One position is not continued: Child Care Centers (One position) <i>SG: (\$1,190,565)</i> <i>Related Costs: (\$624,261)</i>	(1,190,565)	-	(1,814,826)
Continuation of Services			
8. Funding for Partially Financed Facilities Add funding in the Salaries, As-Needed (\$196,878), Contractual Services (\$31,667), Maintenance Materials, Supplies and Services (\$212,918), and Office and Administrative (\$7,500) accounts to provide full-year funding for building and facilities, land maintenance, and recreational programming for facilities that were partially financed in 2025-26. The funding for the expense accounts for these facilities was provided in 2025-26. <i>SAN: \$196,878 EX: \$252,085</i>	448,963	-	448,963

Program Changes	Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special			
Increased Services			
9. New and Expanded Facilities Add three-months funding and regular authority for five positions consisting of two Gardener Caretakers, one Senior Gardener, one Recreation Coordinator, and one Recreation Facility Director. These positions will support various new and expanded facilities based on the scheduled opening dates. Add funding in the Salaries, As-Needed, Contractual Services (\$53,240), Maintenance Materials, Supplies and Services (\$259,793), Office and Administrative (\$2,917), and Operating Supplies (\$15,934) accounts. Add one-time funding in the Printing and Binding (\$10,000), Contractual Services (\$430,000), Office and Administrative (\$94,500), Operating Supplies (\$130,000), and Other Operating Equipment (\$226,000) accounts. Related costs consist of employee benefits. SG: \$93,529 SAN: \$355,961 EX: \$996,384 EQ: \$226,000 Related Costs: \$127,972	1,671,874	5	1,799,846
Restoration of Services			
10. Restoration of One-Time Reductions Restore funding in the Overtime General, Hiring Hall Salaries, Maintenance Materials, Supplies and Services, Office and Administrative, and Operating Supplies accounts that was reduced on a one-time basis in the 2025-26 Budget. SHH: \$250,562 SOT: \$612,919 EX: \$4,949,944	5,813,425	-	5,813,425
Efficiencies to Services			
11. Expense Account Reduction Reduce funding in the Salaries, As-Needed, Overtime General, Hiring Hall Salaries, Printing and Binding (\$33,167), Contractual Services (\$183,086), Field Equipment Expense (\$11,111), Maintenance Materials, Supplies and Services (\$227,223), Uniforms (\$2,000), Office and Administrative (\$369,582), Operating Supplies (\$1,261,988) and Leasing (\$5,000) accounts on a one-time basis to reflect anticipated expenditures, which include savings achieved due to Departmental efficiencies and expenditure reductions. SAN: (\$2,854,150) SHH: (\$240,312) SOT: (\$541,919) EX: (\$2,093,157)	(5,729,538)	-	(5,729,538)

Recreation and Parks

Program Changes		Direct Cost	Positions	Total Cost
Changes in Salaries, Expense, Equipment, and Special				
Other Changes or Adjustments				
12. Program Realignment	Transfer funding between budgetary programs to reflect the Department's current organizational structure. There will be no change to the level of services provided nor to the overall funding provided to the Department.	-	-	-
13. Charter Mandated Appropriation	Increase the Department's General Fund appropriation by \$10,771,476 from \$298,047,986 to \$308,819,462 to meet the funding requirement set by the Charter. The additional appropriation will be used to fund the Department's services, utilities (water, electricity, and sanitation services), and reimburse a portion of General Fund indirect costs (pensions, health, and Medicare.	-	-	-
14. General Fund Reimbursement	Increase funding for General Fund cost reimbursements by \$2,521,525 from \$111,957,253 to \$114,478,778. Funds will be applied toward the reimbursement of General Fund costs including the City Employee Retirement System, Medicare, Employee Assistance, Civilian Flex programs, and other related costs not billed to the Department. SP: \$2,521,525	2,521,525	-	2,521,525
TOTAL CHANGES APPLICABLE TO VARIOUS PROGRAMS		11,377,795	5	

Museums and Educational

This program provides historic and education-based services through museum facilities and exhibits. It promotes awareness of City history, historical knowledge, and environmental and cultural stewardship as well as the conservation of marine life and the preservation of historical artifacts.

Number of Annual Museum Visitors (Excluding Griffith Observatory)

CITY EMPLOYEES' RETIREMENT FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the City Employees' Retirement Fund relates to current year funding as follows:

<u>2025-26</u>			<u>2026-27¹</u>
Adopted Budget	Estimated Expenditures		Proposed Budget
\$ 150,558,319	\$ 154,013,000	Special Fund (Harbor, Airports, LACERS, and LAFPP)	\$ 152,946,124
703,190,451	703,099,000	Tax and Revenue Anticipation Notes	799,722,919
<u>\$ 853,748,770</u>	<u>\$ 857,112,000</u>	Total	<u>\$ 952,669,043</u>

¹ The total budgeted contribution may differ from the LACERS Budget due to LACERS accounting of the true-up (a credit adjustment of \$22,304,819). Although the credit amount reflects a true-up of 2025-26 contributions, the amount will be applied to the 2026-27 contribution and reflected as such in the Annual Comprehensive Financial Report.

The City bases its contribution to the Los Angeles City Employees' Retirement System (LACERS) on rates that an actuary prepares and that the LACERS Board adopts. It includes the required payments for the family death benefit, excess benefit, and limited term retirement plans. The budget also reflects the true-up adjustment for the prior fiscal year resulting from the reconciliation of budgeted covered payroll with actual covered payroll and an adjustment from the enhanced benefit for Airport Peace Officers who remained with LACERS. The contribution will be funded through the issuance of tax and revenue anticipation notes.

By funding the required contribution through the issuance of notes, the City will be able to make the entire contribution in July 2026, rather than spreading the payments throughout the year. As a result, the pension fund expects to gain additional investment earnings on the payment, which discounts the City contribution by approximately 3.17 percent. This discount reduces the required 2026-27 City General Fund contribution to the retirement fund by approximately \$25.13 million. The appropriation for the payment of the principal and borrowing costs on the tax and revenue anticipation notes is in the 2026 Tax and Revenue Anticipation Notes, Debt Service Fund. The Harbor Department, Department of Airports, LACERS, and Los Angeles Fire and Police Pensions (LAFPP) will directly fund their respective share of the contribution in July 2026.

The General Fund contribution for 2026-27 represents a net increase of \$96.53 million from 2025-26. This increase is primarily due to an increase in City budgeted payroll, an increase in the combined contribution rates, and a one-time true-up payment. Specifically, the 2026-27 Budget is inclusive of a one-time \$7.87 million additional payment from the General Fund based on the 2025-26 true-up adjustment. Expressed as a percentage of the City's budgeted payroll, the Tier 1 contribution rate increased from 32.65 percent in 2025-26 to 33.63 percent in 2026-27. The contribution rate for the Tier 3 benefit plan (i.e., City employees who became members of LACERS on or after February 21, 2016) increased from 29.37 percent to 29.50 percent. These rates include the enhanced benefit cost for Airport Peace Officers who remained in LACERS, which is borne exclusively by the Department of Airports. The final contribution obligation for all other agencies are adjusted accordingly to apply the full cost to the Department of Airports. The increase in the combined contribution rates is primarily a result of the sunset of the one percent Tier 1 member contribution rate toward the Early Retirement Incentive Program cost obligation, higher than expected salary increases for active members, and higher than expected cost-of-living adjustment increases for retirees. This increase was partially offset by actual contributions greater than expected based on timing, the enrollment of new employees in Tier 3, and amortizing the prior year's unfunded actuarial accrued liability over a higher than expected total payroll.

The system's overall funded ratio, using the actuarial value of assets, increased from 77.5 percent to 78.4 percent as of June 30, 2025, and is broken down as follows: retirement (74.6 percent) and health (105.8 percent).

FIRE AND POLICE PENSION FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Fire and Police Pension Fund relates to current year funding as follows:

<u>2025-26</u>			<u>2026-27</u>
Adopted Budget	Estimated Expenditures		Proposed Budget
\$ 633,415,607	\$ 663,416,000	Tax and Revenue Anticipation Notes	\$ 670,725,112
<u>\$ 633,415,607</u>	<u>\$ 663,416,000</u>	Total	<u>\$ 670,725,112</u>

The City bases its contribution to the Los Angeles Fire and Police Pension (LAFPP) Fund on rates that an actuary prepares and that the LAFPP Board adopts. The total contribution also includes the Excess Benefit Plan payment, which is transferred to the Controller. The City pays for the contribution and Excess Benefit Plan through the issuance of tax and revenue anticipation notes.

In 2024, voters approved Measure FF, which allowed certain sworn peace officers to voluntarily transfer from the Los Angeles City Employees' Retirement System (LACERS) to the LAFPP. In accordance with Measure FF, the 2026-27 contribution includes the normal cost for Police and Recreation and Parks members that transferred from LACERS to LAFPP in January 2026. Additionally, it also includes a partial payment for the cost of transferring these members in anticipation of a revised implementation ordinance that would permit consideration to amortize the transfer cost under Measure FF over a five-year period.

By funding the required General Fund contribution through the issuance of tax and revenue anticipation notes, the City will be able to make the entire contribution in July 2026, rather than spreading the payments throughout the year. As a result, the LAFPP expects to gain additional investment earnings on the payment, which discounts the City contribution by approximately 3.15 percent. The discount reduces the required 2026-27 City General Fund contribution to the LAFPP Fund by approximately \$20.99 million. The appropriation for the payment of the principal and borrowing costs on the tax and revenue anticipation notes is in the 2026 Tax and Revenue Anticipation Notes Debt Service Fund. The Harbor Department and the Department of Airports disburse their contribution payments directly to the LAFPP Fund.

The General Fund contribution for 2026-27 will increase by \$37.31 million from 2025-26. This increase is primarily due to a larger budgeted payroll and a slight increase in the contribution rate. Expressed as a percentage of the City's budgeted payroll, the 2026-27 combined City contribution rate is 35.89 percent compared to 35.80 percent in 2025-26. The increase in the contribution rate is a result of higher-than-expected salary increases for active members, higher-than-expected cost of living adjustment increases for retirees and beneficiaries, a required one percent employer contribution for Tier 5 members, as the retirement share of the system is over 100 percent actuarially funded, and the implementation of a surplus management funding policy. This increase was partially offset by fully amortizing the remaining loss layers and a higher-than-expected rate of return.

The LAFPP System's overall funded ratio, using actuarial value of assets, increased from 97.0 percent to 97.6 percent as of June 30, 2025 and is broken down as follows: retirement (100.5 percent) and health (78.1 percent).

ACCESSIBLE HOUSING PROGRAM

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Accessible Housing Program relates to the current year funding as follows:

	Accessible Housing Fund ¹	Special Funds ²	Other Funds ³	Total
2025-26 Adopted Budget	\$ 39,426,305	\$ 21,869,759	\$ 51,183,666	\$ 112,479,730
2026-27 Proposed Budget	\$ 42,695,153	\$ 5,560,774	\$ 13,867,198	\$ 62,123,125
Change from 2025-26 Budget	\$ 3,268,848	\$ (16,308,985)	\$ (37,316,468)	\$ (50,356,605)
% Change	8.3%	(74.6%)	(72.9%)	(44.8%)
1. The source of funding for the Accessible Housing Fund is the General Fund. Funding in 2025-26 came from a General Fund appropriation of \$15,794,677, a carry-over of prior year appropriations of \$1,212,076, and other receipts of \$22,419,552. Funding in 2026-27 comes from a General Fund appropriation of \$12,445,138 and a carry-over of prior year appropriations of \$30,250,015. 2. Special Funds include other Los Angeles Housing Department (LAHD) funding sources and Proposition HHH bond proceeds used to subsidize the construction of accessible units. 3. Other funds consist of funding for the construction of accessible units from other funding sources, including tax credits, federal, state, and County funds.				

In 2016, the City Council and Mayor approved a settlement relative to the class action lawsuit, *Independent Living Center of Southern California v. the City of Los Angeles, et al* (Settlement Agreement) (C.F. 16-1389). The terms of the Settlement Agreement require the City to:

- Invest \$200 million over 10 years (an average value of \$20 million per year) and hire staff, architects, contractors, consultants, and experts in accessibility standards to implement the program; and,
- Produce 4,000 units of accessible rental housing (target number of accessible units) within 10 years by retrofitting existing housing developments and financing new units.

In 2019, the City entered into a Voluntary Compliance Agreement (VCA) with the U.S. Department of Housing and Urban Development (HUD) (C.F. 12-0291). The terms of the VCA require the City to:

- Produce 4,031 units of accessible rental housing (target number of accessible units) within 10 years by retrofitting 3,100 existing housing developments and financing new units.

Funding in 2026-27 for the Accessible Housing Program is provided by the Accessible Housing Fund, special funds (Proposition HHH bond proceeds), and funding for the construction of accessible units from Low Income Housing Tax Credits, HOME Investment Partnerships Program funding, state, County, and other funds.

The 2026-27 Proposed Budget includes the following:

- \$42.7 million in the Accessible Housing Fund, including \$12.3 million for the Housing Department and the City Attorney's Office to implement the requirements of the Settlement Agreement and VCA and \$12.0 million to pay for contracts associated with accessibility retrofits and relocation assistance to tenants of occupied units;
- \$2.6 million for the construction of accessible units under the Proposition HHH program, which is funded by Proposition HHH bond proceeds; and,
- \$13.8 million from other LAHD funding sources for the construction of accessible units.

Funding in 2026-27 will produce up to 97 accessible units toward the City's 10-year goal of 4,000 units.

Accessible Housing Program

The 2026-27 Proposed Budget includes administrative resources to support the program, resources for the construction of new and rehabilitation of existing accessible units, and other resources needed to meet the requirements of the Settlement Agreement. Resources are allocated as follows:

	2025-26 Adopted Budget	2026-27 Proposed Budget
ACCESSIBLE HOUSING PROGRAM FUND		
DEPARTMENT APPROPRIATIONS		
CITY ATTORNEY – Funds are provided for two Deputy City Attorneys and one Paralegal to support the Accessible Housing Program.	\$ 547,041	\$ 578,926
HOUSING DEPARTMENT		
Salaries – Funds are provided for 86 positions in the Housing Department to support the Accessible Housing Program, as well as a portion of the salaries for Housing administrative and support staff.	10,444,098	11,434,682
Overtime General – Funds were provided for overtime expenses associated with meeting deadlines for the Settlement Agreement and VCA.	60,000	15,000
Contractual Services		
Training – Funds are provided to conduct trainings for City staff, property owners, and their managers in nondiscrimination laws in regards to people with disabilities as mandated by the Settlement Agreement and VCA.	45,000	13,914
Tablet Data Usage and Cell Phones – Funds are provided for staff access to City data and communication while in the field. Fieldwork includes staff visits to construction sites to oversee pre-construction and the retrofit work undertaken by licensed general contractors, staff audits of housing developments for compliance with rental policies, and staff-conducted offsite training.	55,709	55,911
Transportation – Funds are provided for the mileage reimbursement of staff traveling to various construction sites, training sites, and rental properties.	28,000	32,000
Office and Administrative – Funds are provided for office expenses.	55,861	55,861
Travel – Funds are provided for travel expenses.	-	37,510
Leases – Funds are provided for lease costs associated with office space for staff in the Accessible Housing Program.	80,000	80,000
<i>Subtotal Housing Department</i>	<u>\$ 10,768,668</u>	<u>\$11,724,878</u>

Accessible Housing Program

	2025-26 Adopted Budget	2026-27 Proposed Budget
SPECIAL PURPOSE FUND APPROPRIATIONS		
Chief Architect – Funds are provided for the Chief Architect that is licensed to carry out accessibility inspections, write scopes of work, and develop and prepare architectural drawings and plans.	4,250,000	4,500,000
Contract Programming – Systems Upgrades – Funds are provided for the modification to the Housing Department's Housing Information Management System to allow it to meet the data collection and reporting requirements mandated by the Settlement Agreement and VCA, as well as funds to create and maintain a Website Registry for accessible housing with specified requirements intended to ensure equal access to affordable housing units financed through the City.	1,959,552	2,677,104
Court Monitor – Funds are provided for a Court Monitor appointed by the District Court to ensure the Settlement Agreement is implemented effectively and to assist the Court in monitoring the City's compliance.	1,470,000	1,620,000
Outside Auditor – Funds are provided for mandated auditor services, which includes conducting audits of Settlement Agreement housing developments to ensure compliance with the City's Monitoring, Compliance, and Enforcement Plan.	960,000	960,000
Plaintiff Counsel – Funds are provided for the cost of Plaintiffs' Counsel to monitor the Settlement Agreement.	593,750	893,750
Relocation Consultant – Funds are provided to pay for contracts related to providing relocation assistance to tenants of occupied units.	-	300,000
Retrofit – Funds are provided to pay for contracts related to conducting accessibility retrofits, including architectural services and construction.	12,000,000	12,000,000
Technical Contracts - Funds are provided for technical expertise training providers as mandated by the Settlement Agreement and VCA	45,000	45,000
Training Video Production - Funds are provided to pay for contractors to develop and maintain training videos as mandated by the Settlement Agreement and VCA	-	158,400
Translation Services – Funds are provided for contractual services to effectively communicate with individuals with disabilities or limited English proficiency.	41,250	41,250
REIMBURSEMENT OF GENERAL FUND COSTS – Funds are provided to reimburse the General Fund for fringe benefits, central services, and department administration and support.	6,791,044	7,195,845
Subtotal Accessible Housing Program Fund Appropriations	<u>\$ 39,426,305</u>	<u>\$ 42,695,153</u>

Accessible Housing Program

	2025-26 Adopted Budget	2026-27 Proposed Budget
HOUSING SPECIAL FUNDING		
Proposition HHH Developments with HHH Funding – Funding up to this amount may be available for the construction of accessible units approved to meet the conditions of Proposition HHH and funded by Proposition HHH Bond Proceeds. Funding is subject to final project costs and other financing factors.*	\$ 21,869,759	\$ 2,680,348
Housing Funding Sources – Funding up to this amount may be available for the construction of accessible units from local and state funding.	-	2,880,426
Subtotal Special Funding	<u>\$ 21,869,759</u>	<u>\$ 5,560,774</u>
OTHER FUNDING		
Other Funding – Funding up to this amount may be available for the construction of accessible units approved to meet the conditions of Proposition HHH and other LAHD projects funded by nine percent and four percent Low Income Housing Tax Credits, Federal HOME Investment Partnerships Program Fund, state, County, and other funds. Funding is subject to final project costs and other financing factors.*	\$51,183,666	\$13,867,198
Subtotal Other Funding	<u>\$51,183,666</u>	<u>\$13,867,198</u>
TOTAL APPROPRIATIONS	<u>\$ 112,434,730</u>	<u>\$62,123,125</u>

*Funding available from Proposition HHH Bond Proceeds are for projects approved from multiple Project Expenditure Plans in prior years with projected expenditures in 2026-27. Funding from other sources represents funding from various other sources required to complete Affordable Housing Projects. The 2025-26 amount reflected both Proposition HHH and non-Proposition HHH funding.

ATTORNEY CONFLICTS PANEL

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Attorney Conflicts Panel (ACP) relates to the current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 4,950,000	
2026-27 Proposed Budget	\$ 6,000,000	
Change from 2025-26 Budget	\$ 1,050,000	21.2%

The ACP program includes funding for contracts with outside law firms to represent the City in conflict-of-interest matters that preclude the City Attorney's Office from providing representation. The 2026-27 Proposed Budget appropriation to the ACP is \$6.0 million.

The Proposed Budget is based on City Council approval and implementation of updated conflict counsel hourly rates that will take effect the second half of 2026-27 and estimated expenditures from legal services and representation for the City and related defendants on conflict matters that: 1) were referred to the ACP in prior years but remain open and active, and 2) are anticipated referrals for 2026-27. Historical case data (Table 1) and expenditures (Table 2) as of March 31, 2026 were used to determine funding needs for 2026-27.

*Note: Tables 1 and 2 reflect 2025-26 year-to-date case referral activity and expenditures as of March 31, 2026.

Through the first three quarters of 2025-26, the ACP has received nearly the same number of case referrals as all of 2024-25 and is on pace to receive approximately 38 referrals. Consistent with prior years, Police Tort litigation continues to be a significant source of referrals and expenditures. Referrals for Workers' Compensation litigation were initiated in 2021-22, and now represent a significant quantity of referrals, but with limited expenditures to date. Expenditures for 2025-26 are currently projected to end the year within budget. Expenditures will need to be monitored closely in 2026-27 as inflationary pressures and recently approved higher hourly rates for contracted law firms will increase costs and potentially decrease budgeted funds at a much higher rate than would otherwise be the case.

BUSINESS IMPROVEMENT DISTRICT TRUST FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Business Improvement District Trust Fund relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 3,739,259	
2026-27 Proposed Budget	\$ 5,322,197	
Change from 2025-26 Budget	\$ 1,582,938	42.3%

The Business Improvement District Trust Fund was established by Mayor and Council (C.F. 96-0482) to provide seed money for the formation of Business Improvement Districts (BIDs) and to pay assessments and general benefit obligations on City-owned properties within the boundaries of active BIDs. The seed money is used to retain consultants who work on behalf of new or renewing BIDs to conduct feasibility studies and perform other activities related to BID formation. The City's BID policy allows up to \$75,000 to be made available in the form of a grant for feasibility studies. There are currently 35 established BIDs, three BIDs in various stages of formation, and seven in the renewal process.

The proposed General Fund appropriation of \$5,322,197 will fund the following items: 1) mandatory assessments on City-owned property located within BIDs (\$3,332,179); 2) general benefit obligations (\$1,802,516); 3) funding for BID trashcan liners from the Office of Community Beautification (\$150,000); and 4) assessments due from Community Redevelopment Agency of the City of Los Angeles owned properties (\$37,502).

THIS PAGE INTENTIONALLY LEFT BLANK

CAPITAL FINANCE ADMINISTRATION FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Capital Finance Administration (CFA) Fund relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 198,879,816	
2026-27 Proposed Budget	\$ 209,722,076	
Change from 2025-26 Budget	\$ 10,842,260	5.5%

The CFA Fund is a special purpose fund established to consolidate long-term City debt financing program expenditures, excluding general obligation bonds and revenue bonds. These financing programs mostly use a lease or "lease purchase" paid from General Fund appropriations and the sale of public securities (either lease revenue bonds or notes) to acquire and improve various facilities and capital equipment items for use by City departments.

The City Administrative Officer administers the CFA Fund. Budgeted within the CFA Fund are the lease payments required by each financing's lease and trust indenture, as well as any trustee fees or other administrative expenses required under the terms of the financing. All unencumbered balances remaining at the end of the fiscal year revert to the Reserve Fund. All items within this budget are a requirement of the respective leases and trust indentures. The financings were primarily issued through the Municipal Improvement Corporation of Los Angeles (MICLA).

BUDGET HIGHLIGHTS:

The Proposed Budget reflects the following line items:

1. The final debt payments for MICLA 2016-A (Refunding) (Capital Equipment) and MICLA Street Lighting 2017 will be paid in 2026-27 (Line Item Nos. 2 and 7).
2. The MICLA Lease Revenue Bonds, Series 2025-A and 2025-B (Los Angeles Convention Center), were issued in November 2025 to finance a portion of the Los Angeles Convention Center Expansion and Modernization Project (Project) (C.F. 15-1207-S1 and 15-1207-S3). The lease payments are reflected on the following page as Line Item Nos. 20 and 21. The next bond issuance to finance the remaining Project costs is anticipated to occur in October 2026 (Line Item Nos. 23 and 24).
3. The MICLA Lease Revenue Bonds, Series 2026-A (Capital Equipment and Real Property) were issued in March 2026 to refinance MICLA commercial paper notes used to pay for capital equipment and capital improvements to City facilities. The lease payments are reflected on the following page as Line Item No. 22 (C.F. 26-0016).

Lease Payments for Outstanding and Proposed Lease Revenue Obligations Detail**1. MICLA Lease Revenue Bonds, Series 2010-C (Recovery Zone Economic Development Bonds)**

The proceeds of this issuance were used to refinance the MICLA Commercial Paper notes borrowed for the capital improvements to various City facilities, including El Pueblo, Figueroa Plaza buildings, and Asphalt Plant No. 1. MICLA has designated these taxable bonds as Recovery Zone Economic Development Bonds, which allow the City to receive from the federal government direct credit subsidy payments equal to 45 percent of the interest payable to bondholders. Pursuant to the requirements of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended, refund payments to certain state and local government filers claiming refundable credits under Section 6431 of the Internal Revenue Code to certain qualified bonds are subject to sequestration. The sequestration rate for federal fiscal years 2021-2030 is 5.7 percent. This means the direct credit subsidy payments for these bonds will be reduced by that amount.

Lessor: Municipal Improvement Corporation of Los Angeles
 Amount of Principal: \$ 18,170,000
 Principal Outstanding, July 1, 2026: 13,575,000
 Final Payment: 2040-41

2026-27 MICLA 2010-C (Real Property) Lease Payment: \$ 1,536,168

2. MICLA Lease Revenue Bonds, Refunding Series 2016-A (Capital Equipment)

The proceeds of this issuance were used to refinance the MICLA Commercial Paper notes borrowed to acquire various capital equipment items and refund MICLA 2008-A bonds, previously used to purchase capital equipment.

Lessor: Municipal Improvement Corporation of Los Angeles
 Amount of Principal: \$ 125,235,000
 Principal Outstanding, July 1, 2026: 16,870,000
 Final Payment: 2026-27

2026-27 MICLA 2016-A (Capital Equipment) Lease Payment: \$ 17,241,625

3. MICLA Lease Revenue Bonds, Refunding Series 2016-B (Figueroa Plaza)

The proceeds of this issuance were in large part used to refund MICLA 2007-B1 bonds and MICLA 2007-B2 bonds. In addition, part of the proceeds were used to refinance MICLA Commercial Paper Notes borrowed for capital improvements to various City facilities. This issuance also provided financing for new capital improvements to various City facilities, including the Figueroa Plaza buildings. A portion of the lease payments are paid from the Building and Safety Building Permit Enterprise Fund (Schedule 40) and Cannabis Regulation Special Revenue Trust Fund (Schedule 33).

Lessor: Municipal Improvement Corporation of Los Angeles
 Amount of Principal: \$ 194,365,000
 Principal Outstanding, July 1, 2026: 127,800,000
 Final Payment: 2039-40

2026-27 MICLA 2016-B (Figueroa Plaza) Lease Payment: \$ 13,785,650

4. MICLA Lease Revenue Bonds, Refunding Series 2016-B (Motor Transport Division Building)

The proceeds of this issuance attributable to the Motor Transport Division (MTD) Building were used to refund the MICLA 2008-B bonds, which were used to acquire the MTD land, and MICLA 2009-E bonds. A portion of the lease payments are paid from the Special Parking Revenue Fund (Schedule 11).

Lessor: Municipal Improvement Corporation of Los Angeles
 Amount of Principal: \$ 82,060,000
 Principal Outstanding, July 1, 2026: 57,525,000
 Final Payment: 2039-40

2026-27 MICLA 2016-B (MTD Building) Lease Payment: \$ 5,688,550

5. MICLA Lease Revenue Bonds, Refunding Series 2016-B (Police Headquarters)

The proceeds of these bonds were used to refund MICLA 2006-A bonds, which were in large part used to construct the Police Headquarters. In addition, part of these proceeds were used to refinance MICLA Commercial Paper Notes used to make capital improvements to various City facilities. This issuance also provided financing for new capital improvements to various City facilities, including the Police Headquarters.

60. Fire System Infrastructure	1,500,000	1,010,000
61. Fleet Replacement	500,000	163,000
62. IT Infrastructure Upgrade	350,000	235,000
63. Restroom Modernization	7,000,000	4,715,000
SUBTOTAL	<u>\$ 14,000,000</u>	<u>\$ 9,254,000</u>

CAPITAL TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM - PHYSICAL PLANT

64. Glendale-Hyperion Complex of Bridges	67,464,994	18,210,000 ²
SUBTOTAL	<u>\$ 67,464,994</u>	<u>\$ 18,210,000</u>
CTIEP TOTAL	<u>\$ 159,946,373</u>	<u>\$ 80,237,000</u>
GRAND TOTAL	<u>\$ 342,486,825</u>	<u>\$ 156,322,000</u>

¹ Estimated interest is based on 5.5 percent interest paid over the life of the bonds. Actual interest rate will depend on market conditions at the time of bond issuance.

² Estimated interest is based on 5.5 percent interest rate over the seven-year repayment period for the state reimbursement grants. Actual interest rate will depend on market conditions at the time of issuance.

The following vehicle and capital equipment projects are proposed for MICLA financing in 2026-27:

1. **BUREAU OF SANITATION LIVABILITY SERVICES DIVISION VEHICLES** - Funding is provided for the acquisition of two roll-off vehicles to deliver and collect roll-off bins in support of the Illegal Dumping Program.
2. **GENERAL SERVICES DEPARTMENT VEHICLE REPLACEMENT** - Funding is provided to replace fleet vehicles for various departments.
3. **GENERAL SERVICES DEPARTMENT YARDS AND SHOPS - CAPITAL EQUIPMENT** - Funding is provided for the replacement of capital equipment required for the operation of maintenance yards and shops facilities.
4. **FIRE HELICOPTER REPLACEMENT** - Funding is provided to replace one helicopter used for fire operations.
5. **FIRE RADIO REPEATERS** - Funding is provided to acquire two Motorola P25 radio repeaters used for fire operations.
6. **FIRE VEHICLE REPLACEMENT** - Funding is provided to replace fleet vehicles used for fire operations.
7. **POLICE HELICOPTER REPLACEMENT** - Funding is provided to replace one helicopter used for police operations.
8. **POLICE RADIO NETWORK UPGRADE - PHASE I** - Funding is provided to upgrade the T-Band radio network used for police operations.
9. **POLICE VEHICLES FOR THE 2028 GAMES** - Funding is provided for the acquisition of 107 non-patrol vehicles and 300 black and white patrol vehicles in preparation for the 2028 Games.
10. **POLICE VEHICLE REPLACEMENT** - Funding is provided for the acquisition of 378 non-patrol replacement vehicles.

The General Services Department Yards and Shop - Capital Equipment item, and Capital Technology Improvement Expenditure Program (CTIEP) Municipal Facilities, and Los Angeles Convention Center projects proposed for MICLA financing in 2026–27 are detailed in the “Capital and Technology Improvement Expenditure Program, Municipal Facilities - MICLA-Issued Financing” section and correspond to Items Nos. 3 and 11 through 63 listed under 2026-27 Proposed MICLA Acquisitions.

The following CTIEP Physical Plant project is proposed for MICLA financing in 2026-27:

64. **GLENDALE-HYPERION COMPLEX OF BRIDGES** - Front-funding is provided for the seismic retrofit and rehabilitation of bridges along the Hyperion Avenue–Glendale Boulevard corridor, with repayment to be made from state grant funds. Improvements include bridge widening, roadway realignment, upgrades to sidewalks, ADA-compliant ramps, and bike lanes.

CAPITAL AND TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM

BASIS FOR THE PROPOSED BUDGET

SUMMARY

The 2026-27 Proposed Budget for the Capital and Technology Improvement Expenditure Program (CTIEP) relates to the current year funding as follows:

	General Fund	Special Funds	Total	Other Funds**
2025-26 Adopted Budget	\$ 50,302,517	\$ 858,388,235	\$ 908,690,752	\$ 146,250,825
2026-27 Proposed Budget	\$ 54,463,225	\$ 818,455,178	\$ 872,918,403	\$ 166,446,373
Change from 2025-26 Budget	\$ 4,160,708	\$ (39,933,057)	\$ (35,772,349)	\$ 20,195,548
% Change	8.3%	(4.7%)	(3.9%)	13.8%

* Other funds consist of General Obligation (GO) Bonds, and Municipal Improvement Corporation of Los Angeles (MICLA) financing. The amounts from these funds are provided for informational purposes only.

The CTIEP provides for the use of special funds for eligible capital and technology infrastructure improvements and General Fund financing of necessary capital improvements for which special fund financing is unavailable or ineligible.

The City's Financial Policies state that the City shall, to the extent feasible, invest an annual minimum of 1.5 percent of General Fund revenue for capital infrastructure improvements. For 2026-27, General Fund revenues are projected to be \$8.5 billion, resulting in a target of \$128.9 million, representing 1.5 percent of the revenue.

The 2026-27 Proposed Budget includes \$106.5 million in General Fund appropriation for capital and technology improvements. This includes \$54.5 million in CTIEP. The 2026-27 Proposed Budget also includes General Fund appropriations of \$15.9 million in the Sidewalk Repair Fund for sidewalk repairs, \$29.2 million in various departments for the Pavement Preservation Program, \$5.8 million in the Bureau of Street Services for sidewalk maintenance, and \$1.1 million for other infrastructure expenditures. The overall appropriation of \$106.5 million for capital and technology improvements represents 1.2 percent of General Fund revenues and falls short of the Policy minimum.

The 2026-27 Proposed CTIEP Budget is separated into four major program categories, as summarized below:

Clean Water

This category includes the Clean Water projects funded from the Sewer Construction and Maintenance Fund. Clean Water is a separate enterprise operation to support revenue bonds.

Municipal Facilities

This category includes the construction or improvement of City-owned structures and facilities such as parks, libraries, fire and police stations, yards, and shops. Funds for these projects are provided from the General Fund and various special funds. Other funds identified in the summary above include lease financing through the MICLA.

Physical Plant

This category includes a variety of watershed management, street, and street lighting projects. These projects are primarily funded by the Measure W Local Return Fund, Measure M Local Return Fund, Measure R Local Return Fund, Road Maintenance and Rehabilitation Program Special (SB1) Fund, Local Transportation Fund and MICLA. All of these funds will provide for the following types of projects: bicycle and pedestrian facilities, flood control and pollution abatement, storm damage repair, street widening and reconstruction, street lighting, traffic control, and water quality improvement. Other funds identified in the summary above include projects funded by MICLA and the Proposition O General Obligation Bond which are handled outside the budget.

Technology

This category includes projects that represent a significant investment in technology infrastructure, including major technology systems. These projects are budgeted within the individual department that administers the project.

CTIEP Prioritization Criteria and Additional Indicators

In accordance with the City's Capital and Technology Improvement Policy (C.F. 19-1353) adopted in May 2020, the projects funded in the CTIEP were selected based on prioritization criteria outlined below:

- Category 1 Risk to Health and Safety: Projects that eliminate or mitigate health and safety hazards to City employees or the public (landfills, asbestos removal, and toxic waste).
- Category 2 Compliance with Legal, Regulatory, or other policy Mandated Requirements: Projects that are federal, state, or otherwise legally mandated, including Proposition K specified projects.
- Category 3 Climate Resilience and Sustainability (Refer to Note 1 below): Projects that protect public health and the environment through improved climate resiliency and reducing greenhouse gas emissions.
- Category 4 Impact to City Operations, Asset Condition, Annual Recurring Costs and Asset Longevity: Projects that impact City operation, asset conditions, and/or minimize maintenance needs by improving infrastructure and/or reducing future costs.
- Category 5 Equitable Community Investment and Economic Sustainability (Refer to Note 2 below): Projects that contribute toward economic development and/or promote social equity to benefit underserved communities, including those with low-income households, low community engagement, and low mobility or access to transportation systems.

In an effort to identify capital investments that work towards achieving the City's climate change mitigation, resilience, and sustainability goals, projects proposed for funding in the 2026-27 Proposed Budget are labeled as Climate Investments if they align with climate mitigation and climate adaptation activities. Please refer to the Climate Budget for additional detail related to items aligned with climate mitigation and climate adaptation activities.

Each project is assigned an equity evaluation score between 0 and 10 (10 being the highest). Each project was evaluated on its impact to the community based on the submission's social impact statement. For single site projects, the location of each Capital Project was evaluated using the Measure of Access, Disparity, and Equity (MADE) index. Since the MADE index is based on a specific geographic location, a score is not assignable to projects with a regional or Citywide impact. Instead, these projects are evaluated on their overall benefit to communities in need and/or their strategy to address any known disparities. Projects that have a low equity score despite its physical location may not address community needs or may even impose negative consequences that are not intended.

Each project that is along a specified Mobility Plan Network street is labeled accordingly with the Mobility Plan network(s) associated with the project location. These networks include: The Transit Enhanced Network (TEN), Neighborhood Enhanced Network (NEN), the Bicycle Enhanced Network (BEN), the Bicycle Lane Network (BLN), the Vehicle Enhanced Network (VEN), the Pedestrian Enhanced Districts (PED) and the Goods Movement Network (GMN).

The proposed sources of funds for the CTIEP and the change from the 2025-26 Budget are as follows:

Fund	2025-26 Adopted Budget	Change	2026-27 Proposed Budget
General Fund and Special Funds [1]			
General Fund	\$ 50,302,517	\$ 4,160,708	\$ 54,463,225
Forfeited Assets Trust Fund	-	850,000	850,000
Local Transportation Fund	1,208,819	(90,819)	1,118,000
Measure M Local Return Fund	18,690,753	(7,105,015)	11,585,738
Measure R Local Return Fund	2,896,262	-	2,896,262
Measure W Local Return Fund	14,984,298	(7,083,320)	7,900,978
Park and Recreational Sites and Facilities Fund	2,700,000	-	2,700,000
Proposition C Anti-Gridlock Transit Fund	-	255,046	255,046
SB1 Road Maintenance and Rehabilitation Fund	102,017,566	(29,251,417)	72,766,149
Sewer Construction and Maintenance Fund	709,444,000	1,098,000	710,542,000
Special Gas Tax Improvement Fund	3,410,737	(3,410,737)	-
Street Lighting Maintenance Assessment Fund	3,035,800	111,500	3,147,300
Supplemental Law Enforcement Fund	-	4,693,705	4,693,705
Total General Fund and Special Funds	\$ 908,690,752	\$ (35,772,349)	\$ 872,918,403
Other Funds [2]			
MICLA – Municipal Facilities	\$ 121,250,825	\$ (28,769,446)	\$ 92,481,379
MICLA – Physical Plant	-	67,464,994	67,464,994
MICLA – Technology	-	6,500,000	6,500,000
General Obligation Bonds – Physical Plant	25,000,000	(25,000,000)	-
Total Other Funds	\$ 146,250,825	\$ 20,195,548	\$ 166,446,373

The following table sets forth the proposed CTIEP for 2026-27 by project category, comparing the 2025-26 program to the 2026-27 program:

2026-27 CAPITAL AND TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM

	2025-26 Adopted Budget	Change	2026-27 Proposed Budget
Clean Water Projects	<u>\$ 709,444,000</u>	<u>\$ 1,098,000</u>	<u>\$ 710,542,000</u>

- [1] The City Administrative Officer may approve changes in the planned use of funds between the General Fund, Special Gas Tax Street Improvement Fund, Road Maintenance and Rehabilitation Program (SB1) Fund, Measure M Local Return Fund, Measure R Local Return Fund, Measure W Local Return Fund, Special Parking Revenue Fund, Street Lighting Maintenance Assessment Fund, Proposition A Local Transit Assistance Fund, Proposition C Anti-Gridlock Transit Improvement Fund, Street Damage Restoration Fee Special Fund, Sidewalk Repair Fund, RAISE LA Fund, Mobile Source Air Pollution Reduction Trust Fund and Local Transportation Fund for approved projects and may approve transfers of funds not required to complete approved capital projects to other approved capital projects.
- [2] MICLA and General Obligation Bond, amounts are provided for informational purposes only.
- [3] The City Administrative Officer may approve transfers within the same fund of \$25,000 or 25 percent of project amounts (whichever is greater), not to exceed \$1,000,000, to or between eligible capital improvement projects or accounts approved by the Mayor and City Council.
- [4] Subject to receipt of actual funds from the Los Angeles Metropolitan Transportation Authority, County of Los Angeles, and/or the State of California.
- [5] The City Administrative Officer may approve transfers of any amount from the Contingencies Account to any project listed or any project previously approved by the Mayor and City Council.

CAPITAL AND TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM

BASIS FOR THE PROPOSED BUDGET

CLEAN WATER

The 2026-27 Proposed Budget for the Clean Water Capital and Technology Improvement Expenditure Program (CTIEP) relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 709,444,000	
2026-27 Proposed Budget	\$ 710,542,000	
Change from 2025-26 Budget	\$ 1,098,000	0.2%

The Clean Water CTIEP is administered by the Department of Public Works, Bureau of Sanitation and consists of wastewater facility improvement projects at the City's four wastewater treatment plants and 49 pumping plants, as well as more than 6,700 miles of mainline sewers. The projects in the Clean Water CTIEP are divided into seven categories: Conveyance Systems, Donald C. Tillman Water Reclamation Plant, Hyperion Water Reclamation Plant, Los Angeles-Glendale Water Reclamation Plant, Pumping Plants, Terminal Island Water Reclamation Plant, and System-wide improvements.

The Clean Water CTIEP is funded entirely from Clean Water System revenues, including the Sewer Service Charge (SSC).

The current Clean Water CTIEP is focused on a ten-year plan that includes specific requirements for the wastewater collection system with the objective of reducing sewer spill risk and the associated overflow to protect public health. The program also increases investments in improving and maintaining the City's four water reclamation plants and in emerging water treatment technologies to provide more water for beneficial reuse and to reduce the City's dependence on imported water.

BUDGET HIGHLIGHTS:

- \$161.6 million for the construction and rehabilitation of various sewer conveyance system projects;
- \$241.6 million for Advanced Water Purification Facility (AWPF) system investments and improvements at the Donald C. Tillman and Terminal Island Water Reclamation Plants; and,
- \$21.3 million for capital equipment replacement throughout the Clean Water System.

