## Public Notice

An opportunity for the public to address the Committee on agenda items will be provided during the Multiple Agenda Item Comment period. A member of the public who wishes to speak on agenda item(s) shall be allowed to speak for up to one minute per item up to a total of three minutes per meeting.

The Committee will also provide an opportunity for the public to speak on general public interest items during the General Public Comment period. Each speaker shall be limited to one minute of general public comment each meeting. The Committee shall not discuss or take action relative to any general public comment.

This Committee will take public comment from members of the public in Room 1500 and also by teleconference. Members of the public who wish to offer public comment to this Committee via teleconference should call (1-669-900-6833) and use Meeting ID No. (843-5326-4130) and then press #. Press # again when prompted for Participant ID. Once admitted into the meeting, press \*9 to request to speak.

## Telecommunication Relay Services

As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and, upon request, will provide reasonable accommodations to ensure equal access to its programs, services and activities. Sign language interpreters, assistive listening devices, or other auxiliary aids and/or services may be provided upon request.

To ensure availability, your request should be received at least 72 hours in advance of the need. Requests for reasonable modification or accommodation from individuals with disabilities, consistent with the Americans with Disabilities Act can be made by contacting Albert Griego at (213) 978-7620 or at [albert.griego@lacity.org](mailto:albert.griego@lacity.org). For Telecommunication Relay Services for the hearing impaired, please see the information below.

Telephone communication is one of the most important forms of communication in society today. Due to advancements in technology, telephone devices have evolved with new services and capabilities. Individuals who are deaf and hard of hearing, and individuals with a speech disability are following these trends and are rapidly migrating to more advanced telecommunications methods, both for peer-to-peer and third-party telecommunications relay service (TRS) communications.

Telecommunications Relay Service is a telephone service that allows persons with hearing or speech disabilities to place and receive telephone calls. TRS is available in all 50 states, the District of Columbia, Puerto Rico and the U.S. territories for local and/or long distance calls. TRS providers - generally telephone companies - are compensated for the costs of providing TRS from either a state or a federal fund. There is no cost to the TRS user.

**\*\*\* SPECIAL MEETING \*\*\***

What forms of TRS are available? There are several forms of TRS, depending on the particular needs of the user and the equipment available: TRS includes: Text to Voice TIY-Based TRS; Speech-to-Speech Relay Service; Shared Non-English Language Relay Service; Captioned Telephone Relay Service; Internet Protocol Relay Service; and Video Relay Service. Please visit this site for detail descriptions, <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>.

Don't hang up! Some people hang up on TRS calls because they think the CA is a telemarketer. If you hear, "Hello. This is the relay service ...." when you pick up the phone, please don't hang up! You are about to talk, through a TRS provider, to a person who is deaf, hard-of-hearing, or has a speech disability. For more information about FCC programs to promote access to telecommunications services for people with disabilities, visit the FCC's Disability Rights Office website.

**Notice to Paid Representatives**
