Safe Parking LA Program Outcomes Report Delivered to City of Los Angeles, CAO Office

La Cienega Safe Parking Program Program Outcomes for February 1 - 29, 2024

By employing underutilized parking lots, Safe Parking LA fills a gap in homeless services and addresses the unique problems faced by individuals and families whose only source of shelter is their vehicle. Our programs provide safety through secure overnight parking, basic dignity by restoring much-needed access to restrooms and running water, and supportive services to facilitate pathways to health and stable housing. Our full programming consists of client intake, lot operations, case management, financial assistance, and housing stabilization.

Safe Parking LA operates our La Cienega safe parking program with the support of Los Angeles World Airport (LAWA) and funding through the City of Los Angeles, Chief Administrative Officer (CAO) Office. This lot has **50 spaces**.