	2025-26 Adopted Budget	2026-27 Proposed Budget
WASTEWATER COLLECTION, TREATMENT, AND DISPOSAL		
Conveyance System A significant portion of the Capital Program for this category reflects sewer spill mitigation and prevention requirements. Funds are provided for other sewer rehabilitations, miscellaneous replacement projects, and emergency sewer repairs.	\$ 137,777,000	\$ 161,612,000
Donald C. Tillman Water Reclamation Plant Planned expenditures include installation of an emergency backup power system, AWWP investments, primary treatment system upgrades, and other facility rehabilitation and equipment replacement.	382,192,000	354,949,000
Hyperion Water Reclamation Plant Planned expenditures include bioenergy facility modifications, odor control investments, headworks upgrades and improvements, and investments in capital equipment replacement.	59,361,000	70,650,000
Los Angeles - Glendale Water Reclamation Plant Planned expenditures include preliminary treatment facility and site improvements, headworks improvements, and standard equipment replacement.	25,754,000	21,831,000
Pumping Plants Planned expenditures include water system control integration and rehabilitation of specific pumping plants.	11,184,000	19,057,000
System-wide Improvements Planned expenditures include miscellaneous system-wide activities such as facilities planning and design, equipment replacement, construction services, and equipment upgrade or replacement.	61,302,000	61,353,000
Terminal Island Water Reclamation Plant Planned expenditures include odor control system investments, primary treatment tank improvements, digester system replacements, and capital equipment replacement.	31,874,000	21,090,000
TOTAL CLEAN WATER CAPITAL IMPROVEMENT EXPENDITURE PROGRAM	<u>\$ 709,444,000</u>	<u>\$ 710,542,000</u>

CAPITAL AND TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM

BASIS FOR THE PROPOSED BUDGET

MUNICIPAL FACILITIES

The 2026-27 Proposed Budget for the Municipal Facilities Capital and Technology Improvement Expenditure Program (CTIEP) relates to current year funding as follows:

	General Fund	Special Funds*	Total Budget	Other Fund**	Total Program
2025-26 Adopted Budget	\$ 19,596,616	\$ 2,700,000	\$ 22,296,616	\$ 121,250,825	\$ 143,547,441
2026-27 Proposed Budget	\$ 17,451,130	\$ 2,700,000	\$ 20,151,130	\$ 92,481,379	\$ 112,632,509
Change from 2025-26 Budget	\$ (2,145,486)	\$ -	\$ (2,145,486)	\$ (28,769,446)	\$ (30,915,164)
Percent Change	(10.9%)	0.0%	(9.6%)	(23.7%)	(21.5%)
* Special Funds consist of the Park and Recreational Sites and Facilities Fund.					
** Other Fund consists of the Municipal Improvement Corporation of Los Angeles (MICLA) financing for various projects (informational only).					

The total 2026-27 program budget for Municipal Facilities CTIEP is approximately \$112.6 million. The program budget consists of \$17.5 million in General Fund, \$2.7 million in special fund appropriations, and \$92.5 million in Municipal Improvement Corporation of Los Angeles (MICLA) financing.

Continuing levels of investments for Municipal Facilities as part of annual capital programs include:

- **Health and Safety Programs:** Critical infrastructure repairs and improvements to address maintenance, health, and safety issues at various City facilities. Repairs include roof repair, lead-paint removal, asbestos removal, fire/life-safety system upgrades, elevator modernization, underground fuel storage tank maintenance, and upgrades of various other building systems. Funding is provided for the most critical infrastructure repairs.
- **Public Safety Capital Programs:** Funding to maintain systems critical to support the operation of emergency services facilities operated by the Fire Department, Police Department, and Animal Services Department.
- **Environmental Remediation:** Capital repair and removal program for Underground Fuel Storage Tanks, along with funding for remediation of contaminated soil and other hazard mitigations for City-owned facilities.
- **Administrative Offices and Recreational and Cultural Centers:** Capital improvement and repair programs for the Figueroa Plaza Buildings, Public Works Building, Van Nuys Civic Center, El Pueblo, Los Angeles Zoo, and various recreational and cultural facilities operated by the Departments of Recreation and Parks and Cultural Affairs.

2026-27 BUDGET HIGHLIGHTS

- **Equity Investments:** Funding to support implementation of social equity objectives within disadvantaged communities of low opportunity for projects that include: Boyle Heights Sports Complex, Las Palmas Senior Citizen Center, Manchester Junior Arts Center, Slauson and Wall Remediation, Southeast Valley Roller Rink, and Warner Grand Theatre.
- **Green Investment and Greenhouse Gas Emissions Reduction:** Funding to support climate goals within Citywide and regional programs including Electric Vehicle Charger Infrastructure, Fire and Police Electric Vehicle Charging Infrastructure, Manchester Junior Arts Center, and Washington Yard Electrification and Microgrid Project.

- Public Safety Facilities Projects: Funding to support the Animal Services Facilities – Turf Replacement, Citywide Security Program, and Police Davis Lead Remediation.
- Space Optimization: Increased funding to develop required work space to support City operations, using City-owned space to avoid incurring ongoing cost of leased space.

City municipal facilities projects financed by the General Fund are subject to a One Percent Assessment for the Arts (Los Angeles Administrative Code Section 19.85). The assessment is due on the total cost of construction, improvement, or remodeling work for each Capital Improvement project. The 2026-27 CTIEP contains \$300,000 from the General Fund to comply with this mandate.

The following table details the proposed amount by funding source for the 2026-27 Municipal Facilities CTIEP.

2026-27 Proposed Amount by Funding Source

Fund	2026-27 Amount
General Fund	\$ 17,451,130
Park and Recreational Sites and Facilities Fund	2,700,000
Sub-Total Budget	<u>\$ 20,151,130</u>
MICLA Financing	\$ 92,481,379
Sub-Total Other Fund	<u>\$ 92,481,379</u>
Total Program	<u>\$ 112,632,509</u>

GENERAL FUND

The capital improvements listed in this section are funded through General Fund appropriations.

PROJECT TITLE	CATEGORY*	EI*	GI/ GHG*	ACTIVITY**	2026-27 AMOUNT
Brownfields Program – Site Remediation	1,2,3	6	-	PP,C	\$ 350,000

Funding is provided to address soil contamination at various City-owned vacant Brownfield sites.

Equity Impact: This program provides a targeted approach to reducing soil contaminants within communities with low opportunities.

Capital Program – Mayfair Hotel	1,2	10	-	C	\$ 1,574,000

Funding is provided to address emergent capital needs at the Mayfair Hotel.

Equity Impact: This proposal has a high potential equity impact as it is a request for increased expense funding for property management services of an interim housing facility for an underserved community.

Capital Program - Zoo	1,3,4,5	10	✓	C	\$ 500,000

Funding is provided to continue to address critical deferred maintenance, emergent capital repair needs, and shortfalls for active capital projects at the Los Angeles Zoo due to aging infrastructure, causing an increased need for repairs, many of which arise on an emergency basis.

Equity Impact: This is a regional facility that supports Citywide service delivery through academic enrichment programming and recreational activities that support youth academic development.

Citywide Building Hazard Mitigation	1,2,4	0	-	C	\$ 750,000

Funding is provided for the continued removal of unanticipated asbestos, lead paint, lead abatement, and mold hazards encountered during maintenance and construction in City buildings.

Citywide Elevator Repairs	1,2,3,4	0	-	C	\$ 1,000,000

Funding is provided for the continued repair and upgrade of elevators at City-owned buildings.

Citywide Nuisance Abatement	1,5	4	-	C	\$ 800,000

Funding is provided to address nuisance abatement issues at City-owned properties. Work will be prioritized to secure these City-owned properties pending disposition for purposes such as economic development.

Equity Impact: A portion of the program provides a targeted approach to addressing nuisance properties that contribute to blight within low-income communities.

Citywide Security Improvement Program	1,4	0	-	C	\$ 1,144,000

Funding is provided to address necessary Citywide security enhancements identified at various City facilities.

* "1" Health & Safety. "2" Legal Mandate. "3" Resiliency & Sustainability. "4" Operations & Cost Savings. "5" Equitable Community Investment & Economic Sustainability/Equity Impact. "EI" Equity Impact Score (See CTIEP Summary for EI definition). "GI/GHG" Green Investment & Greenhouse Gas Emissions Reduction.

** "PP" Preliminary Study. "D" Design. "C" Construction work. "R/W" Land or building acquisition.

GENERAL FUND (cont.)

PROJECT TITLE	CATEGORY*	EI*	GI/ GHG*	ACTIVITY**	2026-27 AMOUNT
Civic and Community Facilities	1,4,5	4	-	C	\$ 1,000,000
Funding is provided to address deferred maintenance, alterations and improvements, and for design or construction start-up of civic and community facilities and to address legally required improvements to City facilities acquired through eminent domain.					
Equity Impact: A portion of the program promotes social equity objectives by activating underused facilities to provide critical services to disadvantaged communities with limited opportunities.					
Community Investment Department Property Maintenance	1,5	2	-	C	\$ 417,740
Funding is provided for pre-development and other associated property expenses associated with the Community Investment Department's portfolio, until such time as the properties are activated or turned over to a private developer.					
Equity Impact: This program supports the implementation of economic development projects in disadvantaged communities.					
Contaminated Soil Removal and Mitigation	1,2,3,4,5	8	-	PP,C	\$ 1,155,000
Funding is provided to continue consultant soil analyses of contaminated sites and technical expertise in preparing mitigation plans for regulatory approval, assessments, and contaminated soil clean-up at City facilities.					
Equity Impact: This program provides a targeted approach to reducing soil contaminants within communities with low opportunities.					
Electric Vehicle Charger Infrastructure	3,4	0	✓	D,C	\$ 500,000
Funding is provided for the installation of electric vehicle charging stations at various locations for employee and public parking and the City's Fleet.					
Fire Life Safety Building Systems (Regulation 4)	1,2,4	0	-	C	\$ 2,163,000
Funding is provided to perform Fire Department Regulation 4 testing, repair, replacement, and certification of mandated fire/life safety, alarm, and monitoring systems of up to 250 buildings.					
Los Angeles River Ecosystem Restoration and Recreation	1,3,5	8	✓	D	\$ 233,320
Funding is provided for the design, engineering, and cost-share obligations with the United States Army Corps of Engineers.					
Municipal Building Renovations	1,2,5	3	-	C	\$ 2,000,000
Funding is provided to address deferred maintenance and renovations at neighborhood City Halls and Council field offices.					
Equity Impact: A portion of the program promotes social equity objectives by providing critical services to disadvantaged communities with limited opportunities.					
Municipal Buildings Energy and Water Management and Conservation	1,2,3,4	0	✓	C	\$ 530,166
Funding is provided for required energy audits, engineering, and retrofit work at City facilities to meet energy and water conservation goals.					

* "1" Health & Safety. "2" Legal Mandate. "3" Resiliency & Sustainability. "4" Operations & Cost Savings. "5" Equitable Community Investment & Economic Sustainability/Equity Impact. "EI" Equity Impact Score (See CTIEP Summary for EI definition). "GI/GHG" Green Investment & Greenhouse Gas Emissions Reduction.

** "PP" Preliminary Study. "D" Design. "C" Construction work. "R/W" Land or building acquisition.

GENERAL FUND (cont.)

PROJECT TITLE	CATEGORY*	EI*	GI/ GHG*	ACTIVITY**	2026-27 AMOUNT
One Percent for the Arts	2	0	-	C	\$ 300,000
Funding is provided for the one percent assessment on General Fund projects. The construction portion of the City's capital improvement projects is subject to a one percent assessment for the arts. Fee assessments on General Fund projects are transferred to the Arts and Cultural Facilities and Services Trust Fund on an annual basis.					
Slauson and Wall Remediation	1,5	9	✓	C	\$ 1,500,000
Funding is provided for the environmental remediation work at the Slauson and Wall site.					
Equity Impact: This project provides a targeted approach to reducing soil contaminants within communities with limited access to resources and opportunities. This project supports the implementation of economic development projects in disadvantaged communities.					
Underground Fuel Storage Tank Repairs and Replacements	1,2,3,4	0	-	PP,D,C	\$ 500,000
Funding is provided for removal, replacement, and/or abandonment of failing underground fuel storage tanks (UST) and associated piping systems and to fund the UST filtering maintenance.					
Yards and Shops – Capital Equipment	1,4	0	-	C	\$ 1,033,904
Funding is provided for equipment repairs and replacement at various facilities throughout the City.					
Subtotal General Fund					<u>\$17,451,130</u>

* "1" Health & Safety. "2" Legal Mandate. "3" Resiliency & Sustainability. "4" Operations & Cost Savings. "5" Equitable Community Investment & Economic Sustainability/Equity Impact. ** "PP" Preliminary Study. "D" Design. "C" Construction work. "R/W" Land or building acquisition.

PARK AND RECREATIONAL SITES AND FACILITIES FUND

The capital projects listed in this section are funded through appropriations from the Park and Recreational Sites and Facilities Fund. This Fund generates funding through a dwelling unit tax assessment on new construction in the City and is restricted to the acquisition and development of parks and recreational sites and facilities.

PROJECT TITLE	CATEGORY*	EI*	GI/ GHG*	ACTIVITY**	2026-27 AMOUNT
Various Recreation and Parks Facilities	2,3,5	8	-	D,C	\$ 2,700,000

Funding is provided for design, acquisition, and construction costs for authorized projects, including shortfalls resulting from cost escalation or other emergent factors.

For 2026-27, priority will be given to address funding shortfalls or repay ineligible costs for Proposition K Specified projects in order to leverage the availability of supplemental funding sources and satisfy the City's legal mandate to complete all remaining program requisites prior to the sunset of the Proposition K program in 2026-27.

Equity Impact: These funds are used to offset funding shortfalls for capital repairs and infrastructure projects for recreational facilities, with priority given to projects located in disadvantaged areas with high needs.

Subtotal Park and Recreational Sites and Facilities Fund	<u>\$ 2,700,000</u>

* "1" Health & Safety. "2" Legal Mandate. "3" Resiliency & Sustainability. "4" Operations & Cost Savings. "5" Equitable Community Investment & Economic Sustainability/Equity Impact. "EI" Equity Impact Score (See CTIEP Summary for EI definition). "GI/GHG" Green Investment & Greenhouse Gas Emissions Reduction.

** "PP" Preliminary Study. "D" Design. "C" Construction work. "R/W" Land or building acquisition.

MICLA-ISSUED FINANCING

Proceeds from the issuance of MICLA lease obligations or other types of debt will be used to finance the projects listed below. The debt service payments associated with these types of financing will be funded by the City through an annual appropriation of General Fund or special fund monies. The issuance of MICLA debt for the projects listed below would require the City to borrow \$92.5 million at an approximate 5.5 percent interest rate over 20 years. The total estimated debt service is \$154.7 million, including interest of approximately \$62.2 million. During the life of the bonds, the estimated average annual debt service is \$7.7 million over 20 years. Actual interest may differ, as rates are dependent on market conditions at the time of issuance.

The following Municipal Facilities projects have been proposed for MICLA-issued financing.

PROJECT TITLE	CATEGORY*	EI*	GI/ GHG*	ACTIVITY**	2026-27 AMOUNT
Access Control Units Replacement	1	0	-	C	\$ 2,852,869
Funding is provided for the replacement of Seos card readers and legacy panels at City Hall East for the Access Control unit.					
Alterations and Improvements Program	1	0	✓	C	\$ 181,481
Funding is provided to repair and upgrade various City facilities.					
Animal Services Facilities – Turf Replacement	1	0	-	C	\$ 619,395
Funding is provided for the installation of artificial turf at the East Valley, Harbor, West Los Angeles, and West Valley Animal Shelters and installation of shade sails at training yards at the West Los Angeles and West Valley Shelters.					
Asphalt Plant No. 1 - Phase II	1,3,4	0	✓	C	\$ 316,000
Funding is provided for the development of a satellite facility to support the operational needs of the new Asphalt Plant No. 1 facility.					
Asphalt Plant No. 1 – Safety Improvements	1,3,4	0	-	C	\$ 1,400,000
Funding is provided for safety improvements at Asphalt Plant No. 1 facility.					
Boyle Heights Sports Complex	1,2,3,5	10	✓	D,C	\$10,510,000
Funding is provided to address the shortfall for this Proposition K specified project, which includes the design and construction of a new gymnasium and recreation center building.					
Equity Impact: This project expands recreational space and youth enrichment programs in a high-density area where over 46 percent of residents live below the 200 percent poverty line.					
Building Equipment Lifecycle Replacement	1,3,4	0	✓	C	\$ 1,115,000
Funding is provided to replace aging, obsolete, and end-of-lifecycle building equipment at the City's highest priority sites.					
Capital Program - Bureau of Street Services	1,4	0	-	C	\$ 1,500,000
Funding is provided to address safety hazards and regulatory compliance issues at yards and shops facilities operated by the Bureau of Street Services.					

* "1" Health & Safety. "2" Legal Mandate. "3" Resiliency & Sustainability. "4" Operations & Cost Savings. "5" Equitable Community Investment & Economic Sustainability/Equity Impact. "EI" Equity Impact Score (See CTIEP Summary for EI definition). "GI/GHG" Green Investment & Greenhouse Gas Emissions Reduction.

** "PP" Preliminary Study. "D" Design. "C" Construction work. "R/W" Land or building acquisition.

MICLA-ISSUED FINANCING (cont.)

PROJECT TITLE	CATEGORY*	EI*	GI/ GHG*	ACTIVITY**	2026-27 AMOUNT
Capital Program - Cultural Affairs	1,3,4,5	10	-	C	\$ 500,000
Funding is provided for the deferred maintenance and emergent issues at various Cultural Affairs sites.					
Equity Impact: The use of these funds ensures that these facilities are maintained to City standards. The Department of Cultural Affairs provides Citywide service delivery through various arts programs that support youth development.					
Capital Program - El Pueblo	1,4,5	10	-	C	\$ 500,000
Funding is provided for capital repairs and infrastructure improvements at El Pueblo de Los Angeles Historical Monument.					
Equity Impact: This historical monument supports the provision of educational and cultural enrichment programming for youth throughout the city as part of the Los Angeles Unified School District (LAUSD) field trips and other collaborations with local organizations that support youth academics and/or recreational activities, including excursions to local hiking trails and exploration of the historic exhibits and structures located at this facility.					
Capital Program - Figueroa Plaza Buildings	1,4	0	✓	C	\$ 1,550,000
Funding is provided for capital repairs and infrastructure improvements at Figueroa Plaza Buildings.					
Capital Program - Public Works Building	1,4	0	✓	C	\$ 1,000,000
Funding is provided for the capital repairs and infrastructure improvements at the Public Works Building.					
Capital Program - Van Nuys Civic Center	1,4	0	✓	C	\$ 500,000
Funding is provided for capital repairs and infrastructure improvements at Van Nuys City Hall complex, which serves as a City hub in the Van Nuys area, including the Marvin Braude Building.					
Capital Program - Zoo	1,3,4,5	10	✓	C	\$ 2,000,000
Funding is provided to continue to address critical deferred maintenance, emergent capital repair needs, and shortfalls for active capital projects at the Los Angeles Zoo due to aging infrastructure, causing an increased need for repairs, many of which arise on an emergency basis.					
Equity Impact: This is a regional facility that supports Citywide service delivery through academic enrichment programming and recreational activities that support youth academic development.					
Citywide Infrastructure Improvements	1,3,4	0	✓	C	\$ 338,027
Funding is provided to address health and safety-related infrastructure issues on a Citywide basis. Projects include safety and security repairs, air-conditioning, water supply systems, fixtures, and other critical maintenance items.					
Equity Impact: This is a regional facility that supports Citywide service delivery through academic enrichment programming and recreational activities that support youth academic development.					
Citywide Roof Capital Repairs	1,4	0	-	C	\$ 1,800,000
Funding is provided to address critical roof repairs at City facilities with the most critical problems, including removal and replacement of damaged or degraded roofs, downspouts, gutters, expansion joints, waterproofing, and expanded cool roof applications.					

* "1" Health & Safety. "2" Legal Mandate. "3" Resiliency & Sustainability. "4" Operations & Cost Savings. "5" Equitable Community Investment & Economic Sustainability/Equity Impact. "EI" Equity Impact Score (See CTIEP Summary for EI definition). "GI/GHG" Green Investment & Greenhouse Gas Emissions Reduction.

** "PP" Preliminary Study. "D" Design. "C" Construction work. "R/W" Land or building acquisition.

MICLA-ISSUED FINANCING (cont.)

PROJECT TITLE	CATEGORY*	EI*	GI/ GHG*	ACTIVITY**	2026-27 AMOUNT
Citywide Security Improvement Program	1,4	0	-	C	\$ 1,004,150
Funding is provided to address necessary Citywide security enhancements identified at various City facilities.					
Deferred Maintenance Program	1,3,4	0	-	C	\$ 5,518,831
Funding is provided to address deferred maintenance needs throughout the City as a result of insufficient funding for a comprehensive preventative maintenance program to identify and repair issues early to extend the useful life of building systems.					
El Pueblo Security Camera Project Phase III	1,5	7	-	C	\$ 249,760
Funding is provided for the completion of Phase III of the security camera installation project at El Pueblo.					
Equity Impact: This historical monument supports the provision of educational and cultural enrichment programming for youth throughout the city as part of the LAUSD field trips and other collaborations with local organizations that support youth academics and/or recreational activities, including excursions to local hiking trails and exploration of the historic exhibits and structures located at this facility.					
Electric Vehicle Charger Infrastructure	3,4	0	✓	D,C	\$ 4,000,000
Funding is provided for the installation of electric vehicle charging stations at various locations for employee and public parking and the City's Fleet.					
Electric Vehicles Infrastructure for Yards and Shops	1,3,4	0	✓	C	\$ 1,200,000
Funding is provided to install electric vehicle charging stations at various Bureau of Street Services yards.					
Hollyhock Roof Replacement	1,2,4,5	6	-	C	\$ 2,838,574
Funding is provided to replace the roof on the Hollyhock House located at Barnsdall Art Park.					
Equity Impact: This historical monument supports the provision of educational and cultural enrichment programming for all ages as the sole UNESCO World Heritage designated site in the region.					
Las Palmas Senior Citizen Center - Renovation / Decarbonization	1,3,4,5	10	✓	C	\$ 1,407,300
Funding is provided for the shortfall for the Las Palmas Senior Center project.					
Equity Impact: This project will serve the senior population. In addition to serving as a cooling center, this location also provides the ability to purchase affordable hot lunches and provides for regular social interactions for seniors.					
Los Angeles Convention Center Electrical Infrastructure	1,3,4	0	-	C	\$ 1,850,000
Funding is provided to replace outdated electrical components at the Los Angeles Convention Center (LACC).					
Los Angeles Convention Center Emergency Generators	1,3	0	-	C	\$ 700,000
Funding is provided to replace the existing generators at LACC.					
Los Angeles Convention Center Escalator Replacement Program	1,4	0	-	C	\$ 2,100,000
Funding is provided to replace escalators that cannot be modernized at LACC.					

* "1" Health & Safety. "2" Legal Mandate. "3" Resiliency & Sustainability. "4" Operations & Cost Savings. "5" Equitable Community Investment & Economic Sustainability/Equity Impact. "EI" Equity Impact Score (See CTIEP Summary for EI definition). "GI/GHG" Green Investment & Greenhouse Gas Emissions Reduction.

** "PP" Preliminary Study. "D" Design. "C" Construction work. "R/W" Land or building acquisition.

MICLA-ISSUED FINANCING (cont.)

PROJECT TITLE	CATEGORY*	EI*	GI/ GHG*	ACTIVITY**	2026-27 AMOUNT
Los Angeles Convention Center Fire System Infrastructure	1,3,4	0	-	C	\$ 1,500,000
Funding is provided to replace the existing fire system infrastructure throughout the West Hall garage level at LACC.					
Los Angeles Convention Center Fleet Replacement	4	0	-	C	\$ 500,000
Funding is provided to replace obsolete fleet and equipment at LACC.					
Los Angeles Convention Center IT Infrastructure Upgrade	4	0	-	C	\$ 350,000
Funding is provided to replace the existing end-of-life information technology equipment and infrastructure at LACC.					
Los Angeles Convention Center Restroom Modernization	1,3,4	0	-	C	\$ 7,000,000
Funding is provided to modernize and upgrade restrooms in the West Hall to meet the Americans with Disabilities Act compliance at LACC.					
Los Angeles Municipal Art Gallery Improvements	1,5	9	-	C	\$ 436,320
Funding is provided for improvements at the Los Angeles Municipal Art Gallery including balcony earthquake retrofit, waterproofing of the East gallery wall, and restoration of the theater entrance retaining wall.					
Equity Impact: The Department of Cultural Affairs (DCA) administers programs that directly service low-income communities and people of color. These services are carried out within the City-managed art centers and theaters which are primarily located within communities with residents who have less access to resources and opportunities and face additional burdens or barriers to success.					
Manchester Junior Arts Center	2,3,5	10	-	C	\$ 4,881,491
Funding is provided to address the funding shortfall for this Proposition K specified project which will renovate the Old Fire Station 54 into a Junior Arts Center.					
Equity Impact: The new facility will serve as a regional center for the South Los Angeles communities to provide cultural programming for disadvantaged youth. This project will address current service inequities. This location has over 28 percent of the population living below the 200 percent poverty line.					
Municipal Building Renovations	1,2,5	3	-	C	\$ 2,000,000
Funding is provided to address deferred maintenance and renovations at neighborhood City Halls and Council field offices.					
Equity Impact: A portion of the program promotes social equity objectives by providing critical services to disadvantaged communities with limited opportunities.					
Municipal Buildings Energy and Water Management and Conservation	1,2,3,4	0	✓	C	\$ 2,135,834
Funding is provided for required energy audits, engineering, and retrofit work at City facilities to meet energy and water conservation goals.					

* "1" Health & Safety. "2" Legal Mandate. "3" Resiliency & Sustainability. "4" Operations & Cost Savings. "5" Equitable Community Investment & Economic Sustainability/Equity Impact. "EI" Equity Impact Score (See CTIEP Summary for EI definition). "GI/GHG" Green Investment & Greenhouse Gas Emissions Reduction.

** "PP" Preliminary Study. "D" Design. "C" Construction work. "R/W" Land or building acquisition.

MICLA-ISSUED FINANCING (cont.)

PROJECT TITLE	CATEGORY*	EI*	GI/ GHG*	ACTIVITY**	2026-27 AMOUNT
Nate Holden Theater Improvements	1,3,5	5	-	C	\$ 1,812,300
Phased funding is provided for the Nate Holden Theater Improvement Project.					
Equity Impact: The use of these funds ensures that these facilities are maintained to City standards. The DCA provides Citywide service delivery through various arts programs that support youth development.					
Police Davis Lead Remediation	1,2,4	0	-	C	\$ 500,000
Funding is provided for the renovation and replacement of the Davis Training Facility firing range air ventilation system.					
Police Electric Vehicle Charger Installation and Power Upgrades	1,3,4	0	✓	PP,D,C	\$ 1,000,000
Funding is provided to plan, prioritize, and address Police's most critical electric vehicle charging infrastructure at various locations.					
Police Station Door Fronts	1,4	0	-	C	\$ 50,000
Funding is provided to address overhead door, automatic gate, and awning repairs at Police stations.					
Police West Los Angeles Jail	1,4,5	5	-	C	\$ 2,000,000
Funding is provided to renovate the decommissioned jail at the West Los Angeles Community Police Station.					
Equity Impact: The rehabilitated facility will ensure that there are gender equitable locker rooms, showers, and lactation amenities.					
Public Safety Facilities - Animal Services	1,3,4	0	✓	C	\$ 584,311
Funding is provided to address ongoing repairs to support capital improvements at various Animal Services facilities.					
Public Safety Facilities - Police	1,4	0	✓	C	\$ 2,124,051
Funding is provided to address ongoing repairs to support capital improvements at various Police Department facilities.					
Public Safety Facilities - Police Administration Building	1,4	0	-	C	\$ 280,000
Funding is provided to address ongoing repairs to support capital improvements at the Public Administration Building.					
Revenue Control Equipment for Los Angeles Mall	1,4	0	-	C	\$ 395,000
Funding is provided to replace the parking revenue control equipment at the Los Angeles Mall Parking Garage.					
Seventh Street Body Shop	4	0	✓	C	\$ 2,110,000
Funding is provided for the replacement of the Seventh Street Body Shop.					

* "1" Health & Safety. "2" Legal Mandate. "3" Resiliency & Sustainability. "4" Operations & Cost Savings. "5" Equitable Community Investment & Economic Sustainability/Equity Impact. "EI" Equity Impact Score (See CTIEP Summary for EI definition). "GI/GHG" Green Investment & Greenhouse Gas Emissions Reduction.

MICLA-ISSUED FINANCING (cont.)

PROJECT TITLE	CATEGORY*	EI*	GI/ GHG*	ACTIVITY**	2026-27 AMOUNT
Sixth Street Park, Arts, and River Connectivity (PARC) Improvement Project	3,5	10	✓	C	\$ 1,400,000

Funding is provided for continued construction activities at the Sixth Street PARC project.

Equity Impact: This project creates 12 acres of park space in a densely populated portion of the City with few recreational amenities. Located between the Arts District and Boyle Heights, a disproportionate percentage of the population lives below the federal poverty level, suffers unemployment, and pays more than 50 percent of their income towards housing costs.

Sixth Street Park, Arts, and River Connectivity (PARC) Improvement Project – Security Cameras	1,5	10	-	C	\$ 330,000

Funding is provided for the installation of security cameras at the Sixth Street PARC project.

Equity Impact: This project creates 12 acres of park space in a densely populated portion of the City with few recreational amenities. Located between the Arts District and Boyle Heights, a disproportionate percentage of the population lives below the federal poverty level, suffers unemployment, and pays more than 50 percent of their income towards housing costs.

Southeast Valley Roller Rink	2,4	8	-	C	\$ 1,477,600

Phased funding is provided over multiple subsequent years to address the funding shortfall at this facility for this Proposition K specified project which will construct a new roller rink and recreation center.

Equity Impact: The Sun Valley community is a high equity index area that does not currently have access to the type of open space and infrastructure that this new roller rink and recreation center will provide.

Southeast Yard Reconstruction	1,2,3,4	0	✓	PP,D,C	\$ 1,604,096

Funding is provided for the pre-design and design of the Department of Recreation and Park's Southeast Yard facility.

Space Optimization Tenant Work	1,2,4	0	-	C	\$ 2,000,000

Funding is provided for the lease-avoidance measure to use one-time investments to modify City-owned workspaces to accommodate increased staffing levels or other significant operational changes impacting workspace needs.

Warner Grand Theatre Phase II	1,4,5	10	-	C	\$ 880,000

Phased funding is provided over multiple subsequent years to continue the renovation of the Warner Grand Theatre.

Equity Impact: This project is located in a dense area of the residents living below the 200 percent poverty line.

Washington Yard Electrification and Microgrid Project	1,2,3,4,5	8	✓	C	\$ 910,000

Funding is provided to upgrade the Department of Transportation's transit maintenance and operations facility with five 1.44 megawatt battery-electric bus chargers with 88 direct current dispensers, solar panels atop car port canopies, and a battery energy storage system.

Equity Impact: This program will serve Boyle Heights, East LA, Lincoln Heights, Chinatown, Pico Union, Echo Park, Leimert, Slauson, Crenshaw, and 11 other communities to target disadvantaged and low-income communities and communities that have historically been underserved by the DASH program. The project will enable the Department of Transportation to convert all DASH buses that operate on these routes to battery-electric, which will improve air quality, reduce noise pollution, and ensure service in the event of a grid failure or blackout.

* "1" Health & Safety. "2" Legal Mandate. "3" Resiliency & Sustainability. "4" Operations & Cost Savings. "5" Equitable Community Investment & Economic Sustainability/Equity Impact. Change from 2025-26 Budget	\$	(10,575,601)	\$	(46,686,262)	\$ 67,464,994	\$ 10,203,131	\$ (25,000,000)
Percent Change		(100.0%)		(32.6%)	100.0%	6.6%	(100.0%)
*Proposition O funding amount is provided for informational purposes only.							

The Proposed Budget for the Physical Plant CTIEP focuses on projects that will promote public safety by repairing/improving the public right of way, resolving flooding issues, and providing clean water.

BUDGET HIGHLIGHTS

The Physical Plant CTIEP includes funding for:

- Three watershed management projects totaling \$7.9 million for water quality improvements required by the Clean Water Act under the City's Enhanced Watershed Management Program, funded through the Measure W Local Return Fund; and,
- 45 Street-related improvements totaling \$156.1 million, sourced from the from the Propositions C Anti-Gridlock Transit Fund (\$0.3 million), Road Maintenance and Rehabilitation (SB1) Fund (\$72.7 million), Measure M Local Return Fund (\$11.6 million), Measure R Local Return Fund (\$2.9 million), Municipal Improvement Corporation of Los Angeles (MICLA) financing (\$67.5 million), and the Local Transportation Fund (\$1.1 million).

CTIEP – Physical Plant

	2025-26 Adopted Budget	2026-27 Proposed Budget

Total – Watershed Management Projects	<u>\$ 14,984,298</u>	<u>\$ 7,900,978</u>
STREET PROJECTS		
Street Repair and Pedestrian Improvement	\$ 138,099,738	\$ 155,586,189
In 2026-27, funds are provided from the Propositions C Anti-Gridlock Transit Fund (\$255,046), the SB1 Fund (\$72,766,149), Measure M Local Return Fund (\$11,085,738), Measure R Local Return Fund (\$2,896,262), Local Transportation Fund (\$1,118,000), and MICLA (\$67,464,994) for public safety street improvements, hillside stabilization projects, pedestrian safety projects, and the reconstruction of streets that are extensively deteriorated.		
CONTINGENCIES	\$ 700,000	\$ 500,000
Funds are provided from the Measure M Local Return Fund (\$500,000) for eligible Physical Plant projects. The City Administrative Officer may approve transfers from the Contingencies Account to any project previously approved by the Mayor and Council within the CTIEP.		
Total – Street Projects	<u>\$ 138,799,738</u>	<u>\$ 156,086,189</u>
CAPITAL AND TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM – PHYSICAL PLANT	<u>\$ 153,784,036</u>	<u>\$ 163,987,167</u>

WATERSHED MANAGEMENT PROJECTS

The capital improvements listed in this section are funded from the Measure W Local Return Fund.

PROJECT TITLE	MOBILITY*	CATEGORY*	EI*	CI*	ACTIVITY*	2026-27 AMOUNT
MacArthur Park Rehabilitation Project	-	1,2,3,5	10	✓	C	\$ 3,000,000
Funding is provided by the Measure W Local Return Fund to install a stormwater capture system using the lake as storage.						
Stormwater System Integration	-	1,3,5	2	✓	D	\$ 2,000,000
Funding is provided by the Measure W Local Return Fund to design a standard programmable logic controller program for all stormwater facilities.						
Wilmington Q Street Local Area Urban Flow Management Project	-	1,2,3,5	6	✓	C	\$ 2,900,978
Funding is provided by the Measure W Local Return Fund to install infrastructure for stormwater capture, treatment, and community enhancement.						
Subtotal Watershed Management Projects						<u>\$ 7,900,978</u>

STREET PROJECTS

The capital improvements listed in this section are funded from the the Road Maintenance and Rehabilitation (SB1) Fund, the Measure M Local Return Fund, the Measure R Local Return Fund, MCLRA, Proposition C Anti-Gridlock Transit Fund, and the Local Transportation Fund.

PROJECT TITLE	MOBILITY*	CATEGORY*	EI*	CI*	ACTIVITY*	2026-27 AMOUNT
2028 Games First Last Mile Projects	-	1,2,3,5	8	✓	C	\$ 12,000,000
Funding is provided by the SB1 Fund to improve safety, accessibility, and multimodal mobility ahead of the 2028 Games. The scope of work includes the installation of protected bike lanes, pedestrian crossings, Americans with Disabilities Act (ADA)-compliant curb ramps, sidewalk reconstruction, and pavement rehabilitation to ensure public safety.						
2028 Games Pico Boulevard Safety and Mobility Plan Project	BLN, PED	1,2,3,5	8	✓	C	\$ 704,050
Funding is provided by the SB1 Fund to deliver safety and mobility improvements along Pico Boulevard between Crenshaw Boulevard and Figueroa Street. The scope of work includes resurfacing, slurry seal, and street repair to improve public safety.						
2028 Games Sidewalk Maintenance at Venue Approaches	-	1,5	8	✓	C	\$ 3,500,000
Funding is provided by the SB1 Fund for contracted sidewalk repair services to ensure accessible pedestrian facilities and support public safety.						
2028 Games Project Sixth Street Viaduct Lighting	BEN, PED, TEN	1,4,5	6	-	C	\$ 1,000,000
Funding is provided by the SB1 Fund to install lighting for public safety on the Sixth Street Viaduct.						
2028 Games Sunset Boulevard/ Chavez Avenue Safety and Mobility Project	TEN, PED,	1,2,3,5	6	✓	C	\$ 928,345
Funding is provided by the SB1 Fund to deliver safety and mobility improvements along Sunset Boulevard and Cesar Chavez Avenue between Alameda Street and Douglas Street. The scope of work includes resurfacing, slurry seal, and street repair to improve public safety.						
2028 Games Venue Approaches	-	1,3,4,5	8	✓	C	\$ 5,000,000
Funding is provided by the SB1 Fund for projects in the public right of way around 2028 Games venues. The scope of work includes new crosswalks, street resurfacing, and slurry-seal to support public safety.						
2nd Street Tunnel Rehabilitation	-	1,4	6	-	D/C	\$ 1,000,000
Funding is provided by the SB1 Fund for design of the construction, removal of the existing tiles, and replacement of the existing drainage system to ensure safety of traffic within the street tunnel.						
2nd Street Tunnel Safety Maintenance and Cleaning	-	1,2	6	-	C	\$ 84,000
Funding is provided by the SB1 Fund for various safety repairs within the street tunnel to ensure public safety.						
3rd Street Tunnel Safety Maintenance and Cleaning	-	1,2	4	-	C	\$ 89,000
Funding is provided by the SB1 Fund for various safety repairs within the street tunnel to ensure public safety.						

*Mobility - "BEN" Bicycle Enhanced Network, "BLN" Bicycle Lane Network, "GMN" Good Movement Network, "PED" Pedestrian Enhanced Districts, "NEN" Neighborhood Enhanced Network, "TEN" Transit Enhanced Network, "VEN" Vehicle Enhanced Network. PROJECT TITLE	MOBILITY*	CATEGORY*	EI*	CI*	ACTIVITY*	2026-27 AMOUNT
Active Transportation Program Round 4: 112th Street and Flournoy Elementary Schools Safety Improvements Project	BEN,PED, TEN	1,5	10	✓	C	\$ 2,237,000
Funding is provided by the SB1 Fund for Active Transportation Projects along 112 th Street. The scope of work includes safety improvements for pedestrians to support public safety.						
Active Transportation Program Round 4: Alexandria Elementary School Neighborhood Safety Improvements Project	-	1,5	9	✓	C	\$ 1,125,000
Funding is provided by the SB1 Fund for Active Transportation Projects. The scope of work includes safety improvements for pedestrians and bicyclists and speed-reduction measures to support public safety.						
Active Transportation Program Round 4: Liechty Middle and Neighborhood Elementary Schools Safety Improvement Project	-	1,5	10	✓	C	\$ 2,153,914
Funding is provided by the SB1 Fund for Active Transportation Projects. The scope of work includes safety improvements for pedestrians and bicyclists and speed-reduction measures to support public safety.						
Active Transportation Program Round 6: Safe Routes to Schools Center City Schools Neighborhood Safety & Climate Resilience Project	-	1,5	8	✓	C	\$ 977,000
Funding is provided by the SB1 Fund for Active Transportation Projects. The scope of work includes safety improvements for pedestrians and bicyclists and speed-reduction measures to support public safety.						
Affordable Housing and Sustainable Communities Grant (Rounds 3 - 5) Supplemental Gap Funding	BEN, BLN, PED, TEN	1,3,5	10	✓	C	\$ 16,180,768
Funding is provided by the SB1 Fund to bridge gaps in street transportation improvements for projects supported by the Affordable Housing Sustainable Communities (AHSC) Grant.						
Blue Canyon Drive (3751) Bulkhead	-	1,2	2	-	C	\$ 576,000
Funding is provided by the SB1 Fund to construct a bulkhead to restore lateral support to the roadway and ensure public safety.						
Bridge and Tunnel Maintenance Program	-	1,2,4	0	-	C	\$ 420,000
Funding is provided by the SB1 Fund for the annual bridge maintenance program to make minor structural repairs and provide preventative maintenance to City tunnels and bridges to provide for public safety.						

*Mobility - "BEN" Bicycle Enhanced Network, "BLN" Bicycle Lane Network, "GMN" Good Movement Network, "PED" Pedestrian Enhanced Districts, "NEN" Neighborhood Enhanced Network, "TEN" Transit Enhanced Network, "VEN" Vehicle Enhanced Network. PROJECT TITLE	MOBILITY*	CATEGORY*	EI*	CI*	ACTIVITY*	2026-27 AMOUNT
Bridge Preventative Maintenance Program (BPMP) 838 Project	-	1	8	-	D/C	\$ 471,795
Funding is provided by the SB1 Fund to repair and replace deteriorated bridge expansion joints and deck overlays at ten bridge locations throughout the San Fernando Valley.						
Connecting Canoga Park Through Safety and Urban Cooling Improvements	BEN,BLN, NEN,PED	1,3,5	8	✓	C	\$ 2,000,000
Funding is provided by the SB1 Fund to deliver pedestrian, bicycle, and traffic-calming improvements to approximately seven miles of streets in the Canoga Park to connect the community to the Metro Orange Line. The scope of work includes street and sidewalk improvements, ADA-compliance curb ramps, and crossings to ensure public safety.						
Contingency	-	1	-	-	C	\$ 500,000
Funding is provided by the Measure M Local Return Fund for unanticipated shortfalls and other capital needs during the fiscal year.						
Destination Little Ethiopia Signature Streetscapes & Green Alleys	BEN,BLN, PED	1	3	-	PP	\$ 500,000
Funding is provided by the Measure M Local Return Fund to determine the feasibility and environmental impact of the Destination Little Ethiopia Signature Streetscapes and Green Alleys Project. The scope of work for the project includes curb extensions, ADA-compliance curb ramps, mid-block crossings, median islands, pedestrian-scale lighting, high-visibility crosswalks, flashing beacon signals, and green alley/water infiltration systems.						
Eastern Ave Multi-Modal Transportation Improvement Projects - Federal Grant Projects	BEN,TEN, PED,NEN	1,2	4	✓	C	\$ 1,000,000
Funding is provided by the SB1 Fund to deliver a multimodal safety and mobility improvements project along a 1.5-mile corridor in the El Sereno neighborhood. The scope of work includes new pedestrian and bicycle facilities, transit accessibility upgrades, and traffic enhancements to ensure public safety.						
Erosion Control for Hillside Damage	-	1,2	2	-	C	\$ 400,000
Funding is provided by the SB1 Fund to address emergency repair projects due to soil erosion.						
Fellowship Parkway (2365) Road Repair	-	1	3	-	C	\$ 915,000
Funding is provided by the SB1 Fund to construct a new concrete retaining curb and to remove, recompact, and reconstruct a settling section of the roadway, restoring lateral support and ensuring public safety.						
Flora Morgan Trail (7016-7151) Bulkheads	-	1	4	-	C	\$ 1,039,500
Funding is provided by the SB1 Fund to construct a bulkhead to restore lateral support to the roadway and ensure public safety.						
Glendale-Hyperion Complex of Bridges	BEN, BLN, NEN, PED	1,3,5	6	✓	C	\$ 67,464,994
Funding is provided by MICLA Financing to seismically retrofit and rehabilitate the existing viaduct complex along the Hyperion Avenue and Glendale Boulevard historic corridor.						

*Mobility - "BEN" Bicycle Enhanced Network, "BLN" Bicycle Lane Network, "GMN" Good Movement Network, "PED" Pedestrian Enhanced Districts, "NEN" Neighborhood Enhanced Network, "TEN" Transit Enhanced Network, "VEN" Vehicle Enhanced Network. CAPITAL AND TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM

BASIS FOR THE PROPOSED BUDGET

TECHNOLOGY

The 2026-27 Proposed Budget for the Capital and Technology Improvement Expenditure Program (CTIEP) relates to current year funding as follows:

	General Fund	Special Funds	Total Budget	MICLA	Total Program
2025-26 Adopted Budget	\$ 20,130,300	\$ 3,035,800	\$ 23,166,100	\$ --	\$ 23,166,100
2026-27 Proposed Budget	37,012,095	8,691,005	45,703,100	6,500,000	52,203,100
Change from 2025-26 Budget	16,881,795	5,655,205	22,537,000	6,500,000	29,037,000
Percent Change	83.9%	186.3%	97.3%	N/A	125.3%

The City's Financial Policies include technology infrastructure as a component of the City's Capital and Technology Improvement Policy. Technology projects are budgeted within the individual department that administers the project and are summarized herein.

To be included within the Technology CTIEP, a technology project must represent a significant investment in technology infrastructure, including major technology systems. Physical technology projects such as the replacement or installation of radio towers, network equipment, and fiber optic infrastructure are included in the Technology CTIEP. Technology CTIEP projects can also include the upgrade, replacement, or new implementation of systems, for which significant investments are in software or cloud-hosted applications that do not always have a physical component. Typically, a technology project must have a total estimated cost of \$1.0 million to be included in the Technology CTIEP unless the project is determined to have a significant Citywide impact. Expenditures for routine maintenance and the replacement of personal computer equipment are not eligible for inclusion in the Technology CTIEP.

Significant technology projects budgeted in the 2026-27 CTIEP include:

- Funding of \$2.0 million to replace the civil case management system;
- Funding of \$24.9 million to replace the LATAX system; and,
- Funding of \$3.6 million for the sixth year of development of the Public Works, Bureau of Street Services Enterprise Asset Management System.

All items are funded by the General Fund, unless otherwise noted in the descriptions on the following page.

**2026-27
Proposed
Budget****TECHNOLOGY CAPITAL AND TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM
PROJECTS**

General City Purposes – Open Data and Digital Services	\$ 1,274,000
Deployment, creation, or maintenance of open data platforms and digital services that enable efficiencies, openness, and participation.	
Information Technology Agency – Network Outage Prevention	500,000
Replacement of obsolete network routers and switches that are part of the network infrastructure that provides internet access and supports the operations of various City departments.	
Information Technology Agency – Public Safety Radio Equipment Services	1,500,000
Infrastructure upgrades at various remote mountaintop microwave, radio, and network sites that support public safety radio communications for the Los Angeles Police Department and Los Angeles Fire Department, including 9-1-1 dispatch.	
Los Angeles Fire Department – Radio Repeaters	1,500,000
Purchase and installation of mountainous radio repeaters. Funding is provided by the Municipal Improvement Corporation of Los Angeles (MICLA).	
Los Angeles Police Department – Data Center Disaster Recovery	850,000
Establishment of a secondary disaster recovery virtual machine farm. Funding is provided by the Forfeited Assets Trust Fund.	
Los Angeles Police Department – Radio Network Upgrade	5,000,000
Upgrade of the radio network in preparation for the 2028 Games operations. Funding is provided by MICLA.	
Los Angeles Police Department – Sworn Technology Equipment	7,000,000
Deployment of body worn video cameras and digital in-car video cameras. Partial funding is provided by the Supplemental Law Enforcement Services Fund (\$4,693,705).	
Office of Finance – LATAX System Transformation Project	24,881,800
Project management and system implementation of the LATAX System Transformation Project.	
Public Works, Bureau of Street Lighting – Co-Location Small Cell Communication	1,647,300
Deployment of small cell equipment on streetlight poles. Funding is provided by the Street Lighting Maintenance Assessment Fund.	
Public Works, Bureau of Street Lighting – Smart City and Street Lighting Technology Initiatives	1,500,000
Purchase, testing, and pilot programs of Smart City products to develop a Street Lighting Smart City Plan. Funding is provided by the Street Lighting Maintenance Assessment Fund.	
Public Works, Bureau of Street Services – Enterprise Asset Management System	3,550,000
Sixth year of development of the Enterprise Asset Management System, which is the central hub of all the asset data along with business intelligence tools to be used in the planning, prioritization, management, and execution of street operations and projects.	

**2026-27
Proposed
Budget**

Unappropriated Balance – Civil Case Management System Replacement \$ 2,000,000
Replacement of the Office of the City Attorney's civil case management system.

Unappropriated Balance – Workday Payroll Integration 1,000,000
Implementation of payroll integration solutions for the Los Angeles Police Department.

TOTAL TECHNOLOGY
CAPITAL AND TECHNOLOGY IMPROVEMENT EXPENDITURE PROGRAM **\$ 52,203,100**

EMERGENCY OPERATIONS FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Emergency Operations Fund (EOF) relates to the current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 679,688	
2026-27 Proposed Budget	\$ 748,884	
Change from 2025-26 Budget	\$ 69,196	10.2%

The 2026-27 EOF Budget provides funding for one-time costs for the Emergency Operations Center (EOC) facility repairs and upgrades, annual fees for software licenses, data subscriptions, phone services, equipment items and upgrades, and printing costs for emergency preparedness and response activities. This budget provides specific resources to assist the member departments of the Emergency Operations Organization to prepare for, respond to, mitigate, and recover from local emergencies such as terrorist attacks, earthquakes, fires, and other disasters. Funds in the EOF are expended by the General Manager of the Emergency Management Department, subject to the approval of the Chief of Police, who acts as the Chairperson of the Emergency Operations Board.

Appropriations	2025-26 Adopted Budget	2026-27 Proposed Budget
Printing and Binding – Includes funding for the publication of print materials for community events and EOC activations.	\$ 7,000	\$ 7,000
Contractual Services – Includes funding for annual fees for software licenses and usage, data subscriptions, and emergency alert and public communications services. This allocation also includes one-time funding for badge reader repairs.	679,837	666,147
Office and Administrative – Includes funding for EOC satellite television and satellite phone services.	42,851	49,451
Operating Supplies and Equipment – Includes funding for EOC responder meals during sustained activations.	-	26,286
Furniture, Office and Technical Equipment – Included funding for the replacement of EOC computers.	9,000	-
Reduction in Total Appropriation – Prior year savings were used to reduce total General Fund appropriations for the EOF.	(59,000)	-
TOTAL APPROPRIATIONS	<u>\$ 679,688</u>	<u>\$ 748,884</u>

THIS PAGE INTENTIONALLY LEFT BLANK

ETHICS COMMISSION

PUBLIC MATCHING CAMPAIGN FUNDS TRUST FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Public Matching Campaign Funds Trust Fund (Trust Fund) relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ --	
2026-27 Proposed Budget	\$ 4,275,471	
Change from 2025-26 Budget	\$ 4,275,471	N/A

Charter section 471(c)(1) requires an annual General Fund appropriation to the Trust Fund equal to the current value of \$2 million in 1991 dollars. The current value is determined using the Consumer Price Index (CPI) for all consumer items other than housing for the metropolitan statistical area of Los Angeles-Long Beach-Anaheim, CA. The annual appropriation must be adjusted each year to reflect changes in the CPI since 1991. The required appropriation amount for 2026-27 is \$4,275,471.

Charter section 471(c)(1) provides that the City Council, by two-thirds vote, may reduce or withhold the Trust Fund's annual appropriation if all of the following occur: (1) the City Council declares a fiscal emergency by resolution for that fiscal year; (2) the Trust Fund balance is at least \$8 million in 1991 dollars adjusted for CPI; and (3) the City Council has considered the Ethics Commission's analysis on projected costs and public funding needs for the next four years. For 2026-27, \$8 million in 1991 dollars adjusted for CPI is \$17,101,885.

Charter section 471(c)(2) provides that City Council, by two-thirds vote, may temporarily transfer money from the Trust Fund to meet other obligations if all of the following occur: (1) the City Council declares a fiscal emergency by resolution for that fiscal year; (2) the City Council has considered the Ethics Commission's analysis on projected costs and public funding needs for the next four years; and (3) the transferred funds are limited to funds that exceed a minimum balance of \$8 million in 1991 dollars adjusted for CPI. The transferred funds must be reimbursed to the Trust Fund upon the earlier of the date the Ethics Commission determines that the funds are needed or the end of the next fiscal year.

The Ethics Commission projects total payouts of \$15 million in 2025-26 and 2026-27 for the regular 2026 primary and general elections, which will include three Citywide and eight odd-numbered City Council seats. The Trust Fund balance is expected to be approximately \$12 million on June 30, 2026.

The City Council has not declared a fiscal emergency by resolution for 2026-27; therefore, the required appropriation for the Public Matching Campaign Funds Trust Fund for 2026-27 is \$4,275,471.

2026-27 Minimum Fund Balance required to reduce or withhold annual appropriation:	\$17,101,885
Estimated balance on June 30, 2026:	\$12,400,000
Required appropriation for 2026-27:	<u>\$4,275,471</u>
Estimated balance on July 1, 2026:	\$16,675,471

THIS PAGE INTENTIONALLY LEFT BLANK

GENERAL CITY PURPOSES

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for General City Purposes (GCP) relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 313,751,170	
2026-27 Proposed Budget	\$ 518,447,858	
Change from 2025-26 Budget	\$ 204,696,688	65.2%

The GCP provides funding for the costs of special services or purposes not readily chargeable to a specific department of the City. These include items related to the Promotion of the Image of the City, Governmental Services, and Intergovernmental Relations. The contracts and programs included within the GCP will be monitored by various City departments. These monitoring departments and the City Clerk are responsible for drafting appropriate contracts (subject to the approval of the City Attorney) and presenting them to the contractors for execution. These departments also handle contract compliance and payment request approvals. At the conclusion of every contract, the monitoring departments perform initial and final contract close-out reviews. In addition to contract monitoring, the Office of the City Clerk is responsible for assuring Citywide consistency in the GCP Program.

PROMOTION OF THE IMAGE OF THE CITY

Financial support for advertising the merits of the City in connection with such events as conventions, parades, official visits of foreign dignitaries, or any other special events or projects that would either create tourism in the City or result in favorable advertising or publicity of the merits of the City.

Program Changes	2025-26 Adopted Budget	Change From 2025-26 Budget	2026-27 Proposed Budget
Other Changes or Adjustments			
Administered by: City Clerk			
1. Council District Community Services. This allocation enabled each Council office to fund services that directly benefited the public within the Council District including community clean-up and graffiti removal services. Council offices also provided funds for community events, community programs, and non-profit organizations. Funding is not continued in 2026-27. Funding from 2025-26 will be reappropriated to 2026-27.	\$ 1,276,200	\$ (1,276,200)	\$ -
2. Official Visits of Dignitaries. The City Clerk will expend funds as authorized and directed by the Mayor and the President of the City Council.	16,200	-	16,200

2025-26 Program Budget	\$ 1,292,400
Changes in Program Level	\$ (1,276,200)
PROPOSED 2026-27 PROGRAM BUDGET	\$ 16,200

GOVERNMENTAL SERVICES PROGRAM

Governmental services required for legislative, economic, or governmental needs not specifically allocated to particular operating departments. These diverse services include, but are not limited to, official notices, recording fees, legislative, economic, or governmental purposes, and governmental meetings.

Program Changes	2025-26 Adopted Budget	Change From 2025-26 Budget	2026-27 Proposed Budget
Non-discretionary Changes			
Administered by: Controller			
3. Medicare Contributions. This allocation is for the City's contribution to the hospital insurance portion of the Federal Insurance Contributions Act tax. Congress mandated participation of all state and local employees hired on or after April 1, 1986 in the Medicare system. Employers and employees are required to make matching contributions of 1.45 percent of gross wage earnings. Funding is increased to reflect an increase in gross wage earnings for employees subject to Medicare.	\$ 76,361,857	\$ 568,225	\$ 76,930,082
4. Social Security Contributions. This allocation is required for the City to pay the Social Security tax for all part-time employees who are not members of the Los Angeles City Employees Retirement System (LACERS) or participants in the Pensions Savings Plan.	2,159,982	-	2,159,982
Administered by: Personnel			
5. Pensions Savings Plan. This allocation provides funding to cover approximately 4,000 to 5,000 employees that participate in the Pensions Savings Plan, which complies with the provision of the Federal Omnibus Budget Reconciliation Act, requiring employees to be either members of a qualified retirement plan or Social Security. Individuals that become permanent employees, such as police and fire recruits, may transfer the contributed amounts into the City's Deferred Compensation Plan. The Personnel Department and the Deferred Compensation Plan Advisory Committee administer the Plan with the assistance of an outside administrator selected through a competitive bid process. The cost of administration comes from investment earnings.	3,202,597	-	3,202,597

Program Changes	2025-26 Adopted Budget	Change From 2025-26 Budget	2026-27 Proposed Budget
Other Changes or Adjustments			
Administered by: City Administrative Officer			
6. Alliance Settlement Agreement Program. This allocation provides funding for homelessness services and operations to meet obligations set by the Alliance Settlement (C.F. 23-1022 and its supplemental files). It covers items including leasing, construction costs, time-limited subsidies, operating costs, and homelessness intervention service costs. A portion of service costs are eligible for reimbursement under the Alliance Settlement Memorandum of Understanding. Funding is increased to support the costs of new interim housing sites and projected costs associated with the expansion of time-limited subsidies in accordance with the settlement. Funding for Alliance service provision will be reimbursed through the County-Alliance Memorandum of Understanding for services provided in 2025-26 (\$4.6 million) and nine months of services to be provided in 2026-27 (\$20.5 million).	\$ 3,865,898	\$ 54,434,102	\$ 58,300,000
7. Citywide Homeless Interventions (Non-Alliance). This allocation provided funding to continue existing interim housing interventions. It covered items including, but not limited to, leasing, homelessness intervention service costs, and operational costs. Funding is not continued in the General City Purposes in 2026-27. The intervention types described in this line item are funded through off-budget sources and the Measure A Homelessness Program. Funding from 2025-26 will be reappropriated to 2026-27.	13,099,893	(13,099,893)	-
8. Measure A Homelessness Program. Measure A - Local Solutions Fund (LSF) is part of the Measure A half-cent sales tax proceeds, which is distributed to the City and dedicated to implement community-level housing and homelessness initiatives. Funding is provided on a reimbursement basis under a Memorandum of Agreement with the County of Los Angeles. These funds support the City's ongoing non-Alliance interim housing obligations such as the Tiny Home Village and the Project HomeKey 1.0 operations, and related Los Angeles Homeless Services Authority administrative costs. Funding is provided by the Measure A - Local Solutions Fund.	-	54,725,376	54,725,376

<u>Program Changes</u>	<u>2025-26 Adopted Budget</u>	<u>Change From 2025-26 Budget</u>	<u>2026-27 Proposed Budget</u>
9. Wildfire Emergency Permit Fee Subsidies. This allocation provides funding to reimburse departments for the wavier of plan check and permit fees for private properties that were damaged or destroyed as a result of the January 2025 Wildfires (C.F. 20-0006-S57).	\$ -	\$ 20,000,000	\$ 20,000,000
Administered by: Chief Legislative Analyst			
10. Additional Homeless Services. Funds are provided on a one-time basis to fund gaps in the City's effort to address the City's homelessness crisis. These funds are allocated in equal amounts for each of the 15 Council Districts to be used at the discretion of each Council office for homelessness programs, services, or project gap funding. This amount reflects a decrease from the one-time allocation provided in 2025-26.	9,000,000	(1,500,000)	7,500,000
11. Council Projects. This allocation provides funding for projects within Council Districts. The selection of these projects is based on anticipated community outcomes, as determined by the City Council. Funding is increased to reflect the costs for the projects identified for 2026-27.	13,500,000	1,500,000	15,000,000
12. Opioid Remediation Services. This allocation provides funding for opioid remediation services, such as overdose prevention, health hub, and syringe exchange. Funding is provided by the Opioid Settlement Trust Fund.	-	2,000,000	2,000,000

<u>Program Changes</u>	<u>2025-26 Adopted Budget</u>	<u>Change From 2025-26 Budget</u>	<u>2026-27 Proposed Budget</u>

13. Lifeline Reimbursement Program. This allocation reimburses the Solid Waste Resources Revenue Fund (SWRRF) (\$22,000,000), Sewer Construction and Maintenance (SCM) Fund (\$12,500,000) and Multi-Family Bulky Item (MFBI) Fund (\$621,000) for costs attributed to the financial assistance programs for the Solid Resources Fee, Multi-Family Bulky Item Fee, and Sewer Service Charge (SSC). Funding for the SWRRF program reflects a 30 percent subsidy on base rates and 50 percent subsidy for an additional 60-gallon increment of extra refuse capacity for participating ratepayers that meet qualifying income levels. The SSC provides an approximate 31 percent discount for low-income customers for the first 18 billing units (hcf) of wastewater discharge each two-month billing period, or the first nine billing units for a one-month period. Funding for the MFBI Low-Income program reflects an approximate 34 percent subsidy for low-income residents as well as a fee exemption to senior citizens and individuals with disabilities whose households meet qualifying income levels. In consideration of Proposition 218, the City cannot subsidize these programs with revenues from ratepayers. The City must, therefore, offset costs for these programs from an unrestricted revenue source. Funding is increased to reflect estimated program usage from replacement of the Solid Resources Lifeline Program with a Low Income Program, which will serve additional qualifying customers.	\$ 20,035,000	\$ 15,086,000	\$ 35,121,000
14. Solid Waste Fee Reimbursement. This allocation reimburses the Solid Waste Resources Revenue Fund (SWRRF) for costs attributed to solid resources collection and disposal services to other City departments and special events (\$3,600,000) and for Solid Resources Fee bin service (\$1,200,000). In consideration of Proposition 218, the City cannot subsidize these costs with revenues from residential ratepayers. The City must, therefore, offset the cost of these activities from an unrestricted revenue source. Funding is increased to reflect anticipated use.	4,155,000	645,000	4,800,000
15. Special Event Fee Subsidy - Citywide. This allocation is to balance the cost of special events that require additional support for community and neighborhood events.	735,000	-	735,000

<u>Program Changes</u>	<u>2025-26 Adopted Budget</u>	<u>Change From 2025-26 Budget</u>	<u>2026-27 Proposed Budget</u>
Administered by: City Clerk			
16. Annual City Audit/Single Audit. This allocation is for an annual City audit of receipts and disbursements, in accordance with Charter Section 362. Funding is increased to reflect the cost of the approved contract.	\$ 1,403,253	\$ 178,600	\$ 1,581,853
17. CIRCLE: 24/7 Homelessness Crisis Response. This allocation provides funding for a 24 hours per day, seven days per week, community-based response to non-violent emergencies involving individuals experiencing homelessness. Funding is increased to expand services.	7,200,000	2,800,000	10,000,000
18. City Charter Reform. This allocation provided support for the City's Charter Reform Commission. The Charter Reform Commission will be dissolved at the end of 2025-26. Funding is not continued in 2026-27.	500,000	(500,000)	-
19. Citywide Recreational Vehicle (RV) to Home Program. This allocation provides funding to address RV homelessness, including outreach, service referrals and linkages, and interim housing resources specifically for this population.	-	1,698,342	1,698,342
20. City/County Native American Indian Commission – City Share of Funding. This allocation provides funding for the City/County Native American Indian Commission to promote legislation that enhances the welfare of socioeconomic life of Native Americans. The Commission consists of 15 members - five appointed by the City, five by the County, and five by the Los Angeles Indian Commission.	47,000	-	47,000
21. County Service – Massage Parlor Regulation. This allocation provided funding for reimbursement to the County for massage-technician testing and requested massage-parlor inspections in accordance with the Los Angeles Municipal Code. The Los Angeles Police Department Commission Investigation Division (CID) processes applications, reviews certificates, and conducts inspections to ensure appropriate operations. Funding is not continued in 2026-27.	5,000	(5,000)	-
22. Devonshire Police Activity League - CD 12. This allocation provides funding to support the Los Angeles Police Department Devonshire Police Activity League Supporters (PALS) in an effort to reduce juvenile crime, prevent gang activity, and build character in young children and teens through after-school enrichment programs for low-income, at-risk youth.	-	200,000	200,000

Program Changes	2025-26 Adopted Budget	Change From 2025-26 Budget	2026-27 Proposed Budget
23. International Visitors Council of Los Angeles. This allocation provided funding for the International Citizen Diplomacy of Los Angeles. This non-profit organization sponsors short-term visitors and high-level dignitaries referred by the United States Information Agency to exchange information on various topics with local residents. These exchanges benefitted the City, its residents, trade, and commerce, and helped to develop a greater understanding of the American lifestyle and our community. Funding is not continued in 2026-27.	\$ 40,000	\$ (40,000)	\$ -
24. LA's BEST. This allocation provides funding for after school programs to children, ages 5 to 12, from Los Angeles' most economically challenged neighborhoods. LA's BEST is the organization that currently operates in 200 elementary schools, serving more than 25,000 students daily with 2,000 after school staff and more than 1,500 volunteers. Funding partially offsets the cost of positions, supplies, bus transportation, and training.	1,376,799	-	1,376,799
25. Local Agency Formation Commission (LAFCO). This allocation provides funding for the reimbursement to the County of Los Angeles for direct costs attributable to four of the 15 LAFCO members that represent the City and for four-fifteenthths of the County's expenditures for general LAFCO-related office expenses. Representatives vote on boundaries, annexation, and fees. The County is responsible for all administrative tasks and invoices the City for its share. Dues are calculated based on the City's total revenues relative to the total revenues for all member cities. Funding is increased to reflect an increase in annual membership dues.	278,486	35,156	313,642
26. Los Angeles Neighborhood Land Trust. This allocation provided funding for this organization to provide technical assistance to community groups in landscape architecture, real estate transactions, outreach and community organization, and fundraising for the creation of open green spaces in urban areas. Funding is not continued in 2026-27.	40,500	(40,500)	-
27. Los Angeles Superior Court Teen Court Program. This allocation provided funding to alternative Juvenile Court and functions as an actual court for youth that commit non-serious crime. Funding is not continued in 2026-27.	125,000	(125,000)	-
28. Mobile Laundry Truck. This allocation provided funding for mobile laundry trucks to offer a place for individuals and families experiencing homelessness to launder clothing. Funding is not continued in 2026-27.	67,600	(67,600)	-

<u>Program Changes</u>	<u>2025-26 Adopted Budget</u>	<u>Change From 2025-26 Budget</u>	<u>2026-27 Proposed Budget</u>
29. Official Notices. This allocation is for the publication and ad placement of official notices.	\$ -	\$ 43,000	\$ 43,000
30. Safe Passages in South Los Angeles - CDs 8 and 9. This allocation provides funding for the Safe Passages program, which is designed to maintain the presence of safety and engagement in targeted locations, particularly for young individuals traveling to and from school.	-	800,000	800,000
31. Settlement Adjustment Processing. This allocation is to continue making monthly payments as part of a settlement agreement entered between the City and a former employee. Funding is increased to reflect the annual cost of living adjustment.	18,755	558	19,313
32. South LA Strong Summer Program. This allocation provides funding for summer camp workshops, family and community wellness events, and pool parties and movies in the park under the umbrella of the overall investments in youth and community engagement within the South Los Angeles Strong framework.	-	250,000	250,000
33. State Annexation Fees. This allocation provides funding for state annexation fees. The fee schedule is set by the State Board of Equalization for annexations or detachments and is determined based on a sliding scale which ranges from \$300 to \$3,500 per transaction based on acreage.	300	-	300
Administered by: City Clerk and Cultural Affairs			
34. Cultural, Art, and City Events. This allocation was for cultural events and related activities, such as transportation. Funding was provided by the Arts and Cultural Facilities Services Trust Fund to support these activities. Funding is not continued in 2026-27.	80,000	(80,000)	-
Administered by: Community Investment			
35. Clinica Romero. This allocation provided funding for Clinica Romero, which provided quality and affordable health care services that target underserved communities within the Greater Los Angeles area. Funding is not continued in 2026-27.	100,000	(100,000)	-
36. LA Cleantech Incubator. This allocation provides funding for a micro-enterprise assistance program for early stage clean technology businesses, creates green living wage jobs, and fosters a more sustainable and livable city.	-	1,500,000	1,500,000

Program Changes	2025-26 Adopted Budget	Change From 2025-26 Budget	2026-27 Proposed Budget
37. Youth Employment Program. This allocation provides funding for paid summer employment experience for approximately 860 youths between the ages of 14 and 21. Funding is decreased to reflect an efficiency in services.	\$ 2,700,000	\$ (120,000)	\$ 2,580,000
Administered by: Housing			
38. Los Angeles Continuum of Care (CoC) Administration. This allocation provides funding for the Los Angeles Homeless Services Authority (LAHSA). LAHSA is the lead agency for the Los Angeles CoC, which is a regional or local planning body that coordinates housing and services funding for homeless families and individuals. As the lead agency, LAHSA coordinates crisis housing, provides critical, basic shelter for individuals and families experiencing homelessness and in need of immediate housing, and provides a point-of-entry into the Coordinated Entry System. The U.S. Department of Housing and Urban Development (HUD) awards LAHSA with annual grants and bonus grants for the CoC and the City's cash match, along with support from the County of Los Angeles, allowing LAHSA to continue to leverage federal grant funds. Funding for administrative costs decreased due to programmatic costs efficiencies. See the Homeless Budget for a breakdown of budgeted funds.	5,934,815	(131,880)	5,802,935
39. Los Angeles Homeless Count. This allocation provides funding in accordance with the U.S. Department of Housing and Urban Development (HUD) requirement for local jurisdictions to conduct counts of homeless populations every year. The Los Angeles Homeless Services Authority coordinates the annual count of the homeless population and an annual enumeration of emergency systems, transitional housing units, and beds that make up the homeless assistance systems. The homeless count enables the City and County of Los Angeles to compete for and receive annual grant funding from the HUD for the delivery of homeless services. Funding is increased to reflect a cost increase for technology, software, and contractors for the Count. See the Homeless Budget for a breakdown of budgeted funds.	912,003	158,396	1,070,399

Program Changes	2025-26 Adopted Budget	Change From 2025-26 Budget	2026-27 Proposed Budget
40. Shelter and Housing Interventions. This allocation provides funding for the Los Angeles Homeless Services Authority (LAHSA) to provide case management, counseling, and housing placement services to participants, which allows program sponsors to more effectively address the emergency, interim, transitional, and permanent housing needs of vulnerable individuals and families experiencing homelessness in the City. This category includes funding for all interim housing solutions, such as emergency and crisis housing, bridge housing, and Housing Navigation Services, as well as the Winter Shelter Program, which provides interim housing solutions during inclement weather. Funding reflects the realignment of beds to maximum occupancy requirements, adjustments in interim housing bed counts, and administrative costs from the Housing Navigation program. See the Homeless Budget for a breakdown of budgeted funds.	\$ 27,622,082	\$ (1,079,242)	\$ 26,542,840
41. Street Strategies. This allocation provides funding for the City's street-based homelessness strategies, which are focused on conducting outreach and engagement; expanding hygiene, sanitation, and storage options for people living on the streets; increasing diversion opportunities for people experiencing homelessness; and expanding collaborations with stakeholders. Homeless outreach, primarily conducted through Homeless Engagement Teams (HET), access and navigation centers, Safe Parking and storage programs continue to provide critical services to connect unsheltered residents with support services and housing resources. Funding is increased to include funding previously set aside in the Unappropriated Balance for HET. This is partially offset by a decrease in funding for the demobilization of the Safe Parking program. This is in alignment with the County's Proposed Measure A Expenditure Plan, which no longer funds Safe Sleep or Safe Parking programs. Three-months funding is provided to support demobilization costs. See the Homeless Budget for a breakdown of budgeted funds.	16,177,666	3,238,728	19,416,394

Program Changes	2025-26 Adopted Budget	Change From 2025-26 Budget	2026-27 Proposed Budget
Administered by: Mayor			
42. Angeleno Connect Program. This allocation provided funding for vendor costs associated with the establishment of a mobile platform and debit card that allows City residents without a bank account to receive financial assistance, connect with City services, and access free financial literary information. Funding is not continued in 2026-27.	\$ 180,000	\$ (180,000)	\$ -
43. Community Engagement. This allocation provides funding for staff and expenses to support community engagement, including the planning and coordination of Citywide and neighborhood events.	365,408	-	365,408
44. Community Safety. This allocation provides funding for making Los Angeles communities safe and identifying practices that help to prevent crime through improving employment, equity, youth engagement, and community services.	2,520,000	-	2,520,000
45. Crisis Response Team. This allocation provides funding for the Crisis Response Team (CRT), which recruits and trains volunteers to provide immediate on-scene crisis intervention, emotional support, and referrals to victims and families involved in a traumatic incident. CRTs also include Equity Response Teams, which are responsible for referral services to constituents in low-income communities in the City. CRT members support and work alongside law enforcement and other responding agencies.	882,000	-	882,000
46. Equity and Inclusion. This allocation provides funding to support equity and inclusion in all City services and community engagement activities.	225,000	-	225,000
47. Gang Reduction and Youth Development (GRYD) Office. This allocation provides funding for Gang prevention, intervention, and re-entry services that focus on the areas most impacted by crime and violence in addition to innovative services designed to increase family and neighborhood resilience. Partial funding is provided by the Forfeited Assets Trust Fund (\$25,000).	38,406,425	-	38,406,425

<u>Program Changes</u>	<u>2025-26 Adopted Budget</u>	<u>Change From 2025-26 Budget</u>	<u>2026-27 Proposed Budget</u>
48. Green Workforce/Sustainability Plan. This allocation provides funding to the Green Retrofit and Workforce Program, which supports monitoring and reporting efforts to ensure that the City's clean energy and energy efficiency programs meet greenhouse gas emissions reduction goals and provide benefits to disadvantaged communities. Funding is increased to reflect increased coordination efforts related to environmental sustainability initiatives. All costs will be fully reimbursed by the Department of Water and Power.	\$ 184,500	\$ 661,447	\$ 845,947
49. Immigration Integration. This allocation provides funding to help design programs with City departments and partners to actively assist incoming and current immigrants in Los Angeles access to obtain services that will enable them to thrive.	675,000	-	675,000
50. Infrastructure Planning. This allocation provides funding to support the oversight of the Citywide Infrastructure Project to activate the public realm, provide economic revitalization, and support great neighborhoods.	450,000	-	450,000
51. International Engagement. This allocation provides funding to support Citywide planning and coordination of international diplomatic missions, trade, investment, and business delegations, along with preparations in advance of the 2028 Games. Activities include coordinating with major event organizers and intergovernmental and community stakeholders on transportation, infrastructure, public safety, energy, accessibility, arts, culture, human rights, sustainability, community business, procurement, and local hire opportunities and coordinating with international organizations, non-governmental organizations, and host cities to realize lasting benefits for residents of Los Angeles and the region.	558,000	-	558,000
52. Office of Major Events. This allocation provides funding to support the staffing, supplies, equipment, and contracts for the planning of upcoming major events. Funding is increased to prepare for the 2028 Games.	1,800,000	1,200,000	3,000,000
53. Office of Re-Integration. This allocation provides funding to support individuals that have previously been incarcerated and are ready to re-enter the community by connecting them with employment opportunities, supportive services, and family re-integration support.	450,000	-	450,000

Program Changes	2025-26 Adopted Budget	Change From 2025-26 Budget	2026-27 Proposed Budget
54. Open Data and Digital Services. This allocation provides funding to enable the City to contract for the deployment, creation, or maintenance of open data platforms and digital services that enable efficiencies, openness, and participation. To support these efforts, the City will also staff leadership for technology-driven innovation through data and software. Funding is increased due to associated costs of a social media tool subscription.	\$ 1,125,000	\$ 149,000	\$ 1,274,000
55. Opioid Settlement. This allocation is for opioid abuse treatment for individuals in need of residential care for up to a year as a part of the Inside Safe Initiative. Funding is provided by the Opioid Settlement Trust Fund. Funding is decreased to reflect anticipated use.	4,000,000	(2,000,000)	2,000,000
56. Trade and Commerce Relations. This program facilitates the growth of LA's trade-based economy, encourages direct foreign investment, and engages the Mayor and municipal government in critical international issues that affect the City. The program will also help establish Los Angeles as the premier hub for international trade and affairs.	-	549,000	549,000
Administered by: Mayor and Chief Legislative Analyst			
57. Domestic Abuse Response Teams. This allocation provides funding for the Domestic Abuse Response Team Program, which blends domestic violence crisis response with case management to provide effective intervention for victims of domestic violence and their families. Teams consist of police officers, victim advocates, and volunteers who respond to domestic violence incidents and provide intervention services for victims and family members. These intervention services assist families in recognizing their problems with violence and increase their awareness of potential consequences for perpetrators.	3,741,235	-	3,741,235
Administered by: Mayor, Chief Legislative Analyst, and Cultural Affairs			
58. Heritage Month Celebrations and Special Events. This allocation provides funding for annual celebrations, such as the African American Heritage Month, Latino Heritage Month, Asian Pacific Islander Month, Jewish Heritage Month, Our Pride, and other important cultural events during the year that celebrate diversity and culture throughout the City of Los Angeles and to support special events and other outreach efforts. Partial funding (\$220,000) is provided by the Arts and Cultural Facilities Services Trust Fund to support these activities.	400,000	-	400,000

Program Changes	2025-26 Adopted Budget	Change From 2025-26 Budget	2026-27 Proposed Budget
Administered by: Mayor and City Administrative Officer			
59. Homelessness Emergency (Inside Safe). This allocation provides funding to support the Mayor's Office of Housing and Homelessness Solutions' comprehensive efforts to bring unhoused Angelenos inside and improve affordable housing preservation and creation, homelessness prevention, and the delivery of services to people experiencing homelessness. This includes the Inside Safe Initiative, a Citywide housing-led strategy to move people experiencing homelessness into interim housing with supportive services that lead to permanent housing. Funding for service provision will be reimbursed through the County-Alliance Memorandum of Understanding for 12 months of services provided in 2025-26 (\$59.8 million) and nine months of services to be provided in 2026-27 (\$44.9 million).	\$ 36,179,658	\$ 62,520,342	\$ 98,700,000
Administered by: Board of Public Works			
60. Clean and Green Job Program (Los Angeles Conservation Corps). This allocation provides funding for the Los Angeles Conservation Corps (LACC), which administers the Clean and Green Job Program. This program seeks to eradicate graffiti, eliminate litter, and increase greenery. The LACC is a youth employment and education organization engaged in performing improvements through public works projects. The LACC hires high school students to collect trash and recyclables, paint over graffiti, and create murals, plant trees, and clean alleyways. Activities also include performing outreach for the use of the Solvents, Automotive, Flammables, Electronics (SAFE) Collection Centers and the Multi-Family Bulky Item Program. Partial funding is provided by the Citywide Recycling Trust Fund (\$100,000), Solid Waste Resources Revenue Fund (\$50,000), and the Multi-Family Bulky Item Fee Fund (\$125,000).	1,067,036	-	1,067,036

Program Changes	2025-26 Adopted Budget	Change From 2025-26 Budget	2026-27 Proposed Budget
Administered by: Public Works Bureau of Sanitation			
61. Discovery Cube Los Angeles (DCLA). This allocation provides funding for the DCLA, a non-profit organization that focuses its work on the core initiatives of environmental stewardship, early learning, healthy living, and science, technology, engineering, and math (STEM) education. The funds will be used to develop curriculum and provide training for staff at the Bureau of Sanitation (Bureau) Environmental Learning Centers, provide teacher professional development workshops in partnership with the Los Angeles Unified School District, develop educational programs for children to promote interest in career fields within the Bureau and the environmental stewardship industry, host household hazardous waste collection events and environmental fairs to educate adults and children on environmental stewardship, and provide advertising and outreach for Bureau events and initiatives, including Earth Day. Partial funding is provided by the Sewer Construction and Maintenance Fund (\$450,000) and the Solid Waste Resources Revenue Fund (\$450,000).	\$ 1,800,000	\$ -	\$ 1,800,000

Administered by: **Recreation and Parks and Cultural Affairs**

62. Summer Night Lights (SNL). This allocation provides funding for the SNL program, which provides extended recreational, cultural, educational, and resource-based programming on designated days between the hours of 7 p.m. to 11 p.m. SNL provides youth and families with a safe recreation space, employment opportunities, expanded programming, and linkages to local services. SNL also provides an important platform for interagency collaboration through a partnership with over 100 local, community-based organizations, educational and vocational institutions, and City and County agencies.	5,760,000	-	5,760,000

INTERGOVERNMENTAL RELATIONS PROGRAM

Membership and participation in such recognized governmental oriented organizations as the League of California Cities, the Southern California Association of Governments, and the National League of Cities.

Program Changes	2025-26 Adopted Budget	Change From 2025-26 Budget	2026-27 Proposed Budget
Other Changes or Adjustments			
Administered by: City Clerk			
63. California Contract Cities. This allocation provides funding for the City's membership to California Contract Cities. This organization assists member cities by advocating for and advancing the benefits of the contracting model, protecting local control, embracing public/private partnerships, and providing educational opportunities for its membership. Funding is increased to reflect an adjustment to membership dues.	\$ 10,605	\$ 1,795	\$ 12,400
64. Independent Cities Association. This allocation provides funding for the City's membership to the Independent Cities Association. This organization of California counties and cities works with county governments on behalf of City members on policy and legislative issues that affect municipal governments.	7,500	-	7,500
65. League of California Cities. This allocation provides funding for the City's membership to the League of California Cities. This association of California cities works to influence policy decisions at all levels of government. Annual dues are based on a city's population. Funding is increased to reflect an adjustment to membership dues.	130,500	3,915	134,415
66. League of California Cities - County Division. This allocation provides funding for the City's membership to the League of California Cities - County Division. This is the local, regional division of the broader State organization.	1,512	-	1,512
67. National League of Cities. This allocation provides funding for the City's membership to the National League of Cities. This association of cities works to influence national policy and to build understanding and support for cities and towns. Annual dues are based on a city's population. Funding is increased to reflect an adjustment to membership dues.	52,952	3,225	56,177

<u>Program Changes</u>	<u>2025-26 Adopted Budget</u>	<u>Change From 2025-26 Budget</u>	<u>2026-27 Proposed Budget</u>
68. San Fernando Valley Council of Governments. This allocation provides funding for the City's membership to the San Fernando Valley Council of Governments. This organization's mission is to develop and implement subregional policies and plans that are unique to the greater San Fernando Valley region. It was established through the adoption of a Joint Powers Agreement by the City and County of Los Angeles and the cities of Burbank, Glendale, San Fernando, and Santa Clarita.	\$ 35,000	\$ -	\$ 35,000
69. Sister Cities International. This association works to foster better international understanding and cooperation through Sister City relationships in other countries. Funding is provided for membership dues.	2,500	-	2,500
70. Sister Cities of LA. This non-profit organization seeks to promote cooperation with the City's global partners. The allocation is to support people-to-people exchanges and to create trade and economic opportunities.	80,000	-	80,000
71. South Bay Cities Association. This allocation provides funding for the City's membership to the South Bay Cities Association. This association works to discuss issues pertinent to South Bay communities. Funding was provided in the Unappropriated Balance for this purpose in 2025-26.	-	60,910	60,910
72. Southern California Association of Governments (SCAG). This allocation provides funding for the City's membership to the Southern California Association of Governments (SCAG). This association's purpose is to study and develop recommendations on regional problems of mutual interest and concern relative to the orderly, physical development of the Southern California region. The City's dues are the largest single assessment, which SCAG sets at 20 percent of total dues. Partial funding is provided by the Proposition C Anti-Gridlock Transit Fund (\$30,000), Sewer Construction and Maintenance Fund (\$30,000), and the Solid Waste Resources Revenue Fund (\$30,000). Funding is increased to reflect an adjustment to membership dues.	513,000	21,000	534,000

Program Changes	2025-26 Adopted Budget	Change From 2025-26 Budget	2026-27 Proposed Budget
73. United States Conference of Mayors. This allocation provides funding for the United States Conference of Mayors. This organization provides a national forum for mayors on behalf of their cities and represents the mayors on pertinent legislative policies and issues. Funding is increased to reflect an adjustment to membership dues.	\$ 81,453	\$ 9,886	\$ 91,339
74. Westside Cities Council of Governments. This allocation provides funding for the City's membership to the Westside Cities Council of Governments. This organization provides a forum for discussion and communication as well as representation advocacy on behalf of the Westside sub-region.	30,000	-	30,000

HUMAN RESOURCES BENEFITS

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for Human Resources Benefits relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 947,667,548	
2026-27 Proposed Budget	\$ 1,000,831,882	
Change from 2025-26 Budget	\$ 53,164,334	5.6%

The 2026-27 Proposed Budget includes costs for the direct payments, exclusive of personnel and administrative costs, for various human resources benefits provided to City employees. These benefits consist of: (1) payment of all workers' compensation and rehabilitation bills, claims, and awards; (2) payment of subsidies for the City's benefits program, which includes health, dental, optical, disability, life insurance, and the Employee Assistance Program; (3) payment of unemployment insurance; and, (4) payment of other benefits as approved by the Mayor and City Council.

CHANGES FROM ADOPTED BUDGET

	2025-26 Adopted Budget	Change	2026-27 Proposed Budget
Civilian Benefits Program	\$ 398,979,587	\$ 34,084,648	\$ 433,064,235
Contractual Services	34,333,440	(400,000)	33,933,440
Employee Assistance Program	2,209,253	22,830	2,232,083
Fire Health and Welfare Program	77,196,568	3,872,042	81,068,610
Police Health and Welfare Program	174,906,385	7,445,868	182,352,253
Supplemental Civilian Union Benefits	6,398,315	205,946	6,604,261
Unemployment Insurance	4,180,000	(780,000)	3,400,000
Workers' Compensation	249,464,000	8,713,000	258,177,000
TOTAL COST OF HUMAN RESOURCES BENEFITS	\$ 947,667,548	\$ 53,164,334	\$ 1,000,831,882

Direct Costs**PROGRAM CHANGES****2025-26 Program Level** \$ 947,667,548

1 . Civilian Benefits Program. Funding is provided for health, dental, life, and disability insurance benefits. Rates for 2026-27 are projected to increase by 6.3 percent to nine percent for health benefits and zero to three percent for dental benefits. The projected cost assumes a two percent increase in enrollment.	34,084,648
2 . Contractual Services. Funding is provided for the Civilian LAwell Benefits Program and Workers' Compensation Third Party Administrators and for workers' compensation claims bill review, utilization review, claims management system, and the Alternative Dispute Resolution Program. A one-time reduction reflects savings from a dependent eligibility verification audit.	(400,000)
3 . Employee Assistance Program. Funding is provided for Employee Assistance Program services for all civilian and sworn employees. The projected cost assumes an increase in civilian enrollment, no change in Police sworn enrollment, and no change in Fire sworn enrollment. Civilian service costs for 2026-27 are projected to increase by one percent.	22,830
4 . Fire Health and Welfare Program. Funding is provided to cover the cost of health, dental, life, and disability insurance benefits for sworn Fire employees. Rates for 2026-27 are projected to increase by 2.0 percent to 7.5 percent for health and two percent for dental benefits. The projected cost assumes no change in enrollment.	3,872,042
5 . Police Health and Welfare Program. Funding is provided to cover the costs of health, dental, life, and disability insurance benefits for sworn Police employees. Rates for 2026-27 are projected to increase by 2.8 percent to 4.8 percent for health and dental benefits. The projected cost assumes no change in enrollment.	7,445,868
6 . Supplemental Civilian Union Benefits. Funding is provided to cover the cost of union-sponsored benefit plans, negotiated in Memoranda of Understanding, that are supplemental to the City's health benefits. The projected cost assumes a two percent increase in civilian enrollment.	205,946
7 . Unemployment Insurance. Funding is provided to pay state-mandated unemployment insurance costs for current and former employees (full-time and part-time) who have separated from City service or had their wages reduced. Funding is reduced to reflect anticipated costs for claims in 2026-27.	(780,000)
8 . Workers' Compensation. Funding is provided to cover the cost of workers' compensation benefits and rehabilitation bills, claims, and awards (\$244.8 million) and the fee that the State of California assesses to self-insured employers (\$13.4 million).	8,713,000

TOTAL CHANGES \$ 53,164,334

	Amount
2025-26 Program Budget	\$ 947,667,548
Changes	\$ 53,164,334
PROPOSED 2026-27 PROGRAM BUDGET	<u>\$ 1,000,831,882</u>

LEASING

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for Leasing relates to current year funding as follows:

		Amount	% Change
2025-26 Adopted Budget	\$	39,174,048	
2026-27 Proposed Budget	\$	39,604,451	
Change from 2025-26 Budget	\$	430,403	1.1%

The Citywide Leasing Account provides funding for the Citywide leasing portfolio administered by the General Services Department (GSD) and independent of GSD's operating budget.

An annual sum is appropriated for Citywide leasing obligations, common area maintenance, and tenant improvements for various departments with activities financed by the General Fund or Telecommunications Development Fund. Other special-funded leases are paid directly by the respective department and are not included in the Citywide Leasing budget.

Appropriations	2025-26 Adopted Budget	2026-27 Proposed Budget
General Fund Leasing – Includes funding for office space, parking, warehouse space, communication sites, Fire Department facilities, courthouses, and other leased spaces.	\$ 34,096,634	\$ 32,901,121
Special Fund Leasing – Includes funding for studio space, telecommunications equipment sites, and other Information Technology Agency facilities.	65,000	-
A Bridge Home Leasing – Includes funding for A Bridge Home and other homelessness-related leases.	5,012,414	6,703,330
TOTAL APPROPRIATIONS	\$ 39,174,048	\$ 39,604,451

THIS PAGE INTENTIONALLY LEFT BLANK

LIABILITY CLAIMS

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for Liability Claims relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 187,370,072	
2026-27 Proposed Budget*	\$ 210,370,072	
Change from 2025-26 Budget	\$ 23,000,000	12.28%

*The 2026-27 Proposed Budget also sets aside an additional allocation of \$20.00 million in the Unappropriated Balance Reserve for Extraordinary Liability line item.

The 2026-27 Proposed Budget provides funding for the payment or settlement of claims brought against the City. The Los Angeles Administrative Code authorizes the Mayor to delegate authority to the City Attorney to settle claims and pay judgments against the City in an amount not to exceed \$50,000. An additional \$50,000 (up to \$100,000) is subject to the concurrence of the Claims Board. The City Council, with concurrence of the Mayor, must approve claims or judgments over \$100,000.

The 2026-27 Proposed Budget includes funding in the amount of \$210,370,072 for the Liability Claims Account. Of this amount, \$180,000,000 is from the General Fund, \$25,000,000 is from the Solid Waste Resources Revenue Fund, and \$5,370,072 is from the Sewer Operations and Maintenance Fund.

The 2025-26 Estimated Expenditure amounts include approved payouts and potential payouts for matters still pending approval. Adjustments to the Liability Claims Account may be necessary during the year as cases reach the trial stage and judgments or settlements are determined.

Account Name	2024-25 Actual Expenditures	2025-26 Adopted Budget	2025-26 Estimated Expenditures**	2026-27 Proposed Budget
Fire Liability Payouts	\$ 5,439,048	\$ -	\$ 6,390,749	\$ -
General Services Liability Payouts	324,054	-	137,500	-
Police Liability Payouts	155,413,009	-	66,767,759	-
Public Works, Engineering Liability Payouts	2,684,397	-	650,000	-
Public Works, Sanitation Liability Payouts*	7,653,150	7,370,072	7,876,132	30,370,072
Public Works, Street Services Liability Payouts	58,355,593	-	45,255,804	-
Recreation and Parks Liability Payouts	3,582,456	-	4,925,000	-
Transportation Liability Payouts	20,861,614	-	6,110,000	-
Miscellaneous Liability Payouts	26,731,389	180,000,000	57,891,258	180,000,000
Total	\$ 281,044,710	\$ 187,370,072	\$ 196,004,202	\$210,370,072

* Special fund payouts paid/to be paid directly by the Bureau of Sanitation special funds (Solid Waste Resources Revenue Fund and Sewer Operations and Maintenance Fund).

** Estimated expenditures may exceed budgeted amounts and include transfers to provide additional allocations to meet funding needs.

The table below details liability claims payouts by City departments for the last five years:

LIABILITY CLAIMS EXPENDITURES BY DEPARTMENT (in millions) 2020-21 to 2024-25*							
Department	2020-21	2021-22	2022-23	2023-24	2024-25	Total	Percent of Total
Fire	\$ 0.96	\$ 8.25	\$ 9.99	\$ 8.22	\$ 5.44	\$ 32.86	3.73%

Total	\$ 87.30	\$ 91.32	\$166.51	\$ 254.84	\$ 281.03	\$ 881.00	100.00%

* Reflects General Fund and some special fund payouts. The only special fund payouts included are those paid directly by the Bureau of Sanitation special funds (Solid Waste Resources Revenue Fund and Sewer Operations and Maintenance Fund).

CITYWIDE GENERAL FUND LIABILITY PAYOUTS BY CATEGORY

Fiscal Years 2020-21 to 2024-25
(in \$ millions; based on 5-year totals)

NOTES:

This chart only reflects payments made out of the Citywide Liability Claims accounts; it does not include back wages as these are paid directly by the departments, tax refund payments, payments for workers' compensation cases, and payments made directly by proprietary departments or special funds.

LOS ANGELES CONVENTION CENTER PRIVATE OPERATOR

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Los Angeles Convention Center Private Operator relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 32,128,233	
2026-27 Proposed Budget	\$ 32,254,149	
Change from 2025-26 Budget	\$ 125,916	0.4%

In 2013-14, the City Council adopted several initiatives to make the Los Angeles Convention Center (LACC) a top-tier convention center, one of which was the implementation of a private management structure. In October 2013, the City executed a five-year agreement with AEG Management LACC, LLC (AEG) for the operation and management of the LACC (Management Agreement). The City and AEG have executed five additional extensions to the original Management Agreement, and AEG formally changed its name to Legends Global Management LACC, LLC (Legends Global) in 2025. The City continues to own the facility and the Los Angeles City Tourism Department (CTD) serves in an administrative capacity providing contract oversight.

DETAIL OF REVENUES

The Legends Global budget is based on an estimate of all revenues generated by LACC operations for 2026-27. Legends Global's sources of revenue are categorized as follows:

	Actual 2024-25	Adopted Budget 2025-26	Proposed Budget 2026-27
Space Rent (net of discounts)	\$ 7,433,990	\$ 6,426,039	\$ 6,834,225
Parking	11,124,212	11,963,859	10,522,955
Utility Services	5,498,866	3,952,525	3,861,025
Food and Beverage (net)	5,813,216	4,898,963	4,871,411
Telecommunication Services	2,168,026	1,830,650	2,526,995
Other ¹	<u>3,648,918</u>	<u>3,056,197</u>	<u>3,637,538</u>
Net Revenue	\$ 35,687,228	\$ 32,128,233	\$ 32,254,149

¹Other revenues include advertising, equipment rental, cell towers, audiovisual, event specific billing, and event specific expenses.

As part of the Management Agreement, Legends Global collects revenue from LACC operations, deposits those funds into a separate off-budget operating account, and expends directly from the account based on a budget approved by the Board of City Tourism Commissioners (Board).

EXPENDITURES

Legends Global's use of funds are categorized as follows:

	Actual 2024-25	Adopted Budget 2025-26	Proposed Budget 2026-27
City Departmental Expenditures ¹	\$ 2,183,035	\$ 2,393,509	\$ 2,551,591
Alterations and Improvements and Capital Improvement Projects	3,398,561	-	-
Operating Budget for Private Manager	<u>32,051,261</u>	<u>29,617,903</u>	<u>32,254,149</u>
Total Appropriations	\$ 37,632,857	\$ 32,011,412	\$ 34,805,740

¹The City Departmental Expenditures reflects the portion of CTD's budget and related costs funded by LACC revenues, as well as other City expenditures that are reimbursed by LACC revenues.

RESERVE ACCOUNT

In accordance to Section 6.4(b)(i) of the Management Agreement, the Board shall request that the City Council appropriate as part of the CTD Department Budget a sum equal to ten percent of the Approved Annual Operating Budget to fund a Reserve Account. As such, the Board approved a budget request including a Reserve Account as described above, which was submitted on its behalf by the CTD for consideration as part of the 2014-15 Budget process. The 2014-15 Adopted Budget did not appropriate General Fund monies for this purpose. As such, Legends Global has and will continue to set aside Operating Revenues, when available, to build the Reserve Account.

The purpose of the Reserve Account is to provide funding to be used for unanticipated LACC related expenses or to fund shortfalls caused by lower than expected revenues or higher than expected expenses.

Status of LACC Reserve Account Held by Legends Global

Balance as of July 1, 2025	\$ 9,129,803
2025-26 Estimated Incremental Amount	-
2026-27 Budgeted Incremental Amount	-
Estimated Balance as of June 30, 2027	<u>\$ 9,129,803</u>

LOS ANGELES TOURISM & CONVENTION BOARD

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Los Angeles Tourism & Convention Board (LATCB) relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 23,743,109	
2026-27 Proposed Budget	\$ 23,641,821	
Change from 2025-26 Budget	\$ (101,288)	(0.4%)

The LATCB budget consists of multiple funding sources, including funds from the City, the Los Angeles Tourism Marketing District, Los Angeles World Airports, and private sources. The amounts reflected above represent the City's contribution to the overall LATCB budget, which is equivalent to one fourteenth of the Transient Occupancy Tax (TOT), less costs for City administrative services. The TOT is a 14 percent tax on hotel and short-term rental guests. The City has contracted with LATCB to market Los Angeles as a convention, meeting, and leisure travel destination.

City Appropriation and Trust Fund Retention

The Los Angeles Convention and Visitors Bureau Trust Fund (Trust Fund), from which LATCB is paid, receives an amount equivalent to one-fourteenth of the TOT. LATCB is paid 95 percent of this amount in accordance with the Agreement between the City and LATCB. The remaining five percent is retained in the Trust Fund in the event of a shortfall in TOT collections. Nonetheless, LATCB prepares its annual budget based on 100 percent of the TOT allocation. In the event the TOT actual receipts are higher than budgeted, LATCB would be paid the difference the following fiscal year.

EXPENDITURES

PROGRAM	Actual Expenditures 2024-25	Estimated Expenditures 2025-26	Proposed Budget 2026-27
Convention and Meeting Sales and Services	\$ 6,028,275	\$ 6,248,898	\$ 6,991,887
Domestic and International Marketing, Global Public Relations, and Media	6,551,683	6,807,627	7,486,141
Stakeholder Relations, Membership & Services	3,065,809	3,717,469	3,505,990
Operations (Finance, Legal, Technology & Human Resources)	6,166,064	5,671,006	5,657,803
Total Expenditures	\$ 21,811,831	\$ 22,455,000	\$ 23,641,821

PROGRAM INFORMATION

LATCB will continue to re-evaluate strategies and tactics for each segment of the visitor economy based on actual 2025-26 results in order to grow visitation, sustain visitor spending, and realize revenue recovery.

Convention and Meeting Sales and Services - \$6,991,887

Convention and Meeting Sales and Services will continue positioning Los Angeles as a premier destination for conventions, meetings, and trade shows by driving citywide demand and strengthening hotel performance. With the Los Angeles Convention Center (LACC) Expansion and Modernization Project underway, LATCB will focus on sustaining short-term room-night production while aligning the expanded facility with a long-term strategy.

Hotel sales efforts will emphasize domestic short-term entertainment and technology segments amid international uncertainty, supported by enhanced upper-funnel lead generation and elevated site visit experiences tailored to secure business.

Domestic Marketing - \$4,889,298

Domestic visitation is the largest segment of marketing-driven visitation. Consequently, LATCB will continue to drive domestic travel within the United States with flights of advertising in Fall 2026 and Spring 2027 in high performing markets, featuring the “We Love LA” campaign. Earned media, owned assets, and trade development will be layered on to create synergies.

International Marketing - \$1,664,592

International marketing will focus on key mature markets in Europe and Asia/Pacific with paid, owned, earned and trade activities. Additionally, LATCB will continue to grow emerging markets with travel trade and earned media efforts while leveraging partnerships with BrandUSA (the United States’ national tourism marketing organization) and Visit California (California’s tourism marketing organization).

Global Public Relations, Earned and Owned Media - \$932,251

LATCB’s global communications team will continue to focus on delivering quality coverage of Los Angeles, building upon the more than 1,170 media feature stories that will be earned in 2025-26. LATCB’s global public relations presence includes the United States, Australia, Canada, France, Germany, Japan, Mexico, South Korea, and the United Kingdom.

LATCB will continue to build its owned media assets, with more than eight million unique website visitors each year, as well as six million social media followers.

Stakeholder Relations, Membership & Outreach - \$3,505,990

This area is responsible for management of the membership department, which includes solicitation of new members and the delivery of benefits to over 1,000 local member businesses. Benefits include educational webinars, networking events, programming, newsletters, data and other tools. Goals for 2026-27 include driving an average membership satisfaction score of 4.1 or higher, increasing high-value member touchpoints to grow engagement, growing conversions for the LA Perks Pass, supporting the Apprenticeship Program and continuing to deliver benefits to local small and minority-owned business members.

This division is also responsible for building relationships with elected officials and key stakeholders at local, state and federal level to communicate the essential role of the tourism industry as a leading employer and economic driver for Los Angeles. Activities include collaborating with local business and community organizations and supporting sustainability and workforce development efforts.

Operations (Finance, Legal, Technology & Human Resources) - \$5,657,803

This area provides direct support to the operating divisions discussed above and includes administrative services, finance and accounting, human resources, payroll, legal and information technology. Together, these departments are

responsible for maintaining financial controls, operational efficiency, and contract compliance.

Allocation to TOT Reserve Fund - \$0

This category represents the funding of the TOT Reserve Fund with any excess collections that actualize in 2026-27. The allocation will only occur after all other budgeted allocations are funded. The TOT Reserve Fund was formed in accordance with the Agreement between the City and LATCB to be used in the event that revenues are severely impacted by catastrophic events or natural disasters and to fund programming and events in years beyond the current fiscal year.

TOTAL 2026-27 LATCB TOT BUDGET: \$23,641,821

ADDITIONAL SOURCES AND USES OF FUNDING

Los Angeles Tourism Marketing District - \$32,421,000

LATCB has a long-term service contract with the Los Angeles Tourism Marketing District (LATMD), which was formed in 2011 by hotels with 50 or more guest rooms located in the City. The LATMD assesses member-hotel room revenue to generate funding to competitively sell and market these hotels. The LATMD Board approved increasing the assessment rate from 1.5 percent to 2.0 percent, which went into effect during calendar year 2022. By contract, use of these funds is solely restricted to sales and marketing activities that provide specific benefit to the hotels in the LATMD.

Los Angeles World Airports International Marketing Alliance - \$750,000

Use of these funds are restricted by the Federal Aviation Administration solely for the international marketing of Los Angeles International Airport and are directed by the Los Angeles World Airports.

Corporate Partnerships, Sponsorships and Advertising Sales - \$1,126,000

By contract, use of these funds must be used solely for the benefit and promotion of the sponsors, partners, and/or advertisers.

Membership Program Fees - \$1,839,000

These funds are derived from member dues and fees from restaurants participating in Dine LA's semi-annual, two-week culinary event. These funds are used for the benefit of members and participants, including funding the marketing and operations of the Dine LA program.

PRODUCTIVITY GOALS

Productivity goals for 2026-27 are comprised of Convention and Meeting Sales and Services objectives for bookings and leads as shown in the tables below. These productivity goals are subject to recommendations by the LATCB Sales Advisory Board and approval by the Board of Directors of LATCB, and are updated based on current internal and external industry data.

ESTIMATED REVENUES FROM SALES BOOKINGS FOR 2026-27¹

	2024-25 Actuals	2025-26 Estimates	2026-27 Goals	2026-27 Estimated TOT
Convention Center Events				
Number	20	25	28

Potential Economic Impact

Total direct and indirect/induced economic impact from business sales resulting from events held at the LACC between 2026 and 2038 is projected to be approximately \$2.3 billion as shown in the table below. These sales will support 14,268 full-time equivalent (FTE) jobs and \$165.0 million in state and local tax assessments.

ESTIMATED ECONOMIC IMPACT OF BOOKED CONVENTION CENTER EVENTS 2026 THROUGH 2038²

	Direct	Indirect / Induced	Total
Business Sales	\$1,322,754,771	\$944,752,941	\$2,267,507,712
Jobs Supported Annual FTE's	11,092	3,176	14,268
Taxes and Assessments			
State Total	\$48,078,969	\$25,053,911	\$73,132,880

MEASURE M LOCAL RETURN FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for Measure M Local Return Fund relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 113,886,445	
2026-27 Proposed Budget	\$ 98,739,200	
Change from 2025-26 Budget	\$ -15,147,245	-13.3%

In November 2016, County of Los Angeles voters approved the Los Angeles County Traffic Improvement Plan that imposes a one-half cent sales tax, with an increase to one percent on July 1, 2039. The Measure M Local Return Fund (Measure M) may be used to:

- Improve freeway traffic flow, reduce bottlenecks, and ease traffic congestion;
- Expand the rail and rapid transit system, accelerate rail construction and build new rail lines, enhance bus service, and improve system connectivity;
- Repave local streets, repair potholes, synchronize signals, improve neighborhood streets and intersections, and enhance bike and pedestrian connection;
- Keep the transit and highway system safe, earthquake-retrofit bridges, enhance freeway and transit system safety, and keep the transportation system in good working condition;
- Make public transportation more accessible, convenient, and affordable and provide better mobility options for our aging population; and,
- Embrace technology and innovation to incorporate modern technology, new advancements, and emerging innovations into the local transportation system.

The City receives an allocation from a 17 percent share of the revenue collected based on the City's percentage share of the County population. Measure M Funds must be used to augment, not supplant, other City programs.

Measure M also requires the City to provide the Los Angeles Metropolitan Transportation Authority (Metro) with three percent of the costs for the Metro Regional Capital Projects within the City limits. Should the City not do so, the County may withhold Local Return Funds for up to 15 years or until the three percent threshold is satisfied. The amount of this obligation was estimated (in 2015 dollars) to be approximately \$490 million over 35 years from 2022 through 2057. In November 2022, Metro estimated that the City contribution for the first three rail lines is \$182.5 million, which is pending negotiation with Metro on the payment schedule. This does not represent the full obligation amount.

BUDGET HIGHLIGHTS

- Street and transportation improvements: Funding is provided for street and transportation improvement programs including the City Capital and Technology Improvement Expenditure Program – Physical Plant and the Median Island Maintenance Program.
- Public right of way assessment: Funding is provided to implement the citywide Public Right Right of Way Assessment Program to create a database of digitized public infrastructure assets for strategic planning of improvements, repairs, and maintenance.
- Pedestrian safety and accessibility: Funding is provided to plan and implement road safety improvements through the Vision Zero and Speed Hump Programs, and improve pedestrian access by repairing curb ramps through the Pavement Preservation Program (PPP).

MEASURE R

TRAFFIC RELIEF AND RAIL EXPANSION FUNDS

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Measure R Traffic Relief and Rail Expansion Funds (Measure R) relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 74,969,054	
2026-27 Proposed Budget	\$ 75,070,897	
Change from 2025-26 Budget	\$ 101,843	0%

In November 2008, County of Los Angeles voters approved a one-half cent sales tax for a period of 30 years to:

- Expand the Los Angeles Metropolitan Transportation Authority (Metro) rail system, including providing a direct airport connection;
- Make local street improvements, such as synchronizing signals, filling potholes, repairing streets, and making neighborhood streets and intersections safer for drivers, bicyclists, and pedestrians in each community;
- Enhance safety and improve the flow of traffic on freeways and highways; and,
- Make public transportation more convenient and affordable (especially for seniors, students, the disabled, and commuters).

Measure R represents the City's share of the Local Return (15 percent of revenue collected), based upon population. Measure R funds must be used to augment, not supplant, other City programs. In addition, through a Memorandum of Understanding with Metro, the City is providing a three percent match to Metro for delivering transit projects within the City limits. While not legally required, this match allows the City to maintain an active partnership with Metro on regional transit projects of significant importance to the City. This match is currently being budgeted within the Proposition A Local Transit Assistance Fund. In 2026-27, this match is budgeted within the Measure R Local Return Fund.

BUDGET HIGHLIGHTS

- **Street Improvements:** Funding is provided for street improvement programs including the City Pavement Preservation Program and median island maintenance.
- **Safety Improvements:** Funding is provided to enhance pedestrian and traffic safety through various programs including sidewalk access ramp construction, Vision Zero, and projects on the City High Injury Network.

MEASURE UNITED TO HOUSE LA (ULA) HOUSE LA FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Measure United to House LA (ULA) House LA Fund relates to the current year funding as follows:

		Amount	% Change
2025-26 Adopted Budget	\$	447,773,000	
2026-27 Proposed Budget	\$	515,661,782	
Change from the 2025-26 Budget	\$	67,888,782	15.2%

In November 2022, City of Los Angeles voters approved Measure ULA or the Homelessness and Housing Solutions Tax, a ballot initiative which imposes an additional tax on sales and transfers of real property exceeding the following thresholds:

- A tax at the rate of 4.0 percent of the consideration or value when the property transferred exceeds \$5 million (Consumer Price Index (CPI) adjusted to \$5.3 million in 2025) but is less than \$10 million (CPI-adjusted to \$10.6 million in 2025); and
- A tax at the rate of 5.5 percent of the consideration or value when the property transferred is \$10 million (CPI-adjusted to \$10.6 million in 2025) or greater.

Measure ULA establishes specific programs on which the collected revenues must be spent and prescribes the percentage that must be allocated for each program. The House LA Fund monies must be expended according to the Los Angeles Program to Prevent Homelessness and Fund Affordable Housing (House LA) guidelines approved by the House LA Citizen Oversight Committee (COC), the Council, and the Mayor.

The 2026-27 Proposed Budget appropriates \$515,661,782 of revenues received in 2025-26. The appropriations detailed on the following pages are an illustration of the \$515,661,782 distributed by program as specified in Measure ULA. The 2026-27 Expenditure Plan is anticipated to be released by the Housing Department by June 30, 2026 for COC, Council, and Mayor consideration and approval. The 2026-27 Proposed Budget projects \$515,661,782 in revenue, which is reserved for appropriation in 2027-28.

In the event that Measure ULA is invalidated due to pending litigation, the General Fund may be obligated as a replacement source of funds for incurred expenses. The estimated incurred expenses through the end of 2025-26 is \$124,334,042.

	2025-26 Adopted Budget	2026-27 Proposed Budget

HOUSE LA FUND APPROPRIATIONS**HOUSE LA PROGRAMS***AFFORDABLE HOUSING PROGRAMS*

Multifamily Affordable Housing – Funds are provided for the development of supportive and/or affordable housing projects of 40 units or more for income-qualified populations in conjunction with other federal, state, and local affordable housing sources. The funding may also be used to expedite the development of projects in the City’s Affordable Housing Managed Pipeline.	\$ 92,689,011	\$ 106,741,989

Alternative Models for Permanent Affordable Housing – Funds are provided for: 1) the construction of new supportive and affordable rental or mixed rental/homeowner projects of 40 units or more, and/or 2) the acquisition, rehabilitation, adaptive reuse, lease, preservation and operation of supportive and/or affordable or mixed rental/homeowner projects of any size. The funding may also be used to:	92,689,011	106,741,989

- Scale up the development of publicly-owned land;
- Develop a program to purchase deeper affordability in otherwise market rate or inclusionary projects in targeted higher opportunity markets, which would create mixed-income housing opportunities;
- Fund for affordability in adaptive reuse projects; and,
- Innovate housing delivery.

Acquisition and Rehabilitation of Affordable Housing – Funds are provided for the acquisition, preservation, rehabilitation, lease, or operation of existing housing, including, but not limited to, rent-controlled properties, residential hotels, Accessory Dwelling Units (ADU), and Junior ADUs, either without existing covenants requiring affordability or with existing covenants that will expire within 10 years of project onset, as defined by the Housing Department. The funding may also be used to:	41,195,116	47,440,884

- Extend and preserve buildings with expiring covenants through the newly proposed Preservation Program (C.F. 23-0311);
- Fund deferred maintenance or other capital needs for existing covenanted properties;
- Fund rehabilitation of at-risk projects; and,
- Fund the acquisition of existing or newly constructed units and/or matching funds for Project Homekey.

Measure ULA - House LA Fund

	2025-26 Adopted Budget	2026-27 Proposed Budget
Homeownership Opportunities, Capacity-Building and Operating Assistance – Funds are provided to: 1) support single family and cooperative homeownership opportunities; 2) provide capacity-building funding for community land trusts and other organizations that serve and have representative leadership from disadvantaged communities and facilitate tenant ownership; and, 3) provide long-term operating assistance that supports new construction, acquisition, and/or rehabilitation of existing housing. The funding may also be used to: • Fund an education, training, and capacity-building program related to small, women, and minority-owned firms in the affordable housing development field, as well as community land trusts and community based-organizations; and, • Fund a program to support ADU development for lower- to moderate-income homeowners.	41,195,116	47,440,884
Program Stabilization Fund – Funds are provided to address periodic revenue shortfalls for House LA Affordable Housing and Homelessness Prevention Programs that require a consistent revenue stream.	38,723,409	23,720,441
<i>Subtotal Affordable Housing Programs</i>	\$ 306,491,663	\$ 332,086,187
HOMELESSNESS PREVENTION PROGRAMS		
Short-Term Emergency Assistance – Funds are provided to provide short-term emergency funding to tenant households at risk of becoming homeless.	\$ -	\$ 23,720,442
Income Support for Rent-Burdened At-Risk Seniors and Persons with Disabilities – Funds are provided to provide income assistance to rent-burdened, acutely, extremely, and very low-income households, including seniors (aged 65 years and above) and/or individuals with disabilities, at risk of becoming homeless.	47,786,335	47,440,884
Eviction Defense/Prevention – Funds are provided for a right-to-counsel program to provide housing-related legal services to low-income tenants threatened with eviction.	41,195,116	47,440,884
Tenant Outreach and Education – Funds are provided for tenant outreach, education, and navigation services.	8,239,023	9,488,177

Measure ULA - House LA Fund

	2025-26 Adopted Budget	2026-27 Proposed Budget
Protections from Tenant Harassment – Funds are provided to fund non-profit organizations and City services to monitor and enforce protections against tenant harassment and other tenant rights.	8,239,023	14,232,265
<i>Subtotal Homelessness Prevention Programs</i>	<u>\$ 105,459,497</u>	<u>\$ 142,322,652</u>
Subtotal House LA Programs	<u>\$ 411,951,160</u>	<u>\$ 474,408,839</u>
ADMINISTRATION – Funds are provided for the compliance, implementation, and administration of House LA Programs, including the staffing and other expenses of the House LA Citizens Oversight Committee.	\$ 35,821,840	\$ 41,252,943
TOTAL APPROPRIATIONS	<u>\$ 447,773,000</u>	<u>\$ 515,661,782</u>

MEASURE W LOCAL RETURN FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Measure W Local Return Fund (Measure W) relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 48,379,566	
2026-27 Proposed Budget	\$ 46,336,388	
Change from 2025-26 Budget	\$ 2,043,178	4.2%

On November 6, 2018, County of Los Angeles voters approved Measure W – The Los Angeles Region Safe, Clean Water Program (Measure W), a parcel tax of 2.5 cents per square foot of impermeable surface to support the costs of stormwater-related projects and activities. Revenues are allocated to municipal, regional, and administrative sub-programs. Forty percent of revenues are allocated to municipalities in the same proportion as the amount of revenues collected within each municipality. Fifty percent is allocated for region-wide projects and is awarded on a competitive basis. The remaining ten percent is allocated to the Los Angeles County Flood Control District for implementation and administration of the Measure W Program. Eligible uses for revenues include projects that provide a water supply and/or quality benefit and a community investment benefit. Measure W can be used to fund Enhanced Watershed Management Program projects and the operation and maintenance of completed water quality improvement projects, including Total Maximum Daily Load (TMDL) compliance projects.

REVENUE

The County of Los Angeles has developed guidelines and funding eligibility requirements for the Measure W Program and executed transfer agreements with the various municipalities. Measure W revenues collected by the County for 2024-25 were received in January 2026. The delay in revenues is attributed to the County's reconciliation process.

The 2026-27 Proposed Budget provides a \$1.9 million reimbursement from the General Fund to Measure W for the overpayment of related costs for fiscal year 2025-26 due to vacancies.

BUDGET HIGHLIGHTS

- Funding for two new positions (\$237,864) in the Bureau of Contract Administration is included for construction inspection services and support.
- Funding for three water quality projects (\$7.9 million) is provided in the Capital and Technology Improvement Expenditure Program – Physical Plant Budget.
- Operation and maintenance funding is provided for the Ballona Creek TMDL (\$2.2 million) and Machado Lake (\$350,000) projects.

NEIGHBORHOOD COUNCIL FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Neighborhood Council Funding Program relates to current year funding as follows:

	Estimated Available Balance on July 1		General Fund Appropriation		Other Appropriations		Total Appropriation	No. of NCs as of July 1
2025-26 Adopted Budget	\$	-	\$	2,535,000	\$	-	\$ 2,535,000	99
2026-27 Proposed Budget	\$	-	\$	2,535,000	\$	-	\$ 2,535,000	99
Change from 2025-26 Budget	\$	-	\$	-	\$	-	-	-
Percent Change	-	%	-	%	-	%	-	%

The Neighborhood Council Fund is administered by the City Clerk on behalf of Neighborhood Councils (NCs) as part of the funding program. It provides funding to certified NCs for operation and neighborhood improvement purposes designated by each NC. In accordance with Administrative Code Section 22.810.1(g), money appropriated in the budget each year for certified NCs shall be placed in the Neighborhood Council Fund for costs related to the functions, operations, and duties of being a certified NC.

If an NC enrolls during a fiscal year, the appropriation is prorated based on the quarter during which the NC became eligible for funding and upon which its full board has been selected. Any unspent funds remaining in the Neighborhood Council Fund at the end of the fiscal year will be used to reduce the General Fund appropriation the following year. NCs have the ability to roll over a non-cumulative maximum of \$10,000 in any given fiscal year. As a result of this roll over process, it is assumed that there will not be any unspent funds to reduce the General Fund appropriation for 2025-26.

There are currently 99 certified NCs and an appropriation of \$2,475,000 is proposed for 2026-27 to provide each NC with an allocation of \$25,000. With an additional \$60,000 for translation funding, the total General Fund appropriation for 2025-26 is \$2,535,000.

Total required for 99 NCs and translation:	\$2,535,000
Estimated Available Balance on July 1:	\$ -
General Fund Appropriation for 2026-27:	<u>\$2,535,000</u>

PETROLEUM PRODUCTS FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Petroleum Products Fund relates to current year funding as follows:

		Amount	% Change
2025-26 Adopted Budget	\$	43,109,595	
2026-27 Proposed Budget	\$	43,109,595	
Change from 2025-26 Budget	\$	43,109,595	0%

The Petroleum Products budget supports the procurement of petroleum and petroleum-related products such as compressed natural gas and liquefied natural gas for City departments (excluding proprietary departments).

Prior to 2025-26, the General Services Department (GSD) budget included appropriations for the procurement of petroleum and petroleum-related products for City departments. GSD will continue to procure petroleum and petroleum-related products.

Sources of funds for this purpose include the General Fund (\$28,168,954), Solid Waste Resources Revenue Fund (\$10,228,654), Special Gas Tax Improvement Fund (\$2,630,032), Sewer Construction and Maintenance Fund (\$1,381,955), and City Employees Ridesharing Fund (\$700,000).

PROPOSITION A LOCAL TRANSIT ASSISTANCE FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Proposition A Local Transit Assistance (Proposition A) Fund relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 321,769,577	
2026-27 Proposed Budget	\$ 263,355,967	
Change from 2025-26 Budget	\$ (58,413,610)	(18.2%)

Approved by the voters in November 1980, Proposition A imposes a one-half cent sales tax for the planning, administration, and operation of public transportation programs. Proposition A funds are distributed Countywide as follows: 40 percent for discretionary and incentive projects, 35 percent for rail transit, and 25 percent for local return. Local Return revenue is allocated to cities based on population. Appropriations comply with the Proposition A Local Return Program Guidelines adopted by the Los Angeles Metropolitan Transportation Authority (Metro), which administers this Program.

The Proposition A Schedule is balanced for 2026-27 by eliminating prior-year appropriations. The required level of funding of transit service is approximately \$286.0 million annually and the incoming revenue within the Proposition A Fund is approximately \$193.4 million, resulting in a structural deficit of approximately \$92.6 million. The Department of Transportation is conducting a Comprehensive Operational Analysis (previously referred to as a Transit Service Analysis) to be submitted to the Mayor and Council that will include options to resolve the ongoing structural deficit in future years.

BUDGET HIGHLIGHTS

- Funding for Transit Operations consolidates appropriations for Commuter Express, DASH, and Cityride transit and includes partial funding for various proposed transit options.
- Funding is provided for upgrading bus technologies on DASH and Commuter Express buses.
- Funding is provided for security services at transit buses and facilities.
- Funding is provided for implementing various bus safety mitigations to ensure the safety of transit workers.
- Funding is provided for the City's share of cost for the Bikeshare Program with Metro.

PROPOSITION C ANTI-GRIDLOCK TRANSIT IMPROVEMENT FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Proposition C Anti-Gridlock Transit Improvement (Proposition C) Fund relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 121,747,765	
2026-27 Proposed Budget	\$ 146,233,753	
Change from 2025-26 Budget	\$ 24,485,988	20.1%

The Proposition C Fund receives revenue from the one-half cent sales tax increase approved by County of Los Angeles voters in 1990. The funds are allocated Countywide on a per-capita basis and may be used for public transit, paratransit, and the repair and maintenance of streets used by public transit. The Los Angeles Metropolitan Transportation Authority (Metro) approved guidelines for Proposition C funds reflect a distribution of funding as follows:

Discretionary	40%
Transit-Related Highway Improvements	25%
Local Return (Allocation to Jurisdictions)	20%
Commuter Rail	10%
Security	5%

BUDGET HIGHLIGHTS

- Metro Annual Work Program: Funding is provided to City departments for salaries and expense costs associated with the Metro Annual Work Program. All expenses are reimbursed by Metro. The Metro Annual Work Program includes transportation projects which are part of the America Fast Forward Initiative (also known as the Measure R 30/10 Initiative) and the Measure M 28 by 28 Program. Funding is also provided to various City departments to support the Metro Purple Line Expansion, which is under construction and expected to be completed in 2025.
- Transportation Grant Fund Work Program: Front funding is provided to City departments for salaries and expense costs associated with transportation grant funded projects.

Proposition C Anti-Gridlock Transit Improvement Fund

ROAD MAINTENANCE AND REHABILITATION PROGRAM SPECIAL FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Road Maintenance and Rehabilitation Program Special Fund, otherwise known as the Senate Bill 1 (SB 1) Fund, relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 164,704,006	
2026-27 Proposed Budget	\$ 153,657,196	
Change from 2025-26 Budget	\$ (11,046,810)	(7.0%)

Enacted in 2017, SB 1, “The Road Repair and Accountability Act,” provides funding to cities and counties to address basic road maintenance, rehabilitation, and critical safety needs on the state highway system and the local street and road system. SB 1 increases per gallon fuel excise taxes, diesel fuel sales taxes, and vehicle registration fees and provides inflationary adjustments to fuel tax rates in future years.

Pursuant to Streets and Highways Code Section 2030, the use of SB 1 funds includes, but is not limited to the following:

- Road maintenance and rehabilitation;
- Safety projects;
- Railroad grade separations;
- Complete street components, including active transportation purposes, pedestrian and bicycle safety projects, transit facilities, and drainage and stormwater capture projects in conjunction with any other allowable project; and,
- Traffic control devices.

In order to receive the upcoming fiscal year’s apportionment of SB 1 fund, the City must annually adopt and submit a planned list of projects to be funded with SB 1 funds no later than July 1st of any given year to the California Transportation Committee (CTC). In addition, the City must submit an annual report of street or road expenditures made during the preceding fiscal year to the CTC no later than December 1st of the following year.

BUDGET HIGHLIGHTS

- Road repair and rehabilitation – Funds are provided to reconstruct concrete streets and to repair access ramps when resurfacing streets to prevent further deterioration in the overall condition of the City street system and to comply with federal requirements of the Americans with Disabilities Act.
- Safety Projects – Funds are provided for street safety projects along Vision Zero High Injury Network corridors including traffic signal installations, speed feedback sign installation and maintenance, pedestrian refuge island implementation, and sidewalk repair to safely separate vehicle and pedestrian traffic.
- Capital and Technology Improvement Expenditure Program – Funds are provided for 41 street-related projects, including nine hillside slope stability and seven bridge and tunnel projects to improve the safety of pedestrians and vehicles.

TOTAL APPROPRIATIONS	<u>\$ 164,704,006</u>	<u>\$ 153,657,196</u>

THIS PAGE INTENTIONALLY LEFT BLANK

SEWER CONSTRUCTION AND MAINTENANCE FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Sewer Construction and Maintenance Fund (SCM) relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 1,780,870,783	
2026-27 Proposed Budget	\$ 1,838,861,906	
Change from 2025-26 Budget	\$ 57,991,123	3.3%

The SCM funds the Clean Water Program (CWP), which serves over four million people in the City of Los Angeles and 29 contract cities, encompassing a service area of approximately 600 square miles. CWP operations include sewage conveyance and treatment, water reclamation, industrial sewage management, environmental monitoring, and a capital program. The wastewater collection and treatment system is operated and maintained by the Bureau of Sanitation and includes 6,700 miles of sewers, 49 pumping plants, three water reclamation plants, and one treatment plant.

All properties that use the City's sewer system pay a Sewer Service Charge (SSC), which determines sewage volume by multiplying water usage by the SSC rate. Revenue is deposited into the SCM and is used to support ongoing maintenance and capital improvements for the sewer system. In addition to SSC revenues, the SCM is an enterprise fund that supports revenue bonds. A number of separate funds were created to properly account for revenues and expenditures and interest earnings on bond proceeds.

The Proposed Budget for SCM includes the Clean Water Capital and Technology Improvement Expenditure Program (\$710,542,000) and the related capital labor and expense costs (\$147,625,493). Also included are the costs of operating and maintaining the Clean Water System (\$618,556,932), payment of debt service on Wastewater System Revenue Bonds (\$257,622,547), a 45-day operating reserve (\$75,644,005), and various other expenses (\$28,870,929).

BUDGET HIGHLIGHTS

- A five-year rate adjustment for the SSC took effect starting in October 2024 and 2026-27 represents the second full year of revenues, which will increase by approximately 6.5 percent. In 2026-27, one rate increase will occur.
- The 2026-27 Proposed Budget includes \$10.8 million in increased services and funding for the CWP in the Bureau of Sanitation, including the addition of 40 positions to support conveyance, testing, facility operations and maintenance, planning, and administration.
- The Proposed Budget also includes \$70.6 million in funding for capital improvements at the Hyperion Water Reclamation Plant.

		Sewer Construction and Maintenance Fund	
		2025-26	2026-27
		Adopted Budget	Proposed Budget
Balance Available, July 1		\$ 247,865,145	\$ 33,065,361

Available cash balance at July 1 reflects funds that are projected to be unobligated from prior years which are available for appropriation in the budget and excludes restricted funds that are not available to fund appropriations such as the Debt Service Reserve Fund, Emergency Fund, 2026-27 operating reserve, 50 percent cash reserve for the 2026-27 Capital and Technology Improvement Expenditure Program (CTIEP), and various bond rebate funds.

	2025-26 Adopted Budget	2026-27 Proposed Budget

DEPARTMENTAL APPROPRIATIONS

SCM funds are allocated to cover the cost of Clean Water Program activities in various City departments, offices, and bureaus, including related costs. Variances reflect the net impact of cost-of-living salary adjustments, changes in overhead rates, and position additions or reductions.

City Administrative Officer – Budget, financial, and administrative services.	\$ 880,973	\$ 947,965
City Attorney – Legal and litigation services.	1,199,644	1,260,465
City Clerk – Claims analysis and processing.	39,026	38,030
Controller – General support for billings, payments, and payroll.	277,322	288,649
Emergency Management – Emergency management coordination.	60,136	66,377
Finance – Special billing, collection of fees, and debt issuance services.	510,420	528,695
General Services – Fleet services, materials testing, warehouse services, mail, and messenger services.	6,238,320	7,319,895
Information Technology – 3-1-1 Call Center services.	156,203	153,912
Mayor – Environmental sustainability coordination.	27,053	27,053
Personnel – Personnel selection and occupational safety services.	2,811,937	3,216,481
Police – Public safety personnel in Clean Water facilities.	1,795,921	2,393,863
Public Works		
Board of Public Works – General oversight of the Department of Public Works, accounting support, and personnel services.	3,688,721	3,906,981
Bureau of Contract Administration – Construction inspection services.	12,125,267	14,619,010
Bureau of Engineering – Design and construction management services.	51,372,014	55,068,774
Bureau of Sanitation – Planning, operation, and coordination services.	178,395,583	193,571,257
Bureau of Street Lighting – Design review for secondary sewer replacement projects.	253,366	264,212
Transportation – Traffic control, review of plans, and related duties connected with major sewer construction.	582,668	1,156,026
General City Purposes – Southern California Association of Governments membership and Discovery Cube educational services.	480,000	480,000
Reimbursement of General Fund Costs – Includes fringe benefits, central services, and/or department administration and support costs.	129,889,806	146,601,376
Subtotal Department Appropriations	\$ 390,784,380	\$ 431,909,021

EXPENSE AND EQUIPMENT ITEMS

In accordance with enterprise fund operations, expense and equipment items are budgeted for expenditure directly from the SCM for the following departments. Variances are due to cost escalation for supplies and contracts.

Bureau of Contract Administration – Equipment and expense.	\$ 77,506	\$ 80,451
Bureau of Engineering – Contracts, equipment, and expense.	1,657,201	1,720,175
Bureau of Sanitation – Contractual services, field equipment expenses, operating supplies for the water reclamation plants and Clean Water system, administrative supplies, furniture, equipment, and security improvements. This amount also includes accounting charges for discontinued capital projects.	253,251,461	258,940,057
Capital Finance Administration – Debt service contribution for the Public Works Building.	2,522,387	2,522,387
Department of Water and Power Fees – Funds are provided for the costs of billing and collection of the SSC.	2,980,800	2,980,800
General Services – Office leases, laboratory expenses, replacement vehicles, and miscellaneous expenses.	14,656,716	20,935,839
Liability Claims – Funds are provided for damage claims made by residents against the City for repair costs resulting from the City's sewer system.	5,370,072	5,370,072
Petroleum Products – Includes funding for the procurement of petroleum and petroleum-related products for City departments.	1,381,955	1,381,955
Sewer Connection Financial Assistance Program – Funds are provided to assist property owners with the repair or replacement of sewer laterals and to assist owners to properly abandon their on-site wastewater treatment system and connect to the City's sewer system where feasible.	250,000	250,000
Sewer Service Charge Refunds – Funds are provided for refunds issued to residents in the event of SSC overbilling.	500,000	500,000
Street Damage Restoration Fee – Funds are provided for street resurfacing costs related to sewer construction.	3,000,000	3,000,000
Utilities – Gas, water, electricity, and telephone expenses at plants and field locations.	52,157,787	52,157,787
Subtotal Expense and Equipment	\$ 337,805,885	\$ 349,839,523

Sewer Construction and Maintenance Fund

SIDEWALK REPAIR PROGRAM

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Sidewalk Repair Program relates to current year funding as follows:

	General Fund		Special Funds*		Other Funds**		Total
2025-26 Adopted Budget	\$	15,869,632	\$	23,285,100	\$	1,107,900	\$ 40,262,632
2026-27 Proposed Budget	\$	15,906,100	\$	19,398,326	\$	948,648	\$ 36,253,074
Change from 2025-26 Budget	\$	36,468	\$	(3,886,774)	\$	(159,252)	\$ (4,009,558)
Percent Change		0.2%		(16.7%)		(14.4%)	(11.1%)
*In Fiscal Year 2026-27, Special Funds include \$4,316,364 provided in the Measure R Traffic Relief and Rail Expansion Fund; \$14,569,383 provided in the SB1 Maintenance and Rehabilitation Fund; and, \$512,579 in the Sidewalk Repair Fund.							
** In 2026-27, Other Funds consist of projects funded by the proprietary departments (Harbor Department and Department of Airports) for repairs to sidewalks and pedestrian facilities adjacent to their property locations. The amount is reported by each proprietary department and budgeted separately from the City budget. The amounts anticipated to be spent by these departments are provided for informational purposes only.							

In 2014-15, the Mayor and City Council approved a Settlement Agreement for the class action lawsuit *Willits v. City of Los Angeles*. Following final court approval on August 25, 2016, the City entered a formal compliance period. 2026-27 marks the tenth year of this thirty-year commitment.

The terms of the Settlement Agreement require the City to:

- Commit \$31,000,000 annually (adjusted every five years to maintain the present value) for 30 years to be used for access improvements and barrier removal, excluding new construction and alterations. In 2026-27, the adjusted annual obligation is \$35,743,000;
- Prioritize and address pedestrian facility improvements as follows:
 1. City of Los Angeles government offices and facilities;
 2. Transportation corridors;
 3. Hospitals, medical facilities, assisted living facilities, and other similar facilities;
 4. Places of public accommodation such as commercial and business zones;
 5. Facilities containing employers; and,
 6. Other areas, such as residential neighborhoods and undeveloped areas;
- Spend at least \$7.149 million on Access Requests and \$5.0 million on curb ramp repair and installation from the annual \$35,743,000 commitment; and,
- Allow the Willits Settlement Plaintiffs to conduct semi-annual inspections of the City's drawings and/or designs.

BUDGET HIGHLIGHTS

- Funds are provided to meet the City's annual commitment and spending requirements on the Access Request Program and on curb ramp installations, inclusive of direct costs and fringe benefits.
- Funds are provided to repair sidewalks at City libraries.

DEPARTMENT OF WATER AND POWER AND LIBRARY DEPARTMENT SIDEWALK REPAIR WORK

- In 2026-27, funds are provided to perform sidewalk repair work for the Department of Water and Power (DWP) and the Library Department. Reimbursement of \$560,000 for this work is included as General Fund revenue (\$60,000 from DWP and \$500,000 from the Library Department).

Sidewalk Repair Program

DEPARTMENTAL APPROPRIATIONS	2025-26 Adopted Budget	2026-27 Proposed Budget
Funds are provided to various City departments to support the direct cost of sidewalk repair activities. Unless otherwise stated, all funding is provided by the Sidewalk Repair Fund.		
City Attorney – Funds are provided for legal advice relating to the California Environmental Quality Act and the Federal Americans with Disabilities Act and support for the Sidewalk Repair Program.	\$ 87,408	\$ 91,753
Disability – Funds are provided for a Sidewalk Repair Program liaison to assist the Department of Public Works in the prioritization of projects and the creation of a tracking system of accessibility requirements for the City's Sidewalk Repair Program.	38,858	42,339
General Services – Funds are provided for materials testing support services for the sidewalk repair work performed by the Bureau of Street Services.	79,129	83,841
Public Works		
Board of Public Works – Funds are provided for direct accounting support for the Sidewalk Repair Fund and for the Sidewalk Repair Incentive Program.	215,582	227,865
Bureau of Contract Administration – Funds are provided for construction inspection and contract compliance for sidewalk repairs.	1,272,690	1,456,754
Bureau of Engineering – Funds are provided for program management and oversight of all components of the Sidewalk Repair Program, including standards, construction, technology development, and reporting.	3,795,286	4,164,763
Bureau of Street Services – Funds are provided for the repair and construction of sidewalk access ramps, four crews to repair sidewalk locations requested by the disability community as part of the Access Request Program, one crew to repair sidewalks identified as high liability locations, tree pre- and post-inspection for sidewalk repair locations, and associated administrative support functions. In 2026-27, funding is provided by the Sidewalk Repair Fund (\$5,550,541). In addition, funding for access ramps is provided by the Measure R Local Return Fund (\$3,389,764).	10,732,193	8,940,305
Transportation – Funds are provided for dedicated field support to repair, relocate, or construct traffic signal equipment and cabling as part of repairing the sidewalk.	159,506	164,900
Subtotal Departmental Appropriations	\$ 16,380,652	\$ 15,172,520

Sidewalk Repair Program

	2025-26 Adopted Budget	2026-27 Proposed Budget
SPECIAL PURPOSE FUND APPROPRIATIONS		
Monitoring and Fees – Funds are provided to reimburse the Willits plaintiffs for costs incurred in the course of conducting monitoring and semi-annual inspections of the City’s drawings and/or designs.	135,000	135,000
Sidewalk Repair – Access Request 1431, 1437, 6310, and 6483 – Funds are provided within the Capital Technology Improvement Expenditure Program from the SB1 Maintenance and Rehabilitation Fund to address missing curb ramps.	420,961	1,591,639
Sidewalk Repair Contractual Services – Funds are provided in the SB1 Maintenance and Rehabilitation Fund to continue sidewalk repair activities and improvements as needed, in accordance with the Willits Settlement Agreement.	12,546,218	7,234,133
Sidewalk Repair Engineering Consulting Services – Funds are provided in the SB1 Maintenance and Rehabilitation Fund for the Bureau of Engineering to pay for as-needed engineering consulting services.	4,515,432	3,000,000
Willits Settlement Sidewalk Program Access Request Package 79 – Funds are provided within the Capital Technology Improvement Expenditure Program from the SB1 Maintenance and Rehabilitation Fund for Access Request Package 79 to address accessible route requests that exceed two blocks and or two intersections.	287,858	2,743,611
Reimbursement of General Fund Costs – Funds are provided for incremental benefits (healthcare and pension payments for City employees working on Sidewalk Repair). In 2026-27, funding is provided from the Sidewalk Repair Fund (\$4,500,923) and the Measure R Traffic Relief and Rail Expansion Fund (\$926,600).	4,868,611	5,427,523
Subtotal Special Purpose Fund Appropriations	<u>\$ 22,774,080</u>	<u>\$ 20,131,906</u>

 TOTAL APPROPRIATIONS	 <u>\$ 40,262,632</u>	 <u>\$ 36,253,074</u>

THIS PAGE INTENTIONALLY LEFT BLANK

SOLID WASTE RESOURCES REVENUE FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Solid Waste Resources Revenue Fund (SWRRF) relates to current year funding as follows:

	Amount	% Change
2025-25 Adopted Budget	\$ 432,582,651	
2026-27 Proposed Budget	\$ 551,565,477	
Change from 2025-26 Budget	\$ 118,982,826	27.5%

The Solid Waste Collection, Transfer, Recycling, Recovery of Waste Resources, and Disposal Fee (Solid Waste Fee) is imposed on all single-family dwellings in the City and upon multiple-unit dwellings for which the City provides refuse collection services. All receipts from the Solid Waste Fee are deposited into the SWRRF and are used for all costs associated with the collection, disposal, and recycling of solid waste. Further, these revenues can be used for the payment of principal and interest on both existing and future revenue bonds for the above listed activities that are eligible for funding from bond proceeds.

BUDGET HIGHLIGHTS

- In April 2025, the City Council approved the implementation of a five-year rate adjustment (C.F. 23-0600-S9) and the rate adjustment was implemented in November 2025. The 2026-27 Proposed Budget includes implementation of the second of five annual rate increases. The rates will increase from \$55.95 per month to \$59.53 per month for both single-family and multi-family dwellings. Due to litigation settlements, which are not included in the rate adjustments, the SWRRF still requires a General Fund related costs subsidy of \$7.2 million in 2026-27 to support its operations.
- The 2026-27 Proposed Budget provides \$12.1 million in funding for increased services and to address overtime expenditures for the Bureau of Sanitation.
- The City Council's adoption of the Solid Waste Fee adjustment also included the expansion of the current Solid Resources Lifeline Program into a Low Income Financial Assistance Program for participating ratepayers who meet qualifying income levels and removes the existing program enrollment cap. The General City Purposes Fund includes a \$22 million appropriation to reimburse the SWRRF for providing these subsidies to Financial Assistance Program customers. Pursuant to Proposition 218, the City cannot subsidize this program with revenues from ratepayers.
- Solid waste landfill disposal fees (or tip fees) and Material Recovery Facilities (MRF) fees for residential collection activity have grown considerably in recent years. Due to global market conditions, the MRF's costs for processing and marketing the City's recyclables has significantly increased, while revenue opportunities for the sale of recyclables has not kept pace. Additionally, implementation of the Senate Bill 1383 mandate for organic and food waste diversion and processing has led to more than doubling of organic waste tip fee rates over the past three years. Funding of \$130.2 million is provided in 2026-27 for solid waste tip fees. For administrative efficiency, tip fees for the Multi-family Bulky Item Program and other special funds are paid by SWRRF and reimbursed from those special funds.

SPECIAL GAS TAX IMPROVEMENT FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Special Gas Tax Improvement (Gas Tax) Fund relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 116,454,648	
2026-27 Proposed Budget	\$ 114,143,000	
Change from 2025-26 Budget	\$ (2,311,648)	(2.0%)

The Gas Tax Fund receives monies from the State Excise Tax on the sale of gasoline and from federal reimbursements through the Surface Transportation Program - Local. Funding to the cities and counties is apportioned through various formulas in accordance with Streets and Highways Code Sections 2103, 2105, 2106, and 2107 and through annual federal legislation relative to the Surface Transportation Program as follows:

- Section 2103: Revenues equal to 17.3 cents per gallon of gasoline. Allocation to cities is based on population.
- Section 2105: Allocates 11.5 percent of the tax revenues in excess of 9 cents per gallon among cities and counties based on population.
- Section 2106: Revenues equal to 1.04 cents per gallon, with allocations to the State's Active Transportation Program, the 58 counties, and the 481 eligible cities. Each city is allocated \$400/month. After various allocations, the remaining funds are allocated to counties and cities.
- Section 2107: Revenues equal to \$1.314 cents per gallon of gasoline, 1.8 cents per gallon of diesel, and 2.59 cents per gallon of liquefied petroleum gas. Funds are distributed to the cities primarily based on population.

The allowable use of gas tax funds include the following:

- a) The research, planning, construction, improvement, maintenance, and operation of public streets and highways and public mass transit guideways, their related facilities, the payment for property taken or damaged for those purposes, and the associated administrative costs. Ineligible costs include maintenance and operating costs for mass transit power systems and mass transit passenger facilities, vehicles, equipment, and service.
- b) The payment of principal and interest on voter-approved bonds issued for eligible purposes.

BUDGET HIGHLIGHTS

- Bureau of Street Lighting: Funds are provided for the design, installation, and maintenance of street lights to enhance public safety.
- Bureau of Street Services: Funds are provided for the Pavement Preservation Program and Street Maintenance Program to prevent further deterioration in the overall condition of the City street system. Funds are also provided for street sweeping of improved roadways to maintain clean conditions.
- Department of Transportation: Funds are provided for the design and installation of pavement, curb, and traffic markings on repaved streets and the maintenance of traffic safety signs to ensure vehicular safety.

SPECIAL PARKING REVENUE FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Special Parking Revenue Fund (SPRF) relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 51,189,034	
2026-27 Proposed Budget	\$ 60,945,314	
Change from 2025-26 Budget	\$ 9,756,280	19.1%

The SPRF collects receipts from parking meters and City-owned public parking lots in the City in accordance with Division 5 of the Los Angeles Administrative Code. The SPRF has been used for the following purposes: (1) purchasing, leasing, installing, maintaining, operating, and regulating parking meters and metered spaces; (2) collection of meter revenue and related expenses; (3) the purchase, improvement, and operation of off-street parking facilities; (4) painting and marking of streets and curbs required for the parking of motor vehicles within parking meter zones; (5) repayment of borrowed City funds; and (6) the payment of debt service costs incurred for off-street parking facilities. The City also may establish surplus funding which may be transferred to the Reserve Fund for general governmental purposes, after paying or setting aside funding for the cost of operations and maintenance of eligible activities.

BUDGET HIGHLIGHTS

The 2026-27 Proposed Budget reflects funding for:

- Maintenance of City-owned public surface lots and parking garages; and,
- Replacement and upgrade of parking access and revenue control system equipment.

	2025-26 Adopted Budget	2026-27 Proposed Budget
Cash Balance, July 1	\$ 17,745,671	\$ 4,243,460
Less: Prior Year's Unexpended Appropriations	2,739,686	4,243,460
Balance Available, July 1	15,005,985	-

Special Parking Revenue Fund

	2025-26 Adopted Budget	2026-27 Proposed Budget

DEPARTMENTAL APPROPRIATIONS

Transportation – Funds are provided for overtime to maintain City-owned parking facilities and meters. This streamlines the administrative process and the need to transfer funds during the year.	\$ 394,600	\$ 394,600

Subtotal Departmental Appropriations	<u>\$ 394,600</u>	<u>\$ 394,600</u>

SPECIAL PURPOSE FUND APPROPRIATIONS

Capital Equipment Purchases - Funds are provided for the replacement and upgrade of equipment including, but not limited to, meters, pay stations, and for the retrofit of the Hollywood Highland facility.	\$ 5,280,388	\$ 5,280,000

Collection Services - Funds are provided for parking meter collection services. A contractor currently services individual meters, multi-space meters, and off-street pay stations.	2,800,000	2,800,000

Contractual Services - Funds are provided for lot operation agreements, asset development and expansion studies, recurring and new meter technology, communication and credit card processing costs, anticipated parking occupancy tax receipts, and the lease and maintenance of single-space parking meters.	23,042,000	29,420,904

Maintenance, Repair, and Utility Service for Off-Street Parking Lots - Funds are provided for recurring costs (security, sweeping, lighting, landscape maintenance, and debris removal on lots and utilities) and non-recurring costs (repair of wheel stops, walls, signs, potholes, gates, fences, slurry seal, and resurfacing). Landscaping services encompass all surface lots, and funding is provided to prevent service lapses and address safety hazards in a timely manner.	2,500,000	2,500,000

Miscellaneous Equipment - Funds are provided for administrative equipment and office supplies.	-	100,000

Parking Meter and Off-Street Parking Administration - Funds are provided for staff performing parking administration services.	5,327,964	5,787,007

Parking Structure Improvements - Funds are provided for the replacement and upgrade of parking access and revenue control system equipment.	-	5,000,000

Replacement Parts, Tools, and Equipment - Funds are provided for the purchase of parts, supplies, and tools needed to repair and maintain parking meters.	900,000	1,400,000

Subtotal Special Purpose Fund Appropriations	<u>\$ 39,850,352</u>	<u>\$ 52,287,911</u>

GENERAL FUND REIMBURSEMENTS

Reimbursement of General Fund Costs - Funds are provided to reimburse the General Fund for fringe, central services, and department administration and support.	\$ 5,452,009	\$ 6,066,905

Special Parking Revenue Fund

	2025-26 Adopted Budget	2026-27 Proposed Budget
Capital Finance Administration Fund - Funds are provided to pay debt service on Municipal Improvement Corporation of Los Angeles bonds issued for the Vine Street Garage, the Aiso Street Garage, and the Hollywood and Highland Parking Garage.	\$ 5,492,073	\$ 2,195,898
Subtotal General Fund Reimbursements	<u>\$ 10,944,082</u>	<u>\$ 8,262,803</u>
TOTAL APPROPRIATIONS	<u>\$ 51,189,034</u>	<u>\$ 60,945,314</u>

THIS PAGE INTENTIONALLY LEFT BLANK

STORMWATER POLLUTION ABATEMENT FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Stormwater Pollution Abatement (SPA) Fund relates to current year funding as follows:

	Amount	% Change
2025-26 Proposed Budget	\$ 32,550,353	
2026-27 Proposed Budget	\$ 39,480,081	
Change from 2025-26 Budget	\$ 6,929,728	21.3%

Adopted in August 1990, the SPA charge imposes a fee on all properties in the City based on stormwater runoff and pollutant loading associated with property size and land use. The charge is collected by the Los Angeles County Assessor on the annual property tax bill and annual receipts are approximately \$28.4 million. SPA funds are used to treat and abate stormwater under the guidelines and regulations set forth by the United States Environmental Protection Agency (U.S. EPA) for stormwater discharges from large municipal storm drain systems. The SPA Fund supports the cost of stormwater-related activities in various City departments and also funds the construction of flood control and pollution abatement projects. As the result of climate change impacts and changing environmental factors, the focus of stormwater abatement has shifted to encompass a broader effort in watershed management to improve water quality across the various watersheds.

The State of California, Regional Water Quality Control Board, Los Angeles Region (Regional Board) regulates the treatment and abatement of stormwater through a National Pollutant Discharge Elimination System (NPDES) Municipal Separate Storm Sewer System (MS4) Permit. This Permit is issued to agencies that operate their municipal storm drain systems. A new MS4 Permit was negotiated and became effective September 2021.

The MS4 Permit is one of the regulatory tools the Regional Board uses to enforce oversight of Total Maximum Daily Loads (TMDLs), which limit the maximum amount of a pollutant that a water body can receive and still meet water quality standards. The City is currently subject to 22 TMDLs, but is expected to be subject to more regulation from the Regional Board and the U.S. EPA in the coming years. The MS4 Permit also provides for the development and implementation of Enhanced Watershed Management Programs (EWMPs) that outline strategies, watershed control measures, and implementation schedules to ensure compliance with the MS4 Permit and all TMDLs.

REVENUE

The City has not adjusted the SPA charge since 1993. The rate structure of \$1.92 per month for a typical single-family residential parcel is not sufficient to support the cost of implementing the current NPDES MS4 Permit requirements. In May 2023, Council instructed the Bureau of Sanitation to report with fee studies and recommendations to reduce reliance on the General Fund (C.F. 23-0600-S9). Going forward, it is expected that SPA will be used to support the City's flood control program, enforcement of illicit discharge activities, and stormwater education. Furthermore, Measure W will be used to fund water quality projects identified in the EWMPs to comply with TMDL requirements as well as the operation and maintenance of completed water quality projects.

BUDGET HIGHLIGHTS

- Funding in the amount of \$2.3 million is provided for non-capital expenses associated with maintaining the NPDES MS4 Permit.
- The General Fund provides a subsidy to the SPA Fund for 2026-27, in an amount of \$17.9 million in related costs.

STREET DAMAGE RESTORATION FEE SPECIAL FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Street Damage Restoration Fee Special Fund relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 51,645,283	
2026-27 Proposed Budget	\$ 49,134,000	
Change from 2025-26 Budget	\$ (2,511,283)	(4.9%)

The Street Damage Restoration Fee Special Fund was created to receive revenues from the Street Damage Restoration Fee (Fee). The Fee was established in 1998 to reimburse the City for damage to City streets caused by excavations or other work performed by any entity, including City agencies, required to obtain a permit for the performance for this work. The funds are to be used only for asphalt streets, as work on concrete streets, private streets, and alleys is not subject to the Fee. The eligible uses for the funds consist of:

Construction

- Street maintenance, resurfacing, repair, and reconstruction.

Support

- Laboratory fees, testing, materials, and engineering.
- Salaries and overhead associated with these items.

	2025-26 Adopted Budget	2026-27 Proposed Budget

TELECOMMUNICATIONS AND PUBLIC, EDUCATIONAL, AND GOVERNMENT DEVELOPMENT

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Telecommunications and Public, Educational, and Government Development relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 6,757,752	
2026-27 Proposed Budget	\$ 6,215,166	
Change from 2025-26 Budget	\$ (542,586)	(8.0%)

Sections 5.97 and 5.98 of the Los Angeles Administrative Code establish the Telecommunications Development and the Public, Educational, and Government (PEG) Development funds. These funds receive revenue from PEG access capital franchise fees, which represent one percent of cable companies' gross receipts. Funds deposited to the Telecommunications Development Fund must be used for capital costs related to providing PEG access programming. Pursuant to Council File 16-0022, funds deposited to the PEG Development Fund are eligible to be used for PEG operational and capital costs. Funds from the PEG access capital franchise fees that are not appropriated for specific purposes are held in a reserve account. During 2021-22, Ordinance No. 187363 was approved which changed the name of the former Telecommunications, Liquidated Damages and Lost Franchise Fees Fund, Telecommunications Development Account, to the Telecommunications Development and the PEG Development funds as described herein.

UNAPPROPRIATED BALANCE

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the Unappropriated Balance relates to current year funding as follows:

	Amount	% Change
2025-26 Adopted Budget	\$ 290,522,442	
2026-27 Proposed Budget	\$ 150,693,000	
Change from 2025-26 Budget	\$ (139,829,442)	(48.1%)

In accordance with Charter Section 312, the Unappropriated Balance provides funds for appropriations after the budget adoption to meet contingencies as they arise. For these contingencies that may occur during the fiscal year, the budget cannot adequately define specific funding, personnel, equipment, or procedures. By recognizing such contingencies, the Unappropriated Balance provides start-up funding. Use of monies in the Unappropriated Balance is subject to approval of specific reports and recommendations to the Mayor and Council.

27. Reserve for Mid-Year Adjustments	125,000,000	38,000,000
28. South Bay Cities Association	59,021	--
29. Trade and Commerce Relations	549,000	--
30. Workforce and Economic Development Initiatives	--	500,000
Total	<u>\$290,522,442</u>	<u>\$150,693,000</u>

2025 Windstorm and Wildfire After Action Report - \$430,000. Funding is set aside for the Chief Legislative Analyst to contract an independent third party to prepare a comprehensive, independent After-Action Report regarding the City's response to the January 2025 windstorms and wildfires.

ADA Transition Plan Development - \$100,000. Funding is set aside for the Department on Disability to develop the Transition Plan for the Americans with Disabilities Act (ADA) Citywide Self-Evaluation and Transition Plan.

Advantage Insight Project - \$150,000. Funding is set aside to support the transition of financial reports within the City's financial reporting system as the system approaches end of life.

Civil Case Management System Replacement - \$2,000,000. Funding is set aside for the City Attorney to replace the existing civil case management system.

Elected Officials Transition Expenses - \$2,625,000. Funding is set aside for services related to the transition of elected officials for the term that begins in December 2026.

Election Expenses – General Municipal Elections - \$11,000,000. Funding is set aside for the November 2026 General Municipal Election, which represents the City's portion of the Los Angeles County Registrar-Recorder/County Clerk's costs based on an estimate of up to five Council-sponsored ballot measures, one Citywide office runoff, and three City Council District office runoffs.

Equipment, Expenses, and Alterations & Improvements - \$6,181,000. Funding is set aside as a contingency to address necessary adjustments to accounts.

Gang Injunction Settlement Agreement - \$1,000,000. Funding is set aside for extending the Gang Injunction Curfew Settlement program pending the completion of a special audit and review of the program.

Ground Emergency Medical Transport QAF Program - \$52,000,000. Funding is set aside for the quarterly payments and related contractual services cost for the Public Provider Ground Emergency Medical Transport Intergovernmental Transfer Program.

Internal Cash Flow Borrowing - \$4,000,000. Funding is set aside to cover the interest costs associated with special fund borrowing required for cash flow management in 2026-27.

Mutual Aid Overtime - \$3,000,000. Funding is set aside for sworn overtime for the Fire Department for mutual aid response for fire and disaster response needs outside of the City boundaries.

Nuisance Abatement Enforcement - \$2,000,000. Funding is set aside to mitigate or eliminate nuisance conditions at City-owned properties and within the City's right-of-way. This funding will be used to remediate existing hazards and proactively secure City properties to prevent the formation of new nuisance conditions.

Outside Counsel including Workers' Compensation - \$6,657,000. Funding is set aside for the City Attorney to retain outside counsel to assist in litigation and transactional matters. The City Attorney retains outside firms when the type of litigation involved requires specialized expertise or appropriate staffing resources are not available in-house. This funding is separate from the \$6.0 million budgeted for law firms on the Attorney Conflicts Panel managed by the Office of the City Administrative Officer. Partial funding is provided by the Solid Waste Resources Revenue Fund (\$675,000).

Police Workday Payroll Integration Software - \$1,000,000. Funding is set aside to implement payroll integration solutions to address the Police Department's operational needs, including deployment planning, time tracking, and overtime reporting.

Reserve for Extraordinary Liability - \$20,000,000. Funding is set aside as a reserve for liability payouts resulting from judgments or settlements.

Reserve for Mid-Year Adjustments - \$38,000,000. Funding is set aside to address shortfalls that may arise during 2026-27.

Workforce and Economic Development Initiatives - \$500,000. Funding is set aside to support WorkSource Centers and ensure local vendors and community contracts are prioritized for the 2028 Games.

WATER AND ELECTRICITY

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for Water and Electricity relates to current year funding as follows:

		Amount	% Change
2025-26 Adopted Budget	\$	51,400,000	
2026-27 Proposed Budget	\$	51,765,000	
Change from 2025-26Budget	\$	365,000	0.71%

The Water and Electricity budget supports the utility expenses for City departments (excluding proprietary) who occupy City-owned buildings.

The 2026-27 Proposed Budget provides funding in the amount of \$6,341,793 and \$45,423,207 for water and electricity service charges, respectively, for a total appropriation of \$51,765,000. The Department of Recreation and Parks and the Bureau of Sanitation are billed directly and are not included in the Water and Electricity budget. The Proposed Budget provides for a 0.71 percent increase from the 2025-26 Adopted Budget levels.

Subfunction	2025-26 Adopted Budget	2026-27 Proposed Budget
Lighting of Streets - Electricity is provided for public property lighting.	\$ 5,642,488	\$ 5,642,488
Aesthetic and Clean Streets and Parkways - Water is provided to clean streets and to water parkway landscaping.	742,121	742,121
Street and Highway Transportation - Electricity is provided to the asphalt plants and service yards.	819,718	819,718
Educational Opportunities - Water and electricity are provided to the various libraries.	4,734,977	5,099,977
Public Buildings, Facilities, and Services - Water and electricity are provided to all public buildings maintained by the General Services Department, including all fire and police stations.	39,460,696	39,460,696
TOTAL:	<u>\$ 51,400,000</u>	<u>\$ 51,765,000</u>

2026 TAX AND REVENUE ANTICIPATION NOTES

DEBT SERVICE FUND

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for the 2026 Tax and Revenue Anticipation Notes (TRAN) Debt Service Fund relates to current year funding as follows:

	2025-26 Adopted Budget	2026-27 Proposed Budget	% Change
Debt Service – Pension Fund	\$ 654,041,409	\$ 694,148,156	6.1%
Debt Service – Retirement Fund	748,807,058	827,649,473	10.5%
Debt Service – Cash Flow (Interest Only)	11,003,050	--	(100%)
Total Debt Service	\$ 1,413,851,517	\$ 1,521,797,629	7.6%

The 2026 TRAN Debt Service Fund is a special purpose fund established to pay debt service on notes issued to fund the City's annual contribution payments to the Fire and Police Pension Fund (Pension Fund) and the Los Angeles City Employees' Retirement System Fund (Retirement Fund).

The 2026-27 appropriation to the TRAN Debt Service Fund includes the payment of the entire debt service on notes issued in relation to the Pension and Retirement Funds. Issuance of these notes will permit the City to make the entire annual contribution to the Retirement Fund and the Pension Fund in July 2026. This early payment will allow the Pension and Retirement Funds to use additional interest earned on the early payment to discount the required City contribution without reducing the Funds' annual receipts.

The appropriation of \$694.1 million in the Debt Service Fund is the estimated cost of repaying the entire principal and borrowing costs on the notes issued for the Pension Fund contribution for 2026-27.

The appropriation of \$827.6 million in the Debt Service Fund is the estimated cost of repaying the entire principal and borrowing costs on the notes issued for the Retirement Fund contribution for 2026-27. The proprietary departments (Airports and Harbor) and the pension systems (Los Angeles City Employees' Retirement System and Los Angeles Fire and Police Pensions) will pay the special fund portion of the Retirement Fund contribution (\$152.9 million). The Retirement Fund contribution also reflects the true up adjustment for the prior fiscal year resulting from the reconciliation of budgeted covered payroll with actual covered payroll.

The principal and interest on the TRAN will be paid from the City's General Fund revenues set aside during the fiscal year. Issuance of the TRAN for the annual contribution payments to the Pension Fund and Retirement Fund will not contribute to the overall indebtedness of the City. The total savings from the early payment of the annual contribution payments to the Pension Fund and Retirement Fund is approximately \$46.1 million. After incorporating costs of issuance, the total net savings to the General Fund of issuing the TRAN is approximately \$7.9 million.

Historically, the TRAN Debt Service Fund included an appropriation for the interest portion of the temporary cash flow borrowing requested by the Controller. The temporary borrowing was previously split between the TRAN issuance and special fund borrowing. The 2026-27 Proposed Budget assumes all temporary cash flow borrowing will be managed with special fund borrowing. An appropriation is included in the Unappropriated Balance for the interest costs associated with the special fund borrowing.

THIS PAGE INTENTIONALLY LEFT BLANK

SUMMARY OF PROPOSED ALTERATIONS AND IMPROVEMENTS

The Proposed Budget includes \$12,293,121 for various alterations and improvements at departmental facilities, which include the maintenance and repair of portable emergency generators that act as reserve power for City facilities; emergency repairs to ensure City facilities are code-compliant; the abatement of health and safety issues such as mold, lead, and asbestos; repairs and improvements such as paint, cabinetry, and office reconfiguration; electrical issues such as shortages, upgraded outlets, and wiring repairs; and, improved accessibility in accordance with the Americans with Disabilities Act (ADA).

ALTERATIONS AND IMPROVEMENTS

Library *	Branch Libraries alterations and improvements	\$	9,749,320
Library *	Central Library alterations and improvements		2,543,801
Total 2026-27 Budget for Alterations and Improvement Projects			\$ 12,293,121

* Funding for the Library Department Alterations and Improvements is included as an appropriation within the Library Department's budget.

THIS PAGE INTENTIONALLY LEFT BLANK

CLIMATE BUDGET

BASIS FOR THE PROPOSED BUDGET

The Climate Budget describes the appropriations and financing that the Budget authorizes for the provision of climate change mitigation and climate change adaptation activities in City operations.

The 2026-27 Proposed Budget for climate-related expenditures is as follows:

	General Fund	Special Funds	MICLA	Total
2026-27 Proposed Budget	\$ 44,885,080	\$ 576,853,476	\$ 272,829,241	\$ 894,567,797

City initiatives play an important role in mitigating climate pollution and preparing for the impacts of climate change. Climate budgeting is a financial process that integrates climate projects and actions into a city's financial planning and budget. A climate budget demonstrates a city's funding for climate initiatives across measurable categories fostering accountability by tracking emissions reductions and resilience efforts alongside financial expenditures. This is the City of Los Angeles' first Climate Budget.

The 2026-27 Proposed Climate Budget is separated into three major program categories as summarized below:

Departmental Appropriations

This category includes appropriations funded within City departments and other programs. Funds for these appropriations are provided by the General Fund and various special funds.

Non-Departmental Appropriations

This category includes appropriations funded within various non-departmental budgets including the General City Purposes (GCP), the Unappropriated Balance (UB), the Capital Finance Administration Fund (CFA) associated with debt issued through the Municipal Improvement Corporation of Los Angeles (MICLA), and the Capital and Technology Improvement Expenditure Program (CTIEP).

Special Purpose Fund Appropriations

This category includes appropriations funded within various special funds as special purpose fund appropriations.

The 2026-27 Proposed Climate Budget identifies categories of climate change mitigation and climate change adaptation solutions as described below:

Climate Change Mitigation

Actions taken to reduce or prevent the emissions of greenhouse gas (GHGs) into the atmosphere will stabilize the climate. By reducing the concentration of GHGs in the atmosphere, further warming and the worst effects of climate change can be avoided. Identified climate mitigation appropriations help reduce GHG emissions in both the municipal and community inventories through one or more of the reduction strategies below:

- Category 1 Reducing Vehicle Miles Traveled (VMT): Appropriations that increase access to public transportation or supports active transportation such as bike lanes and bus shelters.
- Category 2 Waste Reduction: Appropriations that support the reduction of waste hauled to landfills such as source reduction strategies and diversion strategies.
- Category 3 Decarbonization: Appropriations that eliminate or reduce emissions from a process or activity such as the usage of low carbon concrete and alternative fuels.

- Category 4 Energy Efficiency: Appropriations that decrease the amount of energy needed to accomplish an identical need such as lighting retrofits and efficient water fixtures.
- Category 5 Urban Greening: Appropriations that incorporate green spaces and elements into urban environments and infrastructure such as bioswales and tree preservation or planting.
- Category 6 Electrification: Appropriations that support the replacement of fossil fuels with zero emission alternatives such as the replacement of a gas vehicle with an electric alternative or replacing a furnace with a heat pump.

Climate Change Adaptation

Los Angeles communities and City infrastructure are increasingly facing stressors from the effects of climate change. Climate adaptation appropriations support actions that prepare for and adjust to current and projected impacts of climate change by addressing one or more of the following issues below:

- Category 1 Extreme Heat: Appropriations that address conditions or risks associated with extreme heat such as cooling centers or shade.
- Category 2 Drought: Appropriations that increase local water supply or decrease water use such as drought tolerant landscaping or the expansion of water reclamation.
- Category 3 Sea Level Rise: Appropriations that increase resilience to the effects of sea level rise such as the conservation of natural barriers or the development of a floodplain management plan.
- Category 4 Wildfire: Appropriations that increase resilience to wildfires such as dead tree removals or a wildfire study.
- Category 5 Flooding: Appropriations that increase resilience to climate-driven atmospheric rivers, flooding, and other weather phenomena such as landslide prevention measures and increasing permeable surfaces.
- Category 6 Climate-Related Public Health: Appropriations that promote health or prevent disease through mitigation of climate impacts such as localized air quality improvement.

Methodology

The City of Los Angeles' climate budgeting methodology uses the Climate Budgeting Framework from the C40 Cities Climate Leadership Group, Inc., a leader in global urban climate governance. The City implements this framework by analyzing how budget appropriations align with climate change mitigation (mitigation) and climate change adaptation (adaptation) activities.

Alignment can encompass direct and indirect support for applicable mitigation and adaptation activities. The Climate Budget evaluates the primary intent of a budget appropriation to determine the extent of alignment with mitigation activities. If the primary intent is deemed to be fully aligned with one or more mitigation activity, the budget appropriation is fully aligned and 100 percent of the budget appropriation amount is credited towards the applicable mitigation activity category(s). If the primary intent of a budget appropriation is not fully aligned with mitigation activities, but there are mitigation co-benefits, then the appropriation is deemed to be partially aligned with one or more mitigation activities. In this case, 40 percent of the budget appropriation amount is credited towards the applicable mitigation activity category(s). Unlike mitigation activities, budget appropriations are either fully aligned with one or more adaptation activity and 100 percent of the budget appropriation amount is credited towards the applicable adaptation activity category(s), or not at all aligned with adaptation.

Calculations for emissions impacts use the highest quality data available. If available data is insufficient to determine a specific impact, however, the Climate Budget does not estimate or include emissions savings. Specifically, the Climate Budget does not include the CTIEP appropriations for Clean Water due to insufficient available data to verify climate alignment for individual clean water projects.

BUDGET HIGHLIGHTS

The following table sets forth the Proposed Climate Budget for 2026-27 by describing budget appropriations by program category and alignment with mitigation, adaptation, or both. As shown in the table, \$894,567,797 of the 2026-27 Proposed Budget is aligned with either mitigation and adaptation activities and this is known as the 2026-27 Climate Budget total. Of the total Climate Budget, \$803,375,007 is aligned with mitigation activities and \$316,086,921 is aligned with adaptation activities. These two figures do not sum to the Climate Budget total, as appropriations may align with both mitigation and adaptation activities.

2026-27 CLIMATE CHANGE MITIGATION AND ADAPTATION APPROPRIATIONS

	Climate Change Mitigation	Climate Change Adaptation	2026-27 Proposed Budget
Departmental Appropriations	\$ 120,148,321	\$ 66,875,511	\$ 169,418,280
Non-Departmental Appropriations	\$ 324,531,832	\$ 171,034,077	\$ 366,064,663
Special Purpose Fund Appropriations	<u>\$ 358,694,854</u>	<u>\$ 78,177,333</u>	<u>\$ 359,084,854</u>
TOTAL APPROPRIATIONS	<u>\$ 803,375,007</u>	<u>\$ 316,086,921</u>	<u>\$ 894,567,797</u>

The following table sets forth the Proposed Climate Budget for 2026-27 by describing total amounts by specific mitigation and adaptation activities. As this table provides an overview by specific activities, it will not sum to a shared total with the table above, which provides an overview based on budget appropriation totals.

2026-27 CLIMATE CHANGE MITIGATION AND ADAPTATION ACTIVITIES

	2026-27 Proposed Budget
Climate Change Mitigation	
Reducing Vehicle Miles Traveled	\$ 492,969,343
Waste Reduction	95,628,508
Decarbonization	186,090,694
Energy Efficiency	69,734,299
Urban Greening	60,225,227
Electrification	182,187,054
Climate Change Adaptation	
Extreme Heat	\$ 179,235,901
Drought	144,465,797
Sea Level Rise	1,414,376
Wildfires	29,687,451
Flooding	124,491,122
Climate-Related Public Health	207,418,724

DEPARTMENTAL APPROPRIATIONS	Mitigation		Adaptation		2026-27
	Category**	Amount	Category***	Amount	Proposed Budget
Building and Safety					
• Palisades Rebuilding Management Support - Funding is provided for three positions consisting of one Chief Inspector and two Principal Inspectors to oversee and support the rebuilding efforts in the Palisades.	-	-	4,6	\$ 411,845	\$ 411,845
• Training and Emergency Management - Funding is provided for one Safety Engineering Associate II to support the Training and Emergency Management Division.	-	-	1,4,5	100,689	100,689
City Attorney					
• Bureau of Sanitation Legal Support - Funding is provided for two positions consisting of one Deputy City Attorney III and one Deputy City Attorney II to support the Bureau of Sanitation's legal needs.	2,3,4,5	395,526	1,2,5,6	395,526	395,526
• California Environmental Quality Act - Public Works - Funding is provided for three positions consisting of two Deputy City Attorney IIIs and one Legal Secretary II to support the Department of Public Works in legal matters regarding the California Environmental Quality Act.	1,2,3,4,5,6	547,881	1,2,3,4,5,6	547,881	547,881
• California Environmental Quality Act - Litigation - Funding is provided for one Deputy City Attorney II to provide legal advice in relation to the California Environmental Quality Act to the Department of City Planning.	1,2,3,4,5,6	166,142	1,2,3,4,5,6	166,142	166,142
• California Environmental Quality Act - Planning - Funding is provided for one Deputy City Attorney III to provide legal advice to the Department of City Planning to ensure Community Plans are updated in accordance with the California Environmental Quality Act.	1,2,3,4,5,6	229,383	1,2,3,4,5,6	229,383	229,383
City Planning					
• Oil Regulation - Funding is provided for seven positions consisting of one Senior City Planner, four City Planners, one Geographic Information Systems Supervisor I, and one Senior Administrative Clerk to manage the policy and case processing work program associated with oil regulations and oil drilling programs.	3	955,310	6	955,310	955,310
• California Environmental Quality Act (CEQA) Policy Unit - Funding is provided in the Contractual Services Account to develop and streamline procedures, forms, and templates pursuant to updated CEQA guidelines.	1,2,3,4,5,6	7,835 *	1,2,3,4,5,6	19,588	19,588
• Housing Element - Funding is provided for eight positions consisting of one Senior City Planner, one Graphics Designer II, three City Planners and three City Planning Associates to implement the Housing Element.	1	1,053,458	6	1,053,458	1,053,458
• Open Space Element of General Plan - Funding is provided for three positions consisting of one Senior City Planner and two City Planners to update the Open Space Element of the General Plan.	5	183,507 *	1	458,768	458,768
• Mobility Plan - Funding is provided for one City Planner to support the Mobility Plan 2035 implementation strategies, goals, and directives.	1,4	140,174	1,6	140,174	140,174
• Community Planning Team - Funding is provided in the Contractual Services Account to support Community Plan updates.	1,3,5,6	223,703	1,5	223,703	223,703
• Transit Neighborhood Plans - Funding is provided for one City Planner to complete work on Transit Oriented Districts.	1	56,070 *	1,2,6	140,174	140,174
• East San Fernando Valley Transit Plan - Funding is provided for three positions consisting of one City Planner and two City Planning Associates to develop the Transit Oriented Communities Incentive Program plan for communities along the East San Fernando Valley light rail project.	1	366,950	1	366,950	366,950
• South Los Angeles Development Services Center - Funding is provided for two positions consisting of one Senior City Planner and one City Planner to provide entitlement processing services and to address public counter workload demands at the South Los Angeles Development Services Center.	1	127,438 *	1	318,594	318,594
• Zoning Review Program Administration - Funding is provided for one Deputy Director of Planning to oversee the Zoning Review Program.	1,4,5	96,118 *	1,2,5	240,296	240,296
• Major Projects Section - Funding is provided for two positions consisting of one Senior City Planner and one Senior Administrative Clerk to provide entitlements and environmental processing within the Major Projects Section.	1,6	102,076 *	-	-	255,191
• Environmental Impact Report Review Services - Funding is provided in the Contractual Services Account for Environmental Impact Report services.	1	60,000 *	1,2	150,000	150,000
• Hybrid Brown Act Meetings - Funding is provided for two Administrative Clerks to facilitate hybrid Brown Act meetings.	1	42,438 *	6	106,094	106,094
• Environmental Services - Funding is provided for one Environmental Supervisor II to provide environmental expertise and guidance on various projects addressing biodiversity, wildlife connectivity, environmental justice, and climate change goals.	1	128,147	1	128,147	128,147
• Office of Forest Management - Funding is provided for two positions consisting of one Chief Forest Officer and one Environmental Specialist II to support the Office of Forest Management.	3,5	131,378 *	6	328,446	328,446

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

*** "1" Extreme Heat, "2" Drought, "3" Sea Level Rise, "4" Wildfire, "5" Flooding, "6" Climate-Related Public Health.

DEPARTMENTAL APPROPRIATIONS (Continued)	Mitigation		Adaptation		2026-27
	Category**	Amount	Category***	Amount	Proposed Budget
Community Investment					
● Nutrition Services - Funding is provided for one Nutritionist to support the 19 Multipurpose Senior Centers.	-	-	1,6	95,656	95,656
● Home-Delivered Meals Program - Funding is provided in the Contractual Services Account to support the Home-Delivered Meals Program.	-	-	1,6	2,300,093	2,300,093
Emergency Management					
● Principal Public Health Coordinator - Funding is provided for one Principal Project Coordinator to serve as the subject matter expert in the City's emergency preparedness and response planning to report on all health emergencies before public officials.	-	-	1,2,4,5,6	134,110	134,110
● Climate Resilience Division - Funding is provided for two positions consisting of one Climate Emergency Mobilization Officer and one Environmental Affairs Officer to lead and support the Climate Resilience Division formerly known as the Climate Emergency Mobilization Office.	3,5,6	372,645	1,2,4,5,6	372,645	372,645
● Strategic Planning and Policy - Funding is provided for one Assistant General Manager Emergency Management Department to oversee the Administration and Finance, Community Partnerships and Engagement, and Climate Resilience Divisions.	5	54,191 *	1,4,5	135,478	135,478
Fire Department					
● Wildland Hand Crew - Funding is provided for 29 positions consisting of one Fire Captain I, two Firefighters IIIs, and 26 Wildland Hand Crew Technicians to support wildland firefighting efforts.	-	-	4	2,026,110	2,026,110
● Helitanker Lease - Funding is provided in the Contractual Services Account to lease a Type I Helitanker used in suppressing large-scale wildfires and capable of providing water dropping or fire-retardant material over a widespread area.	-	-	4	434,240	434,240
● Palisades Hydrant and Access Plan Check Support - Funding is provided for two positions consisting of one Administrative Clerk and one Fire Inspector I to support the Hydrant and Access Unit.	-	-	4	176,448	176,448
● Brush Clearance Unit Enhancement - Funding is provided for one Fire Inspector I for the Brush Clearance Unit to implement California Assembly Bill 3074 Zone 0 regulations.	-	-	4	132,744	132,744
● Advanced Provider Response Unit Coverage - Funding is provided for five EMS Advanced Providers to provide Advanced Provider Response Unit coverage seven days a week, 12 hours a day.	-	-	1,6	929,933	929,933
● Mobile Integrated Healthcare Support - Funding is provided in the Contractual Services Account (\$150,000) for taxi service vouchers for non-emergency patients and Office and Administrative Account (\$10,000) for an e-prescription service.	-	-	6	160,000	160,000
● Paramedic Training Program - Funding is provided in the Office and Administrative Account to send up to 90 firefighters annually to paramedic training programs.	-	-	1,6	916,961	916,961
● Risk, Health, and Safety Division Staffing - Funding is provided for two Fire Captain Is to continue to support the Risk, Health, and Safety Division.	-	-	1,6	395,472	395,472
General Services Department					
● Maintenance of Library Facilities - Funding is provided for one Construction and Maintenance Supervisor I to increase building maintenance services at Library facilities.	4	628,617 *	1,6	1,571,543	1,571,543
● Wastewater Fleet Operations - Funding is provided for one Heavy Duty Equipment Mechanic to provide maintenance and repairs of vehicles and equipment to support wastewater fleet operations.	3	129,068	2	129,068	129,068
● Solid Resources Fleet Maintenance - Funding is provided in the Overtime General (\$500,000) and Contractual Services (\$200,000) accounts to increase fleet maintenance for the Bureau of Sanitation.	2,3,4,5	700,000	1,2,5,6	700,000	700,000
Housing Department					
● Multifamily Residential Code Enforcement - Funding is provided for 15 Housing Inspectors to inspect multifamily units Citywide.	3,4,6	2,008,613	1,6	2,008,613	2,008,613
● Affordable Housing and Sustainable Communities - Funding is provided for two positions consisting of one Housing Planning and Economic Analyst and one Management Analyst to coordinate grant applications and project implementation for the Affordable Housing and Sustainable Communities Program.	-	-	1,6	227,301	227,301
● Land Development Program - Funding is provided for eight positions consisting of two Financial Development Officer Is, one Housing Programs Manager, and five Management Analysts to advance the production of affordable housing on public land.	-	-	1,6	1,015,095	1,015,095
● Land Development Site Design - Funding is provided in the Contractual Services Account for site design analysis to support the Land Development Program.	-	-	1,6	50,000	50,000

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

*** "1" Extreme Heat, "2" Drought, "3" Sea Level Rise, "4" Wildfire, "5" Flooding, "6" Climate-Related Public Health.

DEPARTMENTAL APPROPRIATIONS (Continued)	Mitigation		Adaptation		2026-27 Proposed Budget
	Category**	Amount	Category***	Amount	
• Land Development Paralegal Services - Funding is provided in the Contractual Services Account for paralegal services to assist in the preparation of disposition and development agreements for City-owned properties.	-	-	1,6	25,000	25,000
• Homeownership Program - Funding is provided for four positions consisting of two Financial Development Officer Is, one Housing Planning Economic Analyst, and one Management Analyst to create homeownership opportunities for low-income families.	-	-	1,6	566,530	566,530
• Homeownership Program Expansion - Funding is provided for one Management Analyst to support new programs created by Measure United to House LA.	-	-	1,6	81,068	81,068
Library Department					
• Emergency Preparedness Staff - Funding is provided for one Senior Management Analyst I to develop, oversee, and supervise emergency preparedness policies and response efforts.	-	-	1,6	95,740	95,740
• Sustainability, Resiliency, and Grant Management Staff - Funding is provided for one Senior Management Analyst I to provide administrative support for library-wide conservation, sustainability, and grant project management.	4,5,6	95,740	1,2	95,740	95,740
• Reimbursement for Sidewalk Repairs - Funding is provided in the Various Special-Library Account to reimburse the costs for sidewalk repairs at libraries pursuant to the Willits v. City of Los Angeles Settlement Agreement.	1	500,000	-	-	500,000
Public Works, Board					
• Oil Well Amortization Program - Funding is provided for one Environmental Supervisor II to support the Oil Well Amortization Program.	3	167,098	6	167,098	167,098
• Oil and Gas Well Facility Compliance Program - Funding is provided for one Senior Environmental Engineer to support the Oil and Gas Well Drill Site Facility Compliance Program.	3	186,109	6	186,109	186,109
• Office of Petroleum Clerical Support - Funding is provided for one Administrative Clerk to support the Office of Oil Petroleum and Natural Gas Administration and Safety.	3	22,940 *	-	-	57,350
Public Works, Bureau of Contract Administration					
• Streets and Streets Reconstruction - Funding is provided for eight positions consisting of one Principal Construction Inspector, four Senior Construction Inspectors, two Construction Inspectors, and one Management Analyst to provide inspection, labor compliance, and business inclusion services for the Streets and Street Reconstruction Program.	1	519,275 *	-	-	1,298,187
• Sidewalk Repair Program Acceleration - Funding is provided for six positions consisting of one Senior Construction Inspector, four Construction Inspectors, and one Senior Management Analyst I to provide inspection and labor compliance services for the Sidewalk Repair Program Acceleration Initiative.	1	357,170 *	-	-	892,925
• Wastewater Project Support - Funding is provided for six positions consisting of one Principal Construction Inspector, two Senior Construction Inspectors, and three Construction Inspectors to provide construction inspection services for the Public Works, Bureau of Sanitation Clean Water System Capital Improvement Program projects.	4	303,954 *	-	-	759,885
• Sidewalk and Transit Amenities Program - Funding is provided for four positions consisting of one Senior Electrical Inspector and three Construction Inspectors to provide construction inspection services for the Sidewalk and Transit Amenities Program.	1	238,726 *	-	-	596,816
• Metro Annual Work Program - Funding is provided for 11 positions consisting of five Senior Construction Inspectors, five Construction Inspectors, and one Management Analyst to support the design and construction of various rail, bus, street, and capital projects authorized as part of the Los Angeles Metropolitan Transit Authority (Metro) Annual Work Program.	1	657,306 *	-	-	1,643,264
• Transportation Grant Annual Work Program - Funding is provided for six positions consisting of one Principal Construction Inspector, two Senior Construction Inspectors, and three Construction Inspectors to provide inspection services for the Transportation Grant Fund Program.	1	385,104 *	-	-	962,759
• Affordable Housing and Sustainable Communities (AHSC) - Funding is provided for three Construction Inspectors to inspect Affordable Housing and Sustainable Communities projects.	1,4,6	155,858 *	1,6	389,646	389,646
• Metro Active Transport Program - Funding is provided for four positions consisting of one Senior Construction Inspector and three Construction Inspectors to provide construction inspection services for Los Angeles Transit Authority (Metro) Active Transport, Transit and First/Last Mile Cycle 2 Program projects.	1	230,837 *	-	-	577,093
Public Works, Bureau of Engineering					
• LAWA Landside Access Modernization Program - Funding is provided for two positions consisting of one Principal Civil Engineer and one Senior Civil Engineer to support the Los Angeles World Airports (LAWA) Landside Access Modernization Program.	1,5,6	402,458	-	-	402,458
• Clean Water Program Support - Funding is provided for two positions consisting of one Senior Management Analyst I and one Management Analyst to provide administrative support for the Proposition O Clean Water Bond Program.	2,4	260,409	2,5	260,409	260,409

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

*** "1" Extreme Heat, "2" Drought, "3" Sea Level Rise, "4" Wildfire, "5" Flooding, "6" Climate-Related Public Health.

DEPARTMENTAL APPROPRIATIONS (Continued)	Mitigation		Adaptation		2026-27 Proposed Budget
	Category**	Amount	Category***	Amount	
• Engineering Design Services - Funding is provided for one Civil Engineer to provide design engineering services on major sewer rehabilitation projects.	-	-	5	162,961	162,961
• Measure W Project Support - Funding is provided for three positions consisting of one Civil Engineer and two Civil Engineering Associate IIIs to support the Safe Clean Water municipal and regional projects.	-	-	2		461,053
• DWP Stormwater Capture Parks Projects - Funding is provided for six positions consisting of one Senior Civil Engineer, three Civil Engineers, one Civil Engineering Associate III, and one Civil Engineering Associate II to provide design and construction management services for the Department of Water and Power (DWP) stormwater capture projects.	3,4	956,319	2,5	956,319	956,319
• Engineering Support for Wastewater Capital Projects - Funding is provided for one Civil Engineering Associate IV to support Wastewater projects.	-	-	5	161,038	161,038
• DWP Stormwater Capture Parks Projects Enhancement - Funding is provided for five positions consisting of one Senior Civil Engineer, three Civil Engineers, and one Civil Engineering Associate II to support the Department of Water and Power (DWP) stormwater capture parks projects.	3,4,5	631,392	1,2,5	631,392	631,392
• Metro Annual Work Program - Funding is provided for 34 positions consisting of one Principal Civil Engineer, three Senior Civil Engineers, four Civil Engineers, one Geotechnical Engineer II, two Civil Engineering Associate IIs, eight Civil Engineering Associate IIIs, four Civil Engineering Associate IVs, one Survey Party Chief II, one Structural Engineering Associate III, one Structural Engineering Associate IV, one Structural Engineer, one Senior Management Analyst I, one Office Engineering Technician III, one Environmental Supervisor I, one Senior Management Analyst II, two Management Analysts, and one Senior Administrative Clerk to support the delivery of the Los Angeles Metropolitan Transportation Authority (Metro) Annual Work Program.	1	5,374,601	-	-	5,374,601
• Transportation Grant Annual Work Program - Funding is provided for 22 positions consisting of three Civil Engineers, six Civil Engineering Associate IIs, five Civil Engineering Associate IIIs, one Landscape Architectural Associate III, one Structural Engineer, four Structural Engineering Associate IIIs, one Land Surveying Assistant, and one Senior Management Analyst I to support the Transportation Grant Annual Work Program.	1	3,392,251	-	-	3,392,251
• Active Transportation Program Delivery - Funding is provided for seven positions consisting of one Civil Engineer, five Civil Engineering Associate IIIs, and one Management Analyst to provide grant writing, planning, design, construction management, and support for the delivery of Active Transportation Program projects.	1	1,225,463	-	-	1,225,463
• Vision Zero Program - Funding is provided for two positions consisting of one Civil Engineering Associate III and one Civil Engineering Associate II to review existing projects, provide engineering design and survey, and perform community outreach to facilitate implementation of the Vision Zero objectives.	1	278,852	-	-	278,852
• Crosswalk Upgrade Program Support - Funding is provided for one Management Analyst to support the development of a Crosswalk Upgrade Program.	1	113,631	6	113,631	113,631
• Affordable Housing and Sustainable Communities - Funding is provided for one Civil Engineering Associate III to oversee the delivery of the Affordable Housing and Sustainable Communities (AHSC) Grant projects and to participate in AHSC Grant applications.	1,5	149,046	1	149,046	149,046
• AHSC Grant Projects Support - Funding is provided for four positions consisting of one Senior Civil Engineer, one Civil Engineer, one Civil Engineering Associate III, and one Survey Party Chief I to provide design and survey activities for the Affordable Housing and Sustainable Communities (AHSC) Grant projects.	1,5	639,180	1	639,180	639,180
• Street Improvement - Funding is provided for seven positions consisting of one Senior Civil Engineer, two Civil Engineers, one Senior Management Analyst I, two Civil Engineering Associate IIIs, and one Environmental Supervisor I to provide project oversight, construction management, coordination, and reporting services for Vision Zero corridor projects and the final existing Complete Streets project.	1	1,063,648	-	-	1,063,648
• Metro Active Transport Program - Funding is provided for six positions consisting of one Senior Civil Engineer, two Civil Engineers, and three Civil Engineering Associate IIs, subject to pay grade determination by the City Administrative Officer, Employee Relations Division, to provide support for the Los Angeles Transit Authority (Metro) Active Transport, Transit and First/ Last Mile Cycle 2 Program projects.	1	899,423	-	-	899,423
• Sidewalk Access Request Support - Funding is provided for eight positions consisting of one Senior Civil Engineer, one Senior Construction Engineer, one Environmental Supervisor I, one Senior Management Analyst I, one Senior Management Analyst II, one Management Analyst, and two Civil Engineering Associate IIIs to support sidewalk repairs.	1	1,265,622	-	-	1,265,622
• Los Angeles River Design and Project Management - Funding is provided for two positions consisting of one Civil Engineer and one Civil Engineering Associate III to support the LA Riverworks capital projects implementation for Taylor Yard and three other pre design Los Angeles River projects and to interface with the U.S. Army Corps of Engineers.	5	312,008	6	312,008	312,008

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

*** "1" Extreme Heat, "2" Drought, "3" Sea Level Rise, "4" Wildfire, "5" Flooding, "6" Climate-Related Public Health.

DEPARTMENTAL APPROPRIATIONS (Continued)	Mitigation		Adaptation		2026-27 Proposed Budget
	Category**	Amount	Category***	Amount	
• Project Management Support for Proposition K - Funding is provided for two positions consisting of one Architect and one Architectural Associate III to provide project management for Proposition K projects.	5	258,773	1,6	258,773	258,773
• Construction Support for Sixth Street PARC Project - Funding is provided for two positions consisting of one Civil Engineer and one Civil Engineering Associate III to provide construction management support for the Sixth Street Viaduct Park, Arts, and River Connectivity (PARC) Improvements Project.	5	302,304	1,2,5,6	302,304	302,304
• Proposition K and Recreation and Parks Projects Support - Funding is provided for one Architectural Associate III to accelerate the completion and closeout of various Proposition K Program and Recreation and Parks projects.	5	112,218	1,6	112,218	112,218
• Support for the Decarbonization of City Buildings - Funding is provided for two positions consisting of one Architect and one Senior Architectural Drafting Technician to work with the City Administrative Officer Climate Impact Team to create a new strategy for decarbonization.	3,4,6	250,521	1	250,521	250,521
Public Works, Bureau of Sanitation					
• Measure W - Safe, Clean Water Program Regional Project - Funding is provided for one Environmental Supervisor II to provide support for regional project development and overall coordination for the operations and maintenance of stormwater projects.	-	-	2,5	159,626	159,626
• Measure W - Fund and Operations Support - Funding is provided for two positions consisting of one Wastewater Treatment Mechanic and one Wastewater Treatment Electrician II to provide operations and maintenance support of Stormwater projects.	-	-	2,5	317,403	317,403
• Measure W - Division Operations Support - Funding is provided for three positions consisting of one Mechanical Helper, one Instrument Mechanic, and one Wastewater Treatment Electrician I to perform operations and maintenance on projects.	-	-	2,5	440,627	440,627
• Measure W Maintenance - Funding is provided for four positions consisting of two Mechanical Helpers, one Maintenance and Construction Helper, and one Maintenance Laborer to support operations and maintenance tasks, emergency response, and spill mitigation.	-	-	2,5	290,404	290,404
• GIS Support - Funding is provided for one Geographic Information Systems Supervisor I to support ongoing projects implementing stormwater capture, pollutant reduction, and green space.	2,3,5	143,976	1,2,5,6	143,976	143,976
• Green Infrastructure Maintenance - Funding is provided for four positions consisting of one Equipment Operator, one Gardener Caretaker, one Wastewater Conveyance Operator II, and one Civil Engineering Associate III to maintain green infrastructure components for Proposition O and Measure W projects.	2,5	457,336	1,2,5,6	457,336	457,336
• Measure W Operation and Maintenance - Funding is provided for one Wastewater Treatment Electrician II to support the electrical maintenance for Clean Water South Conveyance Division.	-	-	2,5	111,029	111,029
• Pollution Assessment - Funding is provided for one Senior Water Biologist to act as the internal Storm Coordinator for wet weather events, implement various Coordinated Integrated Management Plans, and oversee the Pollution Assessment Division within the Bureau.	2	102,878	2,6	102,878	102,878
• Water Recycling - Funding is provided for 14 positions consisting of one Senior Wastewater Treatment Operator, one Senior Environmental Engineer, two Environmental Engineers, one Management Analyst, one Senior Administrative Clerk, one Environmental Engineering Associate III, and seven Environmental Engineering Associate IIs to support water recycling activities within the Clean Water Program.	2,4	1,726,396	2,5,6	1,726,396	1,726,396
• Hyperion Resiliency - Funding is provided for 31 positions consisting of one Senior Environmental Engineer, one Wastewater Treatment Electrician Supervisor, nine Wastewater Treatment Electrician Is, one Wastewater Treatment Mechanic, two Plumbers, eight Wastewater Treatment Operator Is, two Carpenters, two Painters, two Environmental Engineering Associate IIIs, and three Environmental Engineering Associate IIs to improve resiliency at the Hyperion Water Reclamation Plant.	2,3,4	3,720,503	2,5,6	3,720,503	3,720,503
• Laboratory Analysis - Funding is provided for one Water Biologist II in the Environmental Monitoring Division to support recycled water projects and toxicity testing.	4	96,635	2	96,635	96,635
• Ocean Monitoring for Water Sampling - Funding is provided for one Boat Captain I to comply with regulatory reporting.	-	-	2,5,6	94,196	94,196
• Air Pollution Control and Compliance - Funding is provided for nine positions consisting of one Wastewater Treatment Mechanic, one Senior Plumber, one Pipefitter, one Wastewater Treatment Electrician II, three Wastewater Treatment Electrician Is, and two Heavy Duty Truck Operators to perform regulatory compliance activities at the Hyperion Water Reclamation Plant.	2,3,4	1,055,835	2,5,6	1,055,835	1,055,835
• Boiler System Maintenance - Funding is provided for three positions consisting of two Building Operating Engineers and one Senior Building Operating Engineer to perform maintenance activities on boiler systems at the Terminal Island Water Reclamation Plant.	4	355,896	2	355,896	355,896

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

*** "1" Extreme Heat, "2" Drought, "3" Sea Level Rise, "4" Wildfire, "5" Flooding, "6" Climate-Related Public Health.

DEPARTMENTAL APPROPRIATIONS (Continued)	Mitigation		Adaptation		2026-27 Proposed Budget
	Category**	Amount	Category***	Amount	
• Clean Water Conveyance 24/7 Operations - Funding is provided for 17 positions consisting of one Wastewater Conveyance Supervisor and 16 Wastewater Conveyance Operator IIs to support round-the clock conveyance maintenance and operational needs.	4	1,626,608	2	1,626,608	1,626,608
• Clean Water Administrative Support - Funding is provided for two Management Analysts to provide billing, invoicing, purchasing and procurement, personnel, and payroll support for the Hyperion Water Reclamation Plant and the Industrial Waste Management Division.	2,4	212,377	2	212,377	212,377
• Clean Water Geographic Information Systems Support - Funding is provided for two Geographic Information Specialists to develop and maintain planning and operations applications and provide data support, mapping, and analytical tools for the Clean Water Program.	4	211,944	2	211,944	211,944
• Terminal Island Water Reclamation Plant Management - Funding is provided for one Sanitation Wastewater Manager I to oversee maintenance activities for the Advanced Water Purification Facility at the Terminal Island Water Reclamation Plant.	2,4	153,463	2	153,463	153,463
• Clean Water Engineering Support - Funding is provided for four positions consisting of one Environmental Engineering Associate III and three Environmental Engineering Associate IIs to support the City's four wastewater reclamation plants.	4	481,081	2	481,081	481,081
• Clean Water Closed Circuit Television Data Support - Funding is provided for two Office Engineering Technician IIs to support the use of emerging technology in the conveyance system.	4	163,851	2	163,851	163,851
• Treatment Plants Maintenance Support - Funding is provided for seven positions consisting of one Air Conditioning Mechanic, one Carpenter, one Plumber, one Plumber Supervisor, one Sheet Metal Worker, and two Wastewater Treatment Mechanics to perform maintenance activities at the Donald C. Tillman and Hyperion Water Reclamation plants.	4	803,671	2	803,671	803,671
• Hyperion Electrical Engineering Support - Funding is provided for two positions consisting of one Mechanical Engineering Associate II and one Building Electrical Engineer II to support electrical system work at the Hyperion Water Reclamation Plant.	4	223,149	2	223,149	223,149
• Clean Water Conveyance Engineering Support - Funding is provided for one Environmental Engineering Associate III to support conveyance engineering, including odor control and interagency projects.	4	134,531	2	134,531	134,531
• Industrial Safety and Compliance - Tillman - Funding is provided for one Environmental Engineering Associate II to serve as the Safety Engineer at the Donald C. Tillman Water Reclamation Plant.	4	115,517	2	115,517	115,517
• LA-Glendale Plant Operations Support - Funding is provided for five positions consisting of one Shift Superintendent Wastewater Treatment I and four Wastewater Treatment Operator IIIs to support offshifts at the Los Angeles Glendale Water Reclamation Plant.	4	681,738	2	681,738	681,738
• Terminal Island Water Reclamation Plant Resiliency - Funding is provided for three positions consisting of one Environmental Engineering Associate III and two Environmental Engineering Associate IIs to conduct resiliency studies and support special projects for the Terminal Island Water Reclamation Plant.	2,4	365,565	2	365,565	365,565
• Clean Water Fiscal Management - Funding is provided for eight positions consisting of two Environmental Engineers, two Senior Management Analyst Is, two Environmental Engineering Associate IIs, and two Environmental Engineering Associate IIIs to provide Clean Water fiscal management.	4	1,065,657	2	1,065,657	1,065,657
• Advanced Water Purification Facility Support - Funding is provided for 33 positions consisting of four Instrument Mechanics, two Pipefitters, one Environmental Engineering Associate III, one Environmental Engineering Associate II, one Senior Wastewater Treatment Operator, three Wastewater Treatment Electrician Is, six Wastewater Treatment Mechanics, six Wastewater Treatment Operator Is, three Wastewater Treatment Operator IIs, and six Wastewater Treatment Operator IIIs to support the Advanced Water Purification facilities.	4	4,010,420	2	4,010,420	4,010,420
• Membrane Bioreactor Facility Support - Funding is provided for six positions consisting of one Instrument Mechanic, one Wastewater Treatment Electrician I, and four Wastewater Treatment Operator IIIs to provide maintenance and operations support to the Membrane Bioreactor pilot facility at the Hyperion Water Reclamation Plant.	4	785,047	2	785,047	785,047
• Conveyance Facilities Operations and Maintenance - Funding is provided for four positions consisting of one Senior Wastewater Treatment Operator, one Building Repair Supervisor, and two Wastewater Treatment Operator Is to support Conveyance Facilities Maintenance and Operations.	4	354,698	2	354,698	354,698
• Conveyance Mechanical Support - Funding is provided in the Hiring Hall Salaries and Benefits Hiring Hall for air conditioning mechanical support for the Clean Water South Conveyance Division.	4	173,015	2	173,015	173,015
• Water Reclamation Program Management and Planning - Funding is provided for two positions consisting of one Senior Environmental Engineer and one Environmental Engineering Associate IV to support the Pure Water Los Angeles Program at the Hyperion Water Reclamation Plant.	4	213,255	2	213,255	213,255

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

*** "1" Extreme Heat, "2" Drought, "3" Sea Level Rise, "4" Wildfire, "5" Flooding, "6" Climate-Related Public Health.

DEPARTMENTAL APPROPRIATIONS (Continued)	Mitigation		Adaptation		2026-27 Proposed Budget
	Category**	Amount	Category***	Amount	
• Advanced Water Purification Facility Maintenance - DTC - Funding is provided for four Wastewater Treatment Operator IIIs for the operation and maintenance of the grounds and facilities at the Donald C. Tillman Water Reclamation Plant (DCT).	4	323,452	2	323,452	323,452
• DCTWRP Management and Maintenance Support - Funding is provided for three positions consisting of one Sanitation Wastewater Manager I, one Window Cleaner, and one Custodian to address management gaps and support operations for the new maintenance building and Advanced Water Purification Facility at the Donald C. Tillman Water Reclamation Plant (DCTWRP).	4	192,005	2	192,005	192,005
• LA-Glendale Engineering Support - Funding is provided for four positions consisting of one Environmental Engineer, one Environmental Engineering Associate II, and two Environmental Engineering Associate IIIs to create a regulatory compliance and dedicated engineering group to support activities at the Los Angeles Glendale Water Reclamation Plant.	4	369,619	2	369,619	369,619
• Water Reclamation Resiliency Support - Funding is provided for four positions consisting of one Environmental Engineer, two Environmental Engineering Associate IIs, and one Management Analyst to provide technical and administrative support for activities related to the Hyperion Water Reclamation Plant Resiliency and Vulnerability Mitigation Program.	4	362,622	2	362,622	362,622
• Laboratory Operating Permit Compliance - Funding is provided for one Laboratory Technician II to perform daily testing of wastewater, sludge, and biosolids, as well as stormwater, landfills, receiving waters, industrial waste, and other related samples for Laboratory Operating Permit Compliance support in the Environmental Monitoring Division.	2,3	38,474	2,5,6	38,474	38,474
• Non-Curbside Recycling Support - Funding is provided for one Environmental Engineering Associate II to manage the Used Oil Program. This program ensures compliance with state requirements and used oil grants and inspects, monitors, and provides technical assistance to over 230 state-certified used oil collection centers.	2	130,292	-	-	130,292
• CLARTS Administrative Support - Funding is provided for two Administrative Clerks to provide administrative and operations support at the Central Los Angeles Recycling and Transfer Station.	2	129,402	-	-	129,402
• Waste Diversion Programs Supervision - Funding is provided for two positions consisting of one Environmental Engineering Associate III and one Environmental Specialist II to supervise e-waste, used oil, and other non-curbside recycling programs and support AB 939 compliance reporting.	2	274,058	-	-	274,058
• Staffing for Collections Program - Funding is provided for 13 Maintenance Laborers to support the solid waste collections program.	2	906,357	-	-	906,357
• Recycling and Waste Reduction Ambassadors - Funding is provided for seven Refuse Collection Truck Operator IIs to serve as ambassadors to conduct waste evaluations and educate the public on the proper use of bins.	2	674,688	-	-	674,688
• Citywide Exclusive Franchise System Support - Funding is provided for 42 positions consisting of two Senior Environmental Compliance Inspectors, 10 Environmental Compliance Inspectors, 16 Communications Information Representative IIs, 10 Management Analysts, two Administrative Clerks, one Senior Management Analyst II, and one Senior Management Analyst I for the administration of the City's Exclusive Franchise System for Commercial and MultiFamily Solid Waste Collection (also known as recycLA).	2	4,586,219	-	-	4,586,219
• Comprehensive Plastics Reduction Program - Funding is provided for four positions consisting of one Environmental Affairs Officer, two Environmental Specialist IIs, and one Environmental Supervisor II to support the Comprehensive Plastics Reduction Program.	2	1,455,477	-	-	1,455,477
• Comprehensive Plastics Reduction Enforcement - Funding is provided for one Environmental Compliance Inspector to support the enforcement of Citywide ordinances under the Comprehensive Plastics Reduction Program.	2	105,501	-	-	105,501
• Landfill Regulatory Compliance - Funding is provided for four positions consisting of two Environmental Compliance Inspectors, one Environmental Engineering Associate III, and one Environmental Engineering Associate II to support regulatory compliance activities at the City's landfills.	2,3	367,916	-	-	367,916
• Liquefied Natural Gas Fueling - Funding is provided for one Maintenance Laborer to fuel and assist in the maintenance of liquefied natural gas vehicles.	3	52,290	-	-	52,290
Public Works, Bureau of Street Lighting					
• Streetlight Fortification Against Copper Wire Theft - Funding is provided for 13 positions consisting of two Street Lighting Electrician Supervisors, one Street Lighting Construction and Maintenance Superintendent I, one Street Lighting Electrician, three Assistant Street Lighting Electricians, one Cement Finisher, four Electrical Craft Helpers, and one Welder to strengthen street lighting access points against copper wire and power theft.	1	1,586,888 *	-	-	3,967,220
• Sidewalk and Transit Amenities Program Maintenance - Funding is provided for six positions consisting of one Cement Finisher, one Cement Finisher Worker, one Street Lighting Electrician, one Welder, one Electrical Craft Helper, and one Assistant Street Lighting Electrician to provide maintenance services to the Sidewalk and Transit Amenities Program.	1,4	941,771	1	941,771	941,771

* The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

*** "1" Extreme Heat, "2" Drought, "3" Sea Level Rise, "4" Wildfire, "5" Flooding, "6" Climate-Related Public Health.

DEPARTMENTAL APPROPRIATIONS (Continued)	Mitigation		Adaptation		2026-27 Proposed Budget
	Category**	Amount	Category***	Amount	
• Urban Transit Amenities - Funding is provided for six positions consisting of one Street Lighting Electrician, one Assistant Street Lighting Electrician, one Street Lighting Engineering Associate III, and three Street Lighting Engineering Associate IIs to support the Urban Transit Amenities Program.	1,3,4	762,830	1	762,830	762,830
• Metro Annual Work Program - Funding is provided for 15 positions consisting of one Street Lighting Engineer, two Street Lighting Engineering Associate IVs, two Street Lighting Engineering Associate IIIs, seven Street Lighting Engineering Associate IIs, two Civil Engineering Drafting Technicians, and one Management Analyst to support the Los Angeles Metropolitan Transportation Authority (Metro) Annual Work Program.	1	777,892 *	-	-	1,944,731
• Electric Vehicle Charging Stations - Funding is provided for four positions consisting of one Street Lighting Engineering Associate II, two Street Lighting Electricians, and one Electrical Craft Helper to install and maintain electric vehicle charging stations on existing street light poles.	6	589,139	-	-	589,139
• Smart City and Street Lighting Technology Initiatives - Funding is provided for three positions consisting of one Street Lighting Engineer and two Street Lighting Engineering Associate IIs to support street lighting technology initiatives.	1,4	1,917,650	1,6	1,917,650	1,917,650
• Transportation Grant Annual Work Program - Funding is provided for 10 positions consisting of one Street Lighting Engineering Associate III, three Street Lighting Engineering Associate IIs, one Management Analyst, one Street Lighting Electrician Supervisor, two Street Lighting Electricians, and two Electrical Craft Helpers to support the Transportation Grant Annual Work Program.	1	603,147 *	-	-	1,507,868
• Crosswalk Upgrade Program - Funding is provided for two Street Lighting Engineering Associate IIs to support the Crosswalk Upgrade Program.	1	102,654 *	-	-	256,634
• Vision Zero Program - Funding is provided for seven positions consisting of four Street Lighting Electricians and three Electrical Craft Helpers to provide design, coordination, and construction engineering services for various street lighting projects to implement the Vision Zero Program.	1	380,279	-	-	950,697
• Street Lighting Maintenance Support - Funding is provided for four positions consisting of one Street Lighting Electrician Supervisor, two Street Lighting Electricians, and one Maintenance Laborer to provide maintenance support.	1,4	332,814 *	-	-	832,036
• Copper Wire Theft Replacement Program - Funding is provided for 29 positions consisting of one Street Lighting Engineer, two Street Lighting Engineering Associate IIs, one Management Analyst, one Street Lighting Electrician Supervisor, five Street Lighting Electricians, three Assistant Street Lighting Electricians, nine Electrical Craft Helpers, two Welders, two Mechanical Helpers, one Welder Supervisor, and two Cement Finisher Workers to support the replacement of copper wire stolen from streetlights and street lighting facilities.	4	2,200,696 *	-	-	5,501,739
Public Works, Bureau of Street Services					
• Tree Trimming Support - Funding is provided for nine positions consisting of two Tree Surgeon Supervisor Is, six Tree Surgeon Assistants, and one Equipment Operator to provide tree trimming services including for the Clean Corridors Program.	5	494,748 *	-	-	1,236,871
• Tree Planting Crews - Funding is provided for eight positions consisting of two Tree Surgeon Supervisor Is, two Tree Surgeons, one Tree Surgeon Assistant, two Gardener Caretakers, and one Light Equipment Operator to support tree planting, replace dead trees, and to enhance the City's urban canopy.	5	647,297	1	647,297	647,297
• Tree Watering Crews - Funding is provided for 21 positions consisting of three Tree Surgeon Supervisor Is, eight Tree Surgeons, nine Tree Surgeon Assistants, and one Truck Operator to provide tree watering services.	5	2,103,895	1	2,103,895	2,103,895
• Revised Protected Ordinance CEQA Report - Funding is provided for three positions consisting of one Tree Surgeon Supervisor I, one Street Tree Superintendent I, and one Environmental Supervisor I to manage the tree removal application process and assist with the California Environmental Quality Act determination reviews as part of the Revised Protected Tree Ordinance.	5	175,269 *	-	-	438,173
• Dead Tree and Stump Removal Crew - Funding is provided for three positions consisting of two Tree Surgeons and one Equipment Operator to support tree planting to replace dead trees.	5	687,018	1,4	687,018	687,018
• Proactive Tree Trimming and Watering Oversight - Funding is provided for one Senior Management Analyst I to provide managerial and administrative support for the tree planting and watering program.	4,5	168,074	1	168,074	168,074
• Urban Forestry Division Support - Funding is provided for 13 positions consisting of five Equipment Operators, four Heavy Duty Truck Operators, one Management Analyst, one Street Services General Superintendent I, and two Street Tree Superintendent Is to support the Urban Forestry Division.	4,5	1,162,037	1	1,162,037	1,162,037
• Pavement Preservation Trucking - Funding is provided for 21 Heavy Duty Truck Operators to provide as-needed hauling services for the various street renewal programs, including the Pavement Preservation Program, using City staff.	2	1,779,148	-	-	1,779,148
• Bicycle Lane Maintenance Crew - Funding is provided for five positions consisting of two Maintenance Laborers, one Motor Sweeper Operator, and two Street Services Worker Is to serve as a dedicated Bicycle Lane Maintenance Crew.	1	503,475	-	-	503,475

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

DEPARTMENTAL APPROPRIATIONS (Continued)	Mitigation		Adaptation		2026-27 Proposed Budget
	Category**	Amount	Category***	Amount	
• Pavement Preservation Staff - Funding is provided for 16 positions consisting of one Electrician, seven Street Services Worker IIs, two Street Services Superintendent IIs, two Maintenance Laborers, one Street Services Supervisor I, one Street Services Supervisor II, and two Field Engineering Aides to support the Pavement Preservation program.	2	634,996 *	-	-	1,587,491
• Vision Zero - Concrete Construction - Funding is provided for eight positions consisting of one Cement Finisher Worker, one Maintenance and Construction Helper, two Cement Finishers, one Equipment Operator, one Heavy Duty Truck Operator, one Carpenter, and one Street Services Supervisor II to provide dedicated support for Vision Zero projects that require concrete work.	1	535,563 *	-	-	1,338,907
• Pavement Preservation Access Ramp Program - Funding is provided for 66 positions consisting of four Carpenters, 22 Cement Finishers, one Cement Finisher Worker, five Equipment Operators, two Field Engineering Aides, one Geographic Information Systems Specialist, three Heavy Duty Truck Operators, seven Maintenance and Construction Helpers, two Maintenance Laborers, one Management Analyst, two Motor Sweeper Operators, four Plumbers, one Senior Administrative Clerk, two Senior Carpenters, one Senior Management Analyst I, one Street Services General Superintendent I, two Street Services Superintendent Is, four Street Services Supervisor IIs, and one Truck Operator to support the Pavement Preservation Access Ramp Program.	1	2,719,936 *	-	-	6,799,839
• Pavement Preservation Program - Access Ramps - Funding is provided for one Street Services General Superintendent I to oversee the Pavement Preservation Access Ramp program.	1	57,662 *	-	-	144,156
• Crosswalk Upgrade Program - Funding is provided for one Civil Engineer to support the development of the Crosswalk Upgrade Program.	1	62,489 *	-	-	156,222
• Metro Annual Work Program - 2028 Games - Funding is provided for three positions consisting of one Landscape Architect I and two Landscape Architectural Associate IIIs to support the Los Angeles Metropolitan Transportation Authority (Metro) Projects in preparation for the 2028 Games.	1	203,510 *	-	-	508,776
• Tree Care Support - Funding is provided for 10 positions consisting of three Tree Surgeons, three Tree Surgeon Assistants, one Plumber Supervisor, two Plumbers, and one Tree Surgeon Supervisor I to provide necessary tree maintenance and care.	3,5	804,603	1,5	804,603	804,603
• Asset Management and Advanced Planning - Funding is provided for four positions consisting of one Civil Engineer, one Geographic Information Systems Specialist, one Principal Civil Engineer, and one Senior Civil Engineer to modernize the Bureau's planning and delivery functions by using data to implement multi-year modernization initiatives and help equitably make streets safe and sustainable.	1,5	4,227,173	-	-	4,227,173
• Concrete Crews - Funding is provided for 31 positions consisting of one Senior Carpenter, three Carpenters, nine Cement Finishers, nine Cement Finisher Workers, three Equipment Operators, three Heavy Duty Truck Operators, and three Street Services Supervisor Is to perform sidewalk maintenance and sidewalk repair requests from MyLA311.	1	1,712,095 *	5	4,280,237	4,280,237
• Implementation of Bikeways and Pedestrian Facilities - Funding is provided for five positions consisting of one Civil Engineer, three Civil Engineering Associate IIs, and one Civil Engineering Associate III to design bikeways and pedestrian facilities, in partnership with the Department of Transportation, as part of the Transportation Grant Fund Annual Work Program.	1,5	748,483	1,5,6	748,483	748,483
• Metro Annual Work Program - Funding is provided for nine positions consisting of two Civil Engineering Associate IVs, one Senior Civil Engineer, two Civil Engineering Associate IIIs, one Landscape Architect I, one Landscape Architectural Associate IV, one Landscape Architectural Associate III, and one Landscape Architect II to support the Los Angeles Metropolitan Transportation Authority (Metro)/ Exposition Line Construction Authority Annual Work Program.	1	627,777 *	-	-	1,569,443
• Sidewalk Maintenance Engineering - Funding is provided for six positions consisting of one Management Analyst, one Civil Engineer, two Civil Engineering Associate IIs, one Street Services Superintendent I, and one Senior Management Analyst I to provide oversight and engineering services for the sidewalk maintenance program.	1	689,136	1	689,136	689,136
• Transportation Grant Annual Work Program - Funding is provided for 105 positions consisting of six Carpenters, 23 Cement Finishers, two Cement Finisher Workers, two Civil Engineers, seven Civil Engineering Associate IIIs, seven Equipment Operators, six Gardener Caretakers, two Graphics Designer IIs, three Heavy Duty Truck Operators, two Landscape Architect Is, one Landscape Architect II, seven Landscape Architectural Associate IIIs, seven Maintenance and Construction Helpers, four Management Analysts, one Park Maintenance Supervisor, three Plumbers, one Senior Civil Engineer, one Senior Gardener, one Senior Management Analyst I, one Senior Management Analyst II, one Senior Systems Analyst I, two Street Services Superintendent Is, one Street Services Superintendent IIs, six Street Services Supervisor IIs, two Tree Surgeons, five Tree Surgeon Supervisor Is, and one Tree Surgeon Supervisor II to design and construct various street improvement projects as part of the Transportation Grant Annual Work Program.	1	5,053,156 *	-	-	12,632,891
• Urban Transit Amenities Program - Funding is provided for 11 positions consisting of one Accounting Clerk, one Civil Engineer, one Civil Engineering Associate III, one Geographic Information Systems Supervisor II, one Landscape Architect I, one Landscape Architectural Associate III, one Management Analyst, one Senior Administrative Clerk, one Senior Civil Engineer, one Senior Management Analyst I, and one Service Coordinator to support the Urban Transit Amenities Program.	1,3,4	1,941,478	1	1,941,478	1,941,478

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

*** "1" Extreme Heat, "2" Drought, "3" Sea Level Rise, "4" Wildfire, "5" Flooding, "6" Climate-Related Public Health.

DEPARTMENTAL APPROPRIATIONS (Continued)	Mitigation		Adaptation		2026-27 Proposed Budget
	Category**	Amount	Category***	Amount	
• Risk and Liability Mitigation Program - Funding is provided for nine positions consisting of one Street Services General Superintendent II, one Street Services Supervisor II, three Maintenance Laborers, two Heavy Duty Truck Operators, and two Cement Finishers to perform street bicycle lane, and sidewalk repairs that mitigate known dangerous conditions and reduce the City's exposure to liability.	1	1,235,165	-	-	1,235,165
• Sidewalk Maintenance Administrative Support - Funding is provided for two positions consisting of one Senior Administrative Clerk and one Accounting Clerk to provide administrative support for the sidewalk maintenance program.	1	114,860	-	-	114,860
• Vision Zero Bicycle Inspection - Funding is provided for six positions consisting of two Motor Sweeper Operators, two Street Services Supervisor Is, and two Truck Operators to keep bicycle lanes clear of debris through motor sweeping, inspection, and maintenance efforts.	1	230,884 *	-	-	577,209
Transportation					
• Metro Annual Work Program - Funding is provided for 52 positions consisting of two Accountants, one Senior Accountant I, one Transportation Planning Associate II, five Traffic Officer IIs, two Senior Traffic Supervisor Is, four Signal Systems Electricians, four Transportation Engineers, 15 Transportation Engineering Associate IIs, 12 Transportation Engineering Associate IIIs, three Transportation Engineering Associate IVs, one Senior Management Analyst II, and two Management Analysts to support the Los Angeles Metropolitan Transportation Authority (Metro) Annual Work Program.	1	6,718,149	-	-	6,718,149
• Transportation-Related Planning for 2028 Games - Funding is provided for four positions consisting of one Supervising Transportation Planner I, one Transportation Engineering Associate III, one Transportation Engineering Associate II, and one Transportation Planning Associate II to prepare traffic plans, develop a Citywide project list and strategic plan, pursue grant funding, and deliver projects in preparation of the 2028 Games.	1	555,633	-	-	555,633
• Metro Bus-Only Lane Expedited Support - Funding is provided for six positions consisting of one Supervising Transportation Planner I, one Civil Engineering Drafting Technician, two Transportation Planning Associate Is, one Transportation Engineering Associate III, and one Transportation Engineering Associate II to expedite Los Angeles Metropolitan Transportation Authority (Metro) Bus-Only projects in support of Metro's NextGen Bus Plan.	1	692,490	-	-	692,490
• DWP Project Design and Construction Support - Funding is provided for six positions consisting of one Senior Transportation Engineer, one Transportation Engineer, three Transportation Engineering Associate IIs, and one Accountant to support the construction and design of Department of Water and Power (DWP) infrastructure improvement projects.	1	810,434	-	-	810,434
• Dockless Scooter Share Program - Funding is provided for four positions consisting of two Transportation Planning Associate IIs, one Data Analyst I, and one Administrative Clerk to manage the Citywide dockless scooter share program.	1	416,224	-	-	416,224
• Electric Vehicle Infrastructure Resources - Funding is provided for two positions consisting of one Transportation Engineering Associate III and one Transportation Planning Associate I to plan and deliver on street and off-street electric vehicle infrastructure.	1,6	230,761	-	-	230,761
• Dockless Mobility Enforcement - Funding is provided for three positions consisting of one Senior Transportation Investigator, one Transportation Investigator, and one Supervising Transportation Planner I to serve as the enforcement unit and manage the operations of the Dockless On-Demand Personal Mobility Program.	1	160,899 *	-	-	402,248
• Bikeshare and Carshare Program - Funding is provided for two positions consisting of one Management Analyst and one Transportation Planning Associate II to support the Bikeshare and Carshare programs. The Management Analyst provides oversight and management of the Electric Vehicle Carshare program. The Transportation Planning Associate II provides oversight and management of the Bikeshare program, which is a regional partnership with the Los Angeles Metropolitan Transportation Authority.	1	250,226	-	-	250,226
• LAWA LAMP and Coastal Review Plan Support - Funding is provided for three positions consisting of one Transportation Engineer and two Transportation Engineering Associate IIIs to support the Los Angeles World Airports (LAWA) with the review of environmental impact documentation and the design and implementation of transportation improvement projects related to the Landside Access Modernization Program (LAMP).	1,6	451,382	3	451,382	451,382
• Mobility Plan - Healthy Streets - Funding is provided for two positions consisting of one Geographic Information Systems Supervisor I and one Transportation Planning Associate II to support Mobility Plan implementation.	6	250,819	-	-	250,819
• Advanced Planning and Project Development - Funding is provided for two Chief Transportation Planners to advance and support capital planning.	1,6	440,258	-	-	440,258
• Universal Basic Mobility Supervisor - Funding is provided for one Supervising Transportation Planner I to provide the necessary oversight of the Universal Basic Mobility Program.	1,6	121,390	-	-	121,390

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

*** "1" Extreme Heat, "2" Drought, "3" Sea Level Rise, "4" Wildfire, "5" Flooding, "6" Climate-Related Public Health.

DEPARTMENTAL APPROPRIATIONS (Continued)	Mitigation		Adaptation		2026-27 Proposed Budget
	Category**	Amount	Category***	Amount	
• Transportation Project Delivery Support - Funding is provided for 25 positions consisting of one Management Analyst, one Senior Accountant II, one Senior Transportation Engineer, four Transportation Engineers, 10 Transportation Engineering Associate IIs, five Transportation Engineering Associate IIIs, one Transportation Engineering Associate IV, one Civil Engineering Drafting Technician, and one Signal Systems Supervisor I to support the implementation and management of highway and transportation capital grant-funded projects.	1	3,449,150	-	-	3,449,150
• Affordable Housing and Sustainable Communities Grant - Funding is provided for one Transportation Planning Associate II to provide planning and grant application support for the Affordable Housing and Sustainable Communities (AHSC) program.	1	128,836	1	128,836	128,836
• AHSC Grant Implementation - Funding is provided for two positions consisting of one Transportation Engineering Associate III and one Transportation Engineering Associate II to lead the implementation and project delivery phase of the Affordable Housing and Sustainable Communities (AHSC) Grant program.	1	272,162	1	272,162	272,162
• Capital Grant Project Delivery Support and Management - Funding is provided for five positions consisting of one Transportation Engineering Associate II, one Senior Management Analyst I, one Management Analyst, and two Signal Systems Electricians to manage and inspect grant-funded capital projects.	1,4	627,767	-	-	627,767
• Parking and Electric Vehicle Infrastructure - Funding is provided for one Environmental Affairs Officer to develop and implement Citywide electric vehicle charging policies.	1,4,5,6	156,782	1	156,782	156,782
• Parking Facilities and Meters Support - Funding is provided for 13 positions consisting of one Transportation Engineer, one Transportation Engineering Associate IV, one Transportation Engineering Associate III, one Transportation Engineering Aide I, one Parking Meter Technician Supervisor I, seven Parking Meter Technicians, and one Geographic Information Systems Specialist to provide support of parking facilities and meters.	1	544,142 *	-	-	1,360,354
• ABLE Program Support - Funding is provided for five Traffic Officer IIs to support the Automated Bus Lane Enforcement (ABLE) Program.	1	341,416	-	-	341,416
• Vision Zero Street and Safety Improvements - Funding is provided for four Maintenance Laborers to perform street maintenance and safety improvement projects to facilitate implementation of Vision Zero objectives.	1	93,645 *	-	-	234,113
• Metro Annual Work Plan - Transit Speed Improvements - Funding is provided for five positions consisting of two Transportation Engineering Associate IVs, one Transportation Engineering Associate III, one Transportation Engineering Associate II, and one Programmer/ Analyst IV to support work related to the Transit Speed Improvement Project as part of the Los Angeles Metropolitan Transportation Authority (Metro) Annual Work Plan.	1	697,608	-	-	697,608
• Wastewater Project Plan Review Team - Funding is provided for five positions consisting of one Senior Transportation Engineer, one Transportation Engineer, and three Transportation Engineering Associate III for design support and review of wastewater projects.	-	-	2	567,932	567,932
• Vision Zero Implementation and Maintenance Support - Funding is provided for six positions consisting of four Transportation Engineering Associate IIs, one Transportation Engineering Associate III, and one Signal Systems Electrician to support the design, construction, and inspection of Vision Zero corridor projects and the final existing Complete Streets project.	1	306,526 *	-	-	766,314
• Bus Speed Improvement Projects / Metro Support - Funding is provided for three positions consisting of one Transportation Engineering Associate III, one Transportation Engineering Associate II, and one Transportation Engineer to support the Los Angeles Metropolitan Transportation Authority (Metro) transit improvement projects.	1	431,562	-	-	431,562
• Affordable Housing Traffic Plan Support - Funding is provided for one Transportation Engineering Associate III to review and approve traffic control plans for all construction improvements, including affordable and permanent supportive housing projects, that need to use the public right-of-way.	1	145,991	-	-	145,991
• First-Last Mile Projects Support - Funding is provided for three Transportation Engineering Associate IIIs to support project development and delivery of first-last mile projects.	1	437,974	-	-	437,974
• 2028 Games Support - Traffic Plan Management - Funding is provided for two Transportation Engineering Associate IIs, subject to pay grade determination by the Office of the City Administrative Officer, Employee Relations Division, to support traffic and transportation plan implementation for the 2028 Games and other major events.	1	79,702 *	-	-	199,256
• Active Transportation Project Implementation - Funding is provided for 12 positions consist of one Transportation Engineer, one Geographic Information Systems Specialist, one Senior Management Analyst I, one Management Analyst, one Supervising Transportation Planner II, two Supervising Transportation Planner Is, one transportation Engineering Associate III, one Transportation Engineering Associate II, and three Transportation Planning Associate IIs to support active transportation projects.	1	1,688,158	-	-	1,688,158
• Bikeways and Open Streets Support - Funding is provided for two positions consisting of one Transportation Engineer and one Transportation Engineering Associate II to support the Bikeways and Open Streets programs.	1	114,228 *	-	-	285,570
Departmental Appropriations Subtotal		\$ 120,148,321		\$ 66,875,511	\$ 169,418,280

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

*** "1" Extreme Heat, "2" Drought, "3" Sea Level Rise, "4" Wildfire, "5" Flooding, "6" Climate-Related Public Health.

NON-DEPARTMENTAL APPROPRIATIONS	Mitigation		Adaptation		2026-27
	Category**	Amount	Category***	Amount	Proposed Budget
General City Purposes					
• Clean and Green Job Program - Funding is provided for the Los Angeles Conservation Corps (LACC) to administer the Clean and Green Job Program, which seeks to eradicate graffiti, eliminate litter, and increase greenery.	5	\$ 1,067,036	1,2,6	\$ 1,067,036	\$ 1,067,036
• Green Workforce/Sustainability Plan - Funding is provided for monitoring and reporting efforts to ensure that the City's clean energy and energy efficiency programs meet greenhouse gas emissions reduction goals and provide benefits to disadvantaged communities.	5	338,379 *	1	845,947	845,947
Unappropriated Balance					
• 2025 Windstorm and Wildfire After Action Report - Funding is set aside for the 2025 Windstorm and Wildfire After Action Report.	-	-	4	430,000	430,000
Capital Finance Administration Fund - Capital Equipment					
• Bureau of Sanitation Livability Services Division Vehicles - Funding is provided for Bureau of Sanitation Livability Services Division vehicles.	3,6	1,050,000	-	-	1,050,000
• General Services Department (GSD) Vehicle Replacement - Funding is provided for GSD vehicle replacements.	3,6	25,000,000	-	-	25,000,000
• GSD Yards and Shops - Capital Equipment - Funding is provided for capital equipment for GSD Yards and Shops.	3,6	200,000	-	-	200,000
• Fire Department (Fire) Helicopter Replacement - Funding is provided for Fire helicopter replacement.	-	-	4	23,683,130	23,683,130
• Fire Vehicle Replacement - Funding is provided for Fire vehicle replacement.	3,6	32,510,900	-	-	32,510,900
• Police Vehicles for the 2028 Games - Funding is provided for new Police vehicles in preparation for the 2028 Games.	3,6	42,442,000	-	-	42,442,000
• Police Vehicle Replacement - Funding is provided for Police vehicle replacement.	3,6	41,574,610	-	-	41,574,610
Capital and Technology Improvement Expenditure Program - Municipal Facilities					
• Capital Program - Zoo - Funding is provided to continue to address critical deferred maintenance, emergent capital repair needs, and shortfalls for active capital projects at the Los Angeles Zoo due to aging infrastructure, causing an increased need for repairs, many of which arise on an emergency basis.	3,4,6	2,500,000	1	2,500,000	2,500,000
• Electric Vehicle Charger Infrastructure - Funding is provided for the installation of EV charging stations at various locations for employee and public parking and the City's Fleet.	6	4,500,000	-	-	4,500,000
• Los Angeles River Ecosystem Restoration and Recreation - Funding is provided for the design, engineering, and cost-share obligations with the United States Army Corps of Engineers.	3,5	233,320	1,2,6	233,320	233,320
• Municipal Buildings Energy and Water Management and Conservation - Funding is provided for required energy audits, engineering, and retrofit work at City facilities to meet energy and water conservation goals.	3,4,6	2,666,000	1,2	2,666,000	2,666,000
• Slauson and Wall Remediation - Funding is provided for the environmental remediation work at the Slauson and Wall site.	1,3,5	600,000 *	1,5	1,500,000	1,500,000
• Asphalt Plant No. 1 - Phase II - Funding is provided for the development of a satellite facility to support the operational needs of the new Asphalt Plant No. 1 facility.	6	126,400 *	-	-	316,000
• Boyle Heights Sports Complex - Funding is provided to address the shortfall for this Proposition K specified project, which includes the design and construction of a new gymnasium and recreation center building.	3,4,6	10,510,000	1,2	10,510,000	10,510,000
• Building Equipment Lifecycle Replacement - Funding is provided to replace aging, obsolete, and end-of-lifecycle building equipment at the City's highest priority sites.	4	1,115,000	-	-	1,115,000
• Capital Program - Figueroa Plaza Buildings - Funding is provided for capital repairs and infrastructure improvements at Figueroa Plaza Buildings.	4	1,550,000	-	-	1,550,000
• Capital Program - Public Works Building - Funding is provided for the capital repairs and infrastructure improvements at the Public Works Building.	4	1,000,000	-	-	1,000,000
• Capital Program - Van Nuys Civic Center - Funding is provided for capital repairs and infrastructure improvements at Van Nuys City Hall complex, which serves as a City hub in the Van Nuys area, including the Marvin Braude Building.	4	500,000	-	-	500,000
• Citywide Infrastructure Improvements - Funding is provided to address health and safety-related infrastructure issues on a Citywide basis. Projects include safety and security repairs, air-conditioning, water supply systems, fixtures, and other critical maintenance items.	4	338,027	-	-	338,027
• Electric Vehicles Infrastructure for Yards and Shops - Funding is provided to install EV charging stations at various Public Works, Bureau of Street Services yards.	1,3,6	1,200,000	1	1,200,000	1,200,000

* The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

Capital and Technology Improvement Expenditure Program - Physical Plant					
• 2028 Games First Last Mile Projects - Funding is provided to improve safety, accessibility, and multimodal mobility ahead of the 2028 Games. The scope of work can include the installation of protected bike lanes, pedestrian crossings, ADA-compliant curb ramps, sidewalk reconstruction, and pavement rehabilitation to ensure public safety.	1	12,000,000	-	-	12,000,000
• 2028 Games - Pico Blvd Safety and Mobility Plan Project - Funding is provided to deliver safety and mobility improvements along Pico Boulevard between Crenshaw Boulevard and Figueroa Street. The scope of work can include resurfacing, slurry seal, and street repair to improve public safety.	1	704,050	-	-	704,050
• 2028 Games: Sidewalk Maintenance at Venue Approaches - Funding is provided for contracted sidewalk repair services to ensure accessible pedestrian facilities and support public safety.	1	3,500,000	-	-	3,500,000
• 2028 Games - Sunset/Chavez Safety and Mobility Project - Funding is provided to deliver safety and mobility improvements along Sunset Boulevard and Cesar Chavez Avenue between Alameda Street and Douglas Street. The scope of work can include resurfacing, slurry seal, and street repair to improve public safety.	1	928,345	-	-	928,345
• 2028 Games Venue Approaches - Funding is provided for projects in the public right of way around 2028 Games venues. The scope of work can include new crosswalks, street resurfacing, and slurry-seal to support public safety.	1	5,000,000	-	-	5,000,000
• Active Transportation Program Round 4: 112th Street and Flourney Elementary Schools Safety Improvements Project - Funding is provided for Active Transportation Projects along 112th Street. The scope of work can include safety improvements for pedestrians to support public safety.	1	2,237,000	-	-	2,237,000
• Active Transportation Program Round 4: Alexandria Elementary School Neighborhood Safety Improvements Project - Funding is provided for Active Transportation Projects. The scope of work can include safety improvements for pedestrians and bicyclists and speed-reduction measures to support public safety.	1	1,125,000	-	-	1,125,000
• Active Transportation Program Round 4: Liechty Middle and Neighborhood Elementary Schools Safety Improvement Project - Funding is provided for Active Transportation Projects. The scope of work can include safety improvements for pedestrians and bicyclists and speed-reduction measures to support public safety.	1	2,153,914	-	-	2,153,914

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

*** "1" Extreme Heat, "2" Drought, "3" Sea Level Rise, "4" Wildfire, "5" Flooding, "6" Climate-Related Public Health.

NON-DEPARTMENTAL APPROPRIATIONS (Continued)	Mitigation		Adaptation		2026-27 Proposed Budget
	Category**	Amount	Category***	Amount	
• Active Transportation Program Round 6: Safe Routes to Schools Center City Schools Neighborhood Safety & Climate Resilience Project - Funding is provided for Active Transportation Projects. The scope of work can include safety improvements for pedestrians and bicyclists and speed-reduction measures to support public safety.	1,5	977,000	1,6	977,000	977,000
• Affordable Housing and Sustainable Communities Grant Supplemental Funding - Funding is provided to construct Affordable Housing Sustainable Communities Grant funded projects.	1,5	16,180,768	1,6	16,180,768	16,180,768
• Blue Canyon Drive (3751) Bulkhead - Funding is provided to construct a bulkhead to restore lateral support to the roadway and ensure public safety.	-	-	5	576,000	576,000
• Connecting Canoga Park Through Safety and Urban Cooling Improvements - Funding is provided to deliver pedestrian, bicycle, and traffic-calming improvements to approximately seven miles of streets in the Canoga Park to connect the community to the Metro Orange Line. The scope of work can include street and sidewalk improvements, ADA-compliance ramps, and crossings to ensure public safety.	1,5	2,000,000	1,6	2,000,000	2,000,000
• Destination Little Ethiopia Signature Streetscapes & Green Alleys - Funding is provided to determine the feasibility and environmental impact of the Destination Little Ethiopia Signature Streetscapes and Green Alleys Project. The scope of work for the project can include curb extensions, ADA-compliance curb ramps, mid-block crossings, median islands, pedestrian-scale lighting, high-visibility crosswalks, flashing beacon signals, and green alley/water infiltration systems.	1,5	500,000	1,2,5,6	500,000	500,000
• Eastern Ave Multi-Modal Transportation Improvement Projects - Federal Grant Projects - Funding is provided to deliver a multimodal safety and mobility improvements project along a 1.5-mile corridor in the El Sereno neighborhood. The scope of work can include new pedestrian and bicycle facilities, transit accessibility upgrades, and traffic enhancements to ensure public safety.	1	1,000,000	-	-	1,000,000
• Erosion Control for Hillside Damage - Funding is provided to address emergency repair projects due to soil erosion.	-	-	5	400,000	400,000
• Fellowship Parkway (2365) Road Repair - Funding is provided to construct a new 165-foot long, 10-foot wide concrete retaining curb and to remove, recompact, and reconstruct a settling section of the roadway to a new depth of three feet to restore lateral support to the roadway and ensure public safety.	-	-	5	915,000	915,000
• Flora Morgan Trail (7016-7151) Bulkheads - Funding is provided to construct a bulkhead to restore lateral support to the roadway and ensure public safety.	-	-	5	1,039,500	1,039,500
• Glendale-Hyperion Complex of Bridges - Funding is provided to seismically retrofit and rehabilitate the existing viaduct complex along the Hyperion Avenue and Glendale Boulevard historic corridor.	1	67,464,994	1,2,5,6	67,464,994	67,464,994
• Los Angeles Riverway - San Fernando Valley Completion Project (Vanalden to Balboa) - Funding is provided to construct a Class I bike path and greenway along the LA River from Vanalden Avenue to Balboa Boulevard.	1,5	10,000,000	1,2,5,6	10,000,000	10,000,000
• MacLay Street Reconfiguration Project - Funding is provided for pedestrian and transit improvements including the reconfiguration of the street, repair and construction of the sidewalk, curbs, gutter, retaining wall, access ramps, and street light pole relocation.	1	255,046	-	-	255,046
• Mount Lee Drive (1000-ft from Mulholland Highway) Bulkhead - Funding is provided to install a new steel pile and precast concrete lagging bulkhead approximately 32 feet long and 7.5 feet high to restore lateral support to the roadway and ensure public safety.	-	-	5	473,000	473,000
• Porto Marina Way (17909) Bulkhead - Funding is provided to construct a bulkhead to restore lateral support to the roadway and ensure public safety.	-	-	5	6,372,000	6,372,000
• Quail Drive (495) - Funding is provided to construct a bulkhead to restore lateral support to the roadway and ensure public safety.	-	-	5	1,033,000	1,033,000
• Rail-to-Rail - 67th St and West Bl Improvements (Bicycle Connection) - Funding is provided for the bicycle connection between the Rail-to-Rail project on the western end of the project. The executed agreement between the City and Los Angeles Metropolitan Authority (Metro) for the Rail-to-Rail Active Transportation Corridor Project requires the City to complete this project.	1	800,000	-	-	800,000
• Roxbury Road (8210) Bulkhead - Funding is provided to construct a bulkhead to restore lateral support to the roadway and ensure public safety.	-	-	5	362,000	362,000
• Safe Routes to Schools: Carver Middle, Ascot Avenue, and Harmony Elementary Schools Project - Funding is provided for pedestrian and bicycle infrastructure and speed-reduction measures around Carver Middle School, Ascot Avenue Elementary School, and Harmony Elementary School. The scope of work can include new speed humps, curb ramps, curb extensions, and crosswalks to ensure public safety.	1	1,165,444	-	-	1,165,444
• Safe Routes to Schools: Panorama City Elementary School Project - Funding is provided for pedestrian and bicycle infrastructure and speed-reduction measures around Panorama City Elementary School. The scope of work can include new bike lanes, curb ramps, curb extensions, and crosswalks to ensure public safety.	1	1,820,000	-	-	1,820,000

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

*** "1" Extreme Heat, "2" Drought, "3" Sea Level Rise, "4" Wildfire, "5" Flooding, "6" Climate-Related Public Health.

NON-DEPARTMENTAL APPROPRIATIONS (Continued)	Mitigation		Adaptation		2026-27 Proposed Budget
	Category**	Amount	Category***	Amount	
● Safety Related Drainage Projects - Funding is provided to ensure public safety by correcting drainage problems in City streets caused by aged and worn gutters, cross-gutters, and curbs. The scope of work can include slope erosion repair, street reconstruction, installation of berms or concrete curb, pavement repair, and any related work.	-	-	5	556,658	556,658
● Sidewalk Repair Program Access Service Request 1431, 1437, 6310, and 6483 - Funding is provided to construct missing curb ramps requested through the Sidewalk Repair Program.	1	1,591,639	-	-	1,591,639
● Sixth Street Mission/Myers Roundabout - Funding is provided for the construction of a roadway roundabout at Mission Road and Myers Street.	1,5	39,626 *	1,5	99,064	99,064
● Tramonto Drive (17537) Bulkhead - Funding is provided to construct a bulkhead to restore lateral support to the roadway and ensure public safety.	-	-	5	769,936	769,936
● Washington Blvd Pedestrian Transit Access (Hooper/Alameda) II - Funding is provided for pedestrian and bicycle access to the Metro A Line station at Washington Boulevard and Long Beach Avenue through sidewalk and curb ramp upgrades, enhanced bus stop lighting and landings with benches, new street trees, bike racks, and wayfinding.	1	450,000	-	-	450,000
● Willits Settlement Sidewalk Program Access Request Package 79 - Funding is provided to address sidewalk repairs and to ensure public safety by properly separating pedestrians and vehicles.	1	2,743,611	-	-	2,743,611
● MacArthur Park Rehabilitation Project - Funding is provided to install a stormwater capture system using the lake as storage.	3,5	3,000,000	1,2,5,6	3,000,000	3,000,000
● Stormwater System Integration - Funding is provided to design a standard programmable logic controller program for all stormwater facilities.	-	-	2,5	2,000,000	2,000,000
● Wilmington Q Street Local Area Urban Flow Management Project - Funding is provided to install infrastructure for stormwater capture, treatment, and community enhancement.	5	2,900,978	1,2,5,6	2,900,978	2,900,978
Non-Departmental Appropriations Subtotal		\$ 324,531,832		\$ 171,034,077	\$ 366,064,663

The budget appropriation is partially aligned with applicable mitigation activities. The mitigation amount reflects 40 percent of the 2026-27 Proposed Budget amount.

** "1" Reducing VMT, "2" Waste Reduction, "3" Decarbonization, "4" Energy Efficiency, "5" Urban Greening, "6" Electrification.

HOMELESS BUDGET

BASIS FOR THE PROPOSED BUDGET

The 2026-27 Proposed Budget for homeless-related expenditures relates to the current year funding as follows:

	General Fund	Special Funds	Total	% Change
2025-26 Adopted Budget	\$ 350,447,817	\$ 602,866,407	\$ 953,314,224	
2026-27 Proposed Budget	\$ 323,066,886	\$ 465,043,184	\$ 788,110,070	
Change from 2025-26 Budget	\$ (27,380,931)	\$ (137,823,223)	\$ (165,204,154)	(17.3%)

The Homeless Budget describes projected spending both through budget appropriations and various off-budget sources during the fiscal year for the provision of housing and services to homeless individuals and families in the City. Items included as part of the Homeless Budget are funded within the individual budgets for the Los Angeles Homeless Services Authority (LAHSA), City departments, the Unappropriated Balance (UB), and the General City Purposes (GCP) budget. The 2026-27 Homeless Budget excludes items from 2025-26 that do not directly support housing or services for individuals experiencing homelessness. Where applicable, these items remain funded in other sections of the Budget, as specified in the individual descriptions.

BUDGET HIGHLIGHTS

LA Alliance Settlement

On June 14, 2022, the U.S. District Court of Central District of California approved a Settlement Agreement (Settlement) between the City of Los Angeles and the LA Alliance for Human Rights. Under the Settlement, the City agreed to create 12,915 new interim or permanent housing units or other interventions by June 13, 2027, to accommodate 60 percent of individuals identified as shelter-appropriate within the City based on the 2022 homeless count/Point in Time Count.

For 2026-27, new investments toward complying with the Settlement are described in the table below and, where appropriate, continuing investments are shown in the departmental and non-departmental sections that follow:

Housing Type	2026-27 Investment	Number of Beds/Units	Funding Sources
Interim Housing	\$ 11,949,091	111	Emergency Stabilization Beds Grant, Homeless Housing, Assistance and Prevention Program (HHAP), General City Purposes - Homeless Emergency
Permanent Supportive Housing (PSH) Units (Prop HHH and Non-Prop HHH units)	\$ 31,949,814	1,600	HOME, HHH, Housing Impact Trust Fund, SB 2, ULA, other local sources
Time-Limited Subsidies	\$ 46,228,351	2,000	HHAP, Measure A - Local Solutions Fund
TOTAL	\$ 90,127,256	3,711	

Proposition HHH

Proposition HHH (Prop HHH), approved by voters in November 2016, authorizes the City to issue up to \$1.2 billion in General Obligation (GO) bonds to finance the development of Permanent Supportive Housing (PSH), affordable housing, and service facilities. PSH units house chronically homeless individuals and homeless households, and are combined with services, which may include mental and health services, and education and job training. GO bond proceeds may also fund facilities that provide services to the homeless, such as service centers, health centers, shelters, storage, and shower facilities. Bond proceeds may only be used for construction and capital improvements, not operations or services. Prop HHH projected expenditures include housing projects that have been included in a previously approved Prop HHH Project Expenditure Plan (PEP). Only housing projects that are projected to execute loan agreements and are ready to start construction are included in the PEP. Prop HHH bond issuances require Mayor and Council approval.

State Grants

The California Department of Housing and Community Development (HCD) awarded the City of Los Angeles the Homeless Housing, Assistance and Prevention Program Round 6 (HHAP 6) grant funding in the amount of \$143,640,000. These funds will be used to support interim housing operations, outreach, public health services, hygiene facilities, programs for youth experiencing homelessness or at-risk of being homeless, and other services. The City collaborated with regional partners including the County of Los Angeles and the Los Angeles Homeless Services Authority to establish program goals. The City is currently working with the State to effectuate the grant and receive the initial disbursement. The full balance of the funds must be expended by June 30, 2029.

The City along with our regional partners is advocating at the State level to maintain existing HHAP funding as the State determines the future of the HHAP grant. Future HHAP allocations are currently being considered by the legislature and are subject to change based on the outcome of ongoing discussions at the State level.

The City intends to apply for the next State Encampment Resolution Fund Program (ERF) grant funding round, ERF Round 5. The Notice of Funding Availability for ERF Round 5 was released on March 27, 2026. The first application window is open on a rolling basis from March 27, 2026, through June 30, 2026, with awards anticipated in September 2026. If all program funds have not been exhausted through the first application window, a second application window will open from September 1, 2026, through October 31, 2026, with awards anticipated in January 2027.

LOS ANGELES HOMELESS SERVICES AUTHORITY

The Los Angeles Homeless Services Authority (LAHSA) is a Joint Powers Authority created and designated by the City and County of Los Angeles to act on behalf of both entities to address homelessness. LAHSA is a direct administrator of publicly-funded homeless programs throughout the Los Angeles region. LAHSA advises and participates in the framing of major public programs that affect people experiencing homelessness.

Los Angeles Homeless Services Authority	2025-26 Adopted Budget	2026-27 Proposed Budget
Annual Homeless Point-in-Time Count – The U.S. Department of Housing and Urban Development requires an annual census of those experiencing homelessness during the last 10 days of January for local jurisdictions to receive McKinney-Vento Homeless Assistance Grant funding. The census is a community-wide effort, funded equally by the City and County, and made possible with the support of volunteers. The funding increase reflects anticipated expenditures for technology, software, and contractors.	\$ 912,003	\$ 1,070,399
Los Angeles Continuum of Care (CoC) Administration – A CoC is a regional or local planning body that coordinates housing and services funding for homeless families and individuals. LAHSA is the lead agency for the Los Angeles CoC. As the lead agency, LAHSA coordinates crisis housing, provides critical, basic shelter for individuals and families experiencing homelessness and in need of immediate housing, and provides a point-of-entry into the Coordinated Entry System. The U.S. Department of Housing and Urban Development awards LAHSA with annual grants and bonus grants for the CoC and the City's cash match, along with the County of Los Angeles, continues to leverage federal grant funds. Funding for administrative costs decreased due to programmatic cost efficiencies. - Grants Management and Core Infrastructure (\$4,693,262) - Continuum of Care (CoC) Oversight - Planning (\$187,500) - Continuum of Care (CoC) - Coordinated Entry System (\$604,164) - Data Management and Accountability (\$318,009)	5,934,815	\$5,802,935
Shelter and Housing Interventions – LAHSA provides case management, counseling, and housing placement services to participants, which allows program sponsors to more effectively address the emergency, interim, transitional, and permanent housing needs of vulnerable individuals and families experiencing homelessness in the City. This category includes funding for all interim housing solutions, such as emergency and crisis housing, bridge housing, and Housing Navigation Services, as well as the Winter Shelter Program, which provides interim housing solutions during inclement weather. Funding reflects the realignment of beds to maximum occupancy requirements, adjustments in interim housing bed counts, and administrative costs from the Housing Navigation program. - Coordinated Entry System Interim Housing for Families, Singles, and Youth (\$24,282,105) - Housing Navigation (\$700,000) - Shelter Program (\$1,560,735)	27,622,082	26,542,840

Los Angeles Homeless Services Authority	2025-26 Adopted Budget	2026-27 Proposed Budget
● Street Strategies - The City's street-based homelessness strategies are focused on conducting outreach and engagement; expanding hygiene, sanitation, and storage options for people living on the streets; increasing diversion opportunities for people experiencing homelessness; and expanding collaborations with stakeholders. Homeless outreach, primarily conducted through Homeless Engagement Teams (HET), access and navigation centers, Safe Parking and storage programs continue to provide critical services to connect unsheltered residents with support services and housing resources. The proposed funding increase reflects full-year funding for HETs. This is partially offset by a decrease in funding for the demobilization of the Safe Parking program. This is in alignment with the County's Proposed Measure A Expenditure Plan, which no longer funds Safe Sleep or Safe Parking programs. Three-months funding is provided to support demobilization costs. ● Access Center - Weingart (\$319,701) ● C3 Partnership - Skid Row (\$251,037) ● Coordinated Entry System - Navigation Centers (\$1,988,120) ● Emergency Management Dedicated Staffing (\$112,019) ● Homeless Engagement Teams (\$6,777,992) ● Mobile Showers – Shower of Hope (\$232,000) ● Operation Healthy Streets (\$4,344,950) ● Safe Parking (\$379,600) ● Storage (\$3,922,455) ● System Navigators (\$1,088,520)	\$ 16,177,666	\$ 19,416,394
LAHSA Subtotal	\$ 50,646,566	\$ 52,832,568

CITY DEPARTMENTS

City departments complement the work of LAHSA to help design, implement, and coordinate the efficient provision of services to individuals and families in the City to ultimately end homelessness.

	2025-26 Adopted Budget	2026-27 Proposed Budget
Aging		
• Older Workers Employment Program – Funding was provided for part-time, work-based training opportunities at local community service agencies for older unemployed individuals who have poor employment prospects and for departmental staff to support this program. In 2026-27, funding is continued under the Community Investment Department.	\$ 767,262	\$ -
Animal Services		
• Homeless Services Support/Pet Resource Centers – Funding is provided for one Senior Animal Control Officer I to provide departmental liaison services to the homeless community. The proposed funding increase reflects anticipated salary expenditures.	94,685	97,286
City Administrative Officer		
• CAO Homelessness Oversight and Administration – Funding is provided for six positions consisting of one Assistant City Administrative Officer, one Chief Administrative Analyst, three Senior Administrative Analyst Is, and one Administrative Analyst to oversee, address, and manage homelessness issues. The proposed increase reflects anticipated salary expenditures.	1,175,975	1,258,689
• Proposition HHH Facilities Bond Program – Funding is provided for one Senior Administrative Analyst II for the Proposition HHH Program. The proposed increase reflects anticipated salary expenditures.	202,741	211,245
City Attorney		
• Proposition HHH Legal Support – Funding is provided for three positions consisting of two Deputy City Attorney IIs and one Paralegal I to provide legal support for the Homelessness Reduction and Prevention, Housing, and Facilities Bond Issue Program (Proposition HHH). The costs of these positions are partially reimbursed by the Proposition HHH program. The proposed increase reflects anticipated salary expenditures.	407,934	436,315
• Tenant Anti-Harassment Implementation Support – Funding is provided for one Deputy City Attorney II to provide administrative support to the Housing Department on matters resulting from the rent stabilization ordinance. Funding is provided by the Rent Stabilization Trust Fund. The proposed increase reflects anticipated salary expenditures.	156,061	166,142
City Planning		
• Housing Unit – The unit provides case management services for entitlement cases with housing development activities. Funding is provided for nine positions to provide expertise in housing development and coordinate with other City agencies to help resolve issues related to affordable housing and permanent supportive housing development throughout the project entitlement and permitting process. Partial funding is provided by the Planning Case Processing Fund (\$507,124). The proposed increase reflects anticipated salary expenditures.	1,032,043	1,127,637
• Priority Housing – Funding is provided for five positions consisting of four City Planners and one Senior Administrative Clerk to expedite affordable housing projects Citywide at the Central, West-South, and Valley Project Planning Divisions. Funding is provided by the Case Processing Fund. The proposed increase reflects anticipated salary expenditures.	586,354	637,467
• Streamlining Affordable Housing Permit Process – Funding is provided for seven positions consisting of one Senior City Planner, two City Planners, and four City Planning Associates to streamline the affordable housing permit approval process and support the Development Services Center Affordable Housing Services Unit. The proposed increase reflects anticipated salary expenditures.	835,729	912,321

	2025-26 Adopted Budget	2026-27 Proposed Budget
Community Investment Department		
• FamilySource Center (FSC) – Funding is provided for contractual services for emergency housing assistance and supportive services at 19 FamilySource Centers. The proposed increase reflects full funding for 19 FSCs.	\$ 3,612,774	\$ 3,800,000
• LA RISE – Funding is provided for the Los Angeles Regional Initiative for Social Enterprise (LA RISE) that provides job development activities for homeless individuals and for participants at A Bridge Home sites. These activities include subsidized employment for individuals with a history of homelessness, supportive case management designed to help prepare participants for continued employment, and training in both hard and soft skills. The program services are implemented through the City's existing network of 16 WorkSource Centers. In 2025-26, funding was provided in the Economic and Workforce Development Department. The proposed decrease reflects anticipated expenditures due to a reduction in the level of services provided.	-	2,580,000
• Older Workers Employment Program – Funding is provided for part-time, work-based training opportunities at local community service agencies for older unemployed individuals who have poor employment prospects and for departmental staff to support this program. Full-year funding is provided for four positions consisting of two Administrative Clerks, one Social Worker I, and one Management Analyst to support this program. In 2025-26, funding was provided in the Department of Aging. The proposed increase reflects anticipated salary expenditures.	-	771,288
• Solid Ground Program – Funding is provided for the Solid Ground Homelessness Prevention Program to provide homelessness prevention services at 19 FSCs. Funding is provided for three positions consisting of two Management Analysts and one Accountant, and contractual services. Partial funding is provided by the HOME Investment Partnerships American Rescue Plan Program (HOME-ARP) Fund (\$21,193). The proposed increase reflects anticipated salary expenditures.	4,747,655	4,752,697
• Survivor Services System – Funding is provided for the Domestic Violence and Human Trafficking Shelter Operations Program and supportive services. The proposed amount includes four positions consisting of one Senior Project Coordinator, two Management Analysts, and one Administrative Clerk, and contractual services. Partial funding is provided by the Community Services Block Grant Trust Fund (\$22,338) and the Community Development Trust Fund (\$165,504). The proposed increase reflects anticipated salary expenditures and an increase in the contractual services funding amount due to a reduced grant allocation. There will be no change in the level of services provided.	11,829,767	12,286,008
Disability		
• Community Engagement Coordinator – Funding is provided for one Community Program Assistant III to assist in referral for disabled individuals experiencing homelessness or individuals with disabilities who are low income for the Durable Medical Equipment Program. The proposed increase reflects anticipated salary expenditures.	113,289	123,843
• Community Services Coordinator – Funding is provided for one Community Program Assistant II to connect people with disabilities who are experiencing homelessness or at-risk of homelessness with information and linkages to a wide range of City and community services. These services included the City's temporary housing sites, auxiliary services, Durable Medical Equipment, and other disability related amenities that served their needs. The proposed increase reflects anticipated salary expenditures.	77,331	94,716
• Disability and Homeless Services Analyst – Funding is provided for one Management Analyst to support disability and homelessness initiatives. The proposed increase reflects anticipated salary expenditures.	122,422	132,136

	2025-26 Adopted Budget	2026-27 Proposed Budget
• Durable Medical Equipment – Funding is provided in the Contractual Services Account for the Durable Medical Equipment program for distribution of medical equipment for disabled individuals experiencing homelessness or individuals with disabilities who are low income.	\$ 40,000	\$ 40,000
• HIV Prevention and Opioid Abatement – Funding was provided for HIV Prevention and Opioid Remediation, which hires community partners to engage people who inject drugs with outreach, harm reduction, syringe exchange, overdose prevention, and referrals to in-house services. Funding was provided from the Opioids Settlement Trust Fund. This program was previously entitled Homeless and HIV Program. In 2026-27, funding is continued in the Department on Disability budget.	190,000	-
Economic and Workforce Development Department (EWDD)		
• LA RISE – Funding was provided for the Los Angeles Regional Initiative for Social Enterprise (LA RISE) that provides job development activities for homeless individuals and for participants at A Bridge Home sites. In 2026-27, funding is continued under the Community Investment Department.	2,700,000	-
Emergency Management		
• Homelessness Preparedness and Response – Funding and regular authority is provided for one Emergency Management Coordinator I to focus on emergency preparedness and response needs of residents experiencing homelessness. Related costs consist of employee benefits. The proposed increase reflects anticipated salary expenditures.	118,829	131,186
Fire		
• Advanced Provider Response Unit (APRU) – Funding is provided for two positions consisting of one EMS Advanced Provider and one Firefighter III/Paramedic to provide emergency medical assistance, respond to non-urgent, low acuity-level call requests, and provide intervention services to 9-1-1 "super user" patients in Skid Row and surrounding areas. Funding is also included in the Sworn Bonus Account. The proposed increase reflects anticipated salary expenditures.	339,538	435,997
• Fast Response Vehicle – Funding is provided for six Firefighter IIIs to staff a Fast Response Vehicle, operating as a mobile triage unit at Fire Station 9 in the Skid Row area. Funding is also included in the Sworn Bonuses and Overtime, Constant Staffing accounts. The proposed increase reflects anticipated salary expenditures.	1,151,585	1,409,248
• SOBER Unit – Funding was provided for one Firefighter III/Paramedic that supported the Sobriety Emergency Response (SOBER) Unit. The position has been reassigned to support APRU operations. In 2026-27, funding is continued in the Fire Department budget.	160,736	-
General Services Department		
• Custodial Services for the Los Angeles City Mall – Funding was provided for monthly pest control (\$200,000) and pressure washing (\$100,000) services at the LA City Mall and surrounding municipal buildings. In 2026-27, funding is continued in the General Services Department budget.	300,000	-
• Hepatitis A Prevention and Custodial Service – Funding was provided for three Custodians to address Hepatitis A concerns at the Central Library. Funding in the base budget includes costs for contracted employees and vendor supplies at various branch libraries. Funding was intended to be reimbursed by the Library Department. In 2026-27, funding is continued in the General Services Department budget.	164,442	-
• Homelessness Intervention Leasing – Funding is provided for leasing costs of sites for homelessness-related services. The proposed increase reflects the addition of two new sites and annual increases in leasing costs.	5,012,414	6,703,330

	2025-26 Adopted Budget	2026-27 Proposed Budget
• Homeless Intervention Unit – Funding is provided for four positions consisting of one Real Estate Officer, one Senior Real Estate Officer, one Building Maintenance District Supervisor, and one Property Manager II to support a homeless intervention unit. The proposed increase reflects anticipated salary expenditures.	\$ 552,375	\$ 581,138
• Property Management Services for Mayfair Hotel – Funding is provided for administrative services, utility expenses, maintenance and operations, materials, and contracted expenses at the Mayfair Hotel. The Housing Authority of the City of Los Angeles serves as the asset manager for the property. The proposed increase reflects general cost escalation for materials and supplies and cost of living adjustments for contracted employees.	3,583,405	3,856,508
Housing Department		
• Construction Services for Proposition HHH – Funding was provided for one Rehabilitation Construction Specialist I to review and approve documents and reports for Proposition HHH Program projects in construction. This position was reimbursed by Proposition HHH Bond proceeds. Funding and resolution authority for this position is not continued in 2026-27.	110,942	-
• Eviction Defense Program – Funding is provided for four positions consisting of one Housing Planning and Economic Analyst, one Communications Information Representative I, one Management Analyst, and one Senior Administrative Clerk to administer the Eviction Defense Program. Funding is provided by the House LA Fund. The proposed increase reflects anticipated salary expenditures.	363,869	380,807
• Grants Unit Oversight – Funding is provided for one Assistant Chief Grants Administrator to oversee Supportive Housing Services, which consist of the Los Angeles Homeless Services Authority and Housing Opportunities for Persons with AIDS programs. Funding is provided by the SB 2 Permanent Local Housing Allocation Fund (\$61,741), HOME Investment Partnerships Fund (\$61,741), and other special funds (\$30,870). The proposed increase reflects anticipated salary expenditures.	140,561	154,352
• Homelessness Programs Oversight Bureau Leadership - Funding is provided for three positions consisting of one Assistant General Manager, one Director of Housing, and one Chief Management Analyst to lead oversight of homelessness services and the City's response to homelessness. These positions were approved during 2025-26 (C.F. 25-0207-S1).	-	687,799
• Homelessness Services – Funding is provided for two positions consisting of one Senior Management Analyst I and one Management Analyst to coordinate homelessness-related contracts to implement homeless prevention and permanent housing production. The proposed increase reflects anticipated salary expenditures.	232,339	245,740
• Homelessness Services Contracts Oversight – Funding is provided for seven positions consisting of one Project Coordinator, one Senior Project Coordinator, one Senior Management Analyst I, and four Management Analysts to provide oversight of LAHSA's homeless services programs. Three of these positions, one Senior Management Analyst I and two Management Analysts, were approved during 2025-26 (C.F. 25-0207-S1). The proposed increase reflects the addition of these three positions and anticipated salary expenditures. Partial funding is provided by the Community Development Trust Fund (\$151,077) and the Federal Emergency Shelter Grant Fund (\$107,002). This program was previously entitled Los Angeles Homeless Services Authority.	450,742	823,830
• Lease Up Coordinator for Permanent Supportive Housing – Funding is provided for one Management Analyst to coordinate the lease up of permanent supportive housing projects, including Proposition HHH and Homekey projects. Funding is provided by the Municipal Housing Finance Fund. The proposed increase reflects anticipated salary expenditures.	100,954	108,091

	2025-26 Adopted Budget	2026-27 Proposed Budget
• Prevailing Wage Monitoring for Proposition HHH – Funding was provided for one Management Analyst to assist in monitoring prevailing wages during the construction of Proposition HHH Program projects. Funding and resolution authority for this position is not continued in 2026-27.	\$ 99,618	\$ -
• Proposition HHH Contracts – Funding was provided for cost estimating and prevailing wage compliance services for the Proposition HHH program. In 2026-27, funding for Measure United to House LA (ULA) prevailing wage compliance services is continued in the Housing Department budget.	503,500	-
• Proposition HHH Occupancy Monitoring – Funding is provided for one Management Analyst to monitor tenant occupancy requirements in Proposition HHH Program units and contractual services funds for occupancy monitoring services for affordable housing units funded by Proposition HHH. The proposed increase reflects anticipated salary expenditures and higher anticipated contractual services spending.	249,526	266,835
• Proposition HHH Program Staff – Funding was provided for three positions consisting of one Finance Development Officer I, one Finance Development Officer II, and one Management Analyst to provide underwriting support for the Proposition HHH Program. These positions were anticipated to be reimbursed by Proposition HHH Bond proceeds. Funding and resolution authority for these positions is not continued in 2026-27.	414,945	-
• Strategic Engagement and Policy for Homelessness – Funding is provided for four positions consisting of two Senior Housing Planning and Economic Analysts, one Housing Planning and Economic Analyst, and one Data Analyst II to support the development and assessment of homelessness policy. These positions were approved during 2025-26 (C.F. 25-0207-S1).	-	644,879
• Street Medicine – One-time funding is provided for medical services for individuals experiencing homelessness who are unable to visit traditional, brick-and-mortar medical establishments.	1,979,978	1,979,978
• Tenant Anti-Harassment – Funding is provided for 14 positions consisting of one Principal Inspector, five Senior Housing Inspectors, one Senior Housing Investigator I, three Housing Investigator Is, one Housing Planning Economic Analyst, one Management Analyst, one Administrative Clerk, and one Communications Information Representative II to enforce the Tenant Anti-Harassment Ordinance. Funding is provided by the House LA Fund. The proposed increase reflects anticipated salary expenditures.	1,581,581	1,921,435
• Tenant Protections and Homelessness Prevention – Funding is provided for one Director of Enforcement Operations to oversee tenant protection and homelessness prevention work. Funding is provided by the House LA Fund.	-	272,204
Police Department		
• Homeless Coordinator's Office – Funding is provided for four positions consisting of three Police Officer IIs and one Police Officer III to staff the Police Department Homeless Coordinator's Office. These positions coordinate City services relative to homelessness, including CARE/CARE+, Operation Healthy Streets, and the Skid Row Americans with Disabilities "Right of Way" Compliance teams. The proposed increase reflects anticipated salary expenditures.	534,111	557,345
• Homeless Coordinator Resources – Funding is provided for six positions consisting of one Police Sergeant II, four Police Officer IIIs, and one Secretary for the Office of Operations' Homeless Coordinator. This Office coordinates the Department's response to crime and quality of life issues for residents, business owners, and visitors to the City and ensures the Department's alignment with the Mayor and Council's homelessness policies and priorities. The proposed increase reflects anticipated salary expenditures.	862,824	900,056

	2025-26 Adopted Budget	2026-27 Proposed Budget
• Overtime for Interim Homeless Housing Sites and CARE/CARE+ – Funding is provided within the Police Department's Overtime Sworn Account for security patrols in the vicinity of interim homeless housing shelter sites and support for CARE/CARE+ operations.	\$ -	\$ 2,000,000
• Resource Enhancement Services and Enforcement Team – Funding is provided for two positions consisting of one Police Lieutenant I and one Police Officer III for the Central Bureau Citywide Homeless Coordinator's Office, which coordinates the Department's response to crime and quality of life issues for residents, business owners, and visitors to the City and ensures the Department's alignment with the Mayor and Council's homelessness policies and priorities. The proposed increase reflects anticipated salary expenditures.	340,231	355,031
• Vehicle Recycling Program – Funding is provided to compensate vehicle recycling contractors for dismantling and recycling abandoned vehicles that are not sold at auction due to inoperability, poor condition, or the presence of hazardous waste.	3,000,000	3,000,000
Public Works, Board		
• Accounting Support – Funding is provided for two positions consisting of one Senior Accountant I and one Accounting Clerk to provide accounting and financial support to Proposition HHH, A Bridge Home Initiative, other homelessness-related projects, and hazardous waste invoicing. The proposed increase reflects anticipated salary expenditures.	169,856	195,745
Public Works, Bureau of Contract Administration		
• United to House LA Compliance – Funding was provided for two positions consisting of one Senior Management Analyst I and one Management Analyst to monitor and enforce state mandated prevailing wage requirements and ensure compliance on all applicable United to House LA construction projects. Funding is provided by the House LA Fund. In 2026-27, funding is provided in the Public Works, Bureau of Contract Administration budget.	198,521	-
Public Works, Bureau of Sanitation		
• A Bridge Home (ABH) Team – Funding was provided for eight positions consisting of three Maintenance Laborers, two Refuse Collection Truck Operator IIs, and two Environmental Compliance Inspectors to support CARE/CARE+ operations at A Bridge Home sites Citywide and one Chief Environmental Compliance Inspector II to supervise CARE/CARE+ and Illegal Dumping Operations. Funding was also provided for expenses. Funding and resolution authority for the eight positions and expense funding is not continued in 2026-27.	2,608,801	-
• Clean Streets Safety and Training Program – Funding was provided for one Refuse Crew Field Instructor to conduct training on the proper and safe operation of refuse collection vehicles and equipment. In addition, this position will proactively identify and correct work hazards and train employees on proper work techniques and field practices to prevent injuries. In 2026-27, funding is continued in the Livability Services Safety Training program.	103,022	-
• Coastal Comprehensive Cleaning and Rapid Engagement Plus Program (CARE+) Team – Funding was provided for eight positions consisting of two Environmental Compliance Inspectors, two Refuse Collection Truck Operator IIs, and four Maintenance Laborers for one CARE+ Team to service the coastal area, including Venice, Pacific Palisades, Playa del Rey, and Playa Vista. Funding and resolution authority for the eight positions and expense funding is not continued in 2026-27.	637,494	-

	2025-26 Adopted Budget	2026-27 Proposed Budget
Comprehensive Cleaning and Rapid Engagement Program (CARE) Comprehensive Cleaning and Rapid Engagement Plus Program (CARE+) – Funding is provided for 221 positions to staff 14 CARE+ teams. These positions consist of one Sanitation Solid Resources Manager I, one Senior Management Analyst II, one Chief Environmental Compliance Inspector II, two Chief Environmental Compliance Inspector Is, two Solid Resources Superintendents, one Senior Management Analyst I, one Management Analyst, 10 Senior Environmental Compliance Inspectors, 10 Refuse Collection Supervisors, 41 Environmental Compliance Inspectors, 61 Refuse Collection Truck Operator IIs, 88 Maintenance Laborers, and two Administrative Clerks. These positions for the CARE and CARE+ teams are responsible for keeping the City's sidewalks and other public areas safe, clean, sanitary, and accessible for public use by all individuals in accordance with the provisions of Los Angeles Municipal Code Section 56.11, and for removing abandoned waste from the public right of-way and cleaning homeless encampments. These teams are deployed to the highest need areas of the City. The proposed change in funding reflects anticipated salaries and expense expenditures.	\$ 33,383,629	\$ 34,613,081
Comprehensive Cleaning and Rapid Engagement Program (CARE) Comprehensive Cleaning and Rapid Engagement Plus Program (CARE+) Administrative Program Support – Funding is provided for 12 positions consisting of one Senior Management Analyst II, one Senior Management Analyst I, three Management Analysts, one Senior Administrative Clerk, one Accounting Clerk and five Administrative Clerks to provide administrative support for the CARE and CARE+ teams. The proposed increase reflects anticipated salaries expenditures.	1,096,466	1,165,259
Comprehensive Cleaning and Rapid Engagement Program (CARE) Comprehensive Cleaning and Rapid Engagement Plus Program (CARE+) Program Support – Expense funding is provided for hazardous waste removal services as part of the City's comprehensive cleaning program through the CARE+ Teams. The proposed decrease reflects the discontinuation of anticipated program expenditures due to a reduction in the level of services provided.	2,609,078	831,048
Comprehensive Cleaning and Rapid Engagement Program (CARE) Information Services Oversight – Funding is provided on a one-time basis for two positions consisting of Geographic Information Systems Supervisor I and one Geographic Information Systems Specialist to support the CARE Program's digital data collection, service tracking, and reporting and other Livability Services data programs. The proposed increase reflects the addition of the Geographic Information Systems Specialist and anticipated salary expenditures.	129,808	255,353
Comprehensive Cleaning and Rapid Engagement Program (CARE) Information Services Oversight Expansion – Funding was provided for one Geographic Information Systems Specialist. In 2026-27, funding is continued in the Comprehensive Cleaning and Rapid Engagement Program (CARE) Information Services Oversight program.	109,311	-
Council District 12 CARE+ Services – Funding is provided for Overtime General (\$352,000) and Contractual Services (\$1,192,000) accounts to provide five days of CARE+ service and Saturday service in Council District 12. Funding is provided by the Sunshine Canyon Community Amenities Trust Fund.	1,544,000	1,544,000
Hazardous Waste Handling Compliance Support – Funding is provided on a one-time basis for five positions consisting one Chief Environmental Compliance Inspector (ECI) II and four ECIs and expense funding of \$21,280 to support overall CARE/CARE+ operations and to perform hazardous waste testing, identification, handling, and disposal.	-	649,054
Livability Services Management Expansion – Funding is provided on a one-time basis for one Sanitation Solid Resources Manager II to manage the Livability Services CARE Division. The proposed increase reflects anticipated salaries expenditures.	226,211	229,920

	2025-26 Adopted Budget	2026-27 Proposed Budget
• Livability Services Safety Training – Funding is provided for five positions consisting of three Refuse Crew Field Instructors, one Safety Engineering Associate II, and one Safety Engineer to establish safety procedures and practices and conduct training for CARE/CARE+ teams. The proposed increase reflects anticipated salaries expenditures.	\$ 568,120	\$ 573,742
• Operation Healthy Streets (OHS) – Funding is provided in the base budget for five positions consisting of three Environmental Compliance Inspectors and two Maintenance Laborers, and related expense funding. This team provides comprehensive cleanups and hazardous waste removal in the downtown Los Angeles and Venice Skid Row areas. Funding includes salaries (\$499,375) and expenses (\$463,117). The proposed decrease reflects the reassignment of positions to other programs.	1,090,761	962,492
Public Works, Bureau of Street Services		
• On-Street Public Toilet Program – Funding is provided in the Contractual Services Account for the operation of four locations serving the Skid Row area.	-	600,000
Recreation and Parks		
• 24-Hour Public Restroom Access (Venice) – Funding was provided to allow year-round 24-hour access to one public restroom (ten stalls) at Venice Beach. In 2026-27, funding is continued in the Recreation and Parks budget.	218,130	-
• Bulky Item Illegal Dumping Crew – Funding was provided for four positions consisting of one Gardener Caretaker, one Equipment Operator, one Plumber, and one Park Maintenance Supervisor to staff a dedicated Bulky Item Illegal Dumping Crew. In 2026-27, funding is continued in the Recreation and Parks budget.	587,001	-
• Gladys Park Maintenance Program – Funding is provided for ground maintenance and security services at Gladys Park located in Skid Row. The proposed decrease reflects projected expenditures.	175,917	174,752
• Homeless Encampment Cleanup – Funding is provided for 23 positions, consisting of 10 Gardener Caretakers, four Security Officers, one Senior Gardener, two Equipment Operators, one Electrician, one Plumber, and four Park Maintenance Supervisors to comprise two additional Bulky Item Illegal Dumping (BIID) Crews to assist with homeless encampment cleanups. The proposed increase reflects anticipated salary expenditures.	1,725,414	1,829,422
• Park Restroom Enhancement Program – Funding was provided to continue the increased frequency of restroom cleaning by one additional cleaning per day at 55 heavily-used park locations and also extend bathroom hours and days at various high-use park locations to meet the needs of park patrons. In 2026-27, funding is continued in the Recreation and Parks budget.	3,013,955	-
• San Julian Park Maintenance Program – Funding is provided for ground maintenance and security services at San Julian Park in Skid Row. The proposed decrease reflects projected expenditures.	169,027	168,932
Transportation		
• Community Assistance Parking Program – Funding is provided for two positions consisting of one Senior Administrative Clerk and one Management Assistant. These positions will support the Community Assistance Parking Program (CAPP), which allows individuals experiencing homelessness with open and unpaid parking citations to pay them by providing community service. The proposed increase reflects anticipated salary expenditures.	147,895	157,439
City Departments Subtotal	\$ 101,553,484	\$ 100,793,818

	2025-26 Adopted Budget	2026-27 Proposed Budget
Non-Departmental Appropriations		
General City Purposes		
• Additional Homeless Services – Funding is provided as one-time allocation to fund gaps in the City's effort to address the homeless crisis. In 2025-26, the funding in this account was allocated in equal amounts for all 15 Council Districts to be used at their discretion for homelessness programs, services, and/or project gap funding.	\$ 9,000,000	\$ 7,500,000
• Alliance Settlement Agreement Program – Funding is provided for homelessness services and operations to meet obligations set by the Alliance Settlement (C.F. 23-1022 and its supplemental files). It covers items including leasing, construction costs, time-limited subsidies operating costs, and homelessness intervention service costs. A portion of service costs are eligible for reimbursement under the Alliance Settlement Memorandum of Understanding. Funding is increased to support the costs of new interim housing sites and projected costs associated with the expansion of time-limited subsidies in accordance with the settlement. This program was previously entitled Alliance Settlement.	3,865,898	58,300,000
Funding for Alliance service provision will be reimbursed through the County-Alliance Memorandum of Understanding for services provided in 2025-26 (\$4.6 million) and nine months of services to be provided in 2026-27 (\$20.5 million).		
• CIRCLE: 24/7 Homelessness Crisis Response Pilot – Funding is provided for a 24 hours per day, seven days per week, community-based response to non-violent emergencies involving individuals experiencing homelessness. Funding is increased to expand services.	7,200,000	10,000,000
• Citywide Homeless Interventions (Non-Alliance) - Funding was provided to continue existing interim housing interventions. It covered items including leasing, homelessness intervention service costs, and operational costs. Funding is not continued in the General City Purposes budget in 2026-27, but the intervention types described in this line item are funded through off-budget sources and the Measure A Homelessness Program. Funding from 2025-26 will be reappropriated to 2026-27.	13,099,893	-
• Citywide Recreational Vehicle (RV) to Home Program – This allocation provides funding to address RV homelessness, including outreach, service referrals and linkages, and interim housing resources specifically for this population.	-	1,698,342
• Clinica Romero – Clinica Romero provided quality and affordable health care services that targeted underserved communities within the Greater Los Angeles area. Funding is not continued in 2026-27.	100,000	-
• Homelessness Emergency (Inside Safe) – Funding is provided for the Mayor's Office of Housing and Homelessness Solutions' comprehensive efforts to bring unhoused Angelenos inside and improve affordable housing preservation and creation, homelessness prevention, and the delivery of services to people experiencing homelessness. This includes the Inside Safe Initiative, a Citywide housing-led strategy to move people experiencing homelessness into interim housing with supportive services that lead to permanent housing.	36,179,658	98,700,000

Funding for service provision will be reimbursed through the County-Alliance Memorandum of Understanding for 12 months of services provided in 2025-26 (\$59.8 million) and nine months of services to be provided in 2026-27 (\$44.9 million).

Funding is to be allocated to:

- Interim housing
- Service provision and supportive services

	2025-26 Adopted Budget	2026-27 Proposed Budget
Homelessness Emergency (Inside Safe) Prior Year Reappropriation – Funding from 2024-25 was reappropriated to 2025-26 to support anticipated program expenditures. Of the \$99.5 million, approximately \$75 million was to support outstanding obligations incurred in 2024-25 pending payment; \$24.5 million was to support 2025-26 costs.	\$ 99,500,000	\$ -
Measure A Homelessness Program – Measure A - Local Solutions Fund (LSF) is a part of the Measure A half-cent sales tax proceeds which is distributed to the City and dedicated to implement community-level housing and homelessness initiatives. This fund is provided as a reimbursement under a Memorandum of Agreement with the County of Los Angeles. These funds support the City's ongoing non-Alliance interim housing obligations such as the Tiny Home Village and the Project Homekey 1.0 operations and related LAHSA administrative costs. Funding is provided by the Measure A - Local Solutions Fund.	-	54,725,376
Mobile Laundry Truck – Funding was provided for Mobile Laundry Trucks to offer a place for individuals and families experiencing homelessness to wash clothes. Funding is not continued in 2026-27.	67,600	-
Opioid Settlement – Funding is provided for opioid abuse treatment for individuals in need of residential care for up to a year as a part of the Inside Safe Initiative. Funding is provided by the Opioid Settlement Trust Fund.	4,000,000	2,000,000
Opioid Remediation Services – Funding is provided for opioid remediation services such as overdose prevention, health hub, and syringe exchange. Funding is provided by the Opioid Settlement Trust Fund.	-	2,000,000
Capital and Technology Improvement Expenditure Program (CTIEP)		
Capital Program - Mayfair Hotel – Funding is provided to mitigate risk and liability to the City by addressing deferred improvements and emergent capital needs at the Mayfair Hotel. The proposed increase reflects projected expenditures.	1,195,000	1,574,000
Measure United to House LA (ULA)		
<i>Affordable Housing Programs</i>		
Acquisition and Rehabilitation of Affordable Housing – Funding was provided for the acquisition, preservation, rehabilitation, lease, or operation of existing housing, including, but not limited to, rent-controlled properties, residential hotels, Accessory Dwelling Units (ADUs), and Junior ADUs, either without existing covenants requiring affordability or with existing covenants that will expire within 10 years of project onset, as defined by the Housing Department. The funding may also be used to extend and preserve buildings with expiring covenants through the adopted Preservation Program (C.F. 23-0311), fund deferred maintenance or other capital needs for existing covenanted properties, fund rehabilitation of at-risk projects, fund the acquisition of existing or newly constructed units and/or matching funds for Project Homekey. In 2026-27, funding is provided as a special purpose fund appropriation in the House LA Fund.	41,195,116	-
<i>Homelessness Prevention Programs</i>		
Eviction Defense/Prevention – Funding is provided for a right-to-counsel program to provide housing-related legal services to low-income tenants threatened with eviction. The amount of funding provided to each ULA program is based on a share of the prior year's revenue. The expenditure amount will be proposed by the Housing Department prior to July 2026 and must be approved by the House LA Citizen Oversight Committee, Council, and Mayor.	41,195,116	47,440,884

	2025-26 Adopted Budget	2026-27 Proposed Budget
Income Support for Rent-Burdened At-Risk Seniors and Persons with Disabilities – Funding is provided for income assistance to rent-burdened, acutely, extremely, and very low-income households, including seniors (aged 65 years and above) and/or individuals with disabilities, at risk of becoming homeless. The amount of funding provided to each ULA program is based on a share of the prior year's revenue. The expenditure amount will be proposed by the Housing Department prior to July 2026 and must be approved by the House LA Citizen Oversight Committee, Council, and Mayor.	\$ 47,786,335	\$ 47,440,884
Protections from Tenant Harassment – Funding is provided for non-profit organizations and City services to monitor and enforce protections against tenant harassment and other tenant rights. The amount of funding provided to each ULA program is based on a share of the prior year's revenue. The expenditure amount will be proposed by the Housing Department prior to July 2026 and must be approved by the House LA Citizen Oversight Committee, Council, and Mayor.	8,239,023	14,232,265
Short-Term Emergency Assistance – Funding is provided for short-term emergency funding to tenant households at risk of becoming homeless. The amount of funding provided to each ULA program is based on a share of the prior year's revenue. The expenditure amount will be proposed by the Housing Department prior to July 2026 and must be approved by the House LA Citizen Oversight Committee, Council, and Mayor.	-	23,720,442
Tenant Outreach and Education – Funding is provided for tenant outreach, education, and navigation services. The amount of funding provided to each ULA program is based on a share of the prior year's revenue. The expenditure amount will be proposed by the Housing Department prior to July 2026 and must be approved by the House LA Citizen Oversight Committee, Council, and Mayor.	8,239,023	9,488,177
<i>Municipal Improvement Corporation of Los Angeles (MICLA)</i>		
Bureau of Sanitation (BOS) Livability Services Division Vehicles – Funding is provided on a one-time basis to purchase two roll-off waste collection vehicles to support the Comprehensive Cleaning and Rapid Engagement Program (CARE) and Comprehensive Cleaning and Rapid Engagement Plus Program (CARE+).	-	1,050,000
<i>Proposition HHH</i>		
Proposition HHH Project Expenditures – Funding is provided for the Proposition HHH Permanent Supportive Housing Program projected expenditures in 2026-27. All project costs are directly tied to project construction.	37,286,378	19,145,340
<i>State Grants</i>		
Emergency Stabilization Beds – Funding is provided by the State of California for the purchase and construction of emergency stabilization beds, related improvements, and infrastructure to support the Inside Safe Initiative. The funding decrease reflects the projected expenditures for continuing homelessness programs for 2026-27. The proposed allocation reflects projected grant balances in 2025-26 that will be reappropriated to 2026-27.	24,189,742	8,218,579
Encampment Resolution Grant - Arroyo Seco (ERF - Arroyo Seco) – Funding is provided to serve 70 individuals experiencing homelessness living along, nearby and underneath State Route 110 and the historic Arroyo Seco Parkway from Stadium Way near Dodger Stadium to Avenue 52 in Council District 1 (C.F.23-1443-S3). The 50 percent expenditure deadline is October 4, 2026 and the 100 percent expenditure deadline is October 4, 2028. The proposed allocation reflects projected grant balances in 2025-26 that will be reappropriated to 2026-27.	6,309,881	5,909,881

	2025-26 Adopted Budget	2026-27 Proposed Budget
Encampment Resolution Grant - Ballona (ERF - Ballona) – Funding is provided to serve five people, predominantly experiencing vehicular homelessness, in the larger encampment area along Jefferson Boulevard, cutting through the Ballona Ecological Reserve in Council District 11 (C.F. 23-1021). The 50 percent expenditure deadline is September 12, 2025 and the 100 percent expenditure deadline is September 12, 2026. The proposed allocation reflects projected grant balances in 2025-26 that will be reappropriated to 2026-27.	\$ 1,821,247	\$ 1,214,165
Encampment Resolution Grant - Hollywood (ERF - Hollywood) – Funding is provided to serve 113 people experiencing street homelessness, including a large demographic of lesbian, gay, bisexual, transgender, and queer (or questioning) and transitional aged youth (TAY), between Highland Boulevard and Western Avenue running West to East, and between Franklin Avenue to Santa Monica Boulevard running North to South within the boundaries of Council District 13. The 50 percent expenditure deadline is February 24, 2027 and the 100 percent expenditure deadline is February 24, 2028. The proposed allocation reflects projected grant balances in 2025-26 that will be reappropriated to 2026-27.	7,123,957	6,411,561
Encampment Resolution Grant - Los Angeles River (ERF - LA River) – Funding is provided to serve 155 currently or formerly homeless individuals living along the Los Angeles River within the boundaries of Council District 4 (C.F. 22-0507). The 50 percent expenditure deadline is February 24, 2026 and the 100 percent expenditure deadline is February 24, 2028. The proposed allocation reflects projected grant balances in 2025-26 that will be reappropriated to 2026-27.	4,011,358	4,011,358
Encampment Resolution Grant - San Fernando Osborne (ERF - San Fernando Os) – Funding is provided to engage 125 people experiencing homelessness, primarily RV dwellers, residing in the San Fernando Osbourne encampment in Pacoima in Council District 7 (C.F. 23-1443-S1). The 50 percent expenditure deadline is February 24, 2027 and the 100 percent expenditure deadline is February 24, 2028. The proposed allocation reflects projected grant balances in 2025-26 that will be reappropriated to 2026-27.	3,795,832	3,795,832
Encampment Resolution Grant - 10 Freeway (ERF - 10 Fwy) – Funding is provided to address approximately 793 people experiencing homelessness (PEH) living in 25 encampment communities along a 3.3 mile stretch of the I-10 Freeway, which runs east to west through downtown Los Angeles, and is bounded by the I-5 Freeway to the east and the I-110 Freeway to the west. The 50 percent expenditure deadline is February 24, 2027 and the 100 percent expenditure deadline is February 24, 2028. The proposed allocation reflects projected grant balances in 2025-26 that will be reappropriated to 2026-27.	22,726,723	36,306,051
Homeless Housing, Assistance and Prevention Program (HHAP 2) – HHAP 2 is a state grant to support regional coordination and expand or develop local capacity to address immediate homelessness challenges. These funds were used to support ongoing interim housing operations, Project Homekey 3.0, outreach, public health services, hygiene facilities, programs for youth experiencing homelessness or at-risk of being homeless, and other services. Funding for these programs were provided through interim appropriations with Mayor and Council approval. The 100 percent expenditure deadline for HHAP 2 is June 30, 2026.	3,283,226	-
Homeless Housing, Assistance and Prevention Program (HHAP 3) – HHAP 3 is a state grant to support regional coordination and expand or develop local capacity to address immediate homelessness challenges. HHAP 3 funds were used to support ongoing interim housing operations, Project Homekey 3.0, outreach, public health services, hygiene facilities, programs for youth experiencing homelessness or at-risk of being homeless, housing navigation, time-limited subsidies and other services. Funding for these programs were provided through interim appropriations with Mayor and Council approval. The 100 percent expenditure deadline for HHAP 3 is June 30, 2026.	12,284,023	-

	2025-26 Adopted Budget	2026-27 Proposed Budget
Homeless Housing, Assistance and Prevention Program (HHAP 4) – HHAP 4 is a state grant to support regional coordination and expand or develop local capacity to address immediate homelessness challenges. HHAP 4 funds will be used to support ongoing interim housing operations, outreach, public health services, hygiene facilities, programs for youth experiencing homelessness or at-risk of being homeless, housing navigation, and other services. The funding decrease reflects the projected expenditures for continuing homelessness programs for 2026-27. The 100 percent expenditure deadline for HHAP 4 is June 30, 2027. The proposed allocation reflects projected grant balances in 2025-26 that will be reappropriated to 2026-27.	\$ 24,941,464	\$ 11,086,522
Homeless Housing, Assistance and Prevention Program (HHAP 5) – HHAP 5 is a state grant to support regional coordination and expand or develop local capacity to address immediate homelessness challenges. HHAP 5 funds will be used to support ongoing interim housing operations, outreach, public health services, hygiene facilities, programs for youth experiencing homelessness or at-risk of being homeless, housing navigation, and other services. The funding decrease reflects the projected expenditures for continuing homelessness programs for 2026-27. The 50 percent expenditure deadline for HHAP 5 is June 30, 2026 and the 100 percent expenditure deadline is June 30, 2027. The proposed allocation reflects projected grant balances in 2025-26 that will be reappropriated to 2026-27.	164,335,500	16,433,550
Homeless Housing, Assistance and Prevention Program (HHAP 6) – The City was awarded funding for the sixth round of HHAP, which is a state grant to support regional coordination and expand or develop local capacity to address immediate homelessness challenges. HHAP 6 funds will be used to support ongoing interim housing operations, outreach, hygiene services, supportive services, systems support, and administrative costs, which will also support the Regionally Coordinated Homeless Action Plan that was coordinated with the County and other local jurisdictions. The proposed increase reflects the projected expenditures for continuing homelessness programs for 2026-27. The 50 percent expenditure deadline for HHAP 6 is June 30, 2027 and the 100 percent expenditure deadline is June 30, 2029. The proposed allocation reflects projected grant balances in 2025-26 that will be reappropriated to 2026-27.	71,820,000	129,276,000
<u>Federal Grants</u>		
ARP - Homekey 2.0 Permanent Supportive Housing – Funding was provided for property acquisitions, closing costs, due diligence, property management, and rehabilitation of Project Homekey 2.0 sites.	8,975,044	-
ARP - Homekey 3.0 Permanent Supportive Housing – Funding was provided for property acquisitions, closing costs, due diligence, property management, and rehabilitation of Project Homekey 3.0 sites.	1,493,333	-
<u>Other Funding Sources</u>		
State/Federal Grants and Other Local Funds – Funding from the HOME Investment Partnerships Program Fund (\$3.7 million), Housing Impact Trust Fund (\$1 million), Measure ULA (\$2.9 million), and State Senate Bill 2 (\$5.2 million) to gap finance the development of Non-Prop HHH supportive housing units.	24,511,658	12,804,475
Non-Departmental Subtotal	\$ 739,772,028	\$ 634,483,684
<u>Unappropriated Balance</u>		
LAHSA-HET – Funding was set aside for Homeless Engagement Teams (HETs) to conduct direct outreach to unsheltered homeless individuals, pending a deployment plan for the HETs. In 2026-27, funding is provided in the Los Angeles Homeless Services Authority's Street Strategies allocation.	3,290,288	-

	2025-26 Adopted Budget	2026-27 Proposed Budget
● LAHSA - System Navigators – Funding was set aside for System Navigators to provide system navigation services and conduct direct outreach to unsheltered homeless individuals, pending a report on the deployment progress of the System Navigators. In 2026-27, funding is provided in the Los Angeles Homeless Services Authority's Street Strategies allocation.	\$ 528,408	\$ -
● Interim Housing – Funding was set aside for the City's interim housing portfolio, including the Alliance Settlement, Citywide Homeless Interventions (Non-Alliance), and Homelessness Emergency (Inside Safe). Partial funding (\$11,250,000) was provided from the County-Alliance Memorandum of Understanding and by the State Encampment Resolution Grant - 10 Freeway. In 2026-27, funding is provided in the General City Purposes and the State Encampment Resolution Grant - 10 Freeway.	\$ 53,145,450	\$ -
● Police Department Sworn Overtime - Interim Homeless Housing – Funding was set aside for additional overtime patrols in the vicinity of A Bridge Home or interim housing sites, including tiny homes. In 2026-27, funding is provided in the Police Department's Overtime Sworn Account.	4,378,000	-
Unappropriated Balance Subtotal	\$ 61,342,146	\$ -

1. Departmental Special Funds include: American Rescue Plan - HOME Investment Partnerships Program Fund, Community Development Trust Fund, Community Services Block Grant Trust Fund, Federal Emergency Solutions Grant Fund, HOME Investment Partnerships Program Fund, House LA Fund, Measure A - Local Solutions Fund, Municipal Housing Finance Fund, Planning Case Processing Fund, Opioid Settlement Trust Fund, SB 2 Permanent Local Housing Allocation Fund, Sunshine Canyon Community Amenities Trust Fund, Recreation and Parks Fund, Rent Stabilization Trust Fund, and others.

2. Emergency Stabilization Beds funding for Capital Costs in the amount of \$8.2 million is estimated to rollover from 2025-26.

3. Encampment Resolution Grant - Arroyo Seco (Council District 1) funding in the amount of \$5.9 million is estimated to rollover from 2025-26.

4. Encampment Resolution Grant - Ballona (Council District 11) funding in the amount of \$1.2 million is estimated to rollover from 2025-26.

5. Encampment Resolution Grant - Hollywood (Council District 13) funding in the amount of \$6.4 million is estimated to rollover from 2025-26.

6. Encampment Resolution Grant - Los Angeles River (Council District 4) funding in the amount of \$4 million is estimated to rollover from 2025-26.

7. Encampment Resolution Grant - San Fernando Osbourne (Council District 7) funding in the amount of \$3.8 million is estimated to rollover from 2025-26.

8. In 2025-26, \$45.2 million in Encampment Resolution Grant - 10 Freeway (Mayor's Office) was appropriated. Funding in the amount of \$36.3 million is expected to rollover from 2025-26: \$2.3 million from General City Purposes: Homeless Emergency, \$11.3 million from Unappropriated Balance: Interim Housing, and \$22.7 million from Encampment Resolution Grant - 10 Freeway. Funding will rollover to Encampment Resolution Grant - 10 Freeway.

9. Homeless Housing, Assistance, and Prevention Round 4 funding in the amount of \$11 million is estimated to rollover from 2025-26.

10. Homeless Housing, Assistance, and Prevention Round 5 funding in the amount of \$16.4 million is estimated to rollover from 2025-26.

11. Homeless Housing, Assistance, and Prevention Round 6 funding in the amount of \$71.8 million is estimated to rollover from 2025-26.

12. The Alliance Settlement account and the Citywide Homeless Interventions (Non-Alliance) account is administered by the City Administrative Officer.

STREET IMPROVEMENT

The 2026-27 Proposed Budget provides street improvement resources through the Pavement Preservation Program and Pavement Preservation Access Ramps. These programs help maintain and improve 6,500 centerline miles (23,000 lane miles) of streets throughout the City. The 2026-27 Proposed Budget for these street improvement programs is summarized as follows:

2026-27 Street Improvement Program Summary	
Program	Proposed Funding
Pavement Preservation	\$ 127,325,386
Pavement Preservation - Access Ramps	\$ 43,597,524
Total	\$ 170,922,910

PAVEMENT PRESERVATION PROGRAM

The Pavement Preservation Program includes activities required to properly maintain the City street system and keep the system from deteriorating. The Program is led by the Bureau of Street Services with support provided by the Department of Transportation, Bureau of Engineering, and Department of General Services.

The 2026-27 Proposed Budget for the Pavement Preservation Program is summarized as follows:

2026-27 Pavement Preservation					
Funding by Source	Public Works				Total
	Street Services	Engineering	Transportation	GSD	
Special Gas Tax	\$ 23,541,053	\$ 417,912	\$ 2,347,260	\$ 5,072,186	\$ 31,378,411
Proposition A	383,190	-	-	-	383,190
Proposition C	-	-	5,788,978	546,633	6,335,611
Street Damage Restoration Fee	20,817,358	522,300	376,914	4,510,677	26,227,249
Stormwater Pollution Abatement	312,121	-	-	-	312,121
Measure R	16,820,900	-	1,378,602	1,608,248	19,807,750
Measure M	-	10,057,230	3,644,098	-	13,701,328
General Fund	17,933,185	741,914	10,155,989	348,638	29,179,726
Total	\$ 79,807,807	\$ 11,739,356	\$ 23,691,841	\$ 12,086,382	\$ 127,325,386

Pavement preservation activity consists of the following:

- Resurfacing: Crews remove a layer of the asphalt surface and then repave with new asphalt that may include up to 50 percent recycled content.
- Slurry sealing: Crews apply liquid asphalt made with recycled waste tires to the riding surface of residential streets. This thin coat of rubberized material prevents water intrusion and can extend the service life of the existing pavement by up to seven years. Slurry seal can be applied at intervals of three to seven years during the life of the road surface.
- Large Asphalt Repairs: Crews remove and replace distressed pavement. At times the removal of distressed pavement also involves removal of subsurface tree roots that are pushing up the surface of the pavement.
- Small asphalt repairs, including potholes: Minor defects in the road surface are repaired with hot mix asphalt or cold patch material by dedicated crews that respond to service requests from the public.

Generally, the approach to pavement preservation incorporates two strategies to help keep the City's good streets in a state of good repair:

- The most economical selection of streets and rehabilitation method used; and,

- The prevention or slowing of the deterioration of streets.

PAVEMENT PRESERVATION – ACCESS RAMPS

Funds are provided for design and construction of access ramps associated with pavement preservation activity. A total of \$43,597,524 is provided to bring access ramps associated with the Pavement Preservation Program into compliance with the Americans with Disabilities Act (ADA).

2026-27 Pavement Preservation Access Ramps Funding	
Funding Source	Proposed Funding
Measure M - PPP Access Ramps	\$ 3,106,045
Measure R - BSS Departmental Appropriation	\$ 560,895
Special Gas Tax - BSS Departmental Appropriation	\$ 72,078
Street Damage Restoration Fee - BSS Departmental Appropriation	\$ 6,311,023
SB 1 - Road Maintenance and Rehabilitation Fund	\$ 33,547,483
Total	\$ 43,597,524

COMPLETE STREETS PROGRAM

The Complete Streets Program combines the reconstruction of failed streets with the installation of safety measures, repair of damaged curbs, gutters, sidewalks, and installation of stormwater capture infrastructure. The Complete Streets Program was created in 2017-18, funded through new sources of City revenue that year. The following table represents Complete Streets Program funding to date by funding source.

Complete Streets Program - Round 1											
Funding Source	2017-18 Adopted	2018-19 Adopted	2018-19 Interim Appropriation Change	2019-20 Adopted	2019-20 Interim Appropriation Change	2020-21 Adopted	2020-21 Interim Appropriation Change	2021-22 Adopted	2022-23 Adopted	2023-24 Adopted	Total

BSS Dept. Appr (Measure M)	\$ -	\$ 3,201,342	\$ -	\$ 3,358,019	\$ -	\$ 2,946,801	\$ -	\$ 3,169,585	\$ 3,433,600	\$ 3,448,161	\$ 19,557,508
Measure M	\$ 5,115,046	\$ 9,000,000	\$ -	\$ 5,333,000	\$ -	\$ 2,400,000	\$ (2,400,000)	\$ 2,400,000	\$ -		\$ 21,848,046
Measure W	\$ -	\$ -	\$ -	\$ 3,667,000	\$ -	\$ -	\$ -	\$ -	\$ -		\$ 3,667,000
Total	\$ 6,615,046	\$ 45,762,342	\$ (8,174,061)	\$ 34,281,973	\$ (20,500,000)	\$ 5,346,801	\$ -	\$ 9,389,585	\$ 12,863,250	\$ 3,448,161	\$ 89,033,097

The Avalon Blvd. project is under construction. The remaining five projects included in the Complete Streets Program are listed below. As indicated in the table above, the total cost for all six projects is \$89,033,097.

- Avalon Blvd from San Pedro St to 120th St (\$19 million) – In Construction.
- Roscoe Blvd from the I-405 to Woodman Ave (\$8.6 million) – Complete
- Venice Blvd (East) from Arlington Ave to Figueroa St (\$13.6 million) – Complete
- Main Street (South) from MLK Blvd to Imperial Hwy (\$13.9 million) – Complete
- Temple Ave from Beverly Blvd to Beaudry Ave (\$9.2 million) – Complete
- Reseda Blvd from Parthenia St to Victory Blvd (\$24.7 million) – Complete

The 2026-27 Proposed Budget and the 2025-26 Adopted Budget do not include a new appropriation for this Program, but there is funding available from a prior-year grant. A total of \$11.23 million for an additional project on La Brea Ave (from Coliseum to Adams) is funded from a \$9 million Safe Streets for All Grant, \$1.6 million from prior year Capital and Technology Improvement Expenditure Program (CTIEP) funds, and \$625,000 from the 2023-24 CTIEP - Measure R Local Return Funds as required matching funds for the project grant.

BICYCLE LANE REPAIR AND MAINTENANCE

Bicycle Lane repair and maintenance includes Citywide bike lane repair and maintenance to ensure public safety. The 2026-27 Proposed Budget does not include a new appropriation for Bicycle Lane Repair and Maintenance.

Repairs can be either in the bicycle lane only or the entire street segment. These repairs or maintenance activities can include the following:

- Concrete
- Asphalt
- Slurry
- Resurfacing
- Reconstruction
- Pavement Markings
- Signage
